

Shotgun Blast Wounds Local Man Yesterday

James Vines, a local Negro man, was seriously wounded, Wednesday morning at his home at 706 Walnut street, by an accidental discharge of a shotgun he was in the act of placing behind a dresser in the bedroom of his home.

According to Police Chief Lucas and Officer Owens of the local force, there was every indication that the accident happened as related by his wife, who with their small child were the only other occupants of the house at the time of the accident.

According to his wife he was placing a rifle and a shotgun against the wall back of the dresser. The officers surmised that the stock of the rifle hit the trigger of the shotgun exploding the load of shot in Vines' left side. Powder burns marked the wall at shoulder height and a dent in the floor indicated the spot where the butt of the exploding gun hit.

Vines was taken to the office of a local physician and was immediately taken to Pitt Memorial Hospital by ambulance.

Local Man Charged With Starting Fire

Found hiding under one of the buildings at the Farmville Oil and Fertilizer Company's plant a few minutes after a fire, which would have been more serious than any of the others started here in recent weeks, had it been allowed to gain headway, George Dixon was arrested Sunday night and has been charged with setting fire to business property.

The crime with which Dixon, who had been employed by the company for several years and whose implication in the affair came as a distinct shock to his acquaintances, is charged, is a felony.

Officers stated that he was intoxicated at the time of his arrest, and that Dixon states he had been hiding out at the spot in an attempt to catch whoever has been setting fire to property in that section of town in recent weeks. At least four other fires had been started in that vicinity.

Dixon was released under \$1500 bond.

Bundy, and the teachers of the high school faculty. Miss Mildred Maddox has given the tests and acted as advisor since its inception. Miss Edwards will work with Miss Maddox along the same line.

Miss Edwards pointed out that a teacher is limited in the time she can give to guidance, due to a full schedule of regular school work. She said that she was very interested in Vocational Guidance but was equally interested in personal guidance. Sincerity and deep-seated interest was manifest in the manner and expressions of the speaker as she related some of the problems of youth in High School.

An animated discussion, in which all asked questions and expressed opinions, followed the talk. Mrs. W. C. Garner, president presided.

Mrs. John Hill Paylor, Miss Edwards and Miss Maddox were special guests.

Flame Destroys Pack House On Townsend Farm

A tobacco packhouse on the farm belonging to Mrs. C. E. Townsend, 1 mile from town, located on the Greenville Highway close to the road on the left side, near the railroad crossing, burned Monday night. Local firemen answered the call but were unable to save the house or any of the contents, 7½ barns of tobacco and many sticks, stored there.

Henry May, who lives on the farm, was loser with Mrs. Townsend, of the tobacco that was the nucleus of the best tobacco the farm had produced.

The suddenness and intensity of the fire, baffled the May family, who had been in the yard of their home at twenty minutes to 11, twenty minutes before a motorist sounded the alarm by prolonged blowing of his horn and stopping at a neighbor's house.

Many neighbors who passed the packhouse at approximately 10:30 have also reported that they did not notice any fire at that time.

Mr. and Mrs. May thought the possibility of graders setting the fire carelessly, was unlikely, since none of those working in the afternoon smokes.

Local Market Averages \$53.28 On Season Sales

Farmville's tobacco market, including sales through Wednesday, has an average of \$53.28 for the season.

These figures were announced yesterday morning by Fred Moore, sales supervisor, who states that the market is gradually climbing higher. Total sales for the season are 23,124,610 pounds.

Sales on Monday were \$21,364 pounds, for \$467,543.04, or an average of \$56.93.

Sales have been light this week, due to the cold weather, but it was expected that a half million pounds would be placed on the warehouse floors today, and that Monday's sales would be close to the 750,000 mark.

The market will pass the 24,000,000 pound on Monday, and expects to sell another three million before the close of the season.

'Red Devils' Meet Vanceboro Tonight For Homecoming

The Red Devils of Farmville High School will engage the Red Raiders of Vanceboro in the Annual Homecoming affair for the Red Devils this Friday night (tonight), at the Farmville Ball Park. The kickoff is slated for 8:00 o'clock. A large crowd is expected to see this ball game. The Farmville High School Band will put on a show at the half. A Homecoming Queen has been elected and the crowning will take place at the half. A great deal of interest has been shown in the electing of the Queen.

The football team has been working hard in order to win this game. The team is in good physical condition and has been working on some new plays to spring on Vanceboro. Last year the Red Devils had to come from behind to win in the game played at Vanceboro. The team has shown that they have no intention of being pruned this time.

Jimmy Allen, one of Farmville's outstanding linemen has been listed as a doubtful starter, due to the rough treatment he received last week when the Red Devils lost a thriller to Ayden. Other than Jimmy the rest of the squad has shown enthusiasm and determination in their practice sessions this week. The team in six games have won four and lost two. They have scored 104 points and their rugged defense has allowed all six opponents to 26 points for an average of a little over 4 points per game, which indicates the brand of football the Red Devils have been playing.

Vanceboro will be coming to Farmville with the idea of knocking the Red Devils into a two way tie for second place in the Coastal Conference with Robersonville and Vanceboro if they should win. This promise to be a rugged ball game.

The probable starting lineup for Farmville will be: Thorne and Norville at ends, Spencer and Shackelford at tackles, W. Allen and Wooten at guards, Jack Allen at center, and Fitzgerald, Joyner, Dilda and Teddy Allen in the backfield.
