Model L-110, 115-inch wheelbase, 516-2005 pickup body, 4,200 lbs. GVW. Pickups in the L-110, L-120 and L-130 Series include 115, 127 and 134-inch wheelbases, 6 1/2, 8 and 9-ft. beds, GVW's to 5,000 lbs.

This pickup pinches pennies!

There are two simple reasons why you save money when you buy an International pickup truck.

First, you get lower operating and maintenance costs. You get a pickup truck that is engineered throughout to do more work for less money.

Second, you get longer truck life. Even the smallest International pickup truck has the traditional stamina that has kept Internationals first in heavy-duty truck sales for 19 straight years.

You get these all-truck savings right

along with features that no other pickup truck gives you. For example—the compass-compass seat is the roomiest, most comfortable cab on the road. The Silver Diamond engine is an outstanding development of the world's largest exclusive truck engine plant. Super-steering gives you maneuverability and ease of handling that make driving a pleasure.

But get all the facts for yourself. Come in and learn why International pickup trucks are the best truck value in pickup today.

Chiropractic
"Nature's Way To Health"

Modern man has come to realize that the nervous system controls health and disease.

He should also know that the spinal column and adjacent structures, to a great extent, control the nerve forces of our body.

Chiropractors are especially trained to locate and correct spinal abnormalities without drugs or surgery.
