

# Social and Personals

Leroy Bass spent Monday and Tuesday in Richmond.

Miss Natalie Vought of Raleigh spent the week end here.

Miss Becky Wheelers is visiting relatives in Raleigh this week.

Mrs. Ralph Collins has returned from a visit to relatives in Maysville.

Miss Evelyn Horton is spending several days of this week in Wilson.

Mrs. E. C. Carr and sons have returned from a visit to relatives in Raleigh.

Miss Alice Dale has returned after a visit to relatives in Rocky Mount.

Miss Frances Person, of Pikeville, spent the week end with Miss Evelyn Horton.

Mrs. T. C. Turnage is spending several days with relatives in Lumberton.

Lester Barrett, of Washington, D. C., is visiting his mother, Mrs. Cora Barrett.

Mrs. Dixie Able has returned to Smithfield after a visit to Mrs. Silas Johnson.

Mr. and Mrs. Ed Sikes have returned from a visit to relatives in Wendell.

Mrs. R. A. Parker and son have returned from a visit to relatives in Benson.

Miss Dorothy Smith, teacher in the Erwin Schools, has returned after a visit here.

Friends will regret to learn that Mrs. Ida May is very ill in a Greenville hospital.

Herbert Whitley, of Williamston, was the guest of friends here during the week end.

L. P. Thomas left during the week end to be on the tobacco market in Gallatin, Tenn.

Miss Elizabeth Davis and Mrs. Robert Lee Smith were Wilson visitors, Tuesday.

Mrs. Nannie Moyer-Humphrey has returned from a visit to friends in Washington.

Jim Satterfield has returned to Durham after a visit to the J. M. Wheelers family.

Mrs. John D. Holmes has returned from a visit to her former home in Millidgeville, Ga.

Friends will be glad to learn that Mrs. E. F. Gaynor is recovering from a recent illness.

Mrs. J. M. Wheelers, Sr., and Mrs. John D. Holmes were Goldsboro visitors, Wednesday.

Lyman Bass left this week to attend Smithfield-Massey Business College in Richmond, Va.

Miss Hazel Bass, teacher in the Scotland Neck school, is spending the week end at her home here.

Miss Martha Turnage Rasberry has returned to resume her studies at Meredith College, Raleigh.

Mrs. G. A. Jones, Mrs. E. A. Fields and Miss Vernice Lang Jones were Greenville visitors, Wednesday.

Miss Nannie Smith, teacher in the Kittrell school, has resumed her work after a visit to her parents here.

Dr. and Mrs. Mark Doninger, have returned to Ann Arbor, Mich., after a visit to Mr. and Mrs. J. H. Harris.

Mr. and Mrs. E. T. Rothrock, of Leaksville, have returned after a visit to Mr. and Mrs. E. A. Parker.

Mrs. J. K. Cobb spent Sunday in Raleigh at the bedside of her sister, Miss Lucy Cobb, who continues very ill.

Bernice Turnage, student at Davidson College, has returned after spending the holidays at his home here.

Mr. and Mrs. C. W. Blackwood have returned from a visit to Mr. Blackwood's parents in Spartanburg, S. C.

Miss Margaret Smith, teacher in the Redville school, has returned to resume her work after a visit to relatives here.

Miss Jean Thomas returned during the week end to her home in the Redville school.

## SOCIAL CALENDAR

**Monday, January 9**  
 8:30 P. M. — Circle No. 4, Methodist Missionary Society, meets with Mrs. Pearl Johnston.  
 7:00 P. M. — Red Men.

**Tuesday, Jan. 10**  
 3:30 P. M. — Merry Matrons meet at the home of Mrs. G. M. Holden with Mrs. A. C. Monk, Sr., as hostess.  
 6:15 P. M. — Rotary Club.  
 8:00 P. M. — Junior Order.

**Wednesday, Jan. 11**  
 2:30 P. M. — Wednesday Afternoon Club meets with Mrs. A. C. Monk, Jr.  
 3:30 P. M. — Literary-Art Department meets in the home of Mrs. L. E. Walston with Mrs. Frank Davis, Jr., as joint hostess.

**Thursday, Jan. 12**  
 11:00 A. M. — Masons.  
 2:30 P. M. — Lamrod Club meets with Miss Vernice Lang Jones.  
 2:30 P. M. — Progressive Bridge Club meets with Mrs. R. O. Lang.  
 8:00 P. M. — Modern Woodmen.

**Friday, Jan. 13**  
 3:30 P. M. — Woman's Club meets.  
 7:30 P. M. — Boy Scouts.

**Saturday, Jan. 14**  
 2:30 P. M. — Major Benjamin May Chapter, D. A. R., meets in the Chapter House with Mrs. D. R. Morgan and Z. M. Whitehurst as hostesses.

Miss Emily Gayle returned to Whiteville on Sunday to resume her duties as teacher in the Whiteville school.

Mrs. Henrietta M. Williamson and son, Milton, Mrs. W. A. Barrett and Mrs. Appie Flanagan have returned from a bus tour of Florida.

Emerson Smith and Tommy Willis, students at Randolph - Macon Academy, have returned since the holidays to resume their studies.

Mrs. Minnie Warren has returned to resume her duties at Grantham School near Goldsboro, after a visit to Mr. and Mrs. Ed Nash Warren.

Charlie Aaron Mazingo has returned to Colonial Art School in Washington after a visit to his parents, Mr. and Mrs. Charlie Mazingo.

Charles Blount Quinerly and Herbert Horton Rountree have returned to Darlington School for Boys in Rome, Ga., after spending the holidays here.

Elbert, Joe, Jr., and William Moyer, Robert Windham and Robert Dixon have returned to A. C. C., Wilson, after spending the holidays at their respective homes here.

Friends are glad to see Mrs. David T. Harris out again, having recovered from a fall, injuries from which made it necessary for her to be confined to her bed during the holidays.

Friends will be glad to learn that John D. Dixon has returned from a Greenville hospital, where he underwent an appendicitis operation, and is recuperating rapidly.

Fred Jones, James Darden, Ras Jones, Julian Smith, Audrey and Joseph Joyner and Billy Willis have returned to resume their studies at the University of North Carolina.

Mr. and Mrs. Rex Hedrick and daughter, Miss Eleanor Anne, of Bukner, Mo., and Mrs. Harry Minnis of Carrollton, Mo., have returned after a visit to Rev. and Mrs. E. B. Fordham.

Mrs. T. E. Jaylor and Mrs. Louise Harris were Greensboro visitors Monday. They were accompanied by Misses Frances Joyner, Mary Lewis and Doris Rouse, who returned for the second semester at W. C. U. N. C.

Misses Sula Carr, Cora Lee Patterson, Anne Goolsby, Nita Lee Townsend, Ruth Hayes Turnage, Anna Jones, Lillian White Gardner, Effie Lewis and Martha Cobb have returned to E. C. T. C., Greenville, after visiting their parents here during the holidays.

Lath Morris, James Monk, Seth Barrow and Edison Moore, who attended the Rose Bowl game in Pasadena, Calif., are returning by a different route and messages to friends state that the Great Canyon and other inspiring sights have lifted up their drooping spirits and they will look just the same when they finally reach Farmville again.

Subscribe to THE ENTERPRISE.

**FREE PERMANENT**

The Vanitie Beauty Salon announces in this issue the gift of three permanent waves to customers, to be presented on the 25th of January, February and March.

Company with new dolls and other services in this new beauty shop, makes each customer a constant. Mrs. Mac Parker, owner and operator, invites you to visit.

**NEW FIRM OPENS OFFICE IN FARMVILLE**

Elsewhere in this issue of The Enterprise will be seen the advertisement of the Home Fertilizer and Insurance Co., a new firm with office in the Old Town Hall Building on Wilson Street.

This firm is composed of C. A. Tyson and C. L. Beaman, Jr., both well known to the people of this section.

# THE NEW YEAR IDEA PREVAILED IN EVENTS OF PAST WEEK HERE

## Literary And Bridge Groups Meet During Week

The New Year suggestion predominated in social affairs of this week and ivy, cut flowers and potted plants replaced the forest greens of the Christmas season as settings for the meetings of literary and bridge clubs.

Mrs. P. E. Jones was a gracious hostess at a club party, entertaining members of the Progressive Bridge Club and other friends for seven tables of contract. Mrs. Jack Smith, as winner of high score among club members, was presented with handkerchiefs and Mrs. S. A. Garris received a flower bowl for topping scores of guests.

Ices, molded in the form of New Year bells; home made cakes, minis and nuts were served at the conclusion of several progressions.

Mrs. Jones had as special guests, Mrs. Alton W. Bobbitt, Mrs. W. M. Willis, Mrs. Bert McCullum, Mrs. S. A. Roebuck, Mrs. M. V. Jones, Mrs. M. V. Horton, Mrs. J. W. and Mrs. Arthur F. Joyner, Mrs. Z. M. Whitehurst, Mrs. Lath Morris, Mrs. Frank Davis, Jr., Miss Elizabeth Davis, Mrs. Madeline H. Roundtree and Mrs. Frank Capps, of Washington, D. C., Mrs. Ted L. Albritton and Mrs. S. A. Garris.

Members of the Contract Club and a special guest, Miss Hattie Carr, were delightfully entertained on Tuesday by Mrs. W. E. Joyner at her home on Contentnea street. Mrs. Bert McCullum, winning the first prize, was awarded a box of handkerchiefs and Mrs. Lath Morris as runner up, was presented with an ornamental plant. A combination salad with hot tea was served when cards were laid aside. Mrs. E. C. Beaman was a tea guest.

The Literary Club met Wednesday at the home of Mrs. J. W. Joyner for a delightful meeting of the New Year. Mrs. W. C. Askew presided and read the club's record card.

Mrs. J. Y. Monk, as leader of the program, introduced Mrs. Cherry Easley, who reviewed in an interesting manner the autobiography of Noel Coward, "Present Indicative."

After adjournment, delectable salad course was served. Mrs. Joyner had as special guests Mrs. B. S. Smith, Mrs. B. O. Turnage, Mrs. A. Q. Roebuck, Mrs. D. E. Oglesby, Mrs. Haywood Smith, Mrs. Cherry Easley and Mrs. Surratt.

Mrs. Bill Worthington delightfully entertained the Ace Club on Wednesday and presented Mrs. James Smith, winner of high score, with an attractive piece of bric-a-brac. A delicious sweet course was served, followed by coffee and nuts.

Misses Becky Wheelers and Martha Turnage-Rasberry were hostesses at a lovely dinner party on New Year's Eve, at the home of the former. The table bore a fruit centerpiece, flanked by green candles, and places were laid for eight guests. A course dinner was served at six thirty o'clock.

After an evening of music the affair became a theatre party with the hostesses and guests attending a New Year's Eve show in a Greenville theatre.

Guests were: Miss Ruth Hayes Turnage, Miss Frances Tugwell, Herbert Whitley, of Williamston, James Wiggins, Lowell Liles and Cleveland Paylor.

## MR. AND MRS. ROBERT LOUIS PARKER HONORED

Mr. and Mrs. J. C. Parker entertained at their home near Fountain Friday evening in honor of their son and daughter-in-law, Mr. and Mrs. Robert Louis Parker of Tarboro, whose marriage occurred on Monday, December 26.

Guests were greeted and presented to the receiving line by Mr. and Mrs. George W. Davis. In the receiving line were Mr. and Mrs. J. C. Parker, Mr. and Mrs. Robert Louis Parker, Mrs. R. W. Cobb, Miss Dolores Cobb, Bryan Parker, Miss Ethel Cobb, David Parker, Miss Elsie Cobb, Paul Parker and Alan Parker.

Mr. and Mrs. J. M. Horton and Mr. and Mrs. J. H. Moore invited the guests into the dining room where Mrs. T. E. Joyner and Miss Carrie Smith at opposite ends of the table served ling ice and decorated cakes.

Assisting in serving the ice course and passing mints in the color notes were: Mrs. J. M. Wheelers and Misses Maude, Emily and Marjorie Smith and Ruth and Mary Parker.

Mr. and Mrs. W. E. Smith directed the guests to the hall where they were received by Mrs. Manley Liles. Mr. and Mrs. Earl Trevathan directed them to the register. Mr. and Mrs. Albert Mercer received at the door leading to the music room where Mrs. M. D. Yelverton and Miss Gladys Moore served punch.

Music was furnished throughout the evening by Mrs. J. L. Shackelford.

The home was attractively decorated throughout with white flowers and tall white candles in silver holders. The dining room was particularly lovely with silver bowls of cut flowers placed on the center table, the buffet and serving table and flanked by white tapers.

About a hundred and twenty-five guests called during the evening.

## SEPTUAGENARIANS HELD MEETING ON JANUARY 5TH

On January 5, 1939, the Septuagenarians held their meeting with a few of the old faithful present at Municipal Building, and will hold their next meeting the first Thursday in February, at the same place and at the same time, 8 p. m.

## KEEL-JOHNSON

Miss Louise Johnson, the attractive and accomplished daughter of Mr. and Mrs. Jasper Johnson of Robertsonville became the bride of Mr. Irvin F. Keel, son of Mrs. Mary B. Keel and the late J. H. Keel also of Robertsonville, on Sunday, January 1, at the Christian parsonage.

In the presence of a few intimate friends the ceremony was performed by Rev. C. B. Mashburn, who used the impressive ring ceremony. The young couple left via automobile for Washington, D. C., for a visit to the nation's capital, after which they will make their home in Robertsonville.

## NOTE OF APPRECIATION

We wish to express our heartfelt thanks and appreciation for the many kind acts and words of sympathy extended to us during the illness and death of our beloved mother, Mrs. Sallie Beaman Gay.

—The Family.

## Control of Blue Mold Explained in Bulletin

Blue mold is one of the most serious problems of tobacco growers of this and other states. To provide a better understanding of blue mold, also called "downy mildew," and to describe effective methods to combat it, a report has been compiled cooperatively by the representatives of Duke University, the agricultural experiment stations and extension services of North Carolina, South Carolina and Virginia, and the N. C. Department of Agriculture.

This report is contained in Extension Circular No. 229, entitled "Blue Mold of Tobacco and Its Control," which is available for free distribution upon request to the Agricultural Editor of State College, Raleigh.

The circular lists the symptoms of the disease, both in seed beds and in the field; tells the causes of the disease and the factors affecting its development, and describes control treatments.

Three methods of treatment are listed: (1) by benzol (benzene) fumigation, (2) by paradichlorobenzol (P. D. B.) fumigation, and (3) by sprays. In explanation of the difficulties encountered in controlling blue mold, the report says: "Treatments used for diseases of other crops were not entirely satisfactory when applied to tobacco and therefore, new methods of procedure had to be devised. The grower should bear in mind that the methods outlined here are the best available at the present time and that if improved methods appear they will be made available."

## FOUNTAIN NEWS (By Mrs. M. D. YELVERTON)

Mrs. Foster Finch of Zebulon spent Wednesday with Mr. and Mrs. W. R. Harris.

Miss Dorothy Mae James of Parmelee spent the week end with Mrs. J. W. Redick.

Mrs. Lionel James of Burgaw spent several days recently with her parents, Mr. and Mrs. B. F. Lewis.

Mrs. J. W. Jefferson had as her guests Sunday, Mrs. B. C. Eason, B. C. Eason, Jr., Ethel and Agnes Eason, Mr. and Mrs. Richard Eason and Douglas Eason of Macclesfield, Mr. and Mrs. John Weaver of Pinetops, Mr. and Mrs. Ben Weaver of Farmville, Mr. and Mrs. J. L. Dozier, Dawson Jefferson and Miss Helen Brown Jefferson.

Mr. and Mrs. G. W. Lane had as their guests Sunday, Mr. and Mrs. Archie Sherratt of New Jersey, Joe McCullers of Garner, Mr. and Mrs. Johnnie Gresham and daughter Jerry of Farmville, Mr. and Mrs. H. T. Stokes and children, Talmadge Charlton and Joyce of Grifton, Mr. and Mrs. Thomas Jackson of Ayden, Mr. and Mrs. Lester Meredith and children, Phyllis and Freddie, of Raleigh, Mrs. Clifton Webb, Mr. and Mrs. Leon Lane, Miss Lone Lane Graham and Wylie Leon Lane, Mrs. Myrtle Lane and Johnnie Lane of Pinetops, Lewis Lane of Greenville, and Mrs. Rufus Crisp and children, George, Sarah Frances and Dorothy Crisp of Macclesfield.

Members of the Contract Club and a special guest, Miss Hattie Carr, were delightfully entertained on Tuesday by Mrs. W. E. Joyner at her home on Contentnea street. Mrs. Bert McCullum, winning the first prize, was awarded a box of handkerchiefs and Mrs. Lath Morris as runner up, was presented with an ornamental plant. A combination salad with hot tea was served when cards were laid aside. Mrs. E. C. Beaman was a tea guest.

Guests were: Miss Ruth Hayes Turnage, Miss Frances Tugwell, Herbert Whitley, of Williamston, James Wiggins, Lowell Liles and Cleveland Paylor.

## Ten Ways To Succeed With Poultry Given

Poultrymen of North Carolina face 1939 with a knowledge that their industry is in a relatively sound position and has required little or no subsidy. This state is not producing poultry products up to its market. Therefore, there is room for expansion.

C. J. Maupin, poultry specialist of the State College Extension Service, has compiled a list of ten ways for North Carolina farmers and poultrymen to succeed with poultry during 1939. Here they are: 1, buy early chicks; 2, buy chicks of good quality; 3, brood chicks in clean, well-lighted, well-ventilated quarters; 4, feed mash from the first feed to market or maturity; 5, raise chicks on ground that has not been run over by chickens year after year, but which has been cultivated and used for producing a crop; 6, house birds in comfortable, sanitary quarters; 7, control lice and mites; 8, feed a balanced ration to the layers; 9, follow a good management program; 10, cull, cull, cull.

Possibly the greatest weakness at the present time in North Carolina lies in breeding. Poultrymen have been backward in accepting and applying the findings of the geneticist. Nutrition has undoubtedly advanced as far or further than any of the many phases of poultry science, however, poultrymen of North Carolina can still make much improvement in the construction of more modern houses for their flocks.

The first hatch of the winter season is about ready to come off in commercial and home hatching. There is a few money in broilers when the chicks are bought early then time is still available for using the same house for a second crop from which pullets may be produced for fall and

## Liberal Winter Feeding Essential For Turkeys

Breeding turkeys lose weight during the laying season. They can stand this loss if they are fed liberally through the winter, says C. F. Parrish, poultry specialist of the State College Extension Service.

Now is the time to start feeding turkey hens mash, Parrish says. Some flocks in the State have already started laying.

Too, most poultrymen select young hens and young toms from the spring flock to hold over as breeders. Only by liberal feeding do they reach full growth by the time they start laying, the specialist added.

Breeding birds will keep in good condition with green feed such as clover, Italian rye grass or alfalfa, plenty of sunshine, a good growing mash, scratch grain, plenty of water and gravel or some other insoluble grit.

A recommended mash is: Bran, 12 parts; middlings, 12 parts; ground oats, 12 parts; ground yellow corn, 33 parts; alfalfa leaf meal, 6 parts; meat scraps, 13 parts; dried milk, 10 parts; and salt, 1 part.

This ration, together with scratch grain, water, and grit, should be continued until at least one month before the hens are expected to start laying, after which time a laying ration should be provided.

When winter weather is severe and birds must be confined, the growing mash should contain 2 per cent cod liver oil. To preserve the Vitamin A of the cod liver oil, it should not be mixed with the mash for more than two weeks in advance—one week is better.

## Decline

Foreign trade experts of the U. S. Department of Agriculture report that this season's foreign purchases of American cotton are the smallest in 20 years and 41 per cent less than a year ago.

## Plant Fruit Trees

In Durham County, 4-H club members who have selected fruit growing as their projects for 1939, have planted 37 peach trees, 32 apple trees, 3 pears, 2 plums, and 50 raspberry plants. Others plan to order trees to start home orchards.

## Long Faces

Not all tobacco farmers are satisfied with the loss of the control program. In Rockingham County, several growers have discussed the question with much concern and there are many "long faces" over the price prospect. This same situation is reported by observers in various parts of the State. Some growers who voted against the quota feature of the program said they never expected to see it defeated but simply wished to register a protest against their own personal quotas.

## Forest Care

J. A. Breedlove of the Neemore Community, Swain County, has thinned 75 acres of young poplar and walnut trees to improve his farm woodland. He also has used 40 tons of ground limestone this past fall.

## Project

A land utilization project, embracing an area of more than 250,000 acres in Caswell County, has been undertaken by the Soil Conservation Service as a part of its nation-wide submarginal land program.

## Down

Receipts from American farm marketings in the first 11 months of 1938 were estimated at \$6,463,000,000 or 13 per cent less than the \$7,440,000,000 reported for the same period in 1937.

## Liberal

Liberal consumption of dairy products is in prospect for the winter months, says John Arey, of State College, in quoting a report of the U. S. Bureau of Agricultural Economics.

The character of the people of Farmville is more important than the size of its population, but there are not many who believe it.

## Oats Acreage Shows Gain In This State

Good livestock feeders unanimously consider oats as one of the best available feeds for livestock, and particularly so for young growing animals. The increasing knowledge of the value of oats is evidenced by the fact that North Carolina farmers seeded for grain 308,138 acres to this crop in 1938, or an increase of 25 per cent over 1937.

Oats are more bulky than any other of the cereal grains, but in common with them are deficient in protein. However, this deficiency causes no worry to the Southern farmer, says Earl H. Hostetler, professor of animal husbandry at State College, because he has available at a reasonable price protein-rich supplements such as cotton seed meal, soybean meal and peanut meal.

To obtain the most value from oats in livestock rations, it is important to supplement them with these protein-rich feeds that contain nutrients which are lacking in oats, Prof. Hostetler says. They are the safest grain for work stock and young animals, and most useful in starting cattle and sheep on feed.

In the entire Cotton Belt, more than 4,000,000 acres were seeded to oats in 1938. Undoubtedly, this greater acreage is seeded in oats not only because of their value as grain but also because of their value, either alone or as a "nurse" crop, for winter grazing and for hay. New fall sown varieties that are more resistant to cold weather have also contributed to the increasing popularity of this crop.

A suggested daily ration for idle horses and mules is: Oats, two lbs.; cottonseed meal or cake, two lbs.; and hay or bundle stover, 12 lbs. For animals at light work, the oats are increased to four pounds, the hay cut to six pounds, and six pounds of cotton seed hulls are added.

## Control of Blue Mold Explained in Bulletin

Blue mold is one of the most serious problems of tobacco growers of this and other states. To provide a better understanding of blue mold, also called "downy mildew," and to describe effective methods to combat it, a report has been compiled cooperatively by the representatives of Duke University, the agricultural experiment stations and extension services of North Carolina, South Carolina and Virginia, and the N. C. Department of Agriculture.

This report is contained in Extension Circular No. 229, entitled "Blue Mold of Tobacco and Its Control," which is available for free distribution upon request to the Agricultural Editor of State College, Raleigh.

The circular lists the symptoms of the disease, both in seed beds and in the field; tells the causes of the disease and the factors affecting its development, and describes control treatments.

Three methods of treatment are listed: (1) by benzol (benzene) fumigation, (2) by paradichlorobenzol (P. D. B.) fumigation, and (3) by sprays. In explanation of the difficulties encountered in controlling blue mold, the report says: "Treatments used for diseases of other crops were not entirely satisfactory when applied to tobacco and therefore, new methods of procedure had to be devised. The grower should bear in mind that the methods outlined here are the best available at the present time and that if improved methods appear they will be made available."

The first outbreak of blue mold on cultivated tobacco in the United States occurred in 1921, when it was noted in Florida and Georgia. For some unknown reason it did not again attract attention until 10 years later when it reappeared in Florida and Georgia and spread rapidly into all tobacco-producing states east of the Mississippi River except Wisconsin.

## Long, Thin Fiber Best For Spinning

High spinning value has naturally been long desired in cotton. To determine the influence upon spinning quality of such physical properties of the cotton fiber as length, strength and fineness, "drag" or clinging power, and wall thickness, the North Carolina Agricultural Experiment Station at State College has conducted experiments.

Jerzy H. Moore, cotton technologist of the station, has announced results to date from the tests in Technical Bulletin No. 58, entitled "The Relation of Certain Physical Fiber Properties in Improved Cotton Varieties to Spinning Quality."

He sums up the progress report by saying "in selecting cotton plants for the purpose of breeding strains having high spinning value, the cotton breeder should select for longer staple length, smaller diameter, relatively high fiber weight in strains having similar small diameters, and a reasonable amount of strength."

Five relationships to spinning quality were deduced from the experiments, as follows: (1) a smaller fiber diameter is associated with higher yarn strength; (2) higher unit fiber weight is associated with stronger yarns, and an increasing number of fibers is associated with weaker yarns; (3) in a small way, an increase in length of staple seems to be consistently associated with an increase in yarn strength; (4) the average breaking load per fiber does not show any definite relationship to yarn strength; and (5) an increasing percentage of thin-walled fibers may be associated with a higher yarn strength in one season's growth, and be a negligible factor in another season.

The war in Spain continues, with Italians still fighting to give Spaniards liberty—a la Fascism.
