

WALSTONBURG NEWS

Mr. and Mrs. C. T. Hicks, Mr. and Mrs. Earl Lang and D. D. Fields attended the Farm Bureau meeting in Raleigh, Tuesday and Wednesday of last week.

Mr. and Mrs. A. J. Craft, Mrs. I. F. Smith, Mrs. L. H. Goin, Mrs. W. E. Lang and Mrs. W. I. Shackelford attended the Hookerton District Union held at the Christian Church in Farmville, Saturday.

Mr. and Mrs. R. G. Fields have moved here from Morehead City. They will operate a grocery store formerly occupied by Mr. G. W. Bailey.

Mr. Fields is a native of this community, Mrs. Fields was Miss Olga Parris of Oriental, N. C., before marriage. They made their home here for several years before moving to Morehead City.

Growers To Combat White Peach Scale

The growing invasion of the white peach scale, which has made substantial gains in North Carolina orchards since 1940, will be met with a "secret weapon" this year, reports Dr. Clyde F. Smith, entomologist of N. C. State College.

Not serious for many years, the peach scale made noticeable gains in the Sandhills in 1940, moved into new territory and new orchards in 1941, and made additional advances last year.

Dr. Smith said the "secret weapon" farmers can use against this unwelcome invader is two applications of a 4 percent oil emulsion. The two sprays should be applied before the buds begin to swell on the trees. They should be spaced about two weeks apart.

The State College specialist suggested that growers go through their orchards and spray the infected trees first. Then two or three weeks later, the entire orchard should be sprayed with the oil emulsion.

If the sprays are applied thoroughly, they will control the white peach scale as well as another enemy, the San Jose scale. Two sprays are absolutely necessary for satisfactory control, Dr. Smith said.

Farmville can do much for its own improvement without waiting for the end of the war or for somebody to leave the public a bequest.

Use Simplified Form 1040-A

Only 6 Things to Do No Difficult Figuring

For incomes of \$3,000 or LESS Received from Wages, Salaries, Dividends, Interest and Annuities

- 1 Your name, address, and occupation. 2 Your dependents. 3 List your income. 4 Subtract your credit for dependents. 5 Indicate your family status. 6 Read your tax directly from the table.

No Complicated Calculations

Form 1040-A Individual Income Tax Return. Includes fields for name, address, income, and tax calculation.

Table with columns for income, tax, and credits. Includes instructions for using the table.

Use the Simplified form 1040 A-You can get it NOW from your Employer or Your Local INTERNAL REVENUE OFFICE

Simplified Form Reduces Income Tax Filing to Five-Minute Job

The Federal Treasury is offering again this year to people whose 1942 income was \$3,000 or less, a simplified income tax form which may be filled out in five minutes or less. This is known as Form 1040-A.

This year, with an estimated twelve million new taxpayers filing for the first time, the Bureau of Internal Revenue confidently expects that nearly twenty million taxpayers will benefit from this short-cut way, saving in the aggregate millions of hours of time and innumerable headaches.

Incidentally, this simplified Form 1040-A is also a boon to the Internal Revenue Bureau, for it greatly reduces the amount of time previously spent with so many millions of taxpayers in answering questions and helping them make out their returns.

A Glance at the above picture shows how quick and simple Form 1040-A makes this income tax filing job. There are only 6 things for Mr. and Mrs. Taxpayer to do: write down their names, address and occupation, the names of their dependents, the amount of income received during the year, the amount of deduction allowed on account of dependents; check the square that shows their family status (whether married or single, etc.). Then they simply read from the form exactly

what their tax is, and write it down on the return.

That's all there is to it, and it is over in a few short minutes. Then the taxpayer just signs, makes his payment, and the job is done. This year the return does not even have to be notarized, Congress having decided in its tax-streamlining program that people should be spared that bother and expense.

This form has no entries for deductions, since average deductions, including the earned income credit, have been allowed for in figuring the taxes in the table. It is to be noted that people whose legal deductions are unusually large, would probably pay less tax by using the longer Form 1040. But for most people in the \$3,000-and-under bracket, Form 1040-A is not only a time saver, but a money saver, too.

In spite of the fact that during the last two years the Internal Revenue Bureau has increased its personnel, they will undoubtedly be rushed and crowded, as March 15th approaches, by the great increase in taxpayers necessitated by wartime high employment and wartime low tax exemptions. So people who file early will be doing themselves a favor, as well as making a real contribution to the smooth working of the nation's tax machinery. Blanks are ready now and may be obtained from all local Internal Revenue offices, also at most banks and at many places of employment.

Deadline for filing returns in March 15, 1943, and returns coming in late subject the tardy filer to a penalty. So on every count, it's smart to file early and avoid the rush.

This is the first war that Uncle Sam has gone into with his army partly WAACY.

STATE COLLEGE ANSWERS TIMELY FARM QUESTIONS

QUESTION: When should head lettuce be started?

ANSWER: James G. Weaver, State College horticulturist, says the seed should be planted in a coldframe at once. Many gardeners who seed early in the spring wonder why their lettuce will not head, not knowing that the vegetable will not head after the weather gets warm.

QUESTION: What are some of the more profitable herb crops?

ANSWER: Economically, according to L. G. McLean, State College horticulturist, sage should be placed at the top of the list. Then, in order, would follow corianders, mustard, fennel, basil, dill, and sesame. Belladonna is another herb of great value now because it is needed in great quantities by the armed forces.

QUESTION: How should wheat be fed to dairy cows?

ANSWER: John A. Arey, Extension dairyman, says the wheat should be ground coarse or rolled before given to the cow. If it is ground fine, it will tend to form an undesirable sticky mass in the cow's mouth.

QUESTION: What are good varieties of soybeans for North Carolina conditions?

ANSWER: Agronomist A. D. Stuart says results from last year's variety tests indicated that Wood's Yellow, Tokyo, Arksay, and Herman are still among the best obtainable. However, a new variety from Tennessee—Ogden—has been outstanding. It is high-yielding, low-growing, branching, green-seeded, and partially non-shattering.

The way for a man to keep his wife from wearing the pants is to beat her up every morning and be the first to get them on.

ADMINISTRATRIX NOTICE

Having qualified as administratrix of the estate of Jim Wood Wainright, deceased, late of Pitt County, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned at Farmville, N. C. on or before the 31st day of December, 1943, or this notice will be pleaded in bar of their recovery.

This the 31st day of December, 1942. ALICE LEE WAINRIGHT, Administratrix of Jim Wood Wainright.

Picture Circular Issued On Gardens

A new publication showing in pictures the step-by-step procedure in preparing and growing a garden has just been issued by the Extension Service of N. C. State College.

Prepared by Lewis P. Watson, the publication is designed to impress the gardener with the importance of proper preparation of the seed bed, the correct placement of fertilizing materials, the proper handling of seed and plants, and the necessity of good care in cultivating the plants during their growing period.

A free copy of this booklet may be obtained by writing to the Agricultural Editor, State College, Raleigh, and asking for Extension Circular No. 261, "A Garden Guide."

The illustrated guide shows how a garden should be handled from the time the ground is broken to the time the vegetables are harvested. The methods described, according to Watson, are those which have been tried and found satisfactory under normal conditions.

Forty-seven of the step-by-step pictures are contained in the 20-page circular, which has an attractive cover page of tomatoes in color.

NOTICE

NORTH CAROLINA, Pitt County in the Superior Court

PITT COUNTY, PLAINTIFF VS. GLENNIE PRAY AND HUSBAND, CARLOS PRAY.

The defendants, Glennie Pray and Carlos Pray will take notice that an action entitled as above has been commenced in Superior Court of Pitt County, North Carolina to obtain judgment for delinquent taxes; and the said defendants will further take notice that they are required to appear at the office of the Clerk of the Superior Court of said County in the Court House in Greenville, North Carolina, on the first day of February, 1943, and answer or demur to the complaint in said action, or the plaintiff will appeal to the Court for the relief demanded in said complaint.

This January 1st, 1943. J. F. HARRINGTON, (J15-4t) Clerk Superior Court.
