Point.

Mr. Lovelace is to be congratulated for the honor accorded him to serve the whole country as head of the most active of civic clubs for younger men during this crucial period.

Rateigh, July 20.—North Carellina tobacco growers, warehousemen, and agricultural leaders went on record here yesterday in favor of an improducts and acceptable estiling prices that are to be fixed on their products and acceptable estiling prices that are to be fixed on their products and acceptable estiling prices that are to be fixed on their products." It said that recent amends ments to OPA acts require notices of buyers on fine-cured markets:

In a lengthy resolution adopted at a meeting balled by the males committee of the State Farm Bureau, the tobacconists declared they would join South Carolina and other states in asking governors of the states to call a five day unless holiday at the heginning of suctioning if ceilings.

If ceilings are not satisfactory price different and if a satisfactory price different and its products." It said that recent amends ments to OPA acts require notices of ceilings "15 days before planting beginning with the next crop year."

"The spirit of this legislation should be carried out, now, unless the ceilings are to be announced coincident to the opening of Georgia. Florida markets." The Georgia-Florida Belt opens July 21 and the Border Belt opens August 1.

Resolution.

Pariban and Zirosto, which have been partly evacuated. Residents also are leaving other towns farther ahead. Highways leading from the doomed region are crammed with caravass of Tarassan Indians awarming to higher ground with such belongings—animals and household effects—as they could hastily scrape together.

Blasts At Intervals.

Blasts At Interval board to name three persons to meet blows against Japanese shipping in Friday night of this week to make a the Southwest Pacific, making the tava. At each explosion a higher wave of melted stone pushes out from the volcano, born in February, 1943.

Transport to the entire setup and report totals listed in July 19 communique:

Twenty-five ships definitely sunk, mate cost, etc. Also it was suggest-ranging up to a 4,000-ton freighter. Nothing is now visible of the town ed that the respective churches be

with sacred images floated on the tide pouring out of the sides of the church.

Depressing Scenes.

Travelers from Paricutin Valley described depressing scenes throughout the valley just beyond the reach of lava. As one passed through the doomed villages almost evacuated of their inhabitants the only sign of life.

Jan, C. C. Simpson, L. E. Walston, post defenses for the Philippines, MacArthur said his air patrols left a 3,000-ton freighter-transport after and dead in the water in that vicinity Tuesday.

Tuesday he reported the sinking within 10 minutes of another such bombed ship, jammed with enemy the large of life.

Albritton.

their inhabitants the only sign of life at night was the sobbing of some woman inside a dark adobe hut, which she soon would have to abandon.

At the edge of one small village they came upon a group of steepless. Farmville are Greenville and Kinstein a Farmville are Greenville and Kins Indians making coffee by the heat of both places. Rateigh is now contemporary and a hurry marked with both places.

mended to the local school board by the ministers of the town for approval. Then he or she works under the same regulations as other teachers of the faculty. The teacher's salary and other incidental expenses will be provided by the churches of this community apart from the state to Valdosta, Ga.; W. S. Royster, to Valdosta, Ga. ing continued this morning (Wednesday) in the area south and east of Caen," the 11:30 p. m., Allied communique said. "The break in the enemy's defenses has been widened. Progress continues in spite of stabborn enemy opposition."

While American troops rooted out the last suppers in St. Lo and captured three nearby towns, Field Marshal Erwin Rommel three every available man and machine against of sands pouring onto the Calvados plain.

DDT

There is a wonderful new insecticide being tested by-the entomologists. It is derived from coal tar, sait, and alcohol. It's called DDT for short. It's real name is dichlorodiphenytrichlorocthane.

If you want to understand the operation of a complicated machine, get your information from someone who knows just a little more about it than yourself; an expert will mire than yourself; an expert will mire the same regulations as other teachers almost human and disappeared in flames.

Lovelace Elected

President of American

Business Clubs

James B. Lovelace, of High Point, a former resident of Farmville, was allected National President of the American Business Clubs, at the National Conference held recently in the dional Conference held recently in the Hotel Gibson at Cincinnati. He was but instead the teacher especially but instead the teacher especially

the grounds upon which all denomina-

tions can cooperate.

Truly this would be a forward step for Farmville church people and for the local school system.

LOCAL TOBACCONISTS LEAVE FOR GEORGIA AND FLORIDA SEASON

Among those from Farmville leav-ing this week for the Georgia tobacco Live Oak, Fla.; Mr. and Mrs. C. C. In reality the churches are merely using the local school facilities to teach Bible so that more of our younger citizens may have a better knowledge of the Word of God. The Mr. and Mrs. R. V. Fiser, John Andrews, to Douglas, Ga.; Arthur Joy-ner, Jr., to Metter, Ga.

Mrs. James Lang accompanied her husband to Georgia this week and will spend the time with her parents, Dr. and Mrs. T. H. Clark, in Do Mrs. R. D. Rouse and son, Harvid, left today to join Mr. Rouse in Nash-ville, Ga., for the tohacco season.

Must Salvage Tin and Scrap Paper For War

Greenville, July 20.—The waste paper quota for Pitt county is 550,600 pounds and for tin cans 55,000 pounds according to J. Henry Barries, field representative of the War Production Board, who was in the county this week working with Pitt County Salvage Chairman Louise Swainn, home economics teacher at the high achool. This is one pound of tin cans and 10 pounds of waste paper per capito population for each month. It will take the cooperation of each citizen it salvage the carload of tin came and 200 tons of paper that this quota sets for Pitt county for each month. Salvaging is a continuing program and every citizen is urged to continue to salvage waste paper and tin came which are critical war materials at ing ground and refusing to retreat
