

Vote For DR. W. I. WOOTEN

for HOUSE OF REPRESENTATIVES In the Primary May 25, 1940.

I Have No "AXE TO GRIND." My Only Pledge Is to Serve Unselfishly the Interests Of All The People.

YOUR VOTE WILL BE APPRECIATED

FOUNTAIN NEWS (By MRS. M. D. YELVERTON)

Mr. and Mrs. Hardy Johnson, Gibb Johnson, Martha Hardy Johnson, Mrs. G. E. Trevathern and Turnage Trevathern spent Sunday with Dwight Johnson at Edward's Military Institute in Salemburg.

Frank Owens, a student of Duke University Law School, was at home during the week-end.

Miss Elizabeth Smith, a teacher of Roanoke Rapids, was at home with her parents Mr. and Mrs. C. M. Smith for the week-end.

Mr. and Mrs. Russel Williams and son Hugh of Red Oak were week-end guests of Mr. and Mrs. F. L. Eagles.

Mr. and Mrs. G. W. Lane, Jr., spent the week-end with relatives in Garner.

Mrs. Sadie Vernelson of Portsmouth is visiting Mrs. J. W. Jefferson.

Misses Hazel Owens, Maude Emily Smith and Helen Brown Jefferson, students of E. C. T. C., spent the week-end at their respective homes in and near Fountain.

Mrs. R. A. Fountain, Jr., and children Betsy and Bob are spending the week-end with relatives in Greenville.

G. W. Lane, Sr., is visiting his daughter Mrs. Lester Moreadith in Raleigh.

Honor Bride-Elect Mrs. Ernest W. Hunt entertained Tuesday from 3 till 5 honoring Miss Koma Lee Owens, a bride-elect of May. Mrs. Randolph Eagles, Mrs. Leslie Yelverton and Mrs. Willie Killebrew received prizes for contests. Miss Dorothy Smith, bride

elect, was remembered with a piece of linen.

After each guest had contributed her favorite recipe to the bride's cook book, little Miss Ann Fountain Harris presented Miss Owens with a Miscellaneous shower of lovely gifts.

The hostess, assisted by her sister Mrs. Roderic Harris, Mrs. Earl Trevethan, Mrs. John Fountain and Daphne Owens Yelverton served delicious punch, sandwiches and cake to fifty guests.

'All-American' Is Name of New Goodyear Tire

Time for introduction at the beginning of the year's four-month peak period in tire buying, Goodyear Tire & Rubber Co., today announces its new All-American tire, made in popular sizes to cover 70 per cent of the current market of automobiles in service.

Described as full size, bearing a lifetime guarantee without time or mileage limit, the tire is made in 6.00-16, 5.25-17/5.50-17 and 4.75-19/5.00-19. Its addition to the line makes a most complete grouping of tire and tube merchandising units, literally made to measure values to fit any car or truck, whether for a seven-year-old used automobile or a smart new deluxe car, a single truck or a fleet of high-speed transports, W. C. Wooten, of the Farmville Service Station, local Goodyear dealer, said.

"Affording an opportunity for the man who doesn't want to invest as much in tires, but yet enabling him to get products build by a recognized manufacturer, the All-American

supplements the company's line of Double Eagle, G-3, Marathon and Pathfinder, tires, providing one for every price range, to meet every driving need," said Mr. Wooten.

Economies in manufacturing processes make the new tire possible at a net low price. The same materials are used as are employed in the manufacture of all Goodyear passenger car tires, and the carcass is made with low-stretched Supertwist cord, which has a higher tensile strength than did even the quality tires of two years ago. Double cord breaker of high-tensile cord has been included to give greater protection against bruises.

Tread design is new and known as the multiple-rib, which assures long, even wear, easy steering and resistance to side slip. Tread compounds are of time-tested reputation for withstanding abrasion.

CULLING

Because of low poultry and egg prices, farmers of Richmond County are finding it advisable to cull their flocks closely, reports Assistant Farm Agent J. P. Choplin.

CHICKS

Better quality chicks, as well as better feeding and management practices, have enabled Lenoir County farmers to raise a higher percentage of their chicks this year.

LATE

Martin County tobacco farmers are two to three weeks behind schedule in transplanting their crops from bed to field because of cold weather and blue mold, reports Farm Agent Tom Brandon.

Looking at Washington (Continued from page one)

olulu, there has been an extraordinary air precaution with unprecedented naval "security patrols" around Oahu and other islands. Indicative of the stringent measures against possible espionage activities is the arrest of Japanese boat operators charged with entering prohibited Hawaiian naval areas.

Meanwhile, in Tokyo, Japanese Foreign Minister Hachiro Arita defended his policies of preserving peace with Russia, Great Britain and the United States while attempting to settle China war. He condemned fingo outcries for war as "sheer stupid blustering" and took advantage of the visit of Francis B. Sayre, United States High Commissioner to the Philippines, to discuss American-Japanese relations in an informal way in an effort to clarify the situation. About the same time, Premier-Admiral Mitsumasa Yonai emphasized Japan's determination to steer clear of the European War and suggested that a "turning point" might be near in regard to relations with the United States.

In the United States the State Department kept a watchful eye on the Far East where relations between Soviet Russia and Japan have improved. Great Britain and France, it is reported, are concerned over the possibility that Japan might throw in its lot with Germany. That the United States, with its fleet in Hawaii and in a position to bring strong economic pressure upon the Japanese, may be able to keep the situation in the Far East from running wild.

Secretary of the Navy Charles Edison recently offered to exchange naval building information with Japan. Following the testimony of Admiral Harold D. Starke, before the Senate Naval Affairs Committee that Japan has eight new battleships under construction and that twelve ships may be building or authorized, officials in Japan intimated that this kind of talk was to be expected when congressional hearings on naval appropriation bills were underway.

Consequently, Secretary Edison publicly pointed out that Japan allows no observers near her navy yards and had not made available information as to the number and types of ships it was building. He remarked that the United States navy would be glad to revise its information if it was proved incorrect.

The influence of European War upon American plans for preparedness is illustrated by the conclusion of Senator Elma Thomas, of Oklahoma, chairman of a Sub-committee

of the Appropriations Committee, who says that \$20,000 might be added to the \$785,000,000 Army bill in order to provide American planes with improvements now said to be incorporated in German warcrafts.

The Senate points out that General H. H. Arnold, Chief of the Army Air Corps, and other officials, convinced the committee that American planes are "not as good as Germany's." He pointed out that German planes have protective armor for crews, 87-millimeter guns and self-sealing gasoline tanks which make them virtually impervious to machine-gun fire. Already American designers are making plans to equip 1900 planes ordered by the Army with these weapons and protective devices.

THE ANSWERS

1. April 9th.
2. In 1912.
3. Anzacs stand for "Australian New Zealand Army Corps."
4. In 1920.
5. Francis B. Sayre.
6. In 1939.
7. The census of 1930 counted 1,125,000.
8. Norway to Scapa Flow, 320 miles; Silt to Scapa Flow, 510 miles.
9. One—Warren G. Harding, in 1920.
10. Finland, Poland, Norway, France and Britain.

DAMAGED

Truck crops in New Hanover County, especially beans and cucumbers were badly damaged by cold weather this spring and are not expected to be of as good quality as usual.

SECOND

J. E. Bryan of Goldsboro has bought a second jack to take care of the demand from farmers owning mares and interested in raising their own workstock, says Assistant Farm Agent R. P. Harper.

Need Laxative? Take All-Vegetable One

Don't let impatience lead you into harsh measures for the relief of constipation!

There's no use, for a little spicy, all-vegetable BLACK-DRAUGHT, taken by simple directions, will gently persuade your bowels.

Taken at bedtime, it generally allows time for a good night's rest. Morning usually brings punctual, satisfying relief from constipation and its symptoms such as headaches, biliousness, sour stomach, no appetite or energy.

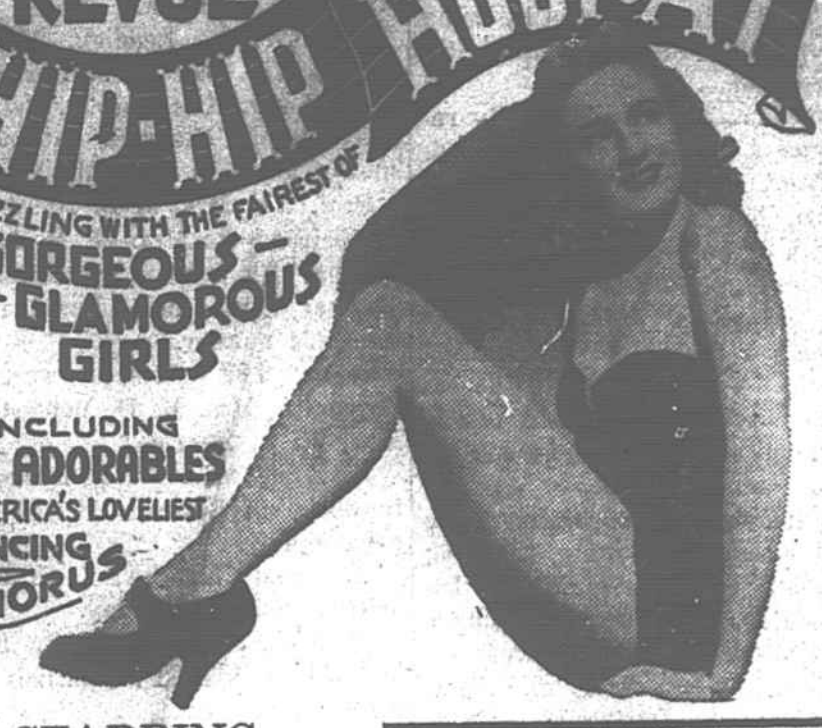

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative" which helps tone intestinal muscles. 25 to 40 doses, only 25c.
