

Plan Pageant For 4-H Club Royalty

The laws of the Pitt County court house in Greenville, June 17 at 4 p. m., when the 4-H Kings and Queens of Health will be crowned at a lovely health pageant.

To encourage the formation of health habits, 4-H club members in Pitt county are required to conduct a 4-H Health project to their regular 4-H activities. Club members are examined and the winners selected from each club, and from this group the county King and Queen are selected.

Honor goes to four outstanding club members who will rule over the 1942 4-H Health Kingdom. The Senior Queen, Mimi Tripp, comes from the Red Oak club where she has been an outstanding member. She has entered the Health pageant for the past four years, and last year won second prize. For the third time Jean Forbes, of the Stokes club will reign as Junior Queen. Jean has not only been active in Health activities but has been a leader in her club for many years. She was president this year. Stokes club is also proud to claim the Junior King, Richard Cherry. The Senior King, Noah Hardee, hails from Grimesland.

Approximately 100 club members will take part in the pageant. The event will be colorful with the 4-H uniforms and flags. Music, songs and dances will be featured throughout the program. The highlight of the pageant will be the coronation of the King and Queen. Crown bearers will be Alice Lee Edwards, daughter of Mr. and Mrs. L. W. Edwards; Betty Evans, daughter of Mr. and Mrs. Amos Evans; Don Manning, son of Mr. and Mrs. Tom Manning; and Levi Corey, Jr., son of Mr. and Mrs. Levi Corey. The Court will be made up of the Kings and Queens of each club.

The meaning of the 4-H's will be given by club members and Mrs. Lenwood Tugwell, county 4-H club leader will give the history and background of club work. Dances will be given by the Langs and Farmville club members.

A WEEK OF THE WAR

(Continued from page one)

In the Middle East and distributed more than \$2 million worth of relief material there, largely purchased with U. S. Government allocated funds. The State Department said 193 persons, including many U. S. citizens who have been awaiting passage in Sweden, arrived in New York on the S. S. Gripsholm, and 10 Axis officials and approximately 930 Axis civilians sailed for Lisbon on the Drottningholm.

The Armed Forces. The House passed and sent to the Senate a \$3 billion supplemental Naval appropriations bill to provide 300,000 tons of submarines, 600,000 tons of auxiliary vessels, \$150 million for Aviation plant facilities, and other funds.

Chairman Vinson of the House Naval Affairs Committee said approximately 99 more combatant ships will be commissioned during the remainder of 1942. Three more destroyers were launched. The CAA and the Navy completed arrangements to train 20,000 naval reservists as pilots at 600 CAA training centers during the coming year, if money is appropriated. U. S. Army training films, especially those showing mechanism and tactical use of U. S. equipment, are being recorded in universal Spanish, Portuguese and Chinese, the War Department said, for exchange with other members of the United Nations.

Civilian Supply. WPB Materials Director A. I. Henderson said vital materials can no longer be used except for war and maintenance of those things necessary to the war because from now on "it will be a continuous problem to provide materials to meet the needs of our fighting forces." The WPB said preferred applicants for new telephones cannot obtain service unless they prove the service is essential to the discharge of their responsibility for public health, welfare or security. The Board issued an order relieving from restrictions lumber deliveries for more than 100,000 of the most essential housing units now under construction. The FHA authorized its field offices to begin insuring to the extent of \$500,000,000 loans of private lending institutions for construction of housing for war workers. A Food Requirements Committee, headed by Agriculture Secretary Wickard, was set up to control production and allocation of all civilian and military food supplies.

Rationing. All motorists will receive a book containing a year's base supply of 48 coupons under the new permanent gasoline rationing system which will be established in the East about the first week of July, OPA said.

Supplementary B. Books with an additional 16 coupons will be issued to motorists who prove need for extra rations, providing they are members of a car pool. No unlimited privileges will be granted any one, but C books containing 96 coupons will be issued to some motorists. S books for trucks and buses, good for a four month period, will cover just enough fuel for the mileage allowed in forthcoming ODT regulations. Motorcyclists will receive D books, good for 40 percent as much gasoline as A books. Under the new system service stations and distributors will be required to turn in collected coupons when purchasing new stocks. The OPA released about 10,000 bicycles to war production plants qualified to buy them for transportation of workers.

Some Livestock Shows To Be Held As Usual. Livestock breeders are generally forgetting about show animals for 1942, and are concentrating on producing meat and other products on the Food-for-Freedom list, says L. I. Case, Extension beef cattle and sheep specialist of N. C. State College. This is commendable, the animal husbandman declared, but there still will be a number of fairs and shows at which steers and breeding cattle can be exhibited.

Case said that 4-H Club members and other farm youths will be given an opportunity to show their baby beavers if transportation facilities are still available. He said that plans are still going forward to conduct the 1942 State Fair, but Dr. J. S. Dorton, manager of the fair, is prepared to call the exposition off if it seems in the best interests of the war effort.

The International Livestock Exposition, usually held in Chicago the first week in December, has been cancelled for 1942, but fat stock and carlot competition will be held at the Chicago Stock Yards at approximately the same time that the 1942 International was scheduled.

"In other words," Case explained, "competition this year will be confined mostly to market animals of the type that 4-H Club members feed out as fat calves. Some breeding animals will be exhibited at county and sectional fairs where little travel will be necessary to bring stock to the show ring."

With this in mind, the Extension specialist advised: "Farm boys and girls who are feeding and fitting steers for 4-H Club shows should go ahead as usual. Some provisions will be made for the exhibition and sale of these steers. Our National government is interested in the pro-

Official U. S. Treasury NORTH CAROLINA WAR BOND QUOTAS FOR JUNE

WASHINGTON, D. C., June 1.—Henry Morgenthau, Jr., Secretary of the Treasury, today made known June War Bond quotas for the 3,070 counties in the nation to all State and County War Savings Staffs.

The June quota for the State of North Carolina is \$8,190,500. duction of more food, especially livestock products. Therefore, 4-H members and vocational students who are conducting baby beef projects are doing their part in the war effort."

1943 Crop Insurance Plan To Be Discussed

Plans for the 1943 cotton crop insurance program will be discussed at a meeting of agricultural and business leaders of North Carolina and Virginia to be held at Raleigh on June 18, E. Y. Floyd, State AAA executive assistant, of N. C. State College, announced yesterday. The meeting will be held in the State College Y. M. C. A. Building, beginning at 9 a. m., under the sponsorship of the State AAA Committee. G. T. Scott, chairman of the committee, will preside.

Also present at the session will be officials of the Federal Crop Insurance Corporation at Washington who will outline the background and operation of the 1942 program. A tentative plan for the 1943 cotton crop insurance program will be advanced, and suggestions for proposed changes by those present will be discussed. "This meeting is important to the cotton farmers," Mr. Floyd said. "At this time, growers and others interested in stabilizing the income of cotton producers will be given an opportunity to bring up for discussion any problems they encountered in the program last year, and any changes they would like to see made in the program for 1943."

He said a series of state meetings is being held this year in lieu of a national conference on crop insur-

ance. He declared those attending the meeting may file written statements which will be considered along with oral testimony.

Cotton crop insurance was offered farmers for the first time last year, and more than 11,000 North Carolina farmers insured their crops. The insurance affords protection against damage from causes beyond control of the grower for either fifty or seventy-five percent of the farm's average yield.

NAZIS DESTROY CZECH VILLAGE

New York, June 10.—A radio report from Europe today said that German authorities had destroyed an entire village in former Czechoslovakia after shooting all the male inhabitants and deporting the women.

The report, heard here by CBS, was said to have been broadcast by the Prague radio and relayed through the London radio.

The Prague radio was quoted as announcing: "A village in the protectorate has been encircled at the orders of the German authorities. All male inhabitants were shot; all women were deported and the entire village was leveled to the ground."

Scientists are working overtime debunking old theories. They now say that women are more consistent and less emotional than men. Soon we expect them to claim it was Adam who first tasted the apple.
