# TORACCO SALES

## Total of 15,516,282 Lbs. Sold on Farmville Market for an Average of \$31.11

With the season rapidly drawin to a close, offerings have been on the Farmville market through the week, with numerous tobacci growers selling the last of their 1941 crop. Many of the tobacconists are preparing to return to homes during the week end.

Much of the weed offered on the floors for the past few days has been of inferior quality with some farmers tying up tobacco that would have been disposed of as scrap last season.

Figures to date, according to Sales Supervisor, R. A. Fields, show 15,-516,282 pounds sold for \$4,827,927.18, or an average of \$31.11 per hundred pounds, compared with offerings of 14,938,430 pounds sold for \$2,848,-272.71; an average of \$19.00 per hundredweight for the corresponding period a year ago.

broken and many new marks have been set during the current season. The predominating features of the 1941 tobacco crop has been the light weight of the weed and the short, short marketing season.

Washington, Oct. 23.—The record six American-owned ships sunk in many weeks put fresh impetus toay behind a Senate campaign for scrapping the neutrality act .completely and authorizing American thips to sail the seven seas anywhere Another new factor was the denand made by Wendell L. Willkie and 100 of the country's leading Republican figures for flat repeal of he entire act.

The big question apparently was yould permit the arming of ships but whether the House resolution yould be broadened to end all present prohibitions on the movements of American flag ships to beligerent ports or through combat zones.

Washington, Oct. 21,-Two more torpedoings pushed the sea war's toll of American-owned merchantmen to 10 today, and President Roosevelt made plain that he considered one of the sinkings a particularly flagrant act of piracy.
