

New Ration Book Into Use Sept. 12

Brown Stamps To Replace Red Ones; Gasoline Coupons Must Be Exchanged Soon

Washington, D. C.—The brown ration stamps in War Ration Book Three will come into use September 12 for the purchase of meats, fats, oils, butter and cheese, the Office of Price Administration announced this week.

The brown stamps will replace the red ones in War Ration Book Two as the latter are used up. They will have the same point value.

Henceforth, OPA announced also, the meats-fats ration stamps always will expire on the Saturday nearest the end of a month, with the new sets becoming valid on successive Sundays.

OPA fixed the validity dates for the last red stamps in Ration Book Two—stamps X, Y and Z. These will expire on October 2, and will become valid as follows: Stamp X, August 22; stamp Y, August 29; and stamp Z, September 5.

Brown Stamps.
Brown stamps A and B, becoming valid on September 12 and 19, respectively, both will expire on October 2. The next four brown stamps all expiring on October 30, will become valid on the following dates: Stamp C, September 26; Stamp D, October 3; Stamp E, October 10; and Stamp F, October 17.

Between September 12, when the first series of brown stamps becomes valid, and October 2, when the final sets of red stamps expire, both red and brown stamps will be usable. After October 2 only the brown stamps will be used.

Not until November will it be necessary to bring into use stamps replacing the blue stamps used for canned, frozen and dried foods.

OPA announced that Blue Stamps U, V and W would become valid September 1 and would be good until October 20.

Values Raised.
OPA announced also that the point value of frozen fruits sold in containers of more than 10 pounds will be raised to 12 points a pound instead of six points, effective at midnight, August 16.

This action is intended to limit the general use of frozen fruits for industrial purposes so that adequate supplies will be available to increase the output of jams, jellies

Seven Churches Represent Strong Christian Groups

Seven handsome churches, of the strongest denominations in the South, represent the church life in Farmville, the Protestant churches being directed by a strong Ministerial Association. Each one of the churches has experienced notable progress during the past year. The total membership comprises an overwhelming majority of the citizens of this community.

A list of the churches here and the date of their establishment follows:

First Christian church, 1854, Rev. C. B. Mashburn, pastor; Emmanuel Episcopal, 1888, Rev. J. B. Rountree, rector; Primitive Baptist, 1900, Rev. J. B. Roberts, pastor; Farmville Methodist, 1901, Rev. M. Y. Self, pastor; Missionary Baptist, 1909, Rev. E. C. Chambers, pastor; Presbyterian, 1917, Rev. Edwin S. Coates, pastor; St. Elizabeth's Catholic, 1931, Father Rosette, in charge.

The newest of the church buildings here is the handsome Baptist Church. The Church has a tall spire and is styled in the architecture of Colonial times. It stands on the site of the former building and was erected at a cost of \$35,000.

Former Sales Supervisor Has Resigned Office

R. A. Fields, who has served the Farmville Tobacco Market as its popular and efficient Sales Supervisor and Publicity Director for the past two years, will not be able to resume his duties in this connection for the present season due to an illness of several months duration, and the Enterprise wishes to take this opportunity, in behalf of the market and a wide circle of friends, to express regret that Mr. Fields, although much improved in health, has been forced to retire from active service.

However, we venture to say that Roscoe, wherever he may be, can be counted on as a Farmville Tobacco Market enthusiast and ambitious in his thought and effort for its continuous improvement, and will take advantage of every opportunity afforded him to win patrons to this mart.

Local tobaccoists, the town and community and the Enterprise salute the market's former Supervisor, pay high tribute to his interest and zeal, and join in wishing for him a speedy and full recovery.

COTTON SEED

A new support price has been announced for cotton seed by the WFA. There is an increase of \$3 per ton over last year's minimum support price.

It isn't always true that in a multitude of counsel there is wisdom. The OPA has 2700 lawyers.

COTTON

Pick cotton only when dry, keep trash out, pick before weather damage, and don't mix good cotton with bad, says C. L. McCaslen, Extension gin specialist at State College.
