Hell Is Heaven's Garbage Heap Says Evangelist Ham

If You Can't Believe the Bible When It Says There Is a Hell, You Can't Believe It When It Says There Is a Heaven...

By R. S. PICKENS

The very fact that we have garbage heaps in our cities and graveyards all over the country is sufficient proof of the fact that there is a hell...

Pracher Feeling Better Mr. Ham was in better shape physically last night, stating before the service that he was feeling fine.

The last named song was written and arranged by J. P. Moorman, who lives in Bristol, Tenn.

Back several years ago when the writer was just entering the newspaper game, Mr. Moorman was singing in Mr. Roddeheaver's choir.

Letters from his wife and daughter, received several days ago by Mr. Ramsay, indicate that the press box at the Ham Ramsay meeting is in danger.

Now Miss Rosalind Ramsay inherited her mother's beauty and her father's happy disposition, and with the combination, she broke numerous hearts all over the South.

Morning Service Good The morning services at the tent are gaining in attendance and interest.

Last night's sermon: I once saw a man who was attending a funeral hastily get out and jump upon one of the waiting carriages...

Senator Simmons Preparing Bill

A telegram late yesterday afternoon from Mr. Frank A. Hampton, secretary to Senator Simmons, to Mr. R. F. Beasley, Editor of the Goldsboro News, says: "Glad to advise that Senator Simmons has obtained from the post-office department a formal statement that the department will approve and support a bill for the substantial enlargement of the post office building at Goldsboro."

FRANK A. HAMPTON, Secretary to Senator Simmons.

BIG WATER POWER FUTURE FOR SOUTH

Vice President Southern Railway Speaks at Asheville Conference

ASHEVILLE, June 21.—The present industrial status of the South is merely a forerunner of what will be accomplished when the potential water powers are developed, declared Lincoln Greene, vice president of the Southern Railway, in an address to the Water Power conference of the Southern Appalachian states.

Mr. Greene deplored the fact that raw products are shipped in huge quantities to northern factories for manufacture and then brought in the completed form by Southern people while a million horse power of energy is going to waste in the mountain streams.

Speakers today made pleas for closer cooperation between State and Federal agencies and private and corporate interest in conserving and developing the water resources.

carriage off at break-neck speed. You say that was an outrage. You hastily pass judgment, without knowing anything about it.

Rough Language Necessary These incidents show you people who object to my vigorous language and unusual methods how silly you are.

I have been told that a preacher in this town was talking with a young lady one evening when he heard his church bell ring. It was prayer meeting night; but he was annoyed by the bell; saying he had intended to give orders not to ring it, as he wanted to go to a dance.

Regular warriors likely criticized Samson for using an old bone as a weapon; but none of them slew as many men with a sword as Samson did with the bone.

What Does the Bible Say of Punishment? What does the Bible teach about...

What does the Bible teach about... (Continued on page 5)

RECOMMEND FOUR NEW AMENDMENTS TO CONSTITUTION

Labor Policy Committee Would Let Congress Have Veto Over Court

"JUDICIAL OLIGARCHY" THREATENING PEOPLE

CINCINNATI, Ohio, June 21.—Four amendments to the constitution of the United States and repeal of the Sherman anti-trust law were recommended today to the American Federation of Labor convention by its special policy committee as the means for overcoming court decisions regarded as adverse to labor.

Among the proposed amendments was a "Congressional vote of Supreme court decisions. Other amendments were proposed by the committee as follows: An amendment prohibiting the labor of children under sixteen years of age in any mine factory, forshop mercantile establishment.

An amendment prohibiting enactment of any anti-strike law or preventing collective bargaining between employers and employees, and an amendment to make the constitution more flexible and easier of amendment.

The committee also proposed that Congress be asked to enact laws making more definite certain sections of the Clayton law which the committee said had been manifestly ignored and overridden by the Supreme court.

A judicial hierarchy is threatening to set itself up above the elected legislators, above the people themselves, said the committee report, submitting the program.

"We call upon all fair minded and liberty loving citizens to unite with us in a determined effort to deprive the courts of the despotic powers which they have assumed."

Late Wire Flashes

LASSEN PEAK ERUPTING

RENO, Nev., June 21.—Lassen Peak, in Northwest Plumas county, California, has burst out in the heaviest eruption since 1915, a dispatch from Susanville, California, says, and ashes are being thrown far to the north and east. It started at eight o'clock last night. Clouds of smoke are visible for forty miles.

SEVEN ARE KILLED

SPRINGFIELD, Ill., June 21.—Hal Trevillion, member of the Illinois Commerce commission, and editor of the Herrin News received word from his managing editor over the long distance telephone tonight that seven men had been killed in the labor trouble at Herrin. Six of them union strikers and one a mine guard.

FIGHTING AT HERRIN

HERRIN, Ill., June 21.—Fighting between striking union miners and non union workers, who were mining coal at the surface mine of the Southern Illinois coal company, six miles east of here, has ceased, according to reports brought to Herrin by sympathizers of the miners from the scene of trouble.

ORDER MILITIA OUT

CARBENDALE, Ill., June 21.—Two companies of State militia have been ordered to mobilize for possible service in connection with the reported fighting near Herrin, according to word received here tonight by Major Robert W. Davis from Colonel Sam N. Hunter, of the Adjutant General's office at Springfield, who is at Marion.

"Somebody robbed the colonel's mind pouch," says a rural weekly, "but that doesn't fade the colonel's of this section. They've mostly been taking their 'straight' and strong ever since prohibition broke out."—Atlanta Constitution.

BANKERS CALLED TO TESTIFY IN SPECIAL WAR FRAUDS PROBE

Charges Against Georgia Man Develop Many New Ramifications

INVOLVES SALE OF LUMBER CONTRACT

WASHINGTON, June 21.—Subpoenas have been sent out by the special war frauds grand jury, it became known today, to officials of leading banking corporations in New York, Philadelphia, New Orleans and Jacksonville requiring their appearance in connection with the investigation of the contract under which the government disposed of its surplus lumber after the war.

Heads of the banking firms and their cashiers were ordered to produce all records of transactions involving J. L. Phillips, president of the Georgia State Republic, and other Georgia officials, who is at liberty on \$250,000 bond, charges of conspiracy to defraud the government through the lumber contracts.

Data also was ordered produced which would throw light on dealings of Charles Phillips, the J. L. Phillips company and John Stephens, of the Phillips and Stephens Company. It was learned authoritatively that the grand jury has been inquiring into the activities of other directors of both firms.

Those subpoenaed were instructed to be present before the grand jury tomorrow and during the next three days of next week. It was said the grand jury would have completed its consideration of the Phillips case by next Tuesday and its findings would be handed down at once.

COMING ON THE 29TH

Wilmington Boys Preparing For Kiwanis Meeting at Goldsboro

Wilmington Kiwanians will at today's meeting perfect plans for participation in the Iner-City Meet at Goldsboro on June 29.

Keen enthusiasm has been aroused over the prospect of the local city star baseball team, the record of which is as yet unimpaired by defeat, clashing with the Goldsboro Kiwanis game as a special feature of the meeting.

Daughter and Mother on Same Jury

Because a mother and daughter agreed, a Cincinnati jurist has ordered the mother and daughter both were members of the jury that tried a case. They're Miss Jessie Imogene Wright and Mrs. Fannie Bell Wright.

Veterans Re-elect Carr As Commander-in-Chief

RICHMOND, Va., June 21.—The reelection of General Julian S. Carr, of Durham, N. C., as commander in chief and the selection of New Orleans as the reunion city in April 1933 featured the closing session here today of the 32nd annual reunion of the United Confederate veterans.

ENLARGEMENT OF POSTOFFICE HERE SEEMS CERTAIN

Senator Simmons Has Secured Endorsement of Department Preparing Estimates

NEW SPACE BADLY NEEDED FOR BUSINESS

An immediate and substantial enlargement of the Goldsboro post office building to meet the necessities of a growing business is now in sight as a result of efforts lately put forth by the merchants association of the city in securing the interest of Senator Simmons in the matter.

A telegram from Mr. Frank A. Hampton, secretary of Senator Simmons, last night, to the editor of the Goldsboro News, stated that Senator Simmons had secured the endorsement of the post office department for the undertaking, and that he was having estimates prepared and drafting a bill to be introduced in the senate.

Langston Takes The Stump For Maj. Allen At Burgaw

Going to Enforce Law Says Harris

GOING TO SEE THAT ICE IS WEIGHED

"Please put in the papers," said County Standard Keeper Harris to The News, that one of three things is going to take place in Goldsboro. These three are:

Standard Keeper Harris Has Eleven Haulers Arrested For Delivery Without Weight

M. S. Harris, county standard keeper, has opened war upon the custom of delivering ice without actually weighing it upon delivery.

Yesterday, he wrote out warrants against eleven persons who had been delivering ice without weighing each block before delivery from the wagons. All these were tried by Magistrate J. A. Toler, all found guilty, and all let off with the costs.

Mr. Harris states that it was not his intention to call for a more vigorous punishment until due notice was given. For the same reason the names of the arrested parties are not given.

It seems that the custom has been to have the cutter make a guess at the weight of his block and deliver it for so many pounds without weighing it. The amount delivered was apt to be less than the amount paid for.

HOLDS CLINIC FOR LOCAL PHYSICIANS

Dr. Chapman Begins Series On Internal Medicine Under University Extension

In order that the physicians and surgeons of North Carolina can keep up with the rapid strides being made in those professions without having to go away to the great colleges for study, the University of North Carolina is putting on a lecture course and clinic throughout the state.

Dr. Frank A. Chapman, of Chicago, one of the leaders in the profession, is assigned to Eastern North Carolina, and delivered the first of twelve lectures at the community building here yesterday afternoon.

Fifteen surgeons and doctors of Goldsboro and Wayne County have signed up for the course. Dr. Chapman's subject is "Internal Medicine" and he is an authority on that subject.

Langston Takes The Stump For Maj. Allen At Burgaw

BURGAW, N. C., June 21.—Asserting that he would have "done worse" than vote for Charles L. Abernethy in order that the supremacy of the Democratic party might be maintained in the Third Congressional District, Col. John D. Langston, of Goldsboro, urged the nomination of his law partner to Congress in this district before a packed house of Pender voters here tonight.

Declares He Would Have "Done Worse" Than Vote For Abernethy in 1918 to Preserve Party Harmony; Coming Election An Important One

Langston was speaking at an engagement made for Maj. Allen, the latter having compelled to forego the Burgaw appointment on account of impassable roads. For a political meeting, it was one of the finest crowds ever out in Pender county. Many women were present who heard Col. Langston with rapt attention and interest.

Calling attention to the coming election as an important one in National affairs, directing an inspection of the Allen record and answering the charges of the Abernethy supporters that Langston voted for the Craven candidate in the Third district.
