

Referendum On Crop Controls Set For July 19

Flue-cured tobacco growers in North and South Carolina face a double-barrelled proposition when they go to the polls, Saturday, July 19.

On that date, flue-cured growers from the Carolinas will cast ballots either for or against continuance of: 1. A 10-cent-per-acre assessment to support Tobacco Associates. 2. Tobacco Marketing Quotas.

Here is some background for the two referendums: North and South Carolina depend heavily on the success of the flue-cured tobacco program. Two vital phases of that program are Marketing Quotas, which guarantee stabilized market prices through a support program, and the export promotional work carried on by Tobacco Associates.

Since 1934 growers have enjoyed the benefits of an acreage control program, and since 1939 they have operated successfully under Marketing Quotas with acreage allotments. Repeatedly tobacco growers have voted overwhelmingly to continue this program, which has meant so much not only to growers but the entire economy of the two states.

Tobacco Associates was formed in 1947 by growers and their allied interests to protect and develop foreign markets—upon which they depend for the sale of some 40 per cent of their tobacco each year. In July of that year, growers in the two Carolinas overwhelmingly approved the present 10-cent-per-acre assessment for 1947-1949 and again in 1949, they approved the assessment for 1950, 1951, and 1952.

The extent of the work done by this export-promoting organization is evidenced by the increase in exports since its formation six years ago. Exports of United States flue-cured tobacco have increased from 359 million pounds in 1947 to 490 million pounds in 1951 and are now about 30 per cent above pre-war years. Through the work of the organization, new markets have been developed and others expanded until now American tobacco growers are no longer dependent upon any one country for the sale of their tobacco. Countries such as Germany, the Netherlands, Ireland, Denmark and the Philippines, are now taking from two to ten times more tobacco than before the war.

The law authorizing marketing quotas also provides for a government loan to support tobacco prices. If marketing quotas are approved in the referendum, loans will be made available on the 1953 crop at prices equal to 90 per cent of the parity prices as of July 1, 1952.

Since Tobacco Associates is financed solely by growers and their allied interests and the Marketing Quotas administered by the government-sponsored Production and Marketing Administration, there will be two ballot boxes at the polls Referendum Day. One box will be for the marketing quota vote, which will show whether the growers want marketing quotas for another year, another three years or not at all.

The other box will collect votes on the 10-cent-per-acre self-assessment for Tobacco Associates. In both referendums, a two-thirds majority of the growers voting is needed to approve quotas and the assessment.

J. Henry Vaughan of Elm City, chairman of Tobacco Associates' board of directors explained that a grower "is any person who has an interest as owner, tenant, or share-cropper in the 1952 crop of flue-cured tobacco." However, Vaughan stressed, "no producer is entitled to more than one vote even though he may have been engaged in production of tobacco in two or more communities, counties, or states."

Building and Loan Making Semi-Annual Dividend Payments

G. A. Rouse, secretary and treasurer of the Farmville Building and Loan Association, announces that semi-annual dividends are being paid by the association to its stockholders this week. Interest checks for the full-paid stock amounted to \$5,597.50, and were paid to 17 stockholders.

holders of personal stock will have an additional \$2,000 credited to their accounts by virtue of money invested in the association, which now has \$100,000 in assets. The association is now in the process of building a new home for its members.

Board Retains Present Water, Light, Tax Rates

From Farmville, Va., who serves as general manager of Farmville's municipal utility, comes a warning that funds are running low and that pledges made at the start of the season should be paid now if the club is to remain in the Bright Ball League.

Farmville baseball team is operated with little enthusiasm and some money. Spight fears the enthusiasm will give out when the money does. If that happens, the team will fold.

Adopted Friday at a special session of Farmville's Board of Commissioners, the budget for the new fiscal year which started Tuesday follows very closely last year's budget. The current \$1,350,000 rate remains in effect and the board re-adopted the present schedule of water and light rates. Several adjustments were made in salaries, and appropriations for various expenses were increased slightly.

Clerk Cleveland Faylor states that the assessed valuation for 1952-53 shows an increase of nearly \$200,000 over taxable valuations of a year ago. This increase, in turn, will mean an additional \$2,000 in revenue from taxes at the current rate. The anticipated income from the general fund and the water and light department are up—the general fund by \$11,000, and the water and light department by \$16,000. Likewise, the estimated cost of operating the utilities department is \$7,000 higher than a year ago, and the town's general fund is expected to receive \$7,000 more from the water and light department than it did a year ago. The budget is published on page two of this issue.

Farmville's Teacher Allotment Unchanged

Decision of Governor Kerr Scott and the State Board of Education to use surplus funds for lowering the average teacher-load from 32 to 30 pupils will make no difference in the number of teachers Farmville will have next year, according to an announcement by Principal Sam D. Bundy. Farmville's quota remains the same, 16 elementary and 10 high school teachers, from state funds. Principal Bundy says that the local school was on the verge of losing a high school teacher until the student load was lowered.

RETURN FROM INTERESTING TOURS

Mr. and Mrs. Ed Nash Warren and son, Bert, and Mack Holmes, son of Mr. and Mrs. E. C. Holmes, returned Thursday night of last week from a trip to National Boy Scout Camp and a tour of the southern part of the west coast area.

Eight days were spent at Philmont National Boy Scout Camp near Cimarron, N. M. Visited in the 7,000 miles of traveling were Hollywood, Los Angeles, Yosemite and Sequoia National Parks, in California; Hoover (Boulder) Dam between Nevada and Arizona; Grand Canyon and many other points of interest.

Mr. and Mrs. Sam D. Bundy and sons, S. D., Jr., and James Henry, returned Sunday afternoon from a tour of places of interest in Florida and a visit to New Orleans, La. The trip began with a visit to Myrtle Beach where Mr. Bundy spoke to the State Bakers Convention.

In Florida, they visited St. Augustine, Daytona Beach, Miami, Miami Beach, Silver Springs, where they enjoyed the view of marine life as seen from glass bottom boats, Cypress Gardens, Bok Tower and the home of Thomas A. Edison at Fort Meyer.

FIVE FROM FARMVILLE AT MASONIC MEETING

Five members of the Farmville Masonic Lodge were in Grifton Wednesday afternoon and evening for the district convention. Attending were J. T. Bundy, Sam Bundy, W. C. Wooten, O. G. Spell and Nick Norman. Sam Bundy is district deputy grand master.

CHRISTIANS MEET AT A.C.C. IN WILSON

A report on results of a study made by a special committee headed by Sam D. Bundy will be submitted to Mr. Bundy at a meeting at Atlantic Christian College in Wilson. The committee was appointed at the last convention in Kinston last year. The committee's report will be made available to the public before the study is completed.

Storms Cause Major Damage At Light Plant

"It is an ill wind that blows no good; conversely, 'tis an extremely good wind that blows no ill."

Anxious about the plight of their parched and suffering crops, farmers in this vicinity welcomed the showers last Saturday night but the accompanying electrical storms caused damage at the power plant that put out of commission the largest of the three engines and set off a series of mishaps that finally resulted in a suspension of service for more than an hour Monday morning.

The damage to the big engine—it is the one on which a shaft broke two summers ago—came about when 17 volts in the generator were upset. Superintendent, W. A. McAdams expects to have the casualty repaired, and the engine back in commission before the week is over.

The difficulty Monday morning stemmed from an explosion in the surge control box, and the town was without electricity while the damage was being corrected. The plant's output was limited during the period. Not having enough power for the entire town, Supt. McAdams rotated between the northern and southern sections, in an attempt to take care of the refrigeration needs of the extremely hot morning. In taking such action, some discomfort resulted but serious losses were forestalled.

The suspension Monday morning was the longest continuous period that Farmville has been without electricity in many, many years. Other towns in this section have not been so fortunate.

At The Kiwanis Club

Frank Allen, lieutenant governor of the seventh Kiwanis division, gave the local club an account of the international convention held recently in Seattle, Wash.

Allen, who made the trip via plane, related enough amusing incidents to show the entertaining side of the convention and was serious enough to present the serious and stimulating phases of the annual meeting. He told of the speed with which the cross-continent trip was made, and told that he cut his visit to the West Coast short by more than 24 hours because he was a wee bit homesick.

\$2,000 Appropriated For Improvements To Town's Cemeteries

Farmville's Board of Commissioners last Friday afternoon adopted a tentative budget for the new fiscal year and included an appropriation of \$2,000 for permanent improvements to the town's cemeteries.

A delegation of citizens, headed by former Mayor J. W. Joyner, appeared before the board at the June meeting and requested that \$2,000 be set aside during the year for these improvements.

In making the appropriation, it was the consensus of the board that sufficient funds would not be available this year for all the work desired, without throwing the budget out of balance, but that the improvements could be made in the future as money becomes available.

Wholesale Changes In Post Office Jobs

So many changes and shifts became effective in the Farmville post office on July 1 it looked as if Postmaster Henry Johnson's staff was playing "fruit basket turn-over."

Henry Tyson retired June 30 as rural carrier after more than 30 years of service. Archie Cayton, who has been serving Farmville's other rural routes, transferred to Mr. Tyson's route. Ed Nash Warren, who returned a few days ago from a 7,000-mile motor trip to Mexico and the West Coast, keeps right on riding. He has been transferred from clerk to rural carrier, taking over the Cayton route. H. B. Humphrey, who has served as substitute clerk, moves up to the position vacated by Warren.

Opening Dates

Fitt county's tobacco crop has already been reduced as much as 25 per cent by the dry weather, according to some estimates, and the losses become greater with each rainfall day. Observers state that the crop immediately around Farmville is at least average, but that serious damage is being done in other sections. The outlook could be better, however, if an early rain came before the week is over.

Crops Suffering

The local market is scheduled to open on Thursday, August 21, according to the dates fixed last week in Raleigh.

The Georgia-Florida belt will open July 21, the South Carolina border belt on August 4, the Middle Belt on September 2, and the Old Belt on September 15.

The opening date corresponds to last year's schedule.

Jaycees Increase Membership; C. W. Casper Leads Contest

Three new names have been added to its rolls since the Farmville Junior Chamber of Commerce launched its membership drive two weeks ago and C. W. Casper, head of the Red Team, holds a commanding lead in the contest designed to stimulate interest in the campaign. The three new members are R. B. Humphrey, a clerk in the post office; Calvin Herndon, who holds a position with the Liggett-Myers Tobacco company, and Dupree Stone, manager of the Colonial Store.

Jaycees met Thursday night at the American Legion home on West Church street. Visitors at the meeting were E. W. Spears, Harry May, Billy Marston, Mark Herring and Dewey Fuquay.

President Emerson Smith presided over the business session, at which the Jaycees voted to change their meeting time from 7 to 7:30 for the summer months.

A fried chicken supper was served.

V.F.W. To Sponsor Horse Show As Money-Raiser

Members of the Burnette-Rouse Post, Veterans of Foreign Wars, are backing their newest project, the purchase of two 45-passenger buses for school and community use, with an enthusiasm which indicates that the veterans are not anticipating any flops or failures.

First of the activities planned as money-raiser—and more than pennies is involved in the undertaking—will be a horse show on Sunday, August 24.

Jack Tyson is general chairman of a 12-member committee which meets each Tuesday night to discuss ways and means of raising the money, legitimately, in the shortest time. Other members of the committee are Scott Peole of Fountain, Pcte Allen, Red Newton, Red Bell, H. P. Norman, George Allen, Robert P. Whelless, H. B. Humphrey, Jake Joyner, Mack Hardy and Lyman Bass.

BOARD RE-ZONES PROPERTY ON FOUNTAIN HIGHWAY

The Board of Commissioners Tuesday night authorized an amendment to the zoning ordinance and re-classified as industrial property the area on the south side of the Fountain highway on which two storage houses of the A. C. Monk and Company stand. The resolution contained a provision that in the event the storage houses were damaged up to 90 per cent or more by fire or other means that the property immediately becomes residential property.

The Commissioner's action was taken at the request of the zoning board, which amended its recommendations.

Governor Given Flowers As Token Of Thanks For Roads

Mrs. Preston Murphrey, of near Farmville, was recently a visitor in the executive offices of Governor W. Kerr Scott. The purpose of the visit was to express appreciation to the governor for his part in the carrying out of the road improvement program; his special project during his administration.

Mrs. Murphrey also presented the governor with a box of gardenias, grown in the flower gardens of her home. After the visit, she received a personal letter from the governor expressing his thanks for the gift of flowers, one of his favorites and the personal pleasure he derived from the knowledge that she and her neighbors were enjoying the benefits of rural paved roads in their community.

SGT. NORRIS EASON HOMEBWARD BOUND FROM KOREA

After serving 18 months with the U. S. Army in Korea, Sgt. Norris Lee Eason is enroute home. He landed on the west coast this week and was sent to Camp Stoneman, Calif. He is expected to arrive at Fort Jackson, S. C., during the week end. His parents, Mr. and Mrs. E. L. Eason, leave today for Fort Jackson to be on hand to greet him and to accompany him home for a 30-day furlough.

Little League Is Preparing For District Run-off

Edwin Mall, president of Farmville's Little League, and Albert Moye, one of the directors, were in Greensboro, Monday night, attending a meeting at which plans were made for district, state and regional run-offs.

The district tournament will be held in Greenville, August 5, 6 and 7, with five teams competing—two from Rocky Mount, and one each from Greenville, Farmville and Williamson. Mr. Mall's hopes of getting the district games played in Farmville availed little, as the officials picked Greenville as the site. Drawings will be made at a later date.

Following the district tournaments, the winning teams will compete in Wilmington for the state championships. Wilmington, is being awarded the championship series, offered to furnish the eight competing teams with lodging and board, provide entertainment and contribute \$300 toward expenses of the winners' further participation in the run-off.

The title of the local little league is still in doubt, as Rotary and Kiwanis tied for the top position and are scheduled to meet next Tuesday afternoon at 4:30 in the deciding game. The game was postponed from last Friday afternoon because of the terrific heat.

Farmville's team in the play-offs will be selected from the four regular teams, with managers picking the players. Attention is called to the fact that no players will be considered unless they attend practice games diligently. These games will be played between the end of the regular season and the start of the district play-offs.

At The Rotary Club

At the close of the Rotary meeting on Tuesday night, outgoing president, W. Jesse Moye, presented the gavel to Charlie Rasberry, the newly elected head. Other officers, who will assume duties are: Joe Joyner, vice-president; Rev. Edwin Coates, secretary; and John Simms, treasurer. The Board of Directors is composed of the following: W. Jesse Moye, Charlie Rasberry, Edwin Coates, Joe Joyner, Darius White, Dr. J. M. Newborn, R. D. Rouse, Jr., and Cleveland Paylor. Heading the four major committees will be: Dr. Newborn, community service; Mr. Paylor, club service; R. D. Rouse, Jr., international service; and Darius White, vocational service.

Jack McDavid was inducted into the club by John B. Lewis, who stressed the Rotary tradition of "Service Above Self." He pointed out that Rotarians do not refuse to serve when called upon but carry out assignments to the best of their abilities; that they employ the highest ethics in their chosen vocations and give of their best to the four major services, club, community, international and vocational.

Elli Joyner was program chairman and presented President Jesse Moye and Mrs. Moye. Both spoke relative to the Delegates' Convention of Rotary International held recently in Mexico City, Mexico. Mr. Moye gave the highlights of the convention and Mrs. Moye gave a resume of their trip to the convention city and a Cook's tour following the convention. Mr. Moye reported that H. J. Brunner of San Francisco, Calif., had been elected Rotary International president and that the next convention would be held in France, probably in Paris.

Mrs. Moye gave a detailed and vivid description of their trip. A resume of her talk will be found elsewhere in The Enterprise.

P. K. Ewell had as his guest, his wife's brother-in-law, Leslie Everett, of Monroe, and Mrs. J. M. Carraway was the guest of Mrs. Moye.

NEW HOMES

Mr. and Mrs. Jack McDavid started construction this week on their new home on the Fountain highway, adjacent to the home of Mr. and Mrs. Emerson Smith.

Mrs. Lucille Quinn has also started construction on the new home she is building west of Farmville in the Davis development.

R. D. ROUSE, JR. MAKES OFFICIAL JAYCEES VISIT IN JACKSONVILLE

R. D. Rouse, Jr., district vice-president, made an official visit with the Jacksonville Junior Chamber of Commerce at a meeting Tuesday night. Mr. Rouse spoke stressing the purpose and aims of the organization. He was accompanied on the trip by Horton Routledge.
