The Immville School **Opening Marked By Inspiring Exercises**

Supt. J. H. Moore Presided; Members of County And School Boards, Legislator Make Talks

Thursday of this week, designated and official that every member and every-in-law be present. by the State as opening day for its schools, was an occasion of informal which has be n interrupted this sumbut nevertheless inspiring talks, and mer, and plan a full program for a band concert at the Farmville gradthe fall and winter. Another special ed school. The enrollment appeared to be large and many of the patrons dinner under the oaks. If it rains, the country. Governor Landon has attended the opening exercises. dinner will be served in basement. So come anyway.

Following the assembly at 8:30 o'clock, in Perkins Hall, the invocation was given by Rev. C. B. Mashburn and the Scripture lesson read by Rev. L. R. Ennis.

Superintendent J. H. Moore, who is beginning his second term here, having come from Ahoskie to fill this office last fall, presided, introduced the members of the faculty and announced the speakers.

John T. Thorne of the county board of education, contrasted the opportunities and advantages of the school boy of today with those of his own and stressed the importance of train-Italian Cruiser ing in connection with preparation for any vocation as more necessary now than at any time in the country's history.

J. W. Holmes, chairman of the local school board, discussed character building briefly, declaring that it is ambition that determines "the set of the sail Stating that the real objective of the public school and of education is "learning to live together," J. Morgan, a member of the school board, retainded the children of the age of specialization in which they are living, and advised them to "learn everything about something while lemaing something about everything." J. H. Paylor. State legislator, explained the three branches of the State government-executive, judicial and legislative-saying that the last named deals with the future of school children, appropriating this year approximately 22 million dollars for the maintenance of schools.
