

Jaycees Seeking Industry To Make Initial Survey

Farmville citizens within the next few days will be asked to help the Junior Chamber of Commerce committee, seeking to secure additional industry for this community, by giving definite suggestions on what kind of industry can be obtained for Farmville in the quickest and most satisfactory manner.

The Jaycees have taken it upon themselves, through the appointment of a committee, to investigate the possibility of obtaining some kind of industry which will give the town a year-round payroll, or at least one that will help take up the slack during the period from January to August.

Ed Davenport, chairman of the committee, conferred recently with Miles J. Smith of Salisbury, chairman of the State Board of Conservation and Development, relative to the situation. Mr. Smith advised that citizens be asked for suggestions, and also stated that the State board would be glad to make whatever additional surveys are needed to attain the goal. Other members of the committee are Harold and Bobby Rouse, Horton Rountree and Marvin Speight, Jr.

What the committee is most desirous of getting is some industry that will fit most satisfactorily into the needs of the community.

The Jaycees are asking for the co-operation of the community and are requesting that citizens promptly answer the card questionnaire and letters that will be distributed within the near future.

Musical Program Is Presented For Fountain Club

"Music Education" was the subject of the program presented to the Fountain Woman's Club last Thursday by Mr. and Mrs. Lee Howard of Wilson and Mrs. Barbara Griffith of Goldsboro.

Mr. and Mrs. Howard rendered two piano duets from Brahms and Mrs. Howard gave a beautiful piano solo. Mrs. Griffith sang several German folk songs in German after Mrs. Howard translated them into English and told the story of each. Mrs. Griffith also sang several more familiar selections. The Howards gave an interesting number on two recorders—an instrument that resembles a flute. Mrs. Howard, who is a native of Berlin, Germany, explained the mechanism of this instrument and said that it is found in nearly all German homes.

Mr. Howard, of Kinston, is professor of music at Atlantic Christian College. Mrs. Griffith, a member of the cast of *The Lost Colony*, resides in Goldsboro with her husband, Andy, who is director of music in the Goldsboro High School.

The club met at the home of Mrs. Rod Harris with Mrs. J. M. Horton presiding over the business session that preceded the program.

For the occasion the Harris' lovely new home was decorated with spring flowers, pink snapdragons and lavender Dutch iris centering the dining table, a lovely vase of pink glads on the piano, and jonquills in the hall.

The hostess served a most delicious dessert course of orange shortcake and coffee to about 20 members and visitors.

Red Cross Quota Not Yet Reached

As you recall the quota for Farmville was \$2904.00 much higher than in previous years due to the increased demands on the Red Cross. Regardless of this, the workers set out with great enthusiasm that the goal could be reached, would be reached, and must be reached.

For the most part they were received with a warm welcome and contributions were cheerfully given. The main obstacle that many encountered was a misunderstanding that Red Cross was included in the Community Chest Drive last Fall. This was indeed unfortunate, for even when reminded that it wasn't, many citizens failed to make a contribution. Let's not let this happen in 1952! The great work of the Red Cross has to go on day after day and we must not fall off. In many instances it is our only means of doing for our servicemen, our veterans, filling our blood needs, assisting in disasters, and helping our neighbors at home and far away. Let's keep it ready to answer our call!

If you haven't done your bit to help Farmville meet its quota it is not too late! Mail your check immediately to your chairman.

Since it will be impossible for me to thank each person who made a contribution and each worker who gave of his time I wish to express my sincere appreciation to everyone who had any part in the 1952 American Red Cross Drive. — V. Elizabeth Davis, chairman.

Unusual Program On Education At DAR Meeting

Presenting the responsibilities of the two outstanding educators in a child's life, mother and teacher, Miss Eunice McGhee of East Carolina College and Mrs. T. H. Eaton of Greenville made interesting talks on the subject, "Education," at the Daughters of the American Revolution meeting Saturday afternoon.

Mrs. Eaton who discussed the educational responsibilities of the mother, stated that mothers should not only be concerned about the needs of all children. She should be concerned about over-crowded classrooms, adequate physical training to meet the stress of the present time and she should safe-guard the working conditions of the teachers.

Miss McGhee discussed the teacher's responsibilities. She stated that teachers should have a philosophy of life; should be sympathetic and should teach with a twinkle in her eyes. From a teacher's standpoint, Miss McGhee expressed the opinion that a good education insures happiness. She stated that a child's education begins at birth and that he quickly assumes attitudes of the parents and others about him.

Rev. H. L. Davis selected as a devotional reading verses 1-8 of the 8th Chapter of Romans and used as his text "To be spiritually minded is life and peace." He read excerpts from a speech by Gen.
