

Warren On The Job for E. Carolina

Cong. Warren Secured Approval of a Direct Grant of \$129,797.64 to Help Fishermen.

Washington, D. C.—Representative Lindsay Warren had an hour's conference recently with Harry Hopkins and secured the approval of a direct grant of \$129,797.64 to the North Carolina Fishermen's Self-Help Cooperatives. Mr. Hopkins, who went over the entire file in the matter, stated that the set-up and plans of this organization was one of the very best of its kind that has been presented to him, and Mr. Warren discussed at length the problems of the fishermen of the State.

Mr. Hopkins also approved the allocation of \$26,000 for the improvement of Rollins Channel at Hatteras, North Carolina. This project was approved two years ago by army engineers, but until a few days ago Mr. Warren had been unable to secure funds for same. This will give to the people of Hatteras and vicinity a channel up to the docks of the village. Representative Warren presented to Mr. Hopkins a comprehensive plan to stop beach erosion from the Virginia line to Cape Lookout and was promptly assured that the entire project would be approved. This project will be initiated here in Washington and Director George W. Coan, Jr., is being contacted about same.

Congressman Warren further discussed with Mr. Hopkins an ambitious plan of drainage, mosquito control and a health program as well as a system of farm to market roads in all of the counties of the First Congressional District. He stated that programs for this work would be immediately initiated through the Elizabeth City and New Bern districts.

Cotton Prices To Be Boosed

Senator Bankhead Says No Justification For Cheaper Cotton

Washington, July 24.—A definite move to bolster a depressed cotton textile market was seen today in a statement by Senator Bankhead (D., Ala.), that there is no justification for cheaper cotton this season.

From another source came an assertion that the Senate agriculture committee's investigation of last March's break in the staple market probably will result in recommendations for market regulations to prevent drastic declines in the future.

Committee investigators have been at work here and in New York for several weeks. The break on March 11 sent the price of cotton tumbling to around 10 cents a pound, two cents below the value of government loans on last year's crop. The price of cotton today was below the 12-cent point, and there have been fears of lower prices in the future, thus hurting the cotton textile goods market by discouraging present buying.

"It is reported that buyers of cotton goods have largely withdrawn from the market because they believe there is a prospect for cheaper cotton and cheaper textile goods," Bankhead said in a formal statement.

"This is an unfortunate situation for the textile industry and is without justification. No one need expect cheaper cotton nor cheaper cotton goods this season, but on the contrary textile buyers should recognize that the price is now probably at its lowest point."

Bankhead reiterated statements by members of the Southern cotton bloc that continuance of 12 cents a pound loans on the 1935 crop was assured, and added it was hoped the loan will be 13 cents.

Kinston Osteopath Held On Dope Charge

Greenville, July 24.—Dr. F. Fitts, Kinston osteopath, was being held by Federal agents today on a charge of violating the Harrison Narcotic Act.

He was given preliminary hearing before United States Commissioner W. H. Hutton late yesterday and bound over to the October term of Federal court at New Bern under bond of \$500.

The arrest was made by Deputy Marshal B. F. Buck of Grimesland. Buck also reported arresting Irene Wells of Kinston on a similar charge. She was also given a hearing and held under bond of \$500 for Federal court in New Bern.

The two were rounded up by Federal agents who have been operating in Lenoir county for the last several days, Buck said.

Another Case Of Paralysis In Pitt County

Health Department Reports 12th Case Discovered Recently in Fountain Township.

A new case of infantile paralysis was reported from Fountain Township to the Health Department Tuesday, it was made known by D. N. T. Ennett, health officer. It brought the total number of cases reported in the county to 12.

The new case is a colored boy 8 years old with both legs paralyzed. The health officer quarantined this case promptly, and said he wished to remind the public that the time has not yet arrived for any relaxation in the preventive measures now being enforced.

This is the 12th case for Pitt County, 7 of whom are white and 5 colored.

Large Road Patrol Will Be Out Soon

Enlarged Number of Highway Policemen to Begin Service Shortly After August 1st.

Raleigh, July 24th.—The enlarged State Highway Patrol of 121 officers and patrolmen will be put to work patrolling the highways as soon after August 1st as possible, Captain Chas. D. Farmer, commander, said today. The training school for new patrolmen will be completed about August 1st and the new men will then be sent out just as soon as their new uniforms and equipment arrives. The uniforms for 64 new patrolmen to be selected from the 100 men in the training school cannot be ordered until these men have been selected, but, Captain Farmer indicated that these men would be chosen this week or next so that the uniforms could be ordered as soon as possible.

"With the number of automobile accidents and the number of persons being killed or injured increasing each month, we want to get the enlarged patrol on the highways at the earliest possible date," Captain Farmer said. "At first we had planned to extend the patrol training school over a period of six weeks, but the new men have made such good progress that it now appears that we can end the school about August 1st and put the new men on the roads right away. The only thing that will delay us now is getting uniforms for them."

The 108 new motorcycles have already been delivered and the 40 Ford V-8 roadsters, which will be used by the patrol, will be delivered this week, so there will be no delay in getting the motor equipment. It may be several weeks yet, however, before the radio equipment is installed on the motorcycles and patrol cars, since the contract for this radio equipment has not been let yet. Tests are now being made of various types to determine the best locations for our broadcasting stations to be built to direct the patrol.

250 Cotton Checks Due County Soon

Rental Money Expected To Arrive at the Farm Dept. Office in a Few Days Now.

Greenville, July 23.—Notice was received at the Farm department today that 250 cotton rental checks are in preparation for growers of Pitt county and are expected to arrive in the next ten days or two weeks.

E. F. Arnold, director of the department, said the checks were for growers taking part in the 1935 crop production program. He was unable to say how much the checks would be for.

There are a total of 1,800 checks to be paid to growers of this county, 1,200 of which have already been delivered. A batch of fifty came in today and will be paid out during the week.

N. C. Press Association Aboard S. S. Fairfax

N. C. Press Group Hold Meeting at Sea This Year

63rd Annual Convention Held Aboard S. S. Fairfax; Spend Two Days in Historic Boston.

The North Carolina Press Association held its sixty-third annual convention this year aboard the S. S. Fairfax of the Merchant and Miners line, sailing on July 17 from Norfolk, Va., for Boston, returning July 22.

Outgoing officers, who presided over the sessions, were D. H. Ramsey, president, of the Asheville Citizen-Times; F. Grover Britt, vice-president, of Clinton Independent; Miss Beatrice Cobb, secretary-treasurer, of the Morganton News-Herald, and B. Arp Lowrance, of the Mecklenburg Times.

The program aboard ship included the election of new officers as follows: Grover Britt, president, Clinton; L. O. Gifford, vice president, Hickory; Miss Beatrice Cobb, secretary-treasurer, Morganton; B. Arp Lowrance, historian, Charlotte; and Miss Addie Mae Cook, member of the executive committee, Gatesville.

In addition to the regular business sessions and address of the president, an excellent paper compiled by Captain Sam A. Ashe of Raleigh, president of the association 1881-82, on "The N. C. P. A's Trip to Boston in 1883," was read, and a memorial service was held for the following North Carolina newspaper men who have died during the past year: Bion H. Butler, T. B. Eldridge, Archibald Johnson, J. E. Johnson, Fred O. Olds, William Giles Mebane, Walter H. Savory and A. L. Stockton.

Members of the convention enjoyed sight-seeing tour in Boston Friday, which took them over the route followed by Paul Revere, visiting many historical points of interest, lunching at Wayside Inn, made famous by Longfellow and returning by Harvard University and Boston Commons. A group of the press members visited the publishing house of the Christian Science Monitor, which covers over an acre of ground space and is eleven stories high. While in Boston the party were guests at the Copley-Plaza and various groups took in the Big League baseball game between the Boston Braves and the Detroit Tigers and the horse races at Suffolk Downs. Many forms of entertainment including deck horsing, teas, card playing, deck games, dancing and stunts took place on shipboard and the party arrived in Norfolk on their return at 11:30 Monday a. m.

Members of the party were Mr. and Mrs. Charles J. Parker, News & Observer, Raleigh; D. H. Ramsey and Mrs. Ramsey, Citizen and Times, Asheville; Miss Beatrice Cobb and Mrs. T. G. Congressmen Plan To Oust Huey Long

Split of Louisiana Democratic Party Into Two Fractions, Pro-Long and Anti-Long

New Orleans, La., July 24.—Five Louisiana Congressmen started a movement today to have Huey Long kicked out of the Democratic party.

They plan to split the Louisiana party into fractions, the pro-Long and anti-Long, and probably will let the next Democratic National Convention decide which side to recognize.

The Congressmen were aroused to a new assault on the Kingfish by his "virtuperative attacks" on President Roosevelt, which they charged were motivated by "political disappointments and baseless delusions of grandeur."

Ignoring Long's position as chairman of the Democratic State Central committee, the five Congressmen said "Long cannot stand any longer for the principles of the party, and he can rest assured the Democrats of Louisiana will have a full ticket in the field to oppose him in the January primary."

Germany Aims Another Blow At The Catholics

The Dissolution of Catholic Youth Organization Announced; Property Confiscated.

Karlsruhe, Germany, July 24.—The so-called political Catholicism received a further blow today with dissolution of the Catholic youths organization "Deutsche Jugendrat" in the province of Baden and confiscation of its property.

Catholic circles said they believed the action against the youths society foreshadowed an end to the entire Catholic youth movement. The minister of the interior Wilhelm Frick has restricted sharply the work of the confessional youths organization but had refrained from orders of dissolution and confiscation.

The scope of the activity of all non-Nazi youth organizations was restricted even further by bans against their engaging in indoor sports and restriction of their organizations work to "purely religious, cultural and charity tasks."

Millions Home- less in all Sections

Thousands Of Chinese Bodies Recovered From Raging Waters; Gov- ernor Appeals For Aid.

Shanghai, China, July 24th.—The Hankow Red Cross Society announced today it had picked up 30,000 bodies of persons drowned in the present floods along the Han and Yangtze rivers near Hankow, alone, and reports from other districts indicated an even greater loss of life.

While central China turned to the gruesome business of counting the dead which were piling up by tens of thousands along the banks of rivers from which flood waters were receding, the northern provinces continued to battle with floods from the Yellow river.

The Yellow river, crashing barrier after barrier to swallow immense areas of fertile farm land, has already blanketed more than 10,000 square miles of Shantung countryside.

Governor Han Fu Chu, of Shantung, sent an urgent telegram to Nanking, reporting nearly 5,000,000 of the people homeless.

Whiskey Stores Expect To Open July 26 or 27

Pitt County's Control Board Says Opening of Four Stores May Not Open Until Saturday.

Greenville, July 24.—The opening of Pitt County's first liquor stores today had been delayed until Friday or Saturday, it was revealed at the office of the ABC board this a. m.

It was announced yesterday that openings at Greenville and Farmville would probably take place Thursday, and at Ayden and Fountain on Friday, but it developed today that sufficient progress had not been made in repairing the buildings to permit such action.

The building in Greenville was still uncompleted today, but it was indicated work might be completed in time for the store to be thrown open Friday. The Greenville store is also being used as a distribution center and all whiskey must be assorted and sent to the other stores before they are ready to open.

One carload of whiskey arrived in Greenville Wednesday morning, and was placed in the Higgs building on the upper end of Dickinson avenue. Two additional carloads were also expected sometime today, with other cars due later.

The total value of the shipments is between \$25,000 and \$30,000. ABC board members said they were rushing work forward as rapidly as possible, and while unable to say how many stores would be opened this week, said they plan to open as many as possible.

FORHELD FOR KILLING

Smithfield, July 24.—Thurman Parker, brother of Garland Parker, who was killed in an automobile accident near Four Oaks last week, has been bound over to the next term of Superior Court on the charge of manslaughter. The men were riding together when the accident occurred in which Garland lost his life and Thurman escaped with little or no injury. The man was driving, it is charged, recklessly when the car left the road, ran into a ditch and in some way got the glass smashed and Garland's throat cut and a hole cut in his head. Thurman claimed that his brother was at the wheel and no arrest was made at the time, but from later investigation it appears that Thurman himself was driving. Monday afternoon a warrant was issued for him and he was placed under \$1,000 bond for his appearance at court.

Joint Rites For Crash Victims

Services for Mr. and Mrs. Clarence C. Harris Held Here Monday

A joint funeral service was held Monday at the home of S. H. Bundy, two miles north of Farmville, by Rev. C. B. Mashburn, of the Christian church, and Rev. L. R. Ennis, Baptist minister, for Mr. and Mrs. Clarence C. Harris, Farmville residents, both of whom died in a Tarboro hospital Sunday following a motor accident on the Farmville-Tarboro highway Saturday night.

Craig, the small son of Mr. and Mrs. Harris, Mr. and Mrs. W. A. Alford and Miss Polly Bundy, sister of Mrs. Harris, and daughter of Mr. and Mrs. S. H. Bundy, sustained serious injuries and were carried to Tarboro hospital for treatment.

The funeral of Paul Wilma Alford, 4-year-old son of Mr. and Mrs. Alford who was killed instantly, was held Monday afternoon from a funeral home in Tarboro and interment was made in Greenwood cemetery there.

Mr. Alford, who is employed by the State Highway Commission, has resided here only a few months. He is a native of Tarboro. The accident occurred as the Harris car, whose occupants were returning from Rocky Mount, was hit by a Ford truck driven by Raymond Harris entering the highway from a side road. This man sustained minor injuries and is being held.

Clarence C. Harris held the position of electrical engineer at the municipal water and light plant here.

Surviving relatives of Mrs. Harris are: her parents, Mr. and Mrs. S. H. Bundy, two sisters, Mrs. Roy Bowling and Miss Folly Bundy, and four brothers, Perry, Luby, Patrick and Pender Bundy, all of this section.

Surviving Mr. Harris are: a sister, Miss Mattie Katherine of Farmville, and three brothers, Thomas E., Farmville, Charles E., Rocky Mount, and Merle V. Harris, Richmond, Va.

Potato Bill in Sight Of Becoming Law

Congressman Warren's Measure on Senate Calendar After Strategy by Leading Supporters

Washington, July 23.—Parliamentary strategy had placed the Warren potato control bill today within sight of becoming law.

The measure which originated in the house was added yesterday on motion of Senator Bailey, democrat of North Carolina, as an amendment to the Agricultural Adjustment bill now before the senate.

Stubborn resistance retarded progress of the bill in the house. Although it had a favorable report from the house agriculture committee, there appeared little hope it would reach the floor because of committee failure to act a rule for immediate consideration. Senator Hatch, of New Mexico, proposed to exclude from the potato amendment provisions which did not produce as many potatoes as they consume. He was defeated.

The proposal was fostered in the house by Representative Warren of North Carolina, would classify potatoes as a basic commodity an an-

Crop Checks Nears Finish in This Area

Only A Slight Over Production Expected To Be Reflected When All Reports Are In.

Greenville, July 23.—The checking of crop control acreage in Pitt county which got under way several weeks ago will come to an end the latter part of this week, it was made known today at the Farm department.

With completion of the checking program as required by the federal crop control plan, it is expected that only about 5 per cent over-production will be found, and only one per cent of growers take advantage of the 90 per cent limit. The check involves only tobacco, cotton and peanuts.

Over 65 supervisors were being used in checking the 5,000 contracts involving thousands of acres of land in all sections of the county.

The supervisors were given about six weeks to complete the work. The checking actually started on June 11, and with the finish line in sight only slightly over forty days will be required to complete the task.

In view of the fact that Pitt county is the largest bright tobacco growing region in the world and one of the largest counties in the state, the task of checking acreage is a monumental one. The work was held up several days on account of the heavy rainfall which visited this section the first part of July.

Mr. Arnold, director, stated he was very well pleased with the progress made and expressed appreciation of the fine spirit of cooperation exhibited by farmers. Growers who aided the supervisors in checking their acreage helped considerable to speed up the work.

The Farm department made it plain at the beginning of the checking program that growers would not receive benefit payments or marketing cards until their acreage had been checked and their compliance shown. Preparations were under way at the farm office today to receive requests for marketing cards.

3 French Bankers Are Held In U. S.

Neidecker Brothers Are Arrested at New York and Others at Norfolk, After Bank Fails.

Paris, July 24.—Neidecker and Scie the firm name of the Travelers Bank was declared bankrupt today by the Tribunal of Commerce. The decree was a matter of routine because the bank was closed and failed to meet payment.

B. Cole Neidecker, the president of the concern, was arrested in New York yesterday following a request by French police. The latter was released on parole.

Norfolk, Va. July 24.—Aubrey and George William Neidecker, brothers of the American head of the Paris bank, B. Cole Neidecker, arrived in Norfolk today on the Baltimore mail line steamer, City of Newport News. They were met by Commonwealth Attorney John M. Arnold and Chief of Police Charles Borland, who told them of charges which had arisen in connection with the closing of their bank.

"The charges are ridiculous," Aubrey Neidecker, assistant manager of the Paris bank, said. He said he was not "running away from anything" and expected to return to Paris in about ten days.

"We have nothing to fear," he said, and added "he had nothing belonging to the bank."

The Norfolk officers met the party at the request of the prosecution attorney in Paris, who requested that the brothers be detained "provisionally" or temporarily and stated that a warrant had been obtained for them on charges of "breach of confidence" and "swindling."

Feeding a car of beef cattle and growing vetch and lespedeza on his farm each season has doubled the acre production on the farm of R. C. Williams of the Rock Rest community in Union county.

About all we get out of some parties is the relief of taking off our shoes when we get home.

Authorized a system of production and sales allotments.

A tax of 75 cents on the hundred pounds would be levied on potatoes sold in excess of the allotments to insure enforcement of regulations. Producers would be given tax exempt certificates to the amount of quotas.

The measure is designed to restrict production of commercial potatoes and would provide no limitations on production for use by growers for feed or otherwise.
