**Cotton Beach Frock**

Handblock cotton in shades of dull rose is used to make this beach frock worn by Gene Tierney, lovely film star. The skirt ties on, and underneath are matching shorts to form a play suit when the skirt is removed.

**LIBERTY LIMERICKS**

A barber named Archibald Weedum  
Said—“Here, Uncle Sam,  
if you need ‘em,  
Are all of my savings  
From hair cuts and shav-  
ings  
I’m buying Bonds and  
Stamps for freedom.”

**WALSTONBURG NEWS**

Mrs. Roland Herring of Tarboro, who has been attending summer school at A. C. College in Wilson, spent the past week end here with Mr. and Mrs. Paul Craft. Her little daughter, Selma, who spent this time here with Mr. and Mrs. Craft, left with her Sunday to spend a few days with Mr. and Mrs. Jack Thomas, Mrs. Craft's parents, near Snow Hill, afterwards they'll go to their home in Tarboro.

**IMPORTANT TO STEADY SMOKERS: The smokes of slow-burning CAMELS**

With men in the Army, Navy, Marines, and Coast Guard, the favorite cigarette is Camel. (Based on actual sales records in Post Exchanges and Canteens.)

contains LESS NICOTINE than that of the 4 other largest-selling brands tested—less than any of them—according to independent scientific tests of the smoke itself!

**FOR VICTORY BUY UNITED STATES WAR BONDS AND STAMPS**

The thrifty wife husbands her resources.  
The movie actress who moons doesn't become a star.  
When women get into the army they will have to change to black powder.  
A fat man is happy because he's fat and he's fat because he's happy.  
That overhead that the Germans are worrying about is the RAF.  
Industry makes a success of things. Indolence makes a mess of them.  
The clean candidate won't throw mud. If he does he won't stay clean.

**News Regarding Cadet B. B. Turnage**

Athens, Ga.—The rapidly-increasing cadet ranks at the new U. S. Navy Pre-Flight School here include Bernice B. Turnage of Farmville, N. C.  
Cadet Turnage, attached to Company C, Platoon Three, was a member of this year's graduating class at Davidson College where he was a letterman in wrestling and soccer and active in track.  
In addition, he completed the CAA primary training course and is credited with 20 dual time hours and 25 solo hours. He has two years ROTC instruction.  
Successful completion of the work here will send Cadet Turnage to one of the Navy's primary flight centers, then on to advanced instruction and finally an operational base. The entire pilot training period covers 12 months.  
The four new Pre-Flight Schools are the Navy's answer to the need for physically-toughened, conditioned airmen to whip the Axis. In addition to the southern school, located on the University of Georgia campus, others have been established at the University of North Carolina, East; University of Iowa, Mid-West; and St. Mary's College in California, West.  
When the Pre-Flight School at Athens reaches its full strength, it will include nearly 1900 cadets, 200 officers and instructors and 125 enlisted personnel.

**Pre-Flight School Course At Athens**

The course at the Pre-Flight School at Athens, Ga., includes military and academic programs as well as physical training. Included are infantry drill and military tactics, seamanship, navigation, ordnance, first aid and signals. Academic work will consist of mathematics, physics and an intensive study in nomenclature and recognition of both allied and enemy planes and warships. Another course covers essentials of Naval Service which will indoctrinate cadets with the traditions of the Service and American Naval and Military history.

**Fleet Ruling On Rationing of Gas**

Greenville, July 15.—It is now for all Pitt County owners of any vehicle that was not registered during the first gasoline rationing to make application for Gasoline Coupon Books at once. These forms are available now at the county rationing office, Third floor of the Court-house and at the Municipal Building in Greenville, R. H. Forrest, executive secretary of the Pitt County Rationing board stated.  
All truck operators who operate under the I. C. C. should secure these forms at once, fill them out, and send them to C. E. Turnbull, Allocation Officer, Office of Defense Transportation, 307 Post Office Building, Raleigh, N. C., for approval.  
The forms for trucks and non-highway use will be available at the various school sites in the different communities in the county Thursday, July 16. These sites will be open from 9 a. m. to 5 p. m. Form R-537 should be executed by all users of gasoline for non-highway purposes. Form R-536 should be executed for trucks, highway tractors, buses, taxis, jitneys, government-owned or leased vehicles, ambulances, hearses, and vehicles available for public rental.  
Automobile dealers will make application on Form R-552, which is a special purpose gasoline ration form to secure gasoline to be used in demonstrator automobiles and automobiles on hand that do not have registration cards. This form is now available at the county office.  
Since the time is short, every truck owner should make a special effort to get these forms executed and turn them in to the local site office on Thursday, July 16, or get them to the county office, Third floor of the Courthouse. These applications must be approved and coupon books issued before July 22.

**State College Hints For Farm Homemakers**

By Ruth Current, State Home Demonstration Agent, N. C. State College.  
Every garment in active service is a good slogan for the patriotic homemaker.  
Keeping this slogan in mind, why not divide the family clothing into the following groups: (1) Those garments ready for use; (2) those garments needing repairs; (3) those garments that can be remodeled; and (4) those which can be used for other purposes.  
Not even hopeless garments should be discarded.  
When buying materials be sure what the fabrics are made of and whether they will fade, shrink or lose their finish when cleaned or washed.  
Appropriate, comfortable, durable clothes are necessary to every family's efficiency and morale.  
In view of the shortage of new pressure cookers and the absolute necessity of canning all food possible, pressure cookers—both old and new—should be looked upon as a trust from the Nation. Patriotic plans should be made, therefore, so that each pressure cooker available will serve several families. Not only will you be patriotic to lend your pressure cooker but help your neighbor or friend use it if she does not know how.

**Farmville Tobacco Market Report**  
By R. A. Fields, Sales Supervisor

Tobacco is holding up as well as could be expected and Farmers have been making some excellent cures this week. Rain, however, is badly needed to prevent having to house the crop too rapidly to save it. The clouds are now hanging heavy and it is hoped a good season can be had at this time.

**FARMVILLE WAREHOUSEMEN**
