MRS WARREN HOSTESS TO LITERARY CLUB

Mrs. J. E. Warren was hostess to the Literary Club on Wednesday, June 5th, with the newly elected president, Miss Tabitha DeViscanti, presiding.

The new president gave a most interesting resume of the Club's activities under the administration of Miss Annie Perkins, the retiring president.

This resume was quite complimentary to Miss Perkins who found the Club in financial embarrassment due to the prevailing conditions, and who leaves the Club with all indebtedness paid and a surplus on hand. Miss DeViscanti appealed to the Club members for cooperation and the same fine loyalty that has characterized this organization during the past.

The following committees were appointed: Program Committee, Miss Annie Perkins; Mrs. J. E. Warren and Mrs. G. A. Jones; Book Committee; Mrs. J. Y. Monk; Mrs. J. B. Joyner; Music Committee. Mrs. J. W. Joyner.

The topic of this meeting was Women of National Note.

Mrs. W. M. Willis introduced Mrs. J. E. Nobles of Greenville, N. C., who delighted her audience with a most comprehensive study of Miss Frances Perkins, Secretary of Labor, and Miss Martha Berry, founder of the famous Berry School of Georgia. Mrs. G. A. Jones followed this speaker with a well written paper on Dr. Sabine, Scientific Research Specialist.

Mrs. Willis gave a short talk on Mrs. Roosevelt and her varied activities.

Delicious refreshments followed and the Club adjourned to meet on June 20th with Mrs. J. W. Joyner as hostess.

Septuagenarians Hold Their Fifth Annual Meeting

The Septuagenarians held their fifth annual meeting on Friday, May 31st in Perkins Hall, Farmville high school auditorium. President Robert L. Davis, presiding, Hon. J. H. Paylor, master of ceremonies. The invocation by Rev. Laughinghouse; address of welcome by Mayor John B. Lewis, who spoke very complimentary of the Septuagenarians Society and expressed his gratitude by having the opportunity of welcoming such an elderly body to the city.

Watt Parker, founder of the Society, responded to Mr. Lewis' welcome very fittingly and earnestly, congratulating all members, comrades and friends for their presence and cooperation, and not only for this but likewise all other meetings of the past years. He then asked Mr. Walter Barfield, 91, nonagenarian, and only living Civil War Veteran of Greene County to stand up and give the audience an opportunity of looking him over. His silvered hair, stalwart six foot stature, square shoulders, goatee snowwhite chin whiskers. His cheerful expression from those stern, piercing eyes, set deep in sockets to shield them from the glaring sun light or the chilly cutting wintry winds through which they had to face or endure these many, many years of strife while journeying and surviving through the Mexican War 1847, Civil War 1861-65, Indian War 1887, Spanish American War of 1898-1902 and the famous World War 1914-17, and during the administrations of 22 Presidents of the United States, and yet retains the ability to see the walk and talk fluently and distinctly—What a wonderful span of Life God has bestowed upon him; and why? Because it was His Will.

President Davis spoke briefly concerning the society and its standard principals since its organization. J. R. D. Moore, 82, expressed his sentiments on the more sacred side of life from a psychological and spiritual views. The roll call and reports of the recording secretary, Miss Elizabeth Davis, and a very explanatory speech from John Hill Paylor, Representative of Pitt County, upon bills that were introduced in the Legislature, pertaining to pensioning people 65 years of age and indigent and a few other matters. We then proceeded to elect new officers for next year. Dr. J. Y. Joyner of LeGrange was unanimously elected President; Mr. J. R. Dozier, 1st vice-president, F. M. Davis, secretary and treasurer. All assembled in front of the building and had photos made of the group. A barbecue luncheon was served at the adjournment of the meeting.

A new purebred Hereford bull has been purchased by the county commissioners of Avery County.

Violates Man Act; Gets Five Years

Elizabeth City, June 4.—Jack Lee, 28, of New Bern, charged with violation of Mann Act, was sentenced to five years in the Federal prison at Atlanta, and fined \$5,000 when he entered a plea of guilty in U. S. district court here yesterday afternoon.

Judge I. M. Meekins said he was imposing the maximum penalty because it was "one of the worst cases" he ever had dealt with.

Although Lee submitted to the charge when the case was transferred to the Elizabeth City division from New Bern, presentation of evidence required approximately an hour.

W. H. Osborne, Federal investigator, testified that he found Lee and Sarah Nelson, 16-year-old New Bern girl, had visited 11 states during a nine weeks' trip and that they had registered at tourist cabins and hotels as man and wife. The girl testified that she no longer wants to marry Lee. She said it had been her understanding that Lee intended marrying her after securing a divorce from his wife. She testified Lee had been "paying attention" to her for two years prior to the trip.

Ben H. Nelson, the girl's father testified that upon two different occasions Lee had told him his daughter was "pure as a baby" and had promised not to see her again.

When Judge Meekins passed sentence the girl broke into tears.

PLANT SUDAN GRASS FOR SUMMER GRAZING

Sudan grass planted early in June is recommended for temporary pastures to be grazed during the latter part of July and August, when the permanent pasture is failing by reason of dry weather.

A supply of tender, green pasture at this time will be a big help in maintaining the milk flow of cattle, says John Arey, extension dairymen at State College. It will also give the permanent pasture a chance to develop a new growth for later grazing.

Sudan seed should be sown at the rate of 25 or 30 pounds to the acre, in a firm rich soil, and covered to a depth of one inch. Apply about 400 pounds of a high grade fertilizer or 150 to 200 pounds of nitrate of soda at seeding time, Arey points out.

Each acre of Sudan grass will furnish ample grazing for two to four cows. But it should not be grazed after the first frost, since prussic acid is liable to develop in the dying plants.

WHY DOCTORS GET SICK

Statistics show that medical men die at an earlier age than do those in other professions. For the reason read an interesting article in the American Weekly, issue of June 9, the big magazine which comes every Sunday with the BALTIMORE SUNDAY AMERICAN. Your favorite newsdealer has your copy.

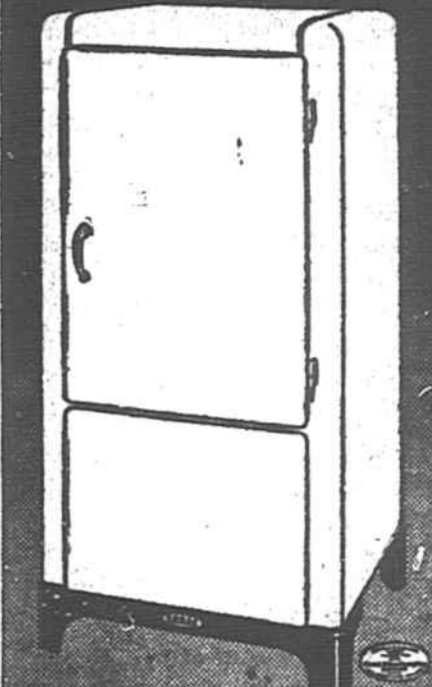

NORGE

has the right answers to these Four Important Questions

- 1 IS IT ECONOMICAL?**
The Rollator, Norge cold-making mechanism, uses less current—makes more cold. Thus there is a saving in refrigeration cost which, added to the food savings made possible, amounts to as much as \$11 a month.
- 2 IS IT CONVENIENT?**
The Norge is convenient in the fullest sense of the word. Those who have used Norge for a long time find it difficult to think of any change in Norge interior arrangement which would be an improvement.
- 3 HAS IT A DEPENDABLE MECHANISM?**
With but three slowly moving parts, the Norge Rollator cold-making mechanism has power to make more cold than you'll ever need, yet uses very little current. It is almost everlasting—actually improves with use.
- 4 HAS IT RESPONSIBLE BACKING?**
The responsibility of a 40 million dollar corporation with 15 huge factories in 4 states is behind every Norge refrigerator. Norge is distributed by reputable merchants and retailers everywhere.

After all, if your refrigerator is right from the standpoint of economy, convenience, mechanical excellence and manufacturer's responsibility—you can be sure of ample returns on your refrigerator investment. But you can't afford to take any one of those points for granted. Ask us for tangible proof. We have plenty of it—proof by test, by Norge owner survey, by user testimonials.
