NOT SO LARGE BUT

An appropriation of more than \$400,000,000 has been approved by the House of Representatives for the War Department, which will manage the American army of 165,000 regulars during the next fiscal year.

Recent figures compiled by the War Department show that the United States ranks tenth in size or regular forces, behind Poland, Rumania, Spain, Japan, Italy, Germany, France, Great Britain and Russia. Including trained reserves this nation drops to nineteenth place in potential fighting power.

This country has, besides its regular army, an estimated 309,000 men in the National guard and other trained reserves. Compared to Russia's regular army of 1,500,000 and trained reserves of 19,490,000 we are not in the select military circle even though our army costs us a lot of money.

JUST A MINOR CAUSE OF DEATH

Statistics reliably inform us that passengers on steam railroads are reasonably safe but that fifteen times every day, at grade crossings, which accidents occur one-third of the time result in death and average three persons injured.

In a month, it seems, some 170 Americans give up their existence because they either forget about trains and engines, or else can't see them. More than 500 are injured because they occupy the rails when rolling stock has the right of way.

Trespassers, not included in the above figures, shuffle off their mortal coils at the rate of five a day while sleeping, walking or loafing between the iron ribbons which the engines use.

Americans, it seems, are hardy race. We pay little or no attention to speeding automobiles which kill an average of a hundred persons every 24 hours and can hardly be expected to gape with astonishment as a minor cause of death that snuffs out only ten or twelve lives every time the sun rises.

POPPY DAY IS MAY 29th

Saturday, May 29th, was designated as Poppy Day in Farmville by a proclamation issued today by Mayor John B. Lewis. In the proclamation, Mayor John B. Lewis called upon all citizens to observe the day by wearing memorial poppies in honor of the World War dead.

Volunteer workers from the American Legion Auxiliary will distribute poppies throughout the city Saturday, May 29th, and receive contributions for the welfare of the living victims of the war, the disabled veterans, the widows and fatherless children.

Cooperative Selling Pleases Hog Growers

With twelve markets already established and two more under consideration, cooperative hog marketing in eastern North Carolina is proving a boon to swine growers, declares H. W. Taylor, swine specialist for the State College Extension Service.

Working with county agents, the growers haul their hogs to a central loading point on prescribed days for shipment to Northern markets in car-load lots.

Prices this spring have been good, Taylor says, and farmers generally have been pleased with the cooperative plan. This is the first year that hogs have been shipped on a large scale cooperatively.

Markets are now operating in New Bern, Tarboro, Plymouth, Greenville, Washington, Shawboro, Warsaw, Four Oaks, Burgaw, Elizabethtown, Lumberton, and Rowland.

Taylor says that markets in Scotland Neck and Kinston are now under consideration. If sufficient interest is taken, shipping points will be established in these two places. Other points will also be considered.

Leading the way in the largest shipments is the New Bern Cooperative Livestock Market, serving farmers of Craven, Carteret, Jones, Onslow, and Pamlico counties.

To date, according to M. A. Morgan, Craven farm agent, growers have shipped from this point 7,543 hogs, weighing 1,847,844 pounds, and selling for \$147,753.46. Shipments are made each Tuesday, with the county agents from all five counties working with their growers in an advisory capacity.

CHURCHES

SUNDAY, MAY 23

BAPTIST CHURCH
Rev. L. R. Ennis, Pastor.
9:45 A. M.—Sunday School. G. W. Davis, Superintendent.
11:00 A. M.—Morning Worship.

MRS. W. V. HARRIS

Mrs. Emma Langley Harris, 68, wife of W. V. Harris, of Aulander, and a highly esteemed citizen of that place, died at the home of her son, J. R. Harris, at Crisp, Wednesday morning, with a heart attack, from which disease she had suffered for some months. Funeral services were conducted from the home of her son in Crisp, Thursday afternoon, at 2:00 o'clock, by Elder Raper, Primitive Baptist minister, of Wilson, and interment was made in the family plot at Sharp Point.

Mrs. Harris is survived by her husband, two daughters, Mrs. J. R. Ellis, of Crisp, and Mrs. Fate Edwards, Fountain; two sons, J. K., of Crisp, and Raymond Harris, Charlotte, and several grandchildren.

FOUNTAIN NEWS

(By MRS. M. D. YELVERTON)

PERSONALS

Mr. and Mrs. M. E. Smith spent Sunday in Chapel Hill.

Mrs. Hollie Johnson of Louisville is visiting Mr. and Mrs. Hardy Johnson.

Miss Eleanor Whitehurst of Bethel was a house guest this week of Mrs. B. A. Pope.

Mr. and Ernest Hunt spent Sunday and Monday in Greensboro with the parents of Mr. Hunt.

Mrs. W. E. McCullers of Garner, Mrs. Eckie Brady of Henderson and Mr. and Mrs. Dodd Bonner of Aurora were guests Wednesday of Mr. and Mrs. G. W. Lane, Jr.

Mr. and Mrs. D. A. Yelverton and daughters, Hazel, Vivian and Frances and Miss Brownie Johnson, all of Eureka, visited Mr. and Mrs. L. P. Yelverton, Sunday.

Mr. C. L. Owens is critically ill in Johns Hopkins Hospital in Baltimore. He underwent an operation Saturday for brain tumor. However the tumor was so deeply imbedded that the operation was unsuccessful.

ENTERTAINS BRIDGE CLUB

Mrs. J. M. Horton entertained her bridge club Wednesday afternoon. Pink roses with larkspur was arranged throughout the living room.

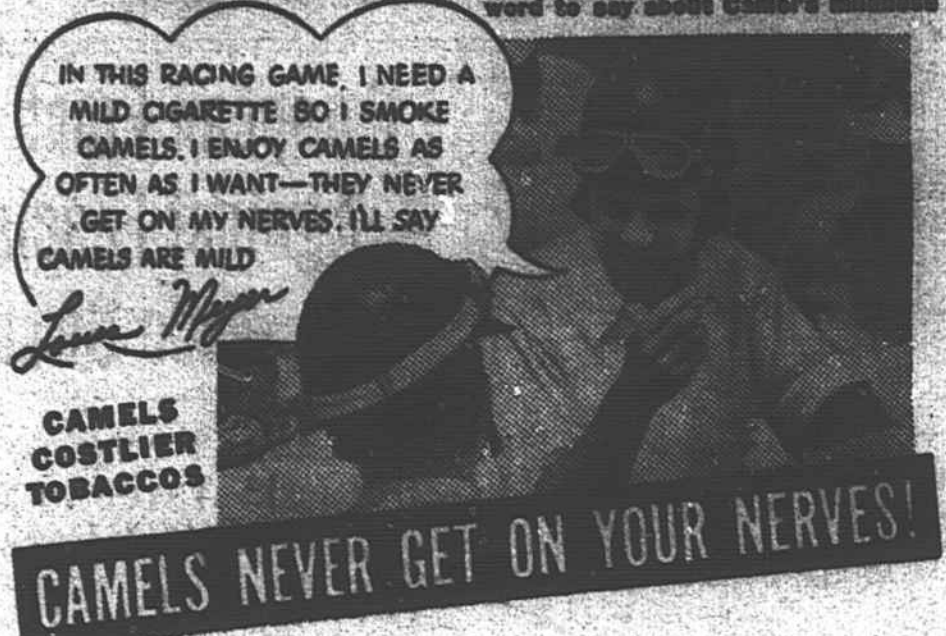

The guests were served Silver-Nip at the beginning of the game. Mrs. E. B. Beasley was awarded a crystal vase for high score and Mrs. E. W. Hunt received a blue rose bowl as consolation prize. Mrs. Dodd Bonner of Aurora a guest was presented a linen guest towel. Miss Eleanor Whitehurst a bride-elect of June was given a shower of handkerchiefs from the club-arranged in the form of a nose gay.

A salad course with iced tea was served by the hostess.

L. A. Sluder of Alexander, Buncombe County, plants the natural drains in his fields to orchard grass and never plows these strips. As a result, he gets a good crop of hay from the strips and never has gullies in his fields.

Blue grass and white Dutch clover grow into excellent permanent pasture if the soil is sufficiently prepared and the land coated with manure, says W. F. Flows of Harrisburg, route 1, Cabarrus County.

Timely Farm Questions Answered at State College

QUESTION: What is the best control for cabbage worms?

ANSWER: Rotenone dust will, in all probability, give the best control. The dust should contain about 75 percent of the rotenone and the first application should be made just as soon as you see the first small white butterfly in the cabbage field. Dust as often as worms are found and be sure and get the dust down into the center of the plants. This dust will also control bean beetles and should be applied when the first cluster of eggs are found on the under side of the bean leaves. For bean beetles the dust should be applied under the leaves and not on top.

QUESTION: Is there any cure

for Bumblebeet in chickens?

ANSWER: Where the trouble is not too severe it is possible to cure it by making an incision in the injured foot and carefully removing the infected material. The area should then be sterilized with iodine and bandaged and the bird kept closely confined while the wound is healing. However, unless the bird is of exceptional value no cure should be attempted as these attempts in the majority of cases are unsuccessful.

QUESTION: When is the best time to treat sheep for stomach worms?

ANSWER: Drenching for stomach worms should begin about June 1. As a usual thing one or two treatments are sufficient for mature animals, but in cases of severe infestation both the lambs and ewes should be drenched every two or four weeks until frost. Keep the animals to be treated off

feed for 24 hours before and off feed and water for five hours after drenching. The copper sulphate solution is most generally used for stomach worms, but the nicotine sulphate has also proven valuable, especially where tape worms are present. The nicotine sulphate solution is made by mixing together one-half ounce of 40 percent nicotine sulphate (Black Leaf 40) and one quart of water. Mature sheep should receive two or three ounces of this solution at each treatment and lambs from one to two ounces.

Four-H Club members of Cumberland County have purchased Hampshire boars and bred gilts from the State Hospital farm near Goldsboro for the purpose of raising pure bred stock to sell to other club members.

Wallace advises farmers to organize for more Federal power.

NEVER BEFORE SUCH A CAR AT SUCH A PRICE

\$548.00 IS THE DETROIT DELIVERED PRICE

of this Thrifty '60' Ford V-8 Tourer Sedan, including front and rear bumpers and spare tire. (State and Federal Taxes extra).

The new Thrifty '60' shown here has exactly the same roomy body on the same 112" chassis, as the brilliant Ford V-8 '55'. It has the same, easy-acting, powerful new brakes, the same easy steering and the same big, outside luggage compartment.

But it is powered by a smaller, more economical 60-h.p. V-8 engine which,

owners report, is giving them between 22 and 27 miles per gallon of gasoline. It's a good performer, too . . . Drive one and see!

THEN, LOOK AT THE PRICE . . . And realize that your present car will probably more than cover the whole down payment, leaving you less to pay on the easily-retired balance. See Your Ford Dealer Today.
