GET UP EARLY OCCASIONALLY.

If the sun rose only once a year
in Farmville its colorful arrival
would be greeted with brass bands
and a civic outpouring of delighted
inhabitants.

If our sleepy citizens would wake
up early enough on just one morn-
ing, they would secure the same
thrill of enjoyment as the earth
turns to greet its source of light.

If you think this is applesauce
get out of bed tomorrow when the
whistles blow, watch the stars fade
and the eastern horizon come to life,
tinted with the hues that defy brush
of artist and all words of descrip-
tion. You will be amply repaid for
your trouble.

**PROSPERITY, GOD — AND
MR. BABSON.**

"We are standing on the thresh-
old of prosperity for the first time
in seven years," says the honorable
Roger W. Babson, business priest
and student of economic statistics.

Reading on we learn that "the im-
mediate outlook is the brightest in
years, barring those sections suffer-
ing from crop disaster" and that the
nation "from March, 1933, to date
has covered 90 per cent of the dis-
tance between the pit of the depres-
sion and normal."

In fact, July opened with business
activity just five per cent under nor-
mal, according to the Massachusetts
prognosticator, who declares that
"every outstanding trade and indus-
trial barometer is forecasting fur-
ther gains in business this fall."

So much for the prospect of pros-
perity. Let us call your attention
again to what Mr. Babson says
about the duration of our good for-
tune, which "we may enjoy a few
years." Why a few years? Be-
cause, in his words, "prosperity never
lasts until it goes hand in hand
with righteousness." Moreover, per-
manent prosperity cannot be built
on liquor, gambling and a disregard
of God.

We have never been able to un-
derwrite Mr. Babson's dope on busi-
ness but he is planting his feet on
solid stuff when he puts them on
the rock of righteousness. Big busi-
ness and little business men, who
think of nothing but profit do more
harm to the nation's welfare than all
the political theorists that blight
land.

Getting down to brass tacks the
lesson for the average man and wo-
man is to realize that an economy
built on righteousness has no place
in it for individuals who want to ac-
quire fortunes through rackets,
schemes and routes that do not give
value for the money received. The
man or woman, big or little in the
eyes of any community, who tries
to get money without earning it, is
a positive enemy to the betterment
of the nation.

**For Bad Feeling
Due to Constipation**

Get rid of constipation by taking
Black-Draught as soon as you notice
that bowel activity has slowed up or
you begin to feel sluggish. Thou-
sands prefer Black-Draught for the
refreshing relief it has brought them.
Mrs. Ray Mullins, of Lefe, Ark.,
writes: "My husband and I both take
Theford's Black-Draught and find
it splendid for constipation, bilious-
ness, and the disagreeable, aching,
tired feeling that comes from this
condition." With reference to Syrup
of Black-Draught, which this mother
gives her children, she says: "They
like the taste and it gave such good
results."
