INSULATION

for INSURANCE against COLD WEATHER

Is the temperature in your home irregular? One room cold . . . another room warm? Do draughts of chill air make the family's winter one of illness and discomfort? And contrastingly does summer find your house a hot box? Insulation is the solution—and it's less costly than you think. Let one of our representatives call and explain to you how quickly, how economically and satisfactorily your home can be insulated before really cold weather sets in. Scientific insulation is your insurance against irregular temperature . . . against wasted heat in the winter. Let this modern method make your home a better place to live in!
