

WAYNE ONLY COUNTY SO FAR TO COMPLETE OFFICIAL COUNT VOTES

ADDITIONAL RETURNS MAKE LITTLE CHANGE IN EARLIER FIGURES

J. B. HOOKS MAJORITY IS 220

Second Primary Probable to Determine Nominee for Register of Deeds; Uzzell Is Defeated for House by Thomas I. Sutton; Much Complaint Over Slowness of Returns.

Meagre additional and somewhat incomplete returns from eight counties in the Third Congressional district received by the Goldsboro News and the News and Observer last night indicated a slight reduction in the vote of each of the seven candidates without shifting the position of any.

Wayne alone of the nine counties tabulated its vote as reported officially by the various precinct officials but unofficial figures from Onslow, Duplin, Craven, Jones, and Carteret were thought to be essentially correct. Pamlico's vote, also, was said to be by official count but uncertainty attached to the returns reported from Pender and Sampson.

The best available returns last night, compiled, give the following results:

Table with 2 columns: Name and Vote. Includes Charles L. Abernethy (5,174), Matt H. Allen (3,623), S. H. Hobbs (2,337), Hampton D. Williams (2,461), and Scattering (1,491).

Hooks Is Nominated.

Final compilation of the Wayne county vote completed late yesterday afternoon showed Clerk of the Court John B. Hooks nominated to succeed himself over Frank B. Latham and James A. Smith by a majority of 220. The vote was Hooks 2044, Smith 1151 and Latham 581.

Thomas I. Sutton and Arnold W. Byrd are the nominees for the House of Representatives. The five county commissioners named are Luther A. Raney, C. F. Herring, Jr., George W. Williams, Clarence R. Aycock and E. A. Stevens, Jr.

With the exception of Mr. Aycock, all the nominees are new men. Thomas R. Robinson was nominated coroner over C. C. Baker and it will take a second primary (if requested) to settle the nomination for register of deeds, Milford Aycock with 647 votes running second to Register Grantham, who received 1522. Avery's Majority 1371.

The biggest majority returned for any candidate participating in the Wayne primary was in favor of Clawson L. Williams, young Sanford attorney, who carried this county by a vote of 1434, receiving 246 votes for the solicitor's nomination against 1062 returned for Mr. Siler, incumbent. The second largest majority was returned for A. C. Avery, of Morganton, against Corporation Commissioner W. T. Lee, of Raleigh, Mr. Avery receiving a majority of 1371.

The corporation commission's chairman was claiming renomination last night by 18,000 votes, according to figures furnished by the Lee managers, while returns from sixty three counties furnished the News and Observer indicated that his majority was less than four thousand.

Returns "Gummed Up."

With apparently no reason for the delay, kicks are being registered all over the district at the failure of election officials to make public the primary returns. At a late hour last night no complete figures could be announced from Craven, the Congressional vote in that county being an estimated one. The same situation was true in Carteret and particularly violent protests were being registered here against the apparent lethargy of the Sampson and Pender election boards.

Something of a similar situation exists with reference to the judicial vote in the Sixth district where Henry A. Grady, of Clinton, is leading in a five cornered race with George Ward, of Wallace, running second, according to such returns as have been received.

Congressional Vote By Counties.

Following is the apportionment of the Third district Congressional vote as compiled last night on the basis of such complete official and unofficial returns as had been received:

Table with 6 columns: Name, Craven, Carteret, Pamlico, Jones, Onslow, Duplin, Pender, Sampson, Wayne, Scattering, Total.

Long Time to Count

It required the better part of yesterday to collect and compile the returns with surprising slowness marking the reports coming in from the second and third Goldsboro wards, the court house and the old Arlington hotel.

Milford Aycock of Fremont, with a vote of 647, will probably enter a second primary against Register Grantham, the latter lacking 643 votes of obtaining a majority over the field. J. S. Edwards, with 640, was just a wee bit behind Aycock and only one hundred ahead of the only woman candidate, Miss Johnson received 240 and J. C. Roberts 338.

Uzzell Is Defeated

The outstanding surprise in the county returns was the defeat of Robert P. Uzzell, one of last year's members of the lower house. He lost in the three cornered contest to pick Olive nominees, Arnold W. Byrd of Mt. Olive receiving 2,389 votes and Thomas I. Sutton, another eleven hour entry in the field and a more or less unknown political quantity, 2,172 votes against 1,280 cast for Uzzell.

Although Uzzell ran ahead of Sutton in every one of the four Goldsboro boxes, the new comer in the field swamped him in Buck Swamp. Great

ALLEN MANAGER IS GRATEFUL; CONFIDENT VICTORY JULY 1st.

Expressing the gratitude of himself and his candidate for the first primary support and the confidence of ultimate success in the second primary, Mr. George C. Koenig, manager of Major Matt Allen's campaign, last night issued the following statement: "From all the reports so far received it appears certain that Maj. Allen will be the second primary. In his behalf I wish to express his thanks and deep gratitude to his loyal friends and sympathizers for their active support during the campaign. I know that hundreds of these are highly desirous of his final success, and to all I wish to say that if there is no let up in their efforts he will be nominated in the second primary by a handsome majority. The fact that Maj. Allen's lead was secured over gentlemen of recognized strength and character, all having intensely loyal and hardworking friends, is a testimony to his worthiness to become the representative of all Democrats in the county that the friendly contest of the primary has been decided. With the acquisition of strength that naturally comes to him from the friends of other candidates, who by proximity and otherwise, would naturally have him as their second choice, I feel the greatest assurance of success. To all of these Maj. Allen will, of course, be deeply grateful for their support now that the fortunes of the first primary have taken their first choice from the contest."

CHOIR REHEARSAL FOR HAWK MEETING

Big Tent Arrives in Goldsboro But Weather Man Interferes With Erection.

Two car loads of canvases and poles, comprising the Ham-Raney tent, arrived in Goldsboro yesterday, and as soon as the weather permits the tent will be erected. Every effort will be made to get the canvases in the air by tonight for a choir practice. Mr. Ramsey announced last night that the practice will be held in the tent at 8 o'clock tonight if the weather allows the big top to go into position.

In case the tent is not in the air the practice will be held in Hurst Studio in the Grant building. Mr. Ramsey wishes all those who sang in the choir last summer, and all those interested in the music of the meeting, to be present at the rehearsal tonight. Those who have worked with tents find it impossible to get one in the air if it is wet before going up. All manner of water on the tent after it is up makes no difference to the tent man, a shortened rope here and a hitch to a pole over there will take care of the stretch or shrinkage. But if the water reaches the canvases before it is spread, mildew sets in and it is impossible to make the tent cover the proper amount of ground.

ANNOUNCES FOR NEXT RACE

Miss Mamie Johnson phoned The News last night to say that she wished to thank the friends who supported her in the race for register of deeds for their efforts, and also to say that she would be in the race two years from now.

WILLIAMS THANKS WAYNE DEMOCRATS

Lee County Lawyer Carries Four of Five Counties in District.

"Please say to the Democrats of Wayne that I feel exceedingly grateful to them for the handsome vote given me in Saturday's primary," Clawson L. Williams, of Sanford, telephoned The News last night.

Mr. Williams, selected by the democrats of the Fourth judicial district as the party candidate for solicitor to succeed Solicitor Walter D. Siler, of Chatham, received a total majority in the five counties of the district in excess of 3600.

Solicitor Siler carried only Chatham, his home county, Mr. Williams carrying Wayne, by 1434, Harnett, by 1100, Lee by 1700 and Johnston by 600. Mr. Siler carried Chatham by approximately 1,000.

The new party nominee is, or will be after the November election, one of the youngest solicitors in the State but brings to the office a highly successful law practice of ten years in his home county.

The objection to vacation leave affairs is some play for fun instead of playing for keeps.

FAIR PRICE AT MINES WILL BOOST RETAIL PRICE COAL \$1.75 HOOVER INFORMED

CONFERENCE BECOMES COLLOQUY

Commerce Secretary Declares He "Simply Will Not Stand" Blame Being Shifted to Operators, Asserting Retailers Owe Some Obligation to Public Also.

WASHINGTON, June 5.—Retail coal prices "will rise" as much as \$1.75 a ton because of the advance in the price of coal at the mines and the agreement reached last week with operators in the producing field, Secretary Hoover was informed today by Roderick Stephens of New York, chairman of the board of directors of the National Retail Coal Merchants' association.

Mr. Hoover met with about 40 members of the association to discuss the co-operation of the retailers in the commerce department's effort to prevent "run away" coal prices during the strike, but the conference developed principally into a colloquy between Mr. Stephens and Mr. Hoover over a probable increase in the price of coal to the household.

The necessity for advancing the retail prices, Mr. Stephens said, was due to the prices fixed by the operators and the long transportation now necessary from nonunion fields. Arrangements fixing fair prices with operators, however, he added, had modified rises in the retail prices which might have reached even higher levels. Mr. Hoover declared that he "simply would not stand" for retailers blaming the increases on the fair-prices fixed with the operators, asserting that the wholesale price of coal had been reduced considerably and that those who had coal under contract were under a moral obligation to pass the benefits of the fair prices onto the public.

Mr. Stephens maintained that very few retailers had coal under contract and that only a small tonnage and that there would have to be an increase in the price of retail coal due to the rise at the mines. He offered to co-operate with any committee set up by the department to handle the coal price situation.

HEAD GEORGIA G. O. P. DRAWS FIRST CHARGE WAR FRAUDS PROBE

WASHINGTON, June 5.—Lewis Phillips, chairman of the Republican state committee for Georgia, came here from Philadelphia late today and appeared, accompanied by a deputy United States marshal, at the office of Isaac H. Hill, United States commissioner, for preliminary hearings on the warrant sworn out against him Saturday in connection with the war frauds investigation.

SCHOOL BONDS BRING PREMIUM

School Board Sells \$300,000 At Figure Which Makes a Record for N. C. Cities.

In its sale of \$300,000 school bonds last night, Goldsboro established a record for bond sales by North Carolina cities of similar size. Selling bonds bearing interest at only 5 per cent, the school board will receive a premium of \$2,460. The successful bidders were Stacy & Braun of Greensboro, N. C., and Toledo, Ohio, and Detroit Trust company of Detroit, Mich., who submitted a joint bid for the bonds.

The bonds are serial bonds, maturing over an average period of about 19 years. The interest rate basis of the successful bid is 4.92 per cent. Local bankers state that this basis would mean a premium of about \$10,000 for 6 per cent bonds. Last August when these bonds were voted, the best price the board could have received for the bonds would have been a discount of between \$10,000 and \$15,000 for 6 per cent bonds. The board thus believes that by waiting ten months to sell these bonds they have received at least \$50,000 more than they would have received.

Proceeds from the sale of the bonds will be used in the main for two new buildings, a Walnut street addition and a building for the colored children, and for extra playgrounds at the Williams and Walnut street schools.

The basis of 4.92 per cent, seems to local bond men exceptionally good in view of the fact that government victory bonds are selling on a basis of 4.75 per cent, in other words at only a slightly better price than the Goldsboro bonds. The price received is much better than that received by Rocky Mount and Wilson in recent bond sales, neither of which sold bonds bearing a lower interest rate than 5 1/4 per cent. It is also better than the price received by Wayne county several months ago for its funding bonds and by the city of Goldsboro for its street bonds, the former selling 5 1/2 per cent bonds and the latter 4 1/4 per cent bonds.

The following bids were received in addition to the successful bid: Breed, Elliott & Harrison of Cincinnati, premium of \$1,285 for 5 per cent bonds.

Peoples Bank & Trust company, Goldsboro, premium \$4,510 for 5 1/4 per cent bonds.

National Bank of Goldsboro, premium \$5,819 for 5 1/4 per cent bonds.

THE VOTE IN CRAVEN.

(Special to The News)

NEW BERN, June 5.—The completed vote of Craven county in the congressional primary is as follows: Abernethy 2211; Allen 2281; Hobbs 1341; Robinson 55; Williams 56; Carr 2; Whitfield 2.

Supreme Court Holds Labor Organizations Amenable Trust Law

Late Wire Flashes

MOB AFTER NEGRO.

THOMASVILLE, N. C., June 5.—Crowds of men and boys estimated at three thousand in number tonight were searching the woods surrounding Prospect church three miles south of here for a negro who attempted to assault an eighteen year old girl late today.

According to the young woman's story, she was accosted and dragged into the woods as she was walking along the highway near her home. Her screams frightened the negro away.

ELIMINATE CIENZO.

WHITE PLAINS, N. Y., June 5.—Grand jury investigation having been postponed until tomorrow, interest in the Ward-Peters shooting mystery centered today on the efforts of James Cunningham, held in jail as a material witness, to obtain his liberty and elimination by the Philadelphia police of John Cienzo as a figure in the case.

Supreme Court Justice Seeger before whom Cunningham was brought on a writ of habeas corpus, held that Coroner Fitzgerald had no right to detain Cunningham as a material witness and ordered him released.

PROBST TRIES SUICIDE.

NEW YORK, June 5.—August Probst, alleged victim of "imaginary unrequited love," whose deportation to Switzerland has been set for tomorrow, slashed his wrists in the solitude of his cell in the psychiatric ward, Ellis Island today.

His act was discovered by attendants a few moments later. They hurried him to the island hospital where several stitches were taken and he was pronounced out of danger. Officials claimed they were at a loss to explain Probst's deed or to locate the instrument with which it was committed. They have kept all possible suicide weapons, they asserted, since he was imprisoned following his charge that detectives abducted him from the Piping Rock club near Pittsburg to terminate his affair with a prominent society girl.

EXPECT STRIKE VOTES.

CINCINNATI, O., June 5.—Concerted action against reductions in wages of railroad workers recently made by the United States Railroad Labor board will be the principal matter to be considered when heads of eleven rail labor unions go into session here tomorrow.

The conference was called by B. M. Jewell, president of the railway employees department, American Federation of Labor, who will also preside at the session. Leaders who arrived here today held informal conferences and discussed ways and means to bring the question of wage reductions before their memberships.

Strike votes are expected in every organization it was said each union taking its vote separately according to its own constitution.

AUTOMOBILES COLLIDE

An accident, which proved not to be serious, happened yesterday afternoon about 5:30 o'clock when an Overland and a Ford ran together at the corner of Park avenue and William streets.

The Ford was driven by Mr. H. W. Ward, a clerk at the Kennon hotel. With Mr. Ward was Mr. Hayden Griffin, son of Mr. E. E. Griffin. Mr. Griffin struck his head against the top of the car and his right arm and right side against the car, but was not seriously injured.

The Overland was driven by Mr. John Whitley, an employe of the Parker Motor company of this city. Both cars were somewhat torn up, but the Ford got the worst of the beat. The Ford had a bursted radiator, a torn up running board, and a blown out tire as a result of the accident; the Overland having only a broken front axle.

The two cars were coming at right angles to each other, the Ford coming from Park avenue, east, and the Overland from William street, north, when the collision took place.

LIABLE PROSECUTION FOR RESTRAINT OF INTER STATE TRADE

Appeal in United Mine Workers Case From Arkansas Is Finally Decided.

HUGE DAMAGES ARE SET ASIDE

WASHINGTON, June 5.—Deciding the celebrated Coronado coal case, the supreme court today held that labor unions are liable. Chief Justice Taft, in announcing the decision, did not indicate any dissent.

The case which presented the questions passed upon by the court was an appeal by the United Mine Workers of America, District No. 21 of that organization, and its officers, 27 local unions in that district and their officers and 60 individuals, some of the latter not members of any union, from a decision by the United States district court of Arkansas, approved by the circuit court of appeals, holding them guilty of violating the Sherman anti-trust act during coal mine strikes in Arkansas in 1914, and imposing damages of \$200,000, which were trebled under the anti-trust law.

The effect of the decision today will be to set aside the damages. The United Mine Workers of America requested the jurisdiction of the federal courts on the ground that being an unincorporated association of mine workers it was not subject to prosecution under the Sherman anti-trust law. But the supreme court announced that labor organizations are liable in such courts for their acts, and accumulated to be regarded as individuals for the purpose of determining strikes are subject to suits for torts committed by unions in strikes.

On the ground that there was no evidence to show that the board of the United Mine Workers authorized the strike or to its preparation for it or its conduct or had ratified it or any of the expenses, the court concluded that the intervention and enforcement should not be held by the trial court. The joint liability with the local organizations and officers in participation in the conspiracy to obstruct the destruction of property incident to the strike.

SIT SATURDAY ON RAILROADS VS. STATE

(Special to The News)

RALEIGH, June 5.—Federal Judges Waddell, Boyd and Connor will sit here Saturday to hear the latest motion of the five railroads in their suit against the state. Under a new legal technicality, they are again seeking to postpone payment of taxes in dispute pending the final settlement of their case by the United States supreme court.

Their honors refused to hold any collection of taxes some months ago and recently the supreme court and likewise. Under a new legal term, however, the Southern, Seaboard, Atlantic Coast Line, Norfolk-Southern and Atlantic and Yadkin have come back.

The supreme court announced that decision in the tax case will come next fall. This announcement came with the refusal to hold up the collection of the disputed taxes, and the roads' attorneys' effort to cause the court to postpone until after a final decision. The amount of taxes involved is about \$750,000, due the state and counties.

CLAIMS IRREGULARITIES IN SAMPSON VOTE.

(Special to The News)

RALEIGH, June 5.—The first report of irregularities in connection with Saturday's primary was contained in a telegram to the state board of elections from Henry E. Falson, of Clinton, today, he alleging the voting of Republicans in large numbers in Sampson county.

The republicans, he contended, voted in the third district congressional vote and in the judicial contest in the Sampson district. Chairman Pearson of the state board, issued a comprehensive ruling, barring republicans from participation, some weeks before the primary.

N. J. EDWARDS DAMAGED BY FIRE

Mr. N. J. Edwards, who keeps a sporting goods store next door to the store occupied by Tonkin and company, has been walking about in his store in rubber boots since the fire. The fire burned his roof so badly that the rains since have had no mercy on him. The water from the fire damaged his goods very much and the water from the rain since has been a bad. Mr. Edwards is part owner of the building that was burned, but as this insurance was sufficient to cover loss, and he also carried rent insurance, his stock of goods next door is where his damage is.
