The steam engine attached to the brick machine near this place, was fired again this morning, and another effort was made at making bricks.

A party went to Seven Springs to picnic today. Some of our town people who visited that place quite often last season, have not paid their first visit this year.

It is reported that W. M. Nettles will leave for Florida today. There seems to be a Florida fever about here just now.

Since the school commencing, business has been very dull in town. Some of the merchants kill time by "boxing" dog's tails.

They should remember the fate of the man with the fire crackers, about Christmas time.

The Democratic Convention of Jones met at Trenton June 17th. Jas. B. Stanley, chairman of the county executive committee, called the convention to order and explained its object.

New Berne Items.

The offices at the railroad depot are being stuccoed. Thirteen car loads of steel rails passed up the road yesterday.

The schooner Rio is on Howard's ship railway for repairs. The trip to Polkville next Saturday on the Trent will make a very pleasant excursion.

The New Berne Fire Company is erecting a new bridge in front of the engine house. The city authorities have put in nine new pumps recently. They are the old fashioned log pumps.

Messrs Patterson and Baxter have opened a sample room over Hanft's store on Middle street. The city authorities have put in nine new pumps recently. They are the old fashioned log pumps.

It was the Contender's engineer, and not him of the Neptune, who killed the alligator and now carries a peeled nose. President Best of the Midland Railway, turned out in the new palace car Monday on a trip for Morehead City.

Our telephone operators connected with Raleigh on Sunday, but nothing could be understood that passed between them. Children have their doll babies, jews harps, pop-guns etc., to play with; but the grown men of New Berne play with the telephone.

Judge Green's dwelling has received a new coat of paint. The style and colors show considerable taste by the hand that directed the work. At a meeting of the Democratic Executive Committee at the court house yesterday, E. H. Meadows was elected chairman and Philomen Holland, Jr., Secretary.

From Mr. Sam Smallwood's farm near the city we saw on Monday the best cotton stalk of the season. It was four inches high, well branched, and sprigged with "form". The New Berne carried out the following passengers on Tuesday: Miss Alice Leaman for Pennsylvania; Prof. V. de La Croix, Canada; A. D. Parr, Richmond; Messrs Dunbar and Oast Norfolk.

Messrs Dunbar and Oast, inspectors of engines and boilers, examined the steamer H. L. Cotton on Tuesday and pronounced her O. K. A number of the delegates examined for engineer and pilot's license. Watson & Street, general insurance agents, have a receipt from J. W. Willis for seventy-five dollars, insurance paid on the loss of Mr. Willis's horse. We suppose it is the first policy paid in the city of New Berne on a horse.

The first number of the Watch-Tower comes to us from its new field, Washington, much improved in its make-up. We think the editor does well in introducing a local news column. It adds much to the interest of the paper. Mr. W. M. Watson received, on Tuesday, a letter from a Raleigh gentleman, who wished to get a small boat forward. He is going there for a party of young men in Raleigh, who wanted to make a canoe trip down the Neuse to this place.

The Trustees of New Berne Academy had a meeting yesterday and appointed Messrs C. C. Clark and Wm. Hollister a committee to confer with others in the city controlling school money and report on the feasibility of uniting the funds and establishing a Graded School. We are glad the Academy is thus committed on this question. The school is to be graded now in the way to get the school in operation by September 1st.

Johns County Items. Alice Parker, little daughter of D. C. and Lucy Parker, died on Sunday night last. Aged about three years. Passengers on Steamer New Berne. The following passengers arrived on the New Berne Tuesday morning: Rev. E. M. Forbes, Rev. F. W. Eason, John W. Oast, James E. Dunbar and Miss Betty Morgan.

Brigadier General R. D. Hancock. By telegram Saturday from Governor Jarvis we are pleased to learn that he has commissioned our worthy townsman, R. D. Hancock a Brigadier-General in the North Carolina State Guard.

Serious Accident. On Monday while the old building on Mr. A. H. Holton's lot was being torn down a piece of timber fell striking Riley Moore col. on the forehead inflicting a severe wound. Dr. Duffy attended him and pronounced it not dangerous.

Magistrate's Court. Two colored women from the farm of Mr. E. B. Cox near the city, who are suffering for the want of rain. Mr. B. McCullen and lady who have been visiting the city for a few days returned to their home in Kinston on Thursday.

Struck by Lightning. Yesterday during the shower lightning struck the schooner Florence lying in the Brinson dock, tearing her mainmast to pieces and shivering the mainmast clear down to the deck. This is the second accident of the kind that has happened here within the last month.

Serious Affair at Trenton. We learned from a serious affair occurred at Trenton last Saturday between Mr. George H. McDonald and J. M. Pollock. It is said they were in a controversy about a prohibition—both claiming the right to the same. Mr. Pollock, it is said, drew a knife and stabbed Mr. Pollock in the neck, inflicting a serious wound.

Charles Whitfield Arrested. On Tuesday night Marshal Gaskill and policeman Bowden arrested Charles Whitfield, col., who struck the blow that killed Rufin Smith, on Col. Whitford's plantation in Jones county, and lodged him in jail. The Marshal recognized Charles, and he confessed that he was the man that struck the blow that killed Rufin Smith, on Col. Whitford's plantation in Jones county, and lodged him in jail. The Marshal recognized Charles, and he confessed that he was the man that struck the blow that killed Rufin Smith, on Col. Whitford's plantation in Jones county, and lodged him in jail.

Jones and Onslow Railroad. Capt. Page had a conference with Mr. Best on Monday in reference to the railroad running from Core Creek to Trenton and on through Onslow. Mr. Best accepts the propositions offered and will construct the railroad if Jones and Onslow will give bonds for \$25,000 each, to run 20 years, and not to be delivered until railroad is completed. The construction corps can be ready for work in 30 days.

Union Point Mills. Mr. J. A. Meadows, the clever proprietor of Union Point Mills, is having improvements added in order to utilize the water power. His engineer, Mr. Meadows is an extensive corn dealer, having handled near 200,000 bushels since the 1st day of January. Of this quantity he has been grinding and shipping 40 bushels per day into near his shipments extend into South Carolina and Georgia.

The Whipping Post in Pamlico. A few days ago a crowd of boys were out together near Bayboro, Pamlico county when two of them engaged in a fist fight. After the fight the boys organized a court—appointed a judge, sheriff, clerk, jury etc. and tried the two boys for fighting. One of them was found guilty. The sentence of the court was that he be tied to a tree and whipped by the sheriff, without much excitement, promptly and with great deference to the court and without much sympathy for the young criminal.

Complimentary. Thanks to Bro. Harper of the Daily Journal, for his kind notice of the WATCH-TOWER and its editor. The Journal is the most racy, spicy and newsy daily published in the State. We commend it to our readers as a paper that meets their wants in every particular.—Watch-Tower.

Beaufort Amalgamators.

On Friday last the Engineer on the steamer Neuse saw an alligator and fired on him with a double barreled gun. Unexpectly, both barrels went off together and the alligator was killed—and the Engineer met with nearly a similar fate. His nose was mashed and his eyes blacked, and he gathered himself up in good condition. There is quite a different story told about some of his neighbors, Maj. Gordon and J. W. Biddle. It is said there is much grass in their cotton that they haven't time to go fishing.

Rev. R. K. Hearne of the Free Will Baptist returned from a visit to Pitt county on Monday. He attended the quarterly meeting of the church at Black Jack. He reports that although the crops generally are small yet that of Mr. E. Stanny Dixon in the neighborhood of Black Jack is the best he says being about as good this year as usual.

Drs. E. W. Ward and Munford and Mr. Solomon Gorton of Onslow and Mr. Cyrus Foscoe of Jones arrived in the city Saturday evening according to Rev. Cohen's mode of judging, they do not come to ask for credit—they report the crops as being very poor, especially cotton.

Dr. Ward comes to meet his daughter who has been attending school at Salem. On Thursday last two colored boys, Charles Whitfield and Rufin Smith, living on Col. J. N. Whitford's plantation, engaged in a fight with hoses, when Charles inflicted a blow upon Rufin's head which caused his death on Saturday evening. Dr. N. H. Street attended Charles in his last hours. He was a dark, smooth skin negro, about five feet eight or ten inches high, walks a little knocked neck, black eyes, wears No. 9 shoes, and has a very good complexion. He weighs about one hundred and fifty pounds.

A. N. & C. R. E. We learn that Mr. E. R. Stanley has sold most of his stock—about 400 shares—in the A. & N. C. Railroad to Mr. Best of Raleigh. Mr. Stanley is now out of the Midland at the Stockholders Meeting we predict that Mr. Best will hold the winning cards. From a conversation with several leading Lenoir county men, we learn that the sentiment there is decidedly in favor of giving Mr. Best a further trial. They say that in this favor it must be that, he has more training and a quicker eye than any administration heretofore, and that so long as he does that, pays his rental, and keeps the road in repair he will keep it if he never builds the road to Salisbury.

Swansboro Items. Mr. E. M. Farnell gathered one bushel of good collard seed from his garden this week; how is that for high. A large whale came in Brown's inlet this week and was caught by Capt. Joe Bell and son, with the help of Mr. L. Fulcher and one or two others. Plenty of fine clams and fish, scallops and stone crabs if you want to get laid come to Swansboro, and if you are sick and want to get well come to Swansboro.

Mr. L. H. Cox is agent for a patent hand corn-sheller, that separates the cob from the corn, and is certainly the best thing of the kind I ever saw. One man can shell five bushels of corn per hour. The sheller is made of iron and has one of these shells. Crops are splendid, turnpots are brisk. Pitman bought 820 barrels to-day, and Matlock also a large lot. Capt. W. W. Dennis, schooner Ray, cleared this port yesterday evening at 3 o'clock. Mr. D. Hall, Wilmington N. C. Dave Ward is fairly dancing over his successful looking crop thus far; he has some of the best cotton in the county. Mr. Russell has the next best; both are hard to beat. In corn I think E. M. Farnell has the lead.

On Friday June 16th, a large and appreciative audience, composed of a representative body of the business and pleasure of Onslow county, assembled in Swansboro to witness the closing exercises of the Academy which has, during the past year, been under the able and efficient management of Mr. C. B. Brazell. The occasion was one of lively interest, and its excellence will long be remembered by those who were present.

Mr. Dan M. Farnell, a recent graduate from Trinity College, delivered the literary address which was much appreciated by the audience and the pupils. His speech was clear, pointed and eloquent. G. W. W.

Polkville Items. We were present yesterday at the closing exercises of the school at Polkville. The exercises were of a high order. The speeches by the students were very good indeed, and the reading by Misses Cattie Rhodes and Hattie Foy was also very good. The business interests of Polkville are doing well. The school will be closed on Monday. We do not like to make any particular mention, as they all did so well.

After the school exercises, Mr. Rhodes introduced Mr. P. Holland, Jr. of your place who delivered an address to the audience. His subject was, "Is this a progressive country?" He handled it well. He is a very intelligent and deserving young man, as well as a good speaker, and we believe that some day, our "old friends" in this city at the hands of New-ton White's speech "took the cake."
