## FARMVILLE GETS CHANCE TO SHOW TRUE THANKSGIVING SPIRIT BY FILLING CAR OF FRIENDSHIP TRAIN

Thanksgiving and the pre-Christmas season will take on new meaning this year—both for American farm folks and for thousands of hungry persons overseas.

Between Thanksgiving and December 14, a minimum of 11 states will assemble state food trains for overseas relief. The project is sponsored by Church World Service, Lutheran World Relief and Catholic Rural Life. The overall project is known as Christian Rural Overseas Program, or CROP.

An organizational meeting of Pitt county groups backing the program was held in Greenville on Tuesday of this week. Attending from Farmville were Arch Flanagan and Rev. Z. B. T. Cox. Mr. Flanagan was appointed co-chairman of the committee, serving with Wyatt Highsmith of Greenville.

The county's extension service organization and community groups are to be used in organizing the rural sections so that everyone will have an opportunity to give, and will know when donations must be ready.

The State CROP Committee has set a minimum goal of 100 boxcars for North Carolina.

The North Carolina Friendship Train will leave Salisbury, Dec. 15. It will be made up there of freight cars assembled from the western counties. The train will then travel eastward through Lexington, Greensboro, Durham, Raleigh, Selma, Wilson, Rocky Mount and Norfolk on to the embarkation point at Norfolk, Va. The train will pick up cars along the way from the various counties. The farm produce will be transported across the ocean at government expense, there to be taken over by the relief agencies of the World Council of Relief to be distributed to the neediest people regardless of their race, color or creed. Goods are distributed in every country where the churches are given free rein to do the distribution. All CROP produce is distributed by relief agencies of the churches.

Civic clubs in the county will be asked to donate such staple produce as corn, J. milk.

Though it is often forgotten, it is a fact that people in the war devastated countries of Europe and Asia are trying to live on a diet of 1500 calories. This is approximately one-third the average American citizen's diet. Disease, crime and suffering are on the increase in these countries because of lack of food.

Greene county, likewise, is joining the movement. The county will be asked to fill one car.

While the set-up for Pitt is not yet complete, it is expected that a warehouse in Greenville will be the storage center until the produce is loaded for shipment. It is quite possible that one car will be spotted on a siding in Farmville and loaded here.

### JUNIOR ORDER JUBILEE AND SQUARE DANCE

Levy Owens and his band will play for a square dance Saturday, November 20, in the Farmville high school gymnasium. Willie Killebrew of Fountain is expected to call the numbers; all are invited to try their hands at the traditional square dance, but the better practice is to use feet, both of them. At least, that is the advice from Mr. Herman Baker, a leading exponent of the dance, square.

The gala affair is sponsored by the Farmville Chapter of the Junior Order of the United American Mechanics for the benefit of the Junior Order orphanage at Lexington. The orphanage is recognized as one of the leading institutions of its kind in the South.

## High School Band Will Give Concert Monday Night

The Farmville high school band will make its initial appearance Monday evening at 8 o'clock in Perkins hall with a semi-formal concert that will also feature the Junior Glee club.

Something new for Farmville, the band was organized at the beginning of the current term with funds subscribed by citizens and clubs interested in the school. The band now has 49 members and is under the direction of Newton C. Maenhout.

Directed by Miss Alma Whitley, the junior glee club will present three groups of songs. No admission will be charged and the public is cordially invited to the concert, which will last an hour and a half.

An interesting sidelight on the concert is that instructors for both the featured organizations are provided with funds from the special tax approved a year ago and without which the school could not afford a public school music teacher and band director.

The program follows: "The Star Spangled Banner," Waltz medley: "Rosebud" and "Magdalen," Hymn tune (from American Folklore), "Dot and Phil," march.

"Genduso," Italian march. "Mishda," Russian waltz. "Bohdan," Turkish march. "Vers," waltz. Junior Glee Club presents "The Blue Tail Fly," folk tune; "Sometimes I Feel Like a Motherless Child," spiritual; and "Bless the Lord O My Soul."

## FARMVILLE PUTS ON HOLIDAY DRESS AND MAKES PREPARATIONS TO RECEIVE SANTA CLAUS TODAY

### New Local Minister

Rev. H. L. Davis, secretary of the Chamber of Commerce, has been informed that Santa's schedule calls for his arrival in Farmville between 4:30 and 5 o'clock. He will have, as is to be expected, candies for the youngsters and prizes.

W. A. McAdams, superintendent of the town's power plant, had his men stringing up lights and decorations early this week. Merchants are decorating their stores and laying out their Christmas stock, the finest they have had in many years, in an attempt to draw to Farmville its share of the seasonal shopping.

The arrival of the Christmas season is announced earlier this year than ever before, but other towns are getting ready for Yuletide and, no matter how much they would rather wait, Farmville merchants are forced to keep in step.

Secretary Gregory has spread the word that Santa Claus will be in Farmville today and it is expected that hundreds will be on hand to give him a royal welcome.

The stores will be closed next Thursday, Thanksgiving.
