THE FLAG ON HIGH

Well, patriots, take it easy! The United States flag now flies in the air, one foot higher than the red star emblem of Soviet Russia, at the New York World's Fair.

Thus a burning issue is removed from discussion and the fate of democracy shifted to a more serious issue, such as taking care of the unemployed without calling upon the rich to pay too much taxes.

WARNING: POLITICS AHEAD!

The strategists are now laying their plans for the presidential campaign of 1940 and practically every public act and declaration takes on a political implication.

About a year from now, the air will be filled with alarms as members of our dominant political parties denounce each other. The country will be doomed "unless," etc. and etc.

It is just as well to warn people a full year ahead that every presidential campaign develops the same symptoms of the utter collapse of civilization. It is refreshing, however, to observe that, following elections, regardless of whether Democrats or Republicans win, the nation seems to live and progress.

HOW GERMANS HELPED FRANCO

When the Spanish revolution broke out in Spain and the charges were made that Italian and German troops were aiding General Franco the denials that came from Rome and Berlin looked sincere.

Now that the battle is over, with General Franco triumphant and Germany and Italy satisfied that he is in their orbit, the truth comes out frankly as soldiers of Italy and Germany go home. They are received and welcomed officially by their governments.

In Germany, the story goes, it is now admitted that Hitler himself made arrangements for German aviators to go into the service of Gen. Franco, that the first aviators sailed disguised as tourists, the German planes transported 15,000 Moors, with guns and ammunition from Morocco into Spain.

If Germans, living in Brazil, tomorrow start a revolution, you may not be surprised if German "tourists" are on hand to help the battle. The German government will deny that its soldiers are involved but the denials will be no more truthful than the denials at the beginning of the Spanish revolution.

DESERVING A PRIZE

The sponsors of the New York World's Fair invited foreign nations to participate by erecting buildings and presenting exhibits.

So far, we presume, this was all right.

Now, it so happens that Soviet government has constructed a building that is, we hear, higher than any other building at the fair.

This, to some patriots, is an insult. To super-patriots it indicates that the sponsors of the fair have a tendency toward the form of Socialism practiced in Russia!

Now, for down-right assinnity in public speech this assertion is entitled to a prize. It is, in our view, a pathetic spectacle of the efforts of prejudice upon people supposed to be leaders of some kind or another.

The gentleman who makes the absurd statement was speaking to a group on the subject, "Keeping Your Mind American." We suppose he has a companion address on "Keeping Your Mind Intelligent." It ought to be good!

Baby Bees

Jasper Tyson, Wilton Cox, James Blanchard, and Press Pate, Greene County 4-H Club members, are planning to purchase baby beef calves to feed out this fall and winter.

Show Cattle

If plans now in the making mature, Madison County will be represented by six to eight fat and feeder calves at the Asheville Fat Stock Show this fall.

Almost Ready

Plans have been made during January and February of this year in Wayne County will be ready to ship by the second week of June, reports Farm Bureau agent W. H. Hamilton, Jr.

To Query Women All Over South

Touting Reporters have now asked over 1,200 women and girls of leading Southern Cities the now famous question: "Were you helped by CARDUI?"

Averaging all replies so far shows that 93 out of every 100 women questioned declared CARDUI benefited them!

Users by thousands are eager to tell how CARDUI has given them appetite; helped them gain strength; has thus relieved them of the symptoms of functional dyspepsia due to malnutrition.

Many also say that, when symptoms indicate the need, CARDUI is better than any other "stomach" remedy.
