

Kinston Items.

Lard, 17 cts. per pound. Eggs, 15 cts. per dozen. Beans, 20 cts. per pound. Hides, dry, 1 1/2 cts. per pound. Chickens, 40 to 70 cts. per pair. Corn and meal, \$1.00 per bushel. Peas, planting, \$1.50 per bushel. N. C. Hams 17c; sides 16; shoulders 15. Turkey, 16 to 18 1/2 per hundred. All retail prices.

La Grange Items.

Frost was seen on the morning of the 16th in several places. No serious damage that I have heard of. A hail storm passed north of this place Monday afternoon. I have not learned as to the amount of damage. The trial of the negro, John Edwards, for cruelly beating his child, resulted in a conviction to the fine of five dollars and costs was imposed. The continued cold snap is telling on the crops—corn and corn. The seasons thus far have been quite unfavorable through this section. Chills and fevers, of the summer and fall type, are quite common in the Buckhary section. Several cases within the past week or two. If John Reed has made a correct report, there is a man in town who is said to be eating strawberries. John says that he eat three quarts at one sitting. Sickness still continues. A son of Judge Smith is quite sick with bilious fever, also an infant of Ben. H. Sutton is dangerously sick with bowel disease. L. J. Edwards and D. C. Murchison are on a trip to Florida. They purchased a small tract of land in that State some considerable time before they left. We looking after their interest in that quarter. John Grimley of Greene, had his arm so badly crushed in a brick machine on 16th, as to render amputation necessary. The operation was performed before he could be released, after being caught in the machine. The new policeman deals in hams! His neighbors say that a short time ago he sold a ham, got the money, and afterwards he had his arm caught in a brick machine and he was arrested, after being caught in the machine. To give a correct idea as to the number of fruit tree agents about here, a gentleman from the country was in town several days ago, and he was down the street inquired if that was an apple tree agent. The stranger was the engineer of the freight train. We are indebted to the Marshal for an invitation to attend the Commencement of the La Grange High School, to be held on June 2d. This school is presided over by Capt. A. C. Davis, Jr., and carries over 100 pupils. The address is La Grange, N. C. The friends of the family are invited to attend. Names and Day. Mr. W. H. Oliver in opening a bale of Northern hay on yesterday found a name and part of a trace in it. Perhaps some one else may find the other name in a bale, and another may find the name of the horse which was put together would make a good outfit. Railroad Meeting. We learn that a very enthusiastic railroad meeting was held at Trenton last Saturday. It was the day appointed for the meeting of the committee from Jones and Onslow counties. Capt. E. R. Page was appointed a committee of one to see President Best of the Midland Railway and submit to him a proposition in regard to the route from Core Creek via Trenton to Jacksonville. Jolly Old Field. We learn the Trent River Transportation Company has purchased the Jolly Old Field landing in Pitt county on the Contentnea Creek, and contemplates erecting a wharf and warehouse at that point for the accommodation of their passengers and freight. This is an important landing in that section, and this move will be a great convenience to the shippers as well as to the Steamboat Company. This company has done much to increase and facilitate the business of Neuse and Trent Rivers and Swift Creek. Superior Court. The Spring term of the Superior Court of Craven will convene here next Monday. There are now on the State docket sixty-one cases, with a probability of being increased to seventy-five by the week. The most of these are for petit larceny, assaults and battery, etc., there being only one important case, that of Henry Bryan for the killing of J. M. Agostine. On the civil issue docket there are about sixty cases, and fifty-three on the summons docket. The State docket will probably contain the most of the first week if the murder case is tried. Change of Organization. The Democratic State Executive Committee has just issued a supplement to the Plan of Organization published in the JOURNAL last week. The only important change that we see is in the number of delegates to be sent to the county and State conventions. Each township may send as many delegates as it wishes but shall cast in the county convention one vote for every twenty-five voters instead of one vote to every one hundred voters as heretofore. In Sectional judicial and Congressional conventions the counties may send one delegate for every fifty voters, instead of one vote for every one hundred. In the State and National conventions they may be represented by one vote for every one hundred and fifty voters instead of three hundred as heretofore set out. And alternates must be elected by the county convention and not appointed by the delegates. Change of Schedule. We learn that the Midland road will change their schedule on next Sunday to conform with the North Carolina schedule and will come down in the evening instead of the morning. The Raleigh train reaches Goldsboro at half past nine and this will place the Midland train in Morehead as late as 9 or 10 o'clock. Can't Dr. Blackall, in behalf of his guests for the coming season, get the R. & D. authorities to suspend their schedule a little so as to get Goldsboro a little earlier? The cars now lie over in Raleigh about four hours, and if they would stop this car on the direct to Goldsboro the Midland cars could leave there by 3 o'clock and get into Morehead by sunset. If Dr. Blackall can secure this concession from the road he will be rendering his guests a great service, for no one likes to arrive at his destination in the night. It has been a great inconvenience heretofore. Closed Trade. Last Friday a man stopped at the door of Harrell's shoe shop on Middle street with a sack in his hand and inquired: "Do you have for half selling boots?" "Seventy-five cents," replied Harrell. "Well there's a little something to do to the heels, can't you do the whole thing for seventy-five—even money?" "No, must have a quarter for the heels. One dollar for the job." "All right," said the man throwing down the sack and beginning to move off. "Hold on Mister," said Harrell as he drew out a boot about fourteen inches long from the sack. "Never mind," said he, "I'll be round after this evening." Harrell knew by this that the fellow concerned in the trade closed on him, and he made the best of it. He half sold the man's boots but he says it took just one and a half dollars worth of leather to do it. He makes no more trades with a man with a sack on his shoulder without examining his feet. There are some negroes in Georgia who know how to make money and save it, as will be seen by the following figures from the Conprolter-General's report for the present year, 1881, which show an increase of \$271,179 over the previous year: Number of acres of land, 660,358; value of land, \$1,754,890; city or town property, \$1,323,043; amount of money and solvent debts, \$96,389; household and kitchen furniture, \$800,829; horses, mules, &c., \$215,021; plantation and mechanical tools, \$233,773; value of other property not enumerated, \$264,821; aggregate value of whole property, \$61,478,951.—Southern Cultivator.

New Bern Items.

Our canvasser, Mr. C. C. Taylor has gathered in 74 new subscribers for us in Hyde and Beaufort in the last two weeks. Mr. Elijah Ellis "cleans 'em up" on that Irish potato question. He showed one Monday that weighed twelve ounces. The New Bern Lodge calls the Republican Convention, held here last week, "Craven county King Master and Officer Holder's Convention." Major Dennison has received his new press and put it in the place of the old one that burst at his oil mill. He is now turning out forty barrels of oil per week. The Catalogue of the University of North Carolina for 1881-'82 is on our table. It shows 199 matriculates during the Collegiate year, of whom there are 8 Post-graduates. There are 12 resident Professors, 13 Instructors, and 11 non-resident Professor, who occasionally lecture. Prof. R. P. Pell, A. B., is Secretary, and Kemp P. Battle, L. D., is President. The necessary annual expenses, including tuition, but excluding clothing, furniture of room, travelling expenses, Society fees, and pocket money, vary from \$180.00 to \$230.00 per annum. We notice, in addition to the courses of study heretofore laid down, a Teachers' Course of two years, designed to prepare young men to be teachers, either in the public or in private schools. We notice in the Catalogue the names of two students from Hyde county, two from New Bern, and four from Lenoir county. Died. HADWICK. Mrs. NANCY CHADWICK died at the residence of Mrs. Sarah Oxley of Pneumonia on the 20th inst. The funeral takes place this the 21st inst. at the St. Andrew Chapel at 8 o'clock. The friends of the family are invited to attend. Names and Day. Mr. W. H. Oliver in opening a bale of Northern hay on yesterday found a name and part of a trace in it. Perhaps some one else may find the other name in a bale, and another may find the name of the horse which was put together would make a good outfit. Railroad Meeting. We learn that a very enthusiastic railroad meeting was held at Trenton last Saturday. It was the day appointed for the meeting of the committee from Jones and Onslow counties. Capt. E. R. Pollockville Items.

No DAILY JOURNAL-to-day: suppose somebody overslept himself. The fishing club has disbanded, and the croquet club has resumed business. We have a very interesting Sabbath School now in Pollockville with John C. Whitty as Superintendent. The lumber for the new Baptist Church in Snow Hill, which work will be commenced on it in a few days. It is a mistake about the "Fishing Club" angling in vain, for they are sure to catch an Eel every time they go fishing. If Prof. Vennor is responsible for the present cold snap, I think a committee should wait on him and ask him to hold up his hands. Mr. Oglesby returned from Carteret last Saturday with his bride, and of course the young folks of the place give him a calumny. The cool weather for the last few days has cooled the cotton look very bilious. We notice that the weather predicts a very cool and wet summer. We saw one of our merchants a few days ago having a steam engine placed in his store, and a gentleman from the country asked us if Mr. intended to give his clerks and run his store by steam. Farmers are busy chopping cotton. Some complaint of scarcity of hands. We noticed one of our farmers in town a few days ago buying a very sorry hoe for \$1.00, and he said he would give us the price he paid for it, and we will suppose he intends to use himself. Mr. S. Hudson is negotiating for a brick machine, as he contemplates going into the manufacture of brick. This machine is capable of turning out from 15,000 to 20,000 bricks per day, and will add another enterprise of great importance to this place. Mr. W. Koonce will in a few days begin work on Mr. Hudson's store, enlarging it. He is running a force of men besides his own, and will do just all he can do. He will finish J. H. Bell's new store in a few days. It is showing off now considerably with its new roof, and will be when finished the best building in town. Jones County Items. Rev. Canady Flowers, an old colored man, died on May 13th. Mr. Jacob P. Scott, who has been sick for some time, is slowly recovering. Mr. Abram Huggins, formerly of this county but lately of Craven, died on the 6th of May. Charles W. Lindsay is canvassing the county as a book agent, and is meeting with fair success. Mr. P. M. Pearsall has left Trenton for a few weeks visit to his old home in Sampson among the "big blues." Thos. C. Whitaker, late of New Bern, was arrested by the Sheriff of Craven, and is now in the hands of the Sheriff of Craven. We welcome him back to his old home. Miss Lou Edwards who has been teaching some time in Trenton will leave for Kinston. She has gained many friends in Trenton. The Methodists are going to build a nice parsonage in Trenton opposite Mrs. Price's property. Mr. Johnson of this Church preaches at Cypress Creek every 3d Sunday. Elder A. Hart of the Disciples preached at Deep Spring on the 2d Sunday of this month, and Rev. George Harrison of the Baptist Church preaches at the same place every 3d Sunday. The peach crop around Trenton bids fair to be a good one—the best for many years; Irish potatoes are fine; plumes will soon be plentiful; cabbages are ripe; and the peaches are just getting far off in the distant future. Julian Bender has returned from a visit to his home in Onslow, bringing with him a pet alligator. His "partnership seems to have a fondness for lawyers, and he has been ordered to leave Berry or Cab. Koonce goes around, Guess he wants an injunction served, or habes corpus prayed for. Onslow County Items. Mr. Benjamin Farnell and Mrs. Susan Coston—widow and widow, aged 60 and 45—were married on the 18th inst. by Noble S. Summerville Esq. Not much news to speak of. Hancock has not commenced sawing at Gano's yet, though he has come and cut the wood at work, and is now making it known generally. Mr. Charlie Russell son of D. W. Russell Esq., has the fastest horse for trotting and pacing in the county, will travel a mile in harness in less than 2.45 either trot or pace. Plenty of fish, clams and some crabs, of the finest quality on hand now, come down and get a bite. Nash Dennis will show you how to catch fish with a hook and line, and head with a net. Another school is being held on the 15th, 16th and 17th inst. A slight frost on the morning of the 17th, makes things look kinder blue, outside of that all looks well in the farming line. Miss Julia Scott, daughter of J. G. Scott, had her school here on the school on the Sound and understand the people liked her very much as a teacher. Miss Scott is a fine looking young lady and highly accomplished in every respect. Mr. B. S. Gibson and Miss Narcisus Gibson have been married on the 17th inst. by Rev. J. C. Hewett, at White Oak in this county. Col. E. W. Fonville takes the lead in fine sheep, he has about 125 or 150 head and about one-third of them are of the Scotch breed, he showed from one of them, a ram, three and one-half years old 155 lbs of good wool on one being, this ram is the father of the one being, he has been in the trade for some time and has secured 13 lbs of wool at one time as before stated in the JOURNAL. We publish to-day an unusually long communication from Onslow. It is too long to suit our ideas of a newspaper article, and we give notice that hereafter our communications will be published. MARRIED. GIBSON—HURST.—At the residence of the bride's parents, in Onslow county, Thursday, May 18th, at 4 p. m., Mr. B. S. Gibson and Miss Narcisus Hurst were united in holy matrimony by Rev. J. C. Hewett, at White Oak in this county. Col. E. W. Fonville takes the lead in fine sheep, he has about 125 or 150 head and about one-third of them are of the Scotch breed, he showed from one of them, a ram, three and one-half years old 155 lbs of good wool on one being, this ram is the father of the one being, he has been in the trade for some time and has secured 13 lbs of wool at one time as before stated in the JOURNAL. Hewett, at White Oak in this county. Col. E. W. Fonville takes the lead in fine sheep, he has about 125 or 150 head and about one-third of them are of the Scotch breed, he showed from one of them, a ram, three and one-half years old 155 lbs of good wool on one being, this ram is the father of the one being, he has been in the trade for some time and has secured 13 lbs of wool at one time as before stated in the JOURNAL. We publish to-day an unusually long communication from Onslow. It is too long to suit our ideas of a newspaper article, and we give notice that hereafter our communications will be published. MARRIED. GIBSON—HURST.—At the residence of the bride's parents, in Onslow county, Thursday, May 18th, at 4 p. m., Mr. B. S. Gibson and Miss Narcisus Hurst were united in holy matrimony by Rev. J. C. Hewett, at White Oak in this county. Col. E. W.
