The boys that joined the navy and went to sea are seeing a plenty.

A cheerful fellow every one likes to have around is Mr. Reddy Cass.

When Eve fell out of the apple tree Adam coined the word "cavendropping."

The courting couple had a quarrel. She cried but made up after he was gone.

That legislator who wants to repeal the law of average may have something.

Soon the victory gardener will sow his seeds, go a-fishing and harvest weeds.

Tip to the leaders of the prohibition cause: Dry speeches won't win dry votes.

And there was the young man who called on his rich sweetheart and popped the questionnaire.

Uncle Mose: Boss say we hadda big o lot whilst de war is on. Shuh, an ain't had nuthin' ter big up.

The temper isn't hesitant in his approaches, for he is accustomed to meeting hospitality instead of hostility.

The last book off the press and the most popular one is Ration Book No. 2, but can't get it from your library.

Simple Susie observes that travel inconveniences has its compensation. It greatly reduces the circulation of in-laws.

The world may owe you a living but you should present your bill showing what the debt is for before trying to collect it.

An Ohio man provided in his will that his lawyer get a major portion of his estate. It wasn't necessary to put it into his will.

That thief who stole a lie detector from a Los Angeles college must have needed it to enforce the code of honor among thieves.

The miracle of the mails: The patient wrote his eye doctor: "Please send my glasses, you treated my eyes last week by parcel post."

Bus operators have discovered they can get more passengers in by having them to exhale. Giving them breath taking rides as it were.

Accidents on the highways continue to occur, regardless of rationing and reduced speeds, but the public, which means you and everybody else, isn't worried unless injured.

With Americans enjoying unprecedented incomes, in many cases, at least, one would naturally expect a liberal response to every effort to raise money for charitable purposes.

In a few weeks the radio in Germany will be shrieking about the barbaric bombing of Berlin but the Nazis will not mention Rotterdam, London, Coventry and wayside points.

The practice of government placing thousands of men on easy desk jobs isn't causing the loss of man power as alleged. The men who take those jobs do not have any man power.

Outside the wind sighed softly and the rain pattered gently on the house tops. Inside the fire crackled, the kettle simmered, the cat purred, the fat man slept in his chair and quiet and peace brooded over it all. Then suddenly in the dim light appeared a shadow, a noise. The sleeper was aroused and there stood before him the bill collector he had despised all day.

charge who are unable to afford private treatments. It is desired, though not required, that patients be referred by a physician or the Welfare Officer, and that the patient bring such note to the Clinic.

The Clinic is set up to serve especially the Counties of Beaufort, Carteret, Pamlico, Pitt and Tyrell, though patients from other Counties who desire to come may do so.

The Clinic is conducted by Dr. Hugh A. Thompson, orthopaedist, of Raleigh, N. C. This Clinic has been running for something over three years and is now serving a large number of cripples, adults as well as children, in this area.

The Pitt County Health Department Offices are located at the corner of Third and Greene Streets in Greenville, N. C., and it has recently expanded its office facilities.

Farmers Now Signing 1943 AAA Farm Plans

State now are signing 1943 farm plans stating whether or not they intend to cooperate in the 1943 AAA program, according to G. T. Scott, Chairman of the State AAA Committee.

Reports received at the State AAA Office show that through January 9, a total of 161,189 farmers had been interviewed, and of this number 159,899 indicated they will participate in the program, Scott said. There still are 79,282 farmers to be interviewed.

"When a farmer signs a 1943 farm plan, he merely states whether he

plans to participate in the 1943 AAA program," Scott said. "Signing is purely voluntary on the part of the farmer and the plan is not a contract. After a farmer signs a farm plan, he is assisted in formulating a farm program for 1943 designed to earn maximum production practices credits for carrying out these practices most needed on his farm. This sign-up should not be confused with the signing of 1943 Farm Plan Work Sheets for Maximum War Production in which the farmer's war crop

goals are set out." Farmers taking part in the AAA program are allowed to obtain conservation materials, such as legume and cover crop seed, lime, and phosphate, for use on their land in lieu of farm payments. In an effort to conserve transportation facilities, he said, most of the 1943 sign-up work is being carried on when farmers are at meetings or are in the county AAA offices for other reasons.

PEANUT OIL
Twenty-five percent of the peanut oil production is being reserved at refineries to assure adequate quantities for essential war uses. Scientists in India who worked on the problem of warm clothing for the growing Indian Army discovered a process of treating cotton cloth with the seeds of two native trees, and have produced a finished product that is warm, soft, and durable.

EDIBLE FATS
By making better use of other edible fats as a whole, the pressure on butter supplies can be somewhat lessened. In the Albany, N. Y., area, where ration banking has been in operation, the ration currency deposited in participating banking offices represented an average of 900,000 pounds of sugar and 3,900,000 gallons of gasoline a week.
