What father would like most to
get out of his new car is the rest
of the family.

Never put off until tomorrow what
you can get somebody to do for you
today.

A modern food expert is one who
can look at a calf and tell how many
chicken sandwiches it will make.

Assisting a criminal to escape the
law is a crime, unless you happen to
be a lawyer.

Just when you think you can make
both ends meet, somebody moves the
end.

Many refuse to join public move-
ments because they'd rather remain
on the sidelines and criticize.

Some men who live a dog's life, prob-
ably do not have any license to do
so.

The argument that turns a fellow's
head sometimes travels through his
pocket.

We still maintain that paying cash
is the best way to keep out of debt.

One of these days the world will
be more like you want it but you
won't be here.

People still insist on trying to
beat the engines to the crossings.

No man protects his property by
standing idle while robbers take
what his neighbors have.

We want peace, like everybody
else, and like them we don't want to
take any risk to get it.

It is hard to visualize the horror
of hurricanes and floods, unless you
have been in the midst of one.

WATCH OUT FOR COLDS.

The near approach of cold weather
reminds us to warn readers against
the common cold, that many people
think is unavoidable. It is nothing
to be lightly dismissed because it
leads to serious complications very
often.

People catch colds but they can
be avoided. Build up your system if
it is run down, see your doctor and
take advantage of medical science in
fighting the cold. If you have been
susceptible to them in the past it
might be a good idea to secure special
treatment from your physician.

Parents should not permit their
children to run wild during the time
they have colds and should not mingle
with other people themselves. If
you want others to have your infec-
tion, if you wish to disregard the
health of others and don't care what
somebody dies from your care-
lessness then, when you catch a cold,
forget all precautions and spray
your germs as you go. Otherwise
carefully avoid infecting other peo-
ple.

Lady Took Cardui When Weak, Nervous

"I can't say enough for Cardui if
I talked all day," enthusiastically
writes Mrs. L. H. Caldwell, of Statesville, N. C.
"I have used Cardui at
intervals for twenty-five
years," she adds. "My
trouble in the beginning
was weakness and ner-
vousness. I read of Car-
dium in a newspaper and
decided right then to try it. It seemed
before I had taken half a bottle of
Cardui I was stronger and was soon
up and around."
Thousands of women testify Cardui ben-
efited them. If it does not benefit YOU,
consult a physician.

U. D. C. MEETS

The United Daughters of the Con-
federacy held its first fall meeting
Wednesday afternoon at the home
of Mrs. Herbert Sugg with Mrs.
Sugg and Mrs. J. S. Hardy enter-
taining.

The meeting opened by singing
"Onward Christian Soldiers" and
was followed by the Lord's Prayer.
The minutes of the last meeting
were read and approved. The secre-
tary read the convention call and
delegates were elected to go to the
convention at Winston-Salem on
October 16th. The delegate was
Mrs. Susie Edwards, and Mrs. Nina
Louise Edwards and Mrs. Harry
Edwards, alternates.

The president gave a brief ac-
count of what has been raised this
year, which was \$173.50, and stated
that the Chapter had donated to
most all of the benevolent purposes.
She asked the treasurer to send a
check for \$1.00 to the Bell Reid Bed
Fund.

Delegates to the General Con-
vention were Miss Susan Exum and Mrs.
Hardy Albritton as alternate.

The nominating committee for
another year was appointed as fol-
lows: Mrs. Marion Tucker, Mrs.
Herbert Potter and Mrs. Josiah
Exum. Mrs. Murphrey then present-
ed the speaker of the afternoon, Dr.
Cooke, who is pastor of the Christian
Church of Kinston. He told us of
his trip to Europe. He attended the
World Convention of the Disciples of
Christ which is held only once every
five years; that convened in London.
His talk was most interesting and
instructive. You almost felt like you
were next door neighbors and you
really were interested in the three
countries that he visited, which were
England, France and Switzerland.
He just seemed to grasp the feelings
and customs of those countries. It
really was wonderful.

Miss Susan Exum sang "Just Fol-
lowing the Message"—which was
very sweet as usual.

The hostesses then served deli-
cious refreshments. The out of town
guests were Dr. and Mrs. Cooke, and
Mrs. Quinerty, of Kinston.

Fifteen Henderson County poul-
trymen will keep accurate flock re-
cords with their poultry this year
for the extension service of State
College.

Much damage to late corn is re-
ported by eastern Carolina farmers
as a result of wind storms accom-
panying the recent tropical hurri-
cane.

Two terracing units are at work
in Iredell County under the super-
vision of the county agent and are
doing splendid work, according to
those farmers whose lands have been
terraced.

Lincoln county farmers have plant-
ed over one thousand pounds of
alfalfa seed this fall. Most of the
land so seeded has been well limed,
inoculated, manured, fertilized and
had a perfect seed bed.

This control of temperature and humid-
ity helps to retain the full flavor and aroma of the
tobaccos you smoke in Chesterfields.

And it has a great deal to do with providing
the proper working conditions for the employ-
ees who handle the tobaccos and operate the Chest-

Mild ripe tobaccos and modern up-to-date
