INDEBTED

It is doubtful if the educators of the country realize the debt they owe Warner Bros. for their courage in making the huge investment necessary to film "A Midsummer Night's Dream," which will be shown here next week.

Shakespeare is, and, for more than 300 years, has been sheer literature. The poetry, the philosophy, the wisdom of his lines have become so definitely a part of everyday speech—and thinking—that most of us have forgotten the reason that the great actors—those whose fame lingers—from the days of David Garrick to Robert Mantell and his more immediate successors, have been Shakespearean actors.

Now, what is conceded to be the greatest comedy Shakespeare ever wrote, is presented as a motion picture. Despite its pomp and pageantry, despite the sheer beauty of fantasy and the emphasis on the supernatural, the "Dream" might have been written last week.

Young America will be thrilled by its three love stories, held in awe by the beauty of the spectacles, inspired by the music and the dances, and particularly delighted by the robust down-to-earth comedy.

The High School or College student who sees "A Midsummer Night's Dream" will discover the real Shakespeare—the master dramatist.

And when they know Shakespeare, they will be as enthusiastic over him as were the men and women of his own time.

MONEY DOESN'T GROW ON TREES

(Waynesboro, Va., News-Virginian)

The money which governments spend does not grow on trees. It comes, almost every bit of it, from the pockets of the men and women who work for a living. It is they who pay the bulk of the taxes no matter what may be done to make it look as though only the rich pay.

Many of our citizens really believe that a tax stays where it is originally put. They think that when the railroads, the utilities, the manufacturers and the merchants are taxed that the owners pay the levy entirely out of their own pockets. They do not see where the tax burden finally rests, because most of the time this is carefully hidden by those levying the tax.

As a matter of fact every dollar added in taxes is a dollar added to the cost of living, and approximately a fifth of the nation's income goes for taxation. Most of us, even though we may not pay income taxes, foot our share of the bill in proportion to the number of things we buy and the amount of money we spend.

Every time we ride on a train or in a bus, every time we switch on an electric light or turn on the gas, we pay taxes. Every time we buy food or clothing, pay our rent or board, the Government extracts its part from us. We begin to pay hidden taxes on a loaf of bread when the farmer pays his tax at the court house, and before the bread gets to us more than 50 taxes have been piled on to the loaf. On a 15 cent package of cigarettes we pay a 40 per cent stamp tax, and in many states the taxes are more than the actual price of the tobacco. We pay a levy on our telephone bill, our admission to the movies, our telegrams, our gasoline.

It is impossible to escape the tax collector. That is why we should be interested in what your government costs.

PRE-SCHOOL CLINIC

A Pre-School Clinic will be held at the high school building at 9:00 o'clock Wednesday morning, April 1. Parents of children, who are expecting to enter them in school this fall, are urged to bring them at this time for examination and necessary treatments.

Currituck farmers are exhibiting interest in electrifying their farms. Contracts and right-of-ways are now being staked to run back to Coles-

VOUGHT LUMBER CO., NEW ESTABLISHMENT OPEN FOR BUSINESS

Mr. G. S. Vought, formerly vice-president and manager of the Farmville-Woodward Lumber Co., who a few months ago severed his connection with this firm has opened a new lumber yard here and will carry a full and complete stock of rough and dressed lumber, sash, doors, mill work, building materials, screens, windows, and anything in cabinet works.

The Vought Lumber Co., plant and yard is located in the rear of the East Carolina Railway station just one block west of Main street, with office on Belcher street, opposite the cotton platform.

Mr. Vought is well known to the people of this section of Eastern North Carolina and he invites those in need of lumber or building material of any kind to see or write him for estimates and prices.

Read the advertisement of the Vought Lumber Company elsewhere in this issue for further details.

BAPTIST GIRLS AUXILIARY

The Girls Auxiliary of the Farmville Baptist Church, met at the home of Mrs. John D. Holmes, Tuesday afternoon. This was the third meeting of this group, the first being held with Julia Dean Tyson as hostess, and the second at Ella Lee Carraway's home, a month apart. At the first meeting Julia Dean Tyson was elected president, Frances Newton, secretary and Mary Thorne Tyson, reporter.

Tuesday afternoon the meeting was called to order by the president, with Nettie Neal reading the devotional and Frances Newton offering prayer. Business was discussed, followed by a study of the appointed lesson.

Refreshments were served after adjournment. The date of the next meeting will be Friday, April 10.

Mary Thorne Tyson, Reporter.

BASKETBALL GAME HUGE SUCCESS

The basketball game between the Woman's Club and teachers of the Farmville high school was declared a success, both from the standpoint of fine entertainment for fans and players and from the amount of money turned into the treasury, which was reported at \$35. The score was 13-2 in favor of the teachers.

Players on the Club team were; Mrs. A. Q. Roebuck, Mrs. Lath Morris, Mrs. J. G. Spencer, Mrs. D. R. Morgan, Mrs. Elbert Joyner, Mrs. John Dwight Holmes and Mrs. D. E. Oglesby. Teachers; Miss Camille Stator, Miss Frances Barnhill, Miss Olive Gilbert, Miss Mattie Lee Eagles, Miss Susie Copeland and Mrs. W. N. Spruill. Miss Annie Perkins was referee.

The Woman's Club has challenged the T. P. A. for a game, which is scheduled for Thursday night, April 2, in Monk's Warehouse.

OBSERVES ANNIVERSARY

Winsome little Miss Betsy Ann Williams, daughter of Mr. and Mrs. E. A. Williams, Jr., entertained fourteen of her friends on Monday afternoon, in celebration of her third birthday.

Games were played on the lawn by the hostess and guests, (many of whom were attending their first social function); Connie Rollins, Marianna Walker, Mary Frances Allen, Nancy Gates, Margie Lilly, Jessie Mac Carraway, Harold Rouse, Zeb Whitehurst, Robert Rollins, Grandy Vought, Donald Baucom, Robert Everett Roebuck, Robert Pollard and Sterling Gates.

Refreshments of ice cream and cake were served in the dining room, where lovely table appointments, flowers and burning candles carried the color note of pink and white. The birthday cake with its three tapers was used as a centerpiece.

Easter baskets filled with confections were used as favors.

Stokes County farmers have decided that 10 percent of the cultivated acreage in the county should be retired from cultivation and that they should make a 25 percent increase in soil improving crops.

Garden Contest To Close On March 31

County winners of fall and winter garden contest, sponsored by the State College extension service will be determined a few days after the contest closes on March 31.

Therefore, it is important that all contestants place their records and stories in the hands of their home agents as soon as possible, said Miss Mary E. Thomas, extension nutritionist at the college.

The two high scoring gardens in each county must be determined by April 10, she added. All complete records and stories must be in the state home demonstration office, at State College, by April 20.

The efficiency of the garden, as shown by the record, will count 75 per cent and the story written by the contestant will count 25 per cent, Miss Thomas pointed out.

The stories, not to exceed 500 words, should cover all important points about how the garden was managed, its value to the family and the returns secured in fresh and canned vegetables and money income.

In each county where ten or more contestants complete their records stories, first and second prizes will be \$5 and \$2.50. The four State winners will receive \$20, \$12.50, \$7.50, and \$5 from funds donated by the Chilean Nitrate of Soda Educational Bureau.

Prizes of the same amount paid the individual state winners will be awarded the four county home demonstration club councils having the largest percentage of their club members completing the contest.

FUNERAL OF WELL-KNOWN KINSTON NATIVE MONDAY AFTERNOON

Kinston, March 24. — James Parrott Joyner, 63, well-known Kinston resident, died at 10:30 a. m., Sunday at his home in the northern part of the city. For two and a half years he had been confined to his bed due to a paralytic stroke.

Joyner, known to many as "Mah," was a native of Kinston and had lived here most of his life. He had wide family connections.

His father was the late Rev. George Joyner, minister of the Disciples of Christ, and his mother was the late Elizabeth Blount Joyner. He was a member of the Episcopal Church.

The funeral was at 4 p. m., Monday from the home, 209 East Capitol Avenue, Rev. E. F. Suske, rector of St. Mary's Episcopal Church, and Rev. Leland Cook, pastor of Gordon Street Church of Christ, officiating. Burial was in Maplewood cemetery.

Surviving are a widow, formerly Miss Leona King, and five children, George Joyner, Kansas City Mo.; Mrs. Thomas B. Cockey, Kinston; Mrs. Sophia Lomney, Kinston, and Fred Joyner, Kinston.

Three grandchildren, one sister, Dr. Annie L. Joyner, Farmville, and one half sister, Mrs. Mary Beaman, Stantonburg, also survive. He was a cousin of Dr. J. Y. Joyner, of La-Grange, former state superintendent of public instruction.

THANKS

If I should fail to thank my God For every day I live upon His sod,

If I should fail to thank every friend For everything they bring or send,

I would not be worthy of their respect,

If I should grow cold or forget. Each day is a link in Life's golden chain,

Once lived, can never, never be lived again. Every friend, every deed, or kindly word

Is a ray of hope to us when our cheeks with grief are furrowed.

When health, strength, wealth are all gone,

We should realize we still have with us the Greatest One. —UNCLE WATT.

CARD OF THANKS

We wish to express through the columns of The Enterprise, our deep appreciation for the kindness shown us, and the expressions of sympathy received from friends here during our recent bereavement. Mrs. J. F. Hart and Family.

ZONE MANAGER VISITS LOCAL AGENCY FOR CHEVROLET CARS

T. D. Hunter, Chevrolet Zone manager at Charlotte, was a visitor to-day, the guest of L. F. Harris, manager of the E. & W. Chevrolet Co., here to discuss business prospects for the balance of the season, he inspected the local dealership and complimented Mr. Harris highly on the up-to-date establishment on Wilson street.

Conditions throughout the zone are better than at this time last year, Mr. Hunter asserted. There is a good outlook for continuation of the sales improvement which has done so much to bring back business in general.

Agricultural areas, for the most part, will also show a marked increase in business, he said, owing to favorable growing conditions.

"With two lines in the field today, the brilliant new Master DeLuxe series and the new improved New Standard at the lowest prices of any quality car, we shall undoubtedly improve on even last year's records," said Mr. Hunter.

SAFETY FIRST

SAFETY is the first consideration in building Ford cars. This Ford was the first low priced car to bring you the extra protection of a steel body, welded in one piece and reinforced with steel. Ford was the first low priced car to protect all members of your family with safety glass all around at no extra cost. The Ford V-8 is the first low priced car to give you super-safety brakes—15-inch drums and 136 square inches braking surface. Ford super-safety brakes are of the auto-acting, positive, mechanical design used on many of the highest priced cars here and abroad.

From the ground up, the Ford V-8 is a safe car to drive. It is the only low priced car with 6.00 x 16-inch air-filled tires on standard equipment. The double shock X-type frame is low, rigid, strong. Correct weight distribution with low center of gravity gives exceptional stability on curves. Torque-tube drive with radius rod construction adds to the road ability and safety of the Ford V-8. A strong front axle gives you further protection. Even the powerful 85 horsepower V-8 motor adds to your safety with its instant response to your demands. Remember the Ford V-8 and you will find that safety has been built into it at every point—safety that has been time-tried and proved by millions of miles on the highway. It is well worth while to remember these things when purchasing a car.
