At the present rate of outlay of around \$145,000,000 a month for direct and work relief, it was estimated in an official source that unless more people could be given work, it might be necessary for the President to call for at least \$1,500,000,-000 for this purpose.

In addition, demands are piling up in Congress for other big outlays, including cash payment of the bonus to cost \$2,200,000,000, expansion of the Tennessee Valley authority by \$250,000,000, a \$500,000,000 land and waterway improvement program, and an increase by \$1,000,-000,000 in the capital of the Home Loan Owners' Corporation.
