REV. M. Y. SELF RETURNS TO US
The many friends of Rev. and Mrs. M. Y. Self, outside the Methodist Church, join with their congregation in welcoming them back to spend a third year in Christian service in this community. Devoted to carrying forward the work of the Church and zealous in worthwhile movements here, Rev. and Mrs. Self have made a definite place for themselves in the hearts of the Farmville people and news that the Conference, convening in Wilson, last week, had elected to send them back to this field was received as good news indeed.

OFFICERS VOLUNTEER FOR ANOTHER TERM
Unique in the experience of those members of the various organizations here, who have served as nominating committees, and who usually find it difficult to fill officers' posts, was the volunteer service offered by the present officers of the Methodist Women's Society of Christian Service recently, which made it unnecessary to appoint a nominating committee from that group this year.

Officers, who made the annual election such a pleasant event this time were: Mrs. B. O. Turnage, president; Mrs. Bertha J. Gardner, vice president; Mrs. M. V. Horton, recording secretary; Mrs. J. W. Parker, corresponding secretary; Mrs. T. W. Lang, treasurer.

C. Wood, at Ocean Park, Lynnhaven, Va. Mr. Wood is expecting to enter military service this month.

The many friends of Mr. and Mrs. Cobb regret that conditions and changes, brought about by the war, have made it necessary for these beloved citizens to leave Farmville and join the Enterprise in wishing them a full measure of happiness and contentment in their new home.

BIRD NOTES
Claude Tyson read a selection regarding the Bluebird at the last Bird Club meeting. Claude reminded the members to look for the Bluebird in the Spring as a trusted indicator that warm weather is near. This bird carries all three colors of the American flag. The English Sparrows and Bluebirds do not yet along very well so when the former came from across the sea to make his home here, the Bluebird moved to the country.

This beautiful bird builds a nest of grass and straw and lays four or five pale blue eggs in it. Around two weeks are required for them to hatch. Father Bluebird rather proudly assists in sitting on the nest and shows them where choice food may be found. By the time the young birds are able to take care of themselves the female has another nest of eggs.

The Eastern Bluebird is found in Eastern North America. It nests as far North as New Brunswick and Manitoba in Canada and is found as far South as the Gulf of Mexico and Florida.

State College Hints For Farm Homemakers

The right daily foods supply building and repair materials to the body and ward off some kinds of disease. No one food can do everything. It takes a number of kinds to keep fit. You can carry lunch in a box or pail and still have a complete and satisfying meal. An active worker may need as much as one third of the day's food at lunch time. Furthermore, lunch should be appetizing and easy to eat.

In sandwiches: Use whole-wheat, rye or enriched bread; now and then rolls, corn bread, or biscuit. As sandwich fillings: Don't forget baked beans with or without catsup; eggs firmly fried or scrambled; fish; chopped liver; corned beef; peanut butter or peanuts ground up and mixed with top milk, and cheese, many ways.

Vary the flavor of sandwiches with pickle, mustard, onion, catsup, horseradish, or salad dressing. Fruit every day: Always include an orange, an apple, or some other fruit. When fresh fruits are scarce, use dried fruit, or canned fruit in a small jar with a tight top.

Raw vegetables: For something crisp and for added vitamins and minerals, put in carrot strips or wedges of cabbage, celery, cucumber sticks, turnip sticks, or pieces of cauliflower. Whole tomatoes with salt are good. Sometimes make a raw vegetable sandwich, with chopped water cress in butter, for instance.

To eat out of hand: Pieces of cold meat or cheese may be tucked in, well wrapped; or hard-cooked eggs with salt; or nuts; cupcakes, and turnovers.

To drink: A small vacuum bottle carries hot and cold drinks of many kinds—milk, soup, tomato juice, cocoa, tea, and the popular half-coffee-half-milk.

What You Buy With WAR BONDS

When the American Expeditionary Force landed in Ireland recently newspapers reported the citizenry remarked at the similarity of the steel helmets worn by our boys with those worn by German troops. These steel hats are protection from shrapnel fragments and other light missiles. We need thousands of them for they are a regular issue to every American soldier.

A smart strap fastens under the chin and they are padded for comfort. One steel helmet costs \$5.00 every time you fill a \$5 stamp book you are buying protection for an American soldier. Invest at least ten percent of your income in War Bonds every pay day. Help your community reach its War Bond "Quota."

A 35-year-old Farmville girl had 100 pounds of scrap metal collected by her mother for the War Bond drive.
