Revivalist Calls Sinners To Hit The Sawdust Trail

AND TWENTY-ONE RESPONDED TO THE FIRST INVITATION

Saturday Will Be Wayne County Day When The Folks Will Picnic

SERMON ON THE FIRST OF TEN COMMANDMENTS

By R. S. PICKENS

Last night was a "first night" at the tent. Mr. Ham preached a brand new sermon to start with, and extended the first altar call of the campaign in Goldsboro.

Saturday will be Wayne County day. Mr. Ham will preach three times to the people of the rural district, at ten in the morning, 3 o'clock in the afternoon and again at 8 o'clock at night.

Friday afternoon the party will motor to Fremont for service at 4:30 o'clock. The cars will leave the Kenyon hotel at 4 o'clock.

Nine Million In Road Bonds Sold

RALEIGH, June 20.—New York bankers today exercised their option on nine million dollars worth of 4-1/2 per cent highway construction bonds, taking them at 101.

Governor Morrison and the council of state were not surprised at the exercise of the option. The bond market has been improving and state bonds have been bringing a good premium, today's premium being a thousand dollars for each million of bonds.

The syndicate of bankers making the purchase consists of Bankers' Trust company, the First National bank of New York and other financial institutions. Today's sale brings the total for highway bonds to about nineteen million dollars.

BONUS BILL IS MADE SPECIAL ORDER WHEN TARIFF BILL PASSES

Wash's Motion to Substitute Bonus For Tariff Laid On Table

SENATORS WARN THEY WILL PRESS FOR ACTION

WASHINGTON, June 20.—The soldiers bonus bill was made today by a vote of 52 to 8 the special order of business of the Senate immediately after the final vote on the tariff bill, unless it is disposed of before that time.

Adoption of a motion to this effect came after an all day fight at the outset of which an effort to get the bonus bill before the Senate failed.

Senator Walsh, democrat, Massachusetts, who made a formal motion that the tariff bill be displaced by the bonus measure.

Senator Watson, republican, Indiana, moved to lay this motion on the table and his motion prevailed, 61-22.

With the announcement of the result of this vote, the bonus row began in earnest and waged continuously for five hours.

Commander Tom Bird of the American Legion, and Hon. Walter C. Cohoon, of Elizabeth City, attorney for the State Highway Commission, made brief addresses to the Rotarians last night at their regular weekly dinner at the Kenyon.

Commander Bird spoke of the work that the Legion wishes to do and said that this embraced continued care for the disabled soldiers and the inculcation of American principles, and the formation of boy scout bands.

Mr. I. O. Robinson of Richmond was another guest of the club for the evening.

LABOR SIDESTEPS SHARP CRACK AIMED AT KU KLUX KLAN

Adopts Substitute Resolution Opposing "Invisible Government"

URGES ACCEPTANCE HENRY FORD OFFER

CINCINNATI, June 20.—The American Federation of Labor convention today sidestepped a resolution branding the Ku Klux Klan as "defamatory to labor, adopting in its place a committee resolution declaring opposition to any one parading the streets in disguise to inspire the belief that the paraders represent "an invisible government."

The convention went on record as favoring acceptance by the government of Henry Ford's bid to lease the Muscle Shoals water power project. The resolution that was adopted directed the Federation's executive council "use all haste possible in bringing pressure to bear on Congress to secure favorable action at the present session on the Ford contract to develop Muscle Shoals."

PRICE OF CANTALOUPE DROPS IN NEW YORK

NEW YORK, June 20.—Cantaloupes in the wholesale market today cost only a little more than half of what they sold for yesterday due to heavy shipments from California.

Georgia crates fell from \$2.50 to \$1.50 and some were turned back for the railroads to dispose of.

DANIELS DISSOLVES ROAD INJUNCTION

Settlement Agreed Upon in Action Against Highway Commission

Judge Frank A. Daniels, in Chambers here yesterday, dissolved the temporary injunction obtained several days ago by the Realty Development Company, of Goldsboro, against the State Highway Commission on account of excavations that were being made in the Edgewood development of the plaintiff company.

The hearing yesterday was a rather extended affair, lasting practically the entire day. Walter L. Cohoon, special attorney for the State Highway Commission, and Kenneth C. Royall, of Goldsboro, appeared for the State commission and Don C. Humphrey represented the Realty Development company.

While the questions of law involved in the injunction suit were not passed upon by Judge Daniels, attorneys stated that a case on all-fours with the Wayne case had been recently determined by the Supreme court. It was stated that a compromise, satisfactory to both parties to the suit, was reached and the withdrawal of the action paving the way for the signing of the order dissolving the temporary injunction.

The settlement effected according to the attorneys, provides that the dirt which has been removed by the construction forces in order to furnish a borrow-pit is to be placed by the commission, the excavating expense to be borne by the Realty Development Company.

Work on the State highway will not be suspended in any way. Paving of streets in Edgewood is going rapidly ahead. The contention of the plaintiff company was that the excavations necessary to the borrow pit injured the development of the suburban property and damaged its value.

The adjustment, it was further stated by the attorneys, is such that property values are now enhanced and the original program, contemplating pavements, sewer and other improvements, can go ahead.

MARKETING BATTLE IN SOUTH CAROLINA

In Point of Closing Lists For Season Usual False Reports Are In Circulation

RALEIGH, June 20.—Judge C. A. Woods, Circuit Judge of United States Court of Appeals, fourth circuit, and well known planter of Marion county, South Carolina, joined the list of leading tobacco growers from South Carolina who have signed the contract of the Tobacco Growers Co-Operative Association within a week.

Following the lead of the large planters who have recently chosen the co-operative association as their marketing agency, many tobacco farmers are now making haste to sign before it is too late to market this year's crop at the 38 cooperative warehouses in South Carolina.

CITY SINKS BUDGET \$8300.00 FOR YEAR

With Original Budget Cut \$56,000, City Manager Lives Within Income

For the first time in years, the books of the city of Goldsboro at the close of a fiscal year show a surplus. With its original budget of \$56,000 because of the legislative defect in the municipal finance bill, the city has lived within the reduced estimate of running expenses and has a total balance, as of June 1, of \$4386.55.

Members of the finance committee attribute this saving in the expenses of city government to the efficient administration of City Manager W. M. Rich. According to the board, the record here is not only an unusual one in Goldsboro but is almost an unprecedented accomplishment in municipal government in North Carolina.

The general fund statement and the water surplus statement were presented to the board of aldermen at the regular meeting Monday night at which time the budget for the ensuing fiscal year was presented and considered. No action was taken but it is assumed that it will be adopted at the coming meeting as recommended by the finance committee.

Operations of the water department cost the city, actually, \$41,663.75 as compared with an estimated budget for the department of \$48,555. The total operating expense of the city amounted to \$169,790, as compared with an estimate of \$177,000. Exclusive of the water department, the expenditures amounted to \$127,926.75 as compared with an original estimate of \$130,495.

Late Wire Flashes

PREDICTS DISASTER CHICAGO, June 20.—Disaster for the striking railway unions and unfortunate results for their membership was predicted to follow the threatened walk out on which a strike vote is now being taken by nine railroad labor organizations in a letter from Ben W. Hooper, chairman of the Railroad Labor Board, to the union leaders today.

ATLANTA GOLFERS WIN ATLANTA, Ga., June 2.—The Atlantic Athletic Club with the remarkably low score of 308 was conceded the team trophy in the Southern golf championship at Eastlake late today, although the other teams had not finished.

culated against the marketing association at the border marketing points of North and South Carolina as revealed by a telegram from Lumberton recently received at headquarters of the Tobacco Growers Cooperative Association, enquiring as to a report that a thousand growers were suing the Burley Association of Kentucky. "Absolutely false," was the term applied to these rumors by William Collins, assistant chief of field service for the Burley Tobacco Growers Cooperative Association.

In answer to a telegram of inquiry from headquarters of the Tri-State organization, Mr. Collins telegraphed as follows: "Report that thousand growers are suing Burley Association is absolutely false. Members are well satisfied everywhere and sign-up continues. Six hundred forty new contracts received last week and over five hundred this week. About five thousand members added since warehouses closed. Are confident of ten thousand more before next crop delivered."

The United States Department of Agriculture has just made public information from Denmark that the Danish Cooperatives continue to prosper despite the economic depression in European countries.

According to this information the Danish Cooperative Wholesale Society, composed of 1,800 local co-operatives with nearly 350,000 members, increased to \$87,000,000 in 1931, and this despite industrial depression, unemployment and fierce competition by private interests.

WASHINGTON, June 20.—President Harding tonight gave formal approval to plans of Republican leaders in the House to bring the administration ship subsidy bill to a vote at this session immediately after the tariff bill has been sent to conference by the house.

The President's position was stated in a letter to Representative Mondell, of Wyoming, the Republican leader, which embodied also detailed arguments advanced by Mr. Harding in favor of enactment of the measure at the present session.

Public interest will not admit of a postponement of decision on the policy to the next Congress or the approaching short session, the President said, but advantage will result in a delay of a short time while house members particularly many of whom are now away from Washington, consult their constituents. The subsidy bill he declared is needed to get the government's ship holdings into private hands and into economic usage, if for nothing else, and this question he held "not to be prejudiced by the old and worn-out cry against subsidy."

MANY DESTITUTE IN LAREDO TEX FLOOD

Bodies of Several Flood Victims Are Found in the Rio Grande

LAREDO, Texas, June 20.—Hundreds of Mexicans were rendered destitute, scores of houses smashed away, the Laredo lighting plant put out of commission and much live stock lost when the Rio Grande reached a crest of 45 feet here today and spread out over low lying sections of Laredo and Nuevo Laredo, opposite.

Government offices were flooded and only part of the rail of the new international bridge connecting Laredo and Nuevo Laredo was visible above water. Waters which swept between the two Laredos at unprecedented swiftness and at the highest stage ever recorded here carried a long wreckage of houses and bridges and two bodies were seen. A mass of wreckage piling against the international bridge is threatening to wreck it. Rumors that another rise is coming down the stream caused increased anxiety here.

SAN ANTONIO, Texas, June 20.—Twenty-one thousand acres of Rio Grande valley land with crops valued at \$2,500,000 are flooded in Hidalgo county, a fresh rise in the lower reaches of the Rio Grande as the result of flood waters which came down late yesterday from the San Juan river in Mexico, while the cloudburst flood up the upper river is nearing its crest, summarized the border flood situation early today.

Meanwhile the fate of 18,000 inhabitants of Piedras Negras, Mexico, across the river from Eagle Pass, isolated since rain and highway bridges were swept out Sunday night, is causing grave concern. The city is surrounded by water and the food supply is thought to be short.

The flood stage at Laredo this morning was 27 feet and rising. Late last night a stage of 40 feet was reported at Palafox, 62 miles upstream, and that border village was threatened with inundation. Apparently the flood is traveling at the rate of 13 miles an hour. Its crest probably will not reach the swollen stretches of the lower Rio Grande before late Wednesday.

The section situated in the Hidalgo and Cameron counties, contains nearly 20 prosperous towns and is a highly developed agricultural section settled largely by farmers from the middle western states. The total population exceeds 300,000.

TAFT IS GIVEN LIVELY GREETING Chief Justice of Supreme Court "Captured" By London Newspaper

LONDON, June 20.—(By The Associated Press.)—Large forces of London's men of the pen, the pencil and the camera laid siege to William Howard Taft today and captured him bodily. His ranks comprised newspaper men, photographers, moving picture operators and cartoonists, all clamoring at once to see the chief justice of the United States. He finally surrendered to all four divisions, being interviewed, photographed and caricatured at the same time.

Otherwise, the chief justice's second day in London was spent for the most part in visiting the English law courts. He later called on King George, to whom he presented a message of greeting and friendship from President Harding.

GENERAL CARR IS CENTER OF TOUCHING SCENE DURING OPENING VETERANS REUNION

Mr. Bailey Expects To Clean Up State

RALEIGH, June 20.—"I have no reply to make to John W. Hindsdale's attack on me last night," J. W. Bailey said today. "He said that I was a liar and that I am insane. What can a man say in the way of a reply to that?"

Mr. Bailey said he was home reading an interesting book when friends called on him to report the speech and ask him to make a reply. "I knew my Monday night speech would bring all this about and I was prepared for it. But I said it for a purpose. When I really go out to fight I am going to show them to North Carolina, and the Lord knows it needs it."

Mr. Bailey said he would make no further speeches in the seventh district solicitorship contest. He expressed satisfaction at his part in it, and reiterated that he was for W. F. Evans, Hindsdale's opponent, because he is fighting the "underworld."

ASSOCIATION WILL OPEN MORE THAN 200 WAREHOUSES

Three States Organized To The Limit With Grower Choosing His Own Market

EXPECTED TO SEEK FRIENDLY CENTERS

RALEIGH, June 20.—With 98 warehouses in the North Carolina belt, the tobacco growers cooperative marketing association is ready to give its members unparalleled service for the orderly marketing of their tobacco, according to T. O. Watkins, Jr., director of warehouses and R. R. Patterson, general manager of the association, who reached Raleigh today for the meeting of the full board of directors of the giant cooperative.

Surpassing all expectations of the equipment which could be secured to accommodate its 72,000 members, it was announced today that the association will open 95 warehouses in the North Carolina belt, 56 warehouses in the South Carolina belt, and 56 warehouses in the bright, dark and the sun-cured areas of Virginia.

Each grower member of North Carolina will be given the opportunity to choose his marketing point, by filling out a postal card stating the market of his choice and other information to help in selling his crop. Each cooperative market will thus receive a list of its members who have signified their intention of delivering their tobacco at that point so that preparations may be made to pay them there.

Appointment of managers has been made in approximately 90 percent of the markets for the three states and men have been selected for the balance, according to Director Watkins. Today for the meeting of the full board of directors of the giant cooperative, a floor manager and several clerks will be stationed at each warehousing center of the three states.

Manager R. R. Patterson, of the leaf department, formerly in charge of the leaf department of the American Tobacco Company, showed the great saving which the association will gain by having one force of graders in place of the large corps of buyers who represent from three to six tobacco companies, in addition to the pin-hooking speculators who will be eliminated from the warehouse floors of the cooperative association.

That merchants, bankers and boards of trade, and citizens from three states have given their support to the organized tobacco farmers was impressively shown today by the fact that eight warehouses in the three states are being built to accommodate the association and will be turned over to the organized growers at cost.

Nashville, Reidsville, Norlina, Walston, N. C.; Florence, S. C.; Ashland, Va.; Columbia, Va.; and Brakely, Va., are among the list of towns whose citizens are backing the farmers to the limit by arrangements to build the necessary warehouses for their organized growers.

As the choice of the growers from South Carolina is indicated by the receipt of hundreds of postal cards at headquarters of the warehouse department this week it seems certain that these towns which have sided the association will reap a rich reward in the future patronage of these growers who are seeking to ally themselves with friendly centers.

God Bless You All, I Love You," He Says to Congress in Low Voice; Davis Defended From Southern Critics, Loudly Excoriated and Wilson Excoriated

RICHMOND, Va., June 20.—"God bless you all, I love you," he said to Congress in a low voice; Davis defended from Southern critics, loudly excoriated and Wilson excoriated.

Then a storm of applause followed as he declared that the Southern South stands for the same freedom which prompted the South to secede from the League of Nations, and that "whatever Henry Cabot Lodge has done for the South is more than to be for."

Addresses of welcome by E. Lee Trinkle and Mayor George W. Lee followed. Mr. Trinkle stressed what they said was the Christian leadership of the movement, fought in the past between the South and the League of Nations, and that "whatever Henry Cabot Lodge has done for the South is more than to be for."
