FOUNTAIN NEWS
(By MRS. M. D. YELVERTON)

PERSONALS

Miss Mary King Fountain left on Thursday for Greensboro.

Miss Florence Estelle Eagles and Miss Antoinette Darden, both of Leggett, were guests in Fountain for the week end.

Mr. W. E. Yelverton is recovering nicely from an appendicitis operation, performed at Moore-Herring Hospital Saturday p. m. He hopes to return home Wednesday of next week.

BRIDGE CLUB MEETS

Mrs. D. R. Mercer delightfully entertained the bridge club on Tuesday evening. After several progressions, high score prize for the club was awarded to Mrs. J. A. Mercer and for the guests to Mrs. L. E. Baker.

A lovely salad course was served by the hostess. The St. Patrick's idea was very beautifully carried out in refreshments, tallies and favors.

WOMAN'S MISSIONARY SOCIETY MEETS

The Woman's Missionary Society of Fountain Baptist Church met with Mrs. E. B. Beasley, Monday. Mome Missions was the subject for study. Several interesting discussions were given by Mrs. C. M. Smith, Mrs. L. F. Yelverton, Mrs. R. F. Speight, Mrs. J. R. Eagles and Mrs. E. B. Beasley.

A delightful luncheon was served by the hostess.

MACCLESFIELD NEWS
(By MRS. G. W. PEEBLES)

PERSONALS

Mr. and Mrs. C. S. Winstead announce the birth of a daughter, Saturday, March 1.

The Mercer Band of Fountain will present a program here Wednesday night at the school building.

Miss Effie Walston of A. C. College was at home for the past week end.

Mr. D. F. Batts, whose work is in Raleigh was at home for the past week end.

Mrs. W. E. Ellington, local depot agent has been ill for several days.

BRIDGE PARTY

Miss Bettie Lewis was hostess to the Merry-makers club Wednesday evening.

Extra guests were Mesdames Thad Harrell, C. E. Prigen, Parish, and Mrs. Lindwood Lewis of Wilson and Mrs. J. E. Julian of Winter Park, Fla.

After bridge playing ceased Little Susan Cobb Lewis entertained the players with a tapp dance.

Mrs. G. W. Peebles was presented with a handsome box of dusting powder for scoring high and Mrs. E. G. Naron received a set of individual powder puffs for consolation.

TWO ACCIDENTS HERE SUNDAY

The Whitley garage wrecker pulled into town two wrecked cars Sunday, a '34 Ford belonging to F. A. Moore of Hookerton was turned over and badly damaged from turning a corner too fast. The other car was a '31 Chevrolet, driven by Will Hill, colored. It was turned off an embankment by wreckless driving.

BEAUTY PAGENT

At the P. T. A. meeting of the Crisp school an interesting program was presented by the children, in ran as follows:

"Old Black Joe," 4th grade girls.
"The Black Bird," 4th grade.
Beauty contest—1st and 7th grade.
"Good Ship Lollipop," 1st grade.
Dance—Mildred Owens and Katie Mae Howard.
"Mr. and Mrs. is the Name," Grammar grade children.

Winners of the beauty contest were: Annie Sue Cobb, posed as Clara Bow; Francis Edmonson, posed as Kay Francis; Rosa Sumerlin, posed as Jean Harlow; Katie M. Howard, posed as Sally Eilers; Mary Agnes Lewis, posed as Marlene Dietrich; Ellen Sessums, posed as Thelma Todd; Sdna Mae Best, posed as Miriam Hopkins; Helen Johnson, posed as Sylvia Sidney. Second prizes were awarded to: Anna Ruth Wooten, Virginia Anderson, Martha Rena Taylor, Beatrice Oliver, Mildred Owens, Agnes Cobb, Doris Edwards, Anne Lovelace.

Judges were Mrs. J. H. Norville and Mrs. G. W. Peebles of Macclesfield, and Robert Parker of Crisp.

NOTICE OF RE-SALE

By virtue of the power of sale contained in that certain mortgage executed by Sadie L. Moore to R. A. Fountain & Sons, on the 26th day of May, 1930, recorded in the Register's office of Pitt County in Book F-16, page 187 and, pursuant to an order of re-sale made by the Clerk of Superior Court of Pitt County, and default having been made in the payment of the indebtedness secured by said mortgage the undersigned, will on Monday, March 25th, 1935, at twelve o'clock Noon, in front of the court house door, in the Town of Greenville, North Carolina, sell at public sale, to the highest bidder, for cash, the following described real

FEBRUARY SANITARY REPORT

Item 2 r	No. of Herds of Swine having Cholera	13
Item 3 n	No. of Herds of Swine treated against Cholera to Feb.	170
Item 3 n	No. of swine treated December and January	1310
Item 3 n	No. of swine treated February	313
Item 3 k	No. of Herds of swine treated in February	42
Item 11 a	No. of premises visited on sanitation	14
Item 11 b	No. of visits to premises on sanitation	27
Item 11 h	No. of premises with questionable water supply	114
Item 11 g	No. of premises with unsafe water supply	2
Item 11 k	No. of water samples taken	1
Item 11 l	No. of milk samples taken	1
Item 11 o	No. of rural water supplies improved	20
Item 12 f	No. of Laboratory tests of milk	20
Item 12 g (2)	No. of Rural (semi-public) laboratory examinations of water	1
Item 12 h	No. of Blood tests for contagious disease (animals)	1
Item 13 b	No. of Health articles published	1
Item 13 c	No. of Health talks given	1
Item 15 c	No. of Schools visited on sanitation	1
Item 15 d	No. of visits to school	1
Item 15 e	No. of dairy farms inspected	5
Item 15 f	No. of food handling establishments inspected	15
Item 15 g	No. of visits to above establishments	102
Item 15 h	No. of administrative conferences attended	3
Item 14 u	No. of postmortem examination of animals for possible disease communicable to man	20
	No. of pounds of meat condemned as spoiled or contaminated (approximately)	15

In addition to the foregoing report, I wish to report the following progress towards obtaining a sanitary source of milk supply:

Two dairies are putting in deeper wells.

Two dairies are putting in up-to-date sterilizing facilities.

Some others already are equipped with them.

One dairy has made remarkable efforts to eradicate filthy and unsightly sanitary conditions that did exist about the premises.

Other dairies are making efforts in this direction.

One dairy is putting up a new and up-to-date dairy barn and milk house.

All the dairies are cooperating to the fullest extent to produce a Grade A product for the consumption of the public.

With the above cited efforts being made by the local dairymen, it is my opinion that Farmville should now adopt the new 1935 U. S. Public Health Standard Milk Ordinance. Although there are some features about the new Ordinance that would have a tendency to eliminate the small producer of dairy products, it is my opinion that with careful supervision of the dairies and product, a Grade A product may be produced by even the smallest producer. It will not be as easy to produce a uniform Grade A product by the man using antiquated methods and his methods will of necessity require stricter supervision than one equipped with Standard equipment.

There is another condition existing in the near-by communities that has a direct bearing on the health and happiness of the people. That is the case with which Rabies vaccine is obtained and administered to dogs by the irresponsible person or persons. In order for the maximum of protection to be given to people, it is essential that the administration of rabies vaccine to dogs be performed by licensed and responsible persons having a knowledge of disease and its complications, and when rabies vaccine is administered to dogs by any other party, the fullest protection is not given to the public that it by rights should be granted. No one with a thinking mind should care to depend upon someone's verbal statement as to whether or not such and such a dog had been immunized against rabies. A certificate of vaccination should always be demanded of the person giving the treatment.

In regard to the sanitary conditions of the cow-stables and horse-stables in Farmville, I am suggesting that Farmville adopt suitable Ordinances regarding these conditions, such as keeping unused stables locked to prevent careless contamination by transients, and requiring use of fly traps and removal of refuse and use of crude oil in keeping the fly breeding to a minimum.

My last recommendation is that Farmville require the use of Fly traps by all merchants handling food or food products to keep the flies from breeding and contaminating the foods. That all rat-harbours be eradicated as far as possible and suitable steps be taken to rid this town of this pest.

There are several ditches in and around the town that need cleaning and early drainage to prevent the breeding of mosquitoes which are an ever source of danger to the public because of fever associated with mosquitoes' presence.

Respectfully,
HERMON B. SMITH, D. V. M.,
Farmville Sanitary Inspector.

estate: to-wit:

All those certain parcels of land situated in Farmville township, Pitt County, North Carolina, known as lots Nos. 8, 9 and 10, in the division of the lands of the late Stephen Holloman, deceased, adjoining the lands of Frank Holloman and others. Containing 50 acres, more or less. Said sale is made subject to all prior liens against the aforesaid described premises.

This the 7th day of March, 1935.
R. A. FOUNTAIN & SONS,
Mortgagees.
D. F. & R. O. LANG,
Owners of Debt.
R. T. Martin, Atty. 2w.

NOTICE OF RE-SALE.

By virtue of the power of sale contained in that certain mortgage executed by J. A. Holloman and wife, Addie Holloman, to D. F. & R. O. Lang, on the 3rd day of January, 1929, recorded in the Register's office in Pitt County, in Book V-17, page 54 and, pursuant to an order of re-sale made by the Clerk of the Superior Court of Pitt County, and default having been made in the payment of the indebtedness secured by said mortgage, the undersigned, will on Monday, March 25th, 1935, at twelve o'clock Noon, in front of the court house door, in the Town of Greenville, North Carolina, sell at public sale, to the highest bidder, for cash, the following described real estate: to-wit:

Lying and being in Farmville Township, County of Pitt, North Carolina, being bounded on the North by the lands of Effie Norville, on the East by the lands of Julia Allen, on the South by the lands of J.W. Parker and on the West by the lands of J. W. Parker, containing 45 acres, more or less. Being the shares allotted to the said J. A. Holloman, in the division of the lands of Stephen Holloman, being the shares allotted J. A. Holloman as heir and as purchaser of the interest of Louise Holloman and Ray Holloman. Being the entire, right, title and interest of the said J. A. Holloman. Reference being made to a report of Commissioners for a more fully and complete description of said lands.

Said sale is made subject to all prior claims and liens on the aforesaid described premises.

This the 7th day of March, 1935.
D. F. & R. O. LANG,
Mortgagees.
R. T. Martin, Atty. 2w.

Political Cards!

FOR MAYOR

I hereby announce myself a candidate for Mayor of the Town of Farmville, subject to the wishes of the voters of the Democratic Primary. Your support will be appreciated.

3-8-4wks JOHN B. LEWIS.

AN ACT TO AMEND THE CHARTER OF THE TOWN OF FARMVILLE:

PRIVATE LAWS 1909
CHAPTER 126

SECTION I—The purpose of this act is to change the date of primaries and elections of the officials of the Town of Farmville, so that the terms of office shall begin and expire on the same date that the fiscal year begins and ends.

SECTION II—That on the first Tuesday in May 1937 and on the first Tuesday of May every two years thereafter, a Democratic Primary shall be held for the purpose of the nomination of one candidate for Mayor and five candidates for Commissioners of the Town of Farmville.

SECTION III—That on the 1st Tuesday in June 1937, and on the first Tuesday of June every two years thereafter, an election shall be held for the purpose of electing a Mayor and five Commissioners, who shall take office on the first Monday of July thereafter.

SECTION IV—That said primary and election hereinafter provided to be held in accordance with the State of North Carolina primary and election laws then in effect in the State of North Carolina.

The above amendment was proposed to the town board at its meeting on Tuesday evening as a desirable change, in view of the fact that the fiscal year starts July first and the new board would come into office immediately following auditing of the books.

Inquiries relative to the amendment will be welcomed by the board and opponents may get in touch with the Pitt County legislators in regard to same.

V-8 POWER

Comfort Zone Riding

FORD ECONOMY

Why take less?

FORD has always aimed to make the automobile-buying dollar go as far as possible.

This year, the 1935 Ford V-8 gives you not only traditional Ford low prices and operating economy, but also increased riding comfort and body roominess, new beauty and new safety features.

Consider these new Ford V-8 improvements. Comfort Zone Riding that gives "front seat comfort" even to rear seat passengers. Larger, more comfortable seats. Big, air-balloon tires. Easter steering. As for safety, every model has safety glass all around—at no extra cost. Welded, all-steel body. New, more powerful brakes. And a lower center of gravity.

Why be satisfied with less than this for your money? Examine this 1935 Ford V-8. Ride in it. You'll realize that it is truly new automobile value.

Tobacco Allotment Adjusted To Conditions

The tobacco adjustment program contemplates the welfare of growers over a long period of years rather than the stimulation of abnormally high weed prices in 1935, according to J. B. Hutson, chief of the AAA tobacco section.

For this reason, he said, the contract allotments were increased somewhat this year with a view of bringing production into balance with consumption. The huge surplus of 1933 and 1934 has been eliminated by the adjustment program, he added.

Furthermore, he continued, indications are that the 700,000,000-pound crop authorized for 1935 will bring the contracting growers more income than would another crop of the 1934 size.

Should the program hold the contracting growers to 560,000,000 pounds again this year, he explained, there would at first be good prospects of an even higher price this year than last year—prices that would give non-contracting growers a good price in spite of the Kerr-Smith tax.

With such prospects in view, Hutson observed, there would be great numbers of new growers entering the field. These new growers, together with other non-signers, would probably raise as much tobacco as they plant, he warned, and in the end produce an enormous crop that would drive prices down to the 1933 level or even lower.

The optimum size for the tobacco crop, he continued, is that which will supply the normal demand at a price fair to both the grower and the consumer. And in the long run the producer will benefit more from such a balance than from either overproduction or underproduction.

Consideration must also be given the foreign markets, Hutson pointed out, for they have been purchasing more than half of the country's flue-cured tobacco crop each year.

MRS. LANG WINNER OF SERIES

At the meeting of the Progressive Bridge Club, held on Thursday afternoon, and which marked the conclusion of the bridge tournament series played by this group during the fall and winter months, Mrs. R. O. Lang, winner of the last series, and president of the club, was announced by the score keeper, Mrs. J. Y. Monk, as having compiled the high score again, with Mrs. W. S. Royster reaching second place. As a result of a motion to this effect, the club voted to adjourn for several weeks and to hold the annual spring social event, honoring Mrs. Lang, during April.

At the conclusion of the business session, a delectable salad plate was served by the hostess, Mrs. L. T. Pierce, who entertained at her home on Pine street, using quantities of flowering shrubs as decorations. Special guests at this time included Mrs. Madeline Rountree, of Washington, D. C., Mrs. Maynard Darley, Lynchburg, Va., Mrs. R. C. Thornton, Mrs. I. E. Satterfield, Mrs. Wesley E. Willis, Mrs. W. M. Willis and Mrs. J. L. Shackelford.

JUNIOR WOMAN'S CLUB

Mrs. W. P. Easley entertained the Junior Woman's Club on Saturday afternoon at her home on Contentnea street, with Mrs. Julian H. Rumley as joint hostess and acting as the presiding officer, in the absence of the president.

The activities of Juniors throughout the State, were reported as read in "The Clubwoman," by Miss Evelyn Horton, and readings from the works of Amy Lowell and Edgar Lee Masters were given by Mrs. Judd Walker.

A congealed salad course was served at the conclusion of the program, the flowers being appropriate to the St. Patrick's season.

Lincoln County farmers say they will plant some 200,000 pounds of Jespedeza seed on small grain and will sell another 100,000 pound elsewhere.

"Moon Metal" Poisons Wheat

Scientist Traces Deadly Effects on Man and Livestock to Rare Element, Selenium—Urges Abandoning 50,000 Poisoned Acres

How selenium, one of the rare elements, is poisoning thousands of acres was recently described in vivid terms at the meeting of The Association of Official Agricultural Chemists, held in Washington, D. C.

Working quietly, the Bureau of Chemistry and Soils has found that plants grown on these poison areas are dangerous to man and animals, according to Dr. Henry C. Kahlert who made the report, some 50,000 acres will have to be taken out of production. He added that the problem is world wide, since some foreign wheat has been shown to contain selenium in poisonous amounts.

In recent years there has been widespread investigation of the effect of rare elements on plant life. Proof has been established that all of them can be fatal if applied in too large amounts and agricultural officials are unanimous in warning farmers to apply rare elements only when they have an exact knowledge of the chemical factors involved.

Fortunately, most soils do not contain selenium, sometimes called the "moon metal," in poisonous amounts. Nature was wise in providing most soils with just the right amount of other rare elements. The safest thing for farmers to do is to use modern pure fertilizers rather than to gamble on the benefit of using fertilizers containing several powerful impurities. This applies especially to farmers who have reason to think that their soil has already been weakened and poisoned by the continual use of impure fertilizers year after year.
