## Governor Cherry Cites Needs For State For 1946

### Lists Labor - Management Relations A and Housing As Vital Subjects of Year

Raleigh.—In his annual New Year's message to the residents of North Carolina, Governor Cherry called for cordial labor-management relations during the coming year, and urged that the housing shortage and veterans' problems be solved successfully.

"As the last grains of sand run out for the year, 1945, and as the world moves into a new year, I share with all my fellow North Carolinians a feeling of thanksgiving for what the old year brought us and an expectant hope for what lies in the year ahead," he said in the broadcast over WPTF.

"History will record 1945 as the year of peace after total war, as the year of the lifting of the veils on the universe of atomic energy, and as a year of great transition and change in the lives of most people throughout the world. At such a time and in such an era great demands will be made during 1946 on the energies, the patience and the talents of our people. Our problems are many and their solution will require the best that is in us all.

"Here in North Carolina 1946 arrives on a scene where the most pressing need is, perhaps, in the matter of housing our people—returning service men and civilian families as well. As we progress into this new year, it is imperative that we provide medium-priced housing for our citizenship. This will require close cooperation between the sources of labor, materials and property owners.

"There is a growing threat of serious damage to the State and to the people of the State through labor-management difficulties and disputes. Strikes are deadly, cause great loss of all, increase the already critical shortages, and scar the souls of fine men and women. Relationships in this field must be friendly, cordial and workable.

"A third urgent need before us as we enter a new year is the matter of placement and rehabilitation of veterans of the recently concluded war and their complete return to civil life and its benefits and responsibilities.

"So, while the shooting war is over, and our men and women are home, or have early prospect of returning home, a new sort of conflict faces us. I take this occasion at the outset of a new year to urge the citizens of this fine state to give us freely of their best cooperation toward the solution of civil problems as they did toward the winning of a military victory. And with this urgent request I also add the wish that North Carolinians everywhere have a new year marked by abundant portions of happiness and prosperity."

### A NEW YEAR POEM By Grace Nell Crowell

I asked the New Year, "What am I to do  
The whole year through?"  
The answer came,  
"Be true."

I asked again, "And what am I to say  
To those who pass my way?"  
"The kindest words," he said,  
"That you can say."

"What thoughts am I to think, day  
long, year through?"  
And clearly as a quick struck gong  
The answer,  
"Think no wrong."

"And what roads take across the  
earth's worn sod,  
Where many feet have trod?"  
Swift came the answer—  
"Those that lead to God."

### Dr. Holmes Accepts Farmville Pastorate

Dr. E. W. Holmes, of Mullins, S. C., has accepted a call as pastor of the Farmville Baptist Church, and he and his wife are expected to arrive today. They will be guests of Mr. and Mrs. J. W. Holmes until the parsonage is put in readiness for them. Dr. Holmes will preach Sunday.

The Mullins Enterprise had a great deal to say regarding the loss felt by the First Baptist Church and the community in the resignation of Dr. Holmes, and the removal of his family to Farmville, and in addition also to the religious and civic activities of both the minister and his wife. The paper stated in part:

"Throughout the past 16 years, Dr. Holmes, and his family, have become such an integral part of the life of Mullins that it will be difficult to conceive of the community life without their contribution and influence."

During Dr. Holmes' pastorate at the Mullins First Baptist Church, the depression indebtedness of \$18,000 on the Church was cleared, the budget for local work was doubled, and the contribution to missions tripled. A new parsonage was erected and financed. Under his leadership, more than 900 new members were received into the Church.

Outside of his own pastorate, Dr. Holmes served as a member of the executive committee of the General Board of the South Carolina Baptist convention, as a trustee of Limestone college, Moderator and Clerk of the Marion association and president of the Eastern S. C. Baptist-Missionary conference, chaplain of the Mullins post of the American Legion, and as Battalion chaplain of the First Separate battalion of the S. C. State Guard, with the rank of Major.

While Dr. Holmes was president of the Mullins Library Board, a beautiful new library building was planned and erected.

Mrs. Holmes' activity in church and community affairs was commended also by the Enterprise, which stated that she had served while in Mullins as superintendent of the Intermediate Department of the Sunday School, as recording secretary of the Woman's Missionary Union, a member of the choir, and superintendent of the Intermediate Department of the Training Union.

Mrs. Holmes served also as an approved intermediate worker of the State Baptist Sunday Schools and assisted with Curriculum Clinics throughout S. C. and neighboring states. She was a member of the Mullins American Legion Auxiliary, the Woman's Christian Temperance Union and the Woman's Club.

Mrs. Frank Crews, of South Boston, Va., who before her marriage was Miss Dorothy Holmes, and Miss Rosemary Holmes, now a senior student at Limestone college, the paper stated, have been popular young women among the various social groups of Mullins.

As a conclusion to the newspaper article, the Enterprise carried this paragraph:

"Dr. Holmes will leave Mullins to accept the pastorate of the First Baptist church of Farmville, N. C. With a beautiful new church edifice, and adequate Sunday School building, the new field promises extensive opportunities for the talents and energies of Dr. Holmes and his family."
