## 1950 KIWANIS CARNIVAL WILL BE HELD SEPT. 29-30 IN GYMNASIUM; WILL BE BETTER THAN EVER

Friday and Saturday, September 29 and 30, have been set as the dates for this year's Kiwanis Carnival, the fun-making event sponsored annually by the local Kiwanians as a means of raising funds with which to make loans to deserving young men and women anxious to get a college education.

Lewis Allen, chairman of the committee in charge of the event, is already making plans and has assigned members various jobs that they are to perform in the two-day festival. On the committee with Allen are Sam D. Bundy, Glasgow Smith, Bernice Turnage, Frank Allen and Jim Hockaday.

One feature of the carnival, which will be held in the high school gymnasium and on the approaches thereto, will be exhibits and displays by merchants and business firms. Space for these exhibits will be held.

Several of the commercial displays last year were outstanding and it is expected that merchants will again seize the opportunity of showing off to advantage their choicest items to the hundreds of men, women and children attending the carnival.

The entertainment features will be practically the same as last year, with the addition of several new features. There will be bingo for the oldsters and youngsters, as well as the "train" ride and other entertaining events.

More about the Carnival will appear in The Enterprise next week and the week after. In the meantime, Kiwanians are urging everyone in the community to encircle with red ink the dates, Sept. 29-30, on their calendars.

## Local Football Team Scrimmages Greenville Eleven

The local high school football team journeyed to Greenville Monday afternoon to engage the Greenville squad in a lengthy scrimmage session. Each team was given ample opportunity to test its different offensive and defensive formations. No score was kept as the two coaches used the session to give their players needed experience against outside opposition in preparation for their first games. Also, the coaches gained much valuable information concerning the performance of their respective team members under actual game conditions. The local boys gave a good account of themselves in view of their lack of size and shortage of experienced personnel.

For Farmville's coach Elbert Moya, the main pleasant surprise of the afternoon was the running and defensive play of Gene Meeks, a newcomer to the squad. Other boys who performed well in the session were Bobby Fulford, Roy Flora, James Fountain, Albert Cannon and Doug Pierce. The lack of experienced players who can serve as substitutes was clearly evident in the scrimmage. More boys with size and speed are needed to back up the first string players. The first 11 players this year should be of good calibre but the lack of capable reserve strength will probably cause the loss of some games. Football is too rugged and demanding for a boy to give his all for the entire four periods of a game.

The election of officers for the high school athletic association was held Wednesday morning in the assembly session. Officers are: Billy Ray Allen, president; Marguerite Thomas, vice president; Jo Ann Thomas, secretary-treasurer; and Margaret Andrews, head cheerleader.

Season tickets entitling holders to all football, baseball and basketball games to be played here during the 1950-51 season, are now on sale. The price of the tickets is \$30 for adults, and \$2.00 for students.

The season schedule follows:

## At The Rotary Club

Four members of a newly-formed organization known as the "Self Improvement Group" were the guests of Paul Ewell at the Rotary club Tuesday night. The young business men from Kinston have learned the art of saying what they have to say in a short time, and brought to the Farmville club an outstanding sample of their achievements.

Russell Foster acted as spokesman for the visitors and introduced Reccé Walter, Jake Strother and John Murph. "These Are Good Times" was the subject chosen for discussion by Walter and he pointed out that now is a good time to develop a proper mental attitude and cram our thoughts full so that there is no room for fear or doubt.

Strother followed with a discourse on "The Art of Calm Thinking," and Murph brought the program to a conclusion with a short talk entitled, "Ideas Plus Action," will result in success and good fortune.

Attendance was much improved, four members being absent, giving a percentage of 92.

A committee was named to begin plans for the annual ladies' night, with Bobby Rouse as chairman and George Davis and Paul Ewell.

R. A. Joyner received the attendance prize and Curtis Flanagan the fellowship prize.

Arch Flanagan will be responsible for the program next Tuesday.

Walter Jones, club president, presided.

## SCHOOL BUS PATROL FORMED IN GREENE CO.

In order to encourage and promote better and safer transportation in the Greene county school system, Supt. B. L. Davis states that school bus patrol belts, badges and caps will be given to those students in each school serving on the patrol.

All principals have been encouraged to organize school bus patrols in their school.

It is believed that such an organization will be of unlimited service to the bus drivers and will greatly assist the promotion of better and safer transportation for students.

## TOWN BOARD ADOPTS ORDINANCES EXTENDING CITY LIMITS AND PUTS FIRE BOXES IN VICTORY PARK

### At The Kiwanis Club

Mrs. Ellen Lewis Carroll, who spent six weeks this summer studying in New York City, told the Kiwanis club Monday night about a visit she made to one of Father Divine's missions. She was in company with a group of others who were guided by Mr. Howell, "the Pied Piper of New York," who makes a specialty of taking students to the city's well-known spots.

Mrs. Carroll told members of the tremendous power and influence wielded by the Negro, the son of a Georgia slave who first obtained his idea of "being divine" at a meeting in Maryland. She told the group that he has between 15 and 20 million followers in the United States.

Mrs. Carroll made clear in her talk that she was not expressing her opinion about some of the facts connected with the activities of Father Divine but that she felt the whole country should be aware that such a situation exists.

Mrs. Carroll was introduced by her brother, Jack Lewis.

### Market Report

Fred C. Moore, supervisor of sales for the Farmville market, who stated shortly after the markets opened that Farmville would forge nearer the front when better qualities of tobacco were marketed, is proving to be a pretty good prophet.

Through Wednesday of this week, the local market had sold 11 1/2 million pounds for an average of 85¢ per hundred. Sales yesterday and today will bring the season's offerings to the 12 1/2-million mark.

The market is still selling only 4 1/2 hours per day, because of the congested condition of factories. The short selling days are scheduled to continue until Sept. 25.

### Drainage Meeting Will Be Held Tonight

Farmers in the entire watershed of this section of Middle Swamp are concerned as are those below the proposed dredging project.

Ordinances formally extending the city limits to include sections north and east of Farmville were taken by the Board of Commissioners at the regular meeting on Tuesday night of last week.

The areas include the section on the Fountain highway, skirting the golf course and club, and extending to North Main street. East of town, part of Victory Park was annexed and a section of the Davis subdivision.

The board also—

Increased insurance on the electric and water works from \$125,000 to \$250,000, placing the policy with the Pitt County Insurance Agency.

Instructed Supt. W. A. McAdams of the water and light department to purchase two new fire alarm boxes and extend the fire signal so that Victory Park could be covered.

Authorized the street committee to investigate the cost and advisability of installing Welcome Signs on the various approaches to the town.

Asked Mayor Walter Jones to get in touch with the state highway commission and see what projects can be undertaken with funds allotted the town by the state for road work and maintenance.

Awarded a contract for repairing the roof of the town hall to Brown and Baker of Raleigh at a cost of \$666. First, the town is to erect a small room on the roof of the building to house the farm alarm system.

## 165 Pitt Draftees To Report Sept. 20 For Examinations

165 Pitt county men, white and colored, have been ordered to report to the pre-induction center in Raleigh next Wednesday for examinations that will determine their fitness for duty with Uncle Sam's armed forces.

Those accepted will be ordered to report, about 21 days later, for active duty.

Students can be deferred until the end of the current academic year, next spring, if they request the draft board to defer them.

The current Pitt quota is unusually large because this is the first time draft authorities have tapped this county for manpower since the Korean crisis. It is anticipated that the October call will not be for more than 100 men.

The group reporting next Wednesday includes men ranging in age from 26 to 22 years and practically exhausts the present pool of men in these classifications. The next draft will call the younger men.

O. C. Stroud of Ayden is chairman of the board. Members are M. V. Jones of Farmville, Dr. H. G. Haynes of Greenville, Vernon White of Winterville and John W. Roark of Bethel.
