NEW AIR BASES

Many Americans do not realize that the route across the Pacific Ocean by way of Alaska and the Aleutians Islands is 1,400 miles shorter than by way of Hawaii. This explains the interest that the Army and Navy is taking in the establishment of air bases in Alaska. The Navy has established a permanent seaplane base at Sitka, and wants a base at Kodiak Island. The Army high command, it is said, will request funds for the establishment of an Army Air base at Fairbanks, Juneau or Gustafson's Point.

Directory Of Our Tobacco Colony.

It is with pleasure that The Farmville Enterprise welcomes the tobaccoists here again this season, and with the citizens of the community invites them to enter into all the activities of the town and become for these months a real part of its social and civic life. For the convenience of the "colony" we are printing a directory of every name of those engaged in the tobacco business we have been able to secure. There are several missing, of course, and we will be very grateful if they or their friends will advise us that we may add them to the list next week. We believe this directory will be of service if clipped and carried with you, when wishing to locate some of your friends or acquaintances.

BIG HOLIDAY DRAWS NEAR; IT BRINGS FOND MEMORIES

The calliope will sound in Greenville September 20, when the Great Robbins Bros. Circus with Hoot Gibson, the famous Western movie star arrives for its engagement. The red wagon is an American institution. Its coming is hailed with delight and each year thousands of schools are suspended for the day that the students may revel in the delights of circus day. To many, especially business men and captains of industry, the physical side of the circus elicits a great deal of interest. They marvel at the machine-like precision by which the great show is transported from city to city. Here today and tomorrow perhaps 200 miles away in another state. Frequently a large circus goes for several years without missing a single performance. The answer to it all is this: In no other branch of human endeavor is an organization so perfected as with the circus. More than 300 performers take part in this season's Robbins Bros. Circus. They hail from 18 foreign countries. Almost every nation has contributed its stars among them being Miss Nadine St. John, famous Ural Mountain elephant trainer. This season a gorgeous and fantastic spectacle, "La Argentina," filled with charm, romance and gaiety, opens the big show. An immense and spectacular street parade with a congress of the various nations of the earth will be seen on the downtown streets at 11 a. m. It is more than one mile in length; upwards of 1,000 men, women and horses will be seen in the parade along with twenty elephants and a caravan of camels. Five trumpeting bands and two calliopes will be heard. Doors to the menagerie will open at 1 and 7 p. m. The big show will start at 2 and 8 p. m. As an added feature attraction, Clyde Beatty, greatest wild animal trainer of all time. Will present the world's largest wild animal act. Battling 40 ferocious jungle bred lions and tigers.
