Farmville Wins Two Games From Fremont

Farmville's Red Sox won two games from Fremont over the week end in Bright Belt League competition. The Sox won here Saturday night by an 8-3 score, and took a closer contest in Fremont Sunday by a score of 2-0.

The double win strengthened Farmville's bid for first place. The Red Sox now have won 14 games while losing only four.

Sunday's game was won by three successive base hits. Manager Pete Piestrak started the rally with a single, followed by a double by Roger Thrift. Another double by W. C. Sanderson brought Thrift home with the second run of the game.

Rodney Heath went the route for Farmville and allowed only three hits to the last place Fremont team. He was capably opposed by Fremont's Smith, who was reached for only four safeties. Smith reached Heath for one of his team's three hits, while Thrift led Farmville with his double in two appearances at the plate.

Five runs in the third inning provided the winning margin in Saturday night's contest in Farmville. Walks given up by Fremont hurler Teddy Barnes were the big story in the inning, plus a few errors on the part of his teammates.

Thrift again led the winners batting, raking in a double and a single in four times up. C. Frederick led Fremont at bat with one hit in two times at the plate.

The meeting was opened with the singing of the hymn, "Tell Me The Stories of Jesus." Mrs. J. I. Morgan, Sr., was the devotional and program leader. The program subject was, "All Children Our Concern." In the program presentation Mrs. Morgan pointed out that at the beginning of the century the primary concern about children was legislation on working conditions of children, whereas, now the problem is the spiritual life and the welfare of children who have working mothers. She stated that it is the responsibility of the church to see that all children have spiritual guidance.

Following the installation, Mrs. Bobbitt recognized the newly installed president, Mrs. Eason. Mrs. Eason presided over the business during which Mrs. Gardner reported on a sub-district meeting held recently in Kenly and Mrs. Archie Speight reported on the Vacation Bible School. Picture of a Pair who just waked up

HERE in the driveway is a Buick. It has just arrived. It belongs to this proud young couple. They've just "arrived" too.

They've arrived at a discovery—the discovery that owning a Buick instead of a "low-priced car" isn't so much a matter of money.

It's a matter of knowing the facts of life. Buick prices are closer to the prices of smaller, less powerful, less distinguished cars than most people think.

Why don't you check into this?

You'll find you could pay \$300 to \$400 more—and still not match the horsepower of this nimble beauty.

You could pay hundreds of dollars more—and still not get any more interior room, or richer fabrics.

But that's only part of the story.

The big thing about any car is the way it goes. So you ought to find out how this car rides the road—the freedom from bobble and sway that cost a million real dollars to develop.

You ought to sample the way Dynaflow Drive®

feeds the power—with a steady swoop and unbroken smoothness in city traffic, on hills, or out on the open road.

And you ought to know how it feels to touch off that Fireball 8 Engine. With all its might, this high-compression valve-in-head gets a lot of miles from a gallon of gas.

We'll tell you this—because a lot of folks have told us this: No matter what car you're driving now—no matter what cars you've looked at—they'll never seem the same after you try this one.

Just give us a chance to prove it—and you'll have a lot of fun.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.
