

\$5,000 GOAL SET FOR BIG DRIVE THURSDAY THE CITY COOPERATES

Meetings Today to Perfect Plans
and Large Band Work-
ers Ready

NEW BERN NEEDS HELP AND CITY WILL ANSWER

With an immediate goal of \$5,000
Goldsboro will start tomorrow on her
campaign for the aid of New Bern.

Preliminary steps toward the organiza-
tion of an effective, efficient canvass-
ing force were taken yesterday
morning when a meeting of representa-
tives of practically all organizations
in the city was held at the city hall.
Special attention is called to the fact
that a meeting has been called for this
evening, at which members of the Red
Cross, Business and Professional Women's
Club, Woman's Club and the Charity
Organization Society are asked
to be present. The meeting will
be held at the Chamber of Commerce,
and plans will be developed for a house
to house canvass of the city of Goldsboro
on Thursday, tomorrow.

Members of the other organizations,
listed below, are asked to attend a
meeting to be held tonight at 8 o'clock
at the Chamber of Commerce, when
they will make plans for the canvass-
ing of the business and office sections
of the city. The following list is of
the organizations who had representa-
tives at the meeting Tuesday morning:

- Mr. Walter Denmark, Chamber of Commerce.
- Mr. Thos. O'Berry, Board of Aldermen.
- Mrs. Mary Morris, Business and Professional Women's Club.
- Mr. A. T. Griffin, Board of Aldermen.
- Mr. John Hawley, Merchants Association.
- Mr. C. E. Wilkins, Rotary Club.
- Mr. Marvin Thompson, Knights of Pythias.
- Mr. J. E. Warwick, Junior Order.
- Dr. E. W. Wagon, Elks.
- Mr. Thomas A. Beaman, Free Will Baptist church.
- Mayor E. H. Bain, Kiwanis Club.
- Rev. Peter Menytze, Presbyterian church.
- Mr. John Hicks, Masonic Lodge.
- Rev. Butler, Ministers' association.
- Rev. Jeno Wall, Baptist church.
- Rev. Mr. Potter, St. John church.
- Mrs. Johnson, Women's Club.
- Mrs. O'Berry, C. O. S.
- Mr. Lionel Wall, Board of Aldermen.
- Mr. John Edwards, American Legion.
- Red Men, Royal Order of Moose.
- Mr. Jake Strago, Odd Fellows.

It will be the privilege of every citizen of Goldsboro to respond to the appeal from her stricken sister city, New Bern fire victims are in desperate straits. There are more than 3,000 homeless, penniless people to be cared for, and a conservative estimate places the amount of money necessary at \$2,000 per day, until some provision can be made for the rebuilding of the homes and other property destroyed. Of course, of the numbers rendered homeless by the fire there are numbers who have relatives and friends to care for them. Others have been able to borrow money and put themselves back on their feet, but there remains the vast majority whose plight is pitiable enough, at the present time, to inspire generosity in a heart of stone.

Goldsboro will not renege at this critical moment. The people of this city have made a name for sympathy and generosity. New Bern look to us for aid. The Red Cross is wholly unable to cope with the situation on account of its magnitude. The Red Cross organization has already contributed almost a thousand dollars and much extraneous aid to the sufferers, but it is impossible for the organization to do much more as far as material assistance is concerned. The fire swept city must look to its neighbors for this, and this necessity is the impelling motive of the drive to be launched Thursday morning.

At 9:45 o'clock tomorrow morning all members of the organizations taking part in the drive are asked to be present at the Chamber of Commerce. At 10 o'clock, sharp, the work will begin. Canvassers will go forth to every house, every business establishment, every office in the city and extend the opportunity to aid in the cause.

Officials of the drive ask that citizens contemplating contributing to the fund take up as little of the canvasser's time as possible, as the work to be accomplished in one day is almost more than can be done. Not a minute can be spared. Have the money ready and help the workers in their tremendous job.

It is a significant fact that the present drive is for nothing but money. It was suggested to the officials that food and clothing might be contributed, but upon inquiry it was discovered that this plan was impracticable. The food probably could not be transported and distributed without danger of spoilage and waste, while the money (Continued on Page Two)

SCOTT DENIES THAT ANY ARREST MADE FOR INCENDIARISM

Find That Fire Started From
Terra Cotta Flue In Use For
20 Years or More

SAYS NO EVIDENCE GIBBS STARTED FIRE

NEW BERN, Dec. 5.—No arrests for incendiary in connection with Friday's two big fires have been made, according to W. A. Scott, deputy insurance commissioner, from Raleigh, which was given out for publication today.

Reports to the effect that both of Friday's fires were thought to have been the result of a deliberate intent have gained circulation in some of the papers of the state. Acting upon the suggestion of the relief committee to counteract the influence which such rumors might have, Mr. Scott this afternoon gave out the following statement:

"I arrived in New Bern Saturday morning after the fire and have been here ever since making an investigation. Referring first to the general conflagration, I investigated that Saturday with Mr. Bryan, chief of the fire department, and found that the fire started from a terra cotta flue which had been in use for 20 years or more. We found at least six witnesses who saw it while it was burning around the flue above the attic and under the roof and there is no evidence whatever of incendiaryism.

"As to the Roper Mill fire, I also have investigated that and wish to say that as to the arrest of Ernest Gibbs, colored, he was detained pending an investigation and not charged with setting fire to the mill but as an escaped man from the asylum at Goldsboro. It is true that he had worked with the Roper Lumber Co. at one time and had a lot of trouble there. He had been arrested and charged with cutting the belts and on trial, he was adjudged insane and committed to the asylum at Goldsboro. He was indicted in 1918 along with Walter Smith, charged with setting fire to a house, the property of Thomas Holton, but in this case a verdict was returned of not guilty as to each of the defendants, and it so appears on the clerk of the court's records. He was suspected in regard to the recent fire on account of his previous trouble and, from the fact that he was seen in the street near the mill about ten minutes after the alarm appeared. There is no evidence whatever that he started the fire. Ernest Gibbs is being held in jail to be recommitted to the asylum at Goldsboro.

Dixon Wins Case Against R. R. Here

A deliberative period of ten minutes
all required for the jury in the
case of D. H. Dixon against James
Davis, director general of the Norfolk
Southern division, to render a verdict
in favor of the plaintiff in Superior
court Tuesday morning.

Mr. Dixon was suing the railroad for recovery of money in the sum of \$476.82 for a carload of hay which he says was never delivered, through fault of the road. The jury decided that Mr. Dixon's cause was just and allowed him the full amount of the suit.

The second case in the civil term of the Superior court is labelled L. D. Gully against Thomas Raynor, negro, action for payment for a bale of cotton which Mr. Gully alleges is due him for rents. This case was started yesterday morning, but was not completed during the day. There is considerable controversy.

JUDGE ALLOWS THAT A WOMAN JURY IS ILLEGAL

WILMINGTON, Dec. 4.—The action of Coroner A. S. Holding in impaneling a jury of women to investigate the death of a nine year old boy killed in a automobile accident is alleged by Judge W. A. Devine to be illegal. The judge declared that until the constitution was amended a jury of "lawful men" was necessary. The jury is said to be the first such jury of women ever assembled in this state. They had Walter Murphy colored driver of the automobile, held under \$2,000 bond.

N. Y. JUDGE ASKS FOR KU KLUX KLAN INDICTMENT

NEW YORK Dec. 4.—Judge Marcus today instructed the grand jury to inquire into the activities of the Ku Klux Klan in New York City and to bring indictments if violators of the panel law was found.

"I have been informed," said Judge Marcus to the jurors "that several meetings were held in this city. It is your duty to make an investigation of this matter with a view to ascertaining whether any of the acts committed by the Klan come within the purview of the statutes of this state." Judge Marcus referred to the fact that he came to America as an immigrant 28 years ago, and said he could

PHILLIPS SAYS HE KNOWS NOTHING OF HIS WIFE'S ESCAPE

Woman Saws Way Out of Los
Angeles Jail and Gets Good
Start on Officers

CHORUS GIRL GUILTY OF BRUTAL MURDER

LOS ANGELES, Dec. 5.—Armour L. Phillips, whose wife Clara Phillips, convicted murderer, escaped from the Los Angeles county jail last night, appeared at the office of his attorney late today and sent word to the sheriff that he was ready to be interviewed about the escape.

Phillips made a statement in which he said that he knew nothing about the escape or where his wife had gone. He gave a detailed account of his movements for the past 24 hours.

Close examination of the cell window and the sawed bars failed to reveal any trace of the saw filings. This led to the opinion by investigators that the bars may have been sawed through several days prior to the escape today.

Orders were issued by Sheriff W. L. Traeger to bring into his office all persons connected with the hammer murder in order to trace all plans of the jail break. All the sheriff's deputies were called and possess rushed out.

Mrs. Phillips had several hours' start before the Sheriff's office placed a drag net throughout Southern California. All southern California cities have been notified and authorities at the border warned in time, the sheriff believes to prevent the fugitive reaching Mexico.

The escape was not discovered by jail authorities for several hours. The jail in making rounds, saw the bed in Mrs. Phillips cell vacant. The matron then discovered the sawed and twisted bars and notified the jailer.

The former chorus girl who three weeks ago was found guilty of what prosecuting officials declared to be one of the most brutal murders they have had to try, effected her liberty with a suddenness equal to that which the hammer slaying was revealed last July. It is believed she escaped in an automobile.

COTTON COMMISSION IS URGED FOR SOUTH

At Meeting in Memphis Caro-
lina Man Offers Plan for
Solution of Problems

MEMPHIS TENN., Dec. 4.—Plans for the organization of a permanent government cotton commission with representatives from every cotton producing state for the purpose of recommending legislation by the states which will aid in solving problems now confronting the industry were proposed here today at the annual meeting of the cotton commission, composed of delegates named by the governor of the 12 southern states.

Under the plan suggested by A. W. McLean, of North Carolina, which will be acted upon, by the conference, before adjournment, Wednesday, a uniform act may be formulated for presentation to the legislature of cotton producing states which will provide for a permanent commission, the members of which will be named by the governor or legislature of each state.

The necessity of uniform state legislation which will stabilize the cotton sections of the country to work together in controlling and eradicating pests, and the adoption of better methods of marketing and warehousing of the staple was urged not only by government and state experts but by a number of other speakers connected with branches of the industry.

ROTARY CLUB CARRIES ON IN ABSENCE PRESIDENT

The Goldsboro Rotary Club "carried on" last night in spite of the absence of Leslie Wall, president. An enthusiastic meeting was held with a 90 per cent attendance, but only a few matters of importance were attended to.

In the first place it was decided that following the usual custom of the local Rotary Club, the first meeting after Christmas would be "foodless" and the money saved in this way will be added to the Empty Stomach Fund for the benefit of the unfortunate children in Goldsboro.

Regular business was transacted and the meeting adjourned.

It is a matter of especial pride among the members and should be a matter of pride to the citizens of Goldsboro, that the local club's membership and attendance ranks with the highest in this district. It is seldom indeed that the attendance at any meeting falls below 85 per cent, and more often it ranges between 90 and 100 per cent. Almost every month Goldsboro Club ranks among the first in clubs in this district in attendance per centage.

REAL ESTATE IS NOT BURNED IN NEW BERN DESPITE WRITERS

All Wrist-Watches and Cigar-
ette-Holders Do Not Tell
Same Tale

SOME EATING WHO NEVER ATE BEFORE

(By LEARY W. ADAMS)

NEW BERN, Dec. 5.—Despite the thousands of homeless who must be housed, the naked who must be clothed, and the hungry who must be fed, most of the colored among this class seem happy as larks with children playing and joking in and out among the tents Sunday and the rest of the days since the tents have been put up, while officials at general headquarters at the chamber of commerce seemed confident and undisturbed by the fire disaster and took time out to talk about New Bern's wondrous football team. Some spoke with the vision of those who see beyond the smoke, the fire, the sacrifice, and the suffering, a great city. Anyway, in the words of a colored preacher there to some of his members, some of the homeless and the naked are better clothed and better fed than they have been in their lives before.

"Will the area swept by fire be laid off in a city-like way and the build-ings built apart and of non-combustible roofs so they will not burn down again over the heads of their occupants?"

What's Use Having a Fire?
"Of course," replied a big newspaper publisher of New Bern who is thinking as much of rebuilding the city as publishing the pathos of the fire news. "Suddenly he looked direct and smiled. 'What's the use of having a great fire if you are not going to improve. We want all this property put in public hands so that real estate sharks will not come along, knowing the value of the property and offer these people a \$50 or \$100 bill and take their little lot away from them?'"

Already the chief organization at the chamber of commerce is thinking of means to rehabilitate the city and to get in building and loan companies, even as they are collecting, distributing food and clothing, and making arrangements for temporary housing of the homeless. Resolutions have been drawn that the board of aldermen permit no more building in the district swept by fire until streets have been re-surveyed, and that the construction of no more fire-traps be permitted. One business man driving over the scene in his Ford remarked, "Oh, if I had known we were going to have a fire I wouldn't have built my house in the country."

That is just the point some are seeing even as they are just getting over the first stunning efforts of the fire. Some know even now that the property swept by fire, situated as it is, in the very heart of the most beautiful part of New Bern, is more valuable now than it was occupied by the hundreds of dilapidated buildings that did occupy it. There were some handsome buildings, of course, but they were very rare, the district swept by fire being the negro town of the city, with countless buildings which were nothing more than a fire-trap and which it is fortunate were burned in the daytime instead of nighttime, or scores of lives may have been lost in the fire. As sweeping as the fire was it left a score of shacks covered with moss and the decay of generations which New Bern would have better off a few years from now if they had been included in the holocaust. In the area of the fire, though everything was burned but the real estate. The real estate was left untouched, and a generation hence it will display some of the prettiest homes in New Bern. Without the fire these dilapidated buildings would have occupied this beautiful ground, situated in the heart of the city, and retarded the growth of New Bern for generations. So, we have the wise conclusion of a sagacious business man, "Oh, well, if fire didn't do some good the Good Lord wouldn't let them come."

DATIGNERTY AFTER SCALP OF THE KU KLUX

WASHINGTON, Dec. 4.—Alleged illegal acts attributed to the Ku Klux Klan fall within the police power of the general states, Attorney General Daugherty has informed Senator Walsh, democrat of Massachusetts, in reply to an inquiry, and the United States has no jurisdiction over such matters.

The department of justice has had the conduct of the "so-called Ku Klux Klan" before it for over a year, Mr. Daugherty said, but has not been able to find a single case which would bring the organization with the jurisdiction of the federal government. He assured Senator Walsh that if any such cases arose, the government would proceed to vigorously prosecute the offending organization or individuals.

BARBOUR MAY NOT QUALIFY AS JOHNSON COUNTY CLERK OF COURTS

SMITHFIELD, Dec. 5.—Owing to poor health of J. E. Barbour, the recently elected clerk of the Superior court, this office was not filled. It is reported that Mr. Barbour will not qualify and a petition is in circulation asking for the appointment of Ed F. Ward to this position until a successor to Mr. Barbour can be duly elected. Mr. Barbour is now serving as clerk by appointment which ended upon the death of the late W. S. Stevens.

TOWNBULL VISITS O'BERRY READY TO REBUILD \$250,000 PLANT AT NEW BERN

A. R. Townbull, of the Rowland Lumber Company, lessee of the Roper Lumber Company destroyed by fire at New Bern, was in the city yesterday in conference with Thomas O'Berry of this city. Mr. O'Berry said the call of Mr. Townbull was social; that his letter was on his way elsewhere and just stopped over in the city for a few hours. Mr. Townbull stated that he would enlarge and rebuild the \$250,000 plant destroyed by fire last Friday at New Bern if satisfactory arrangements could be made.

ARE THE KU KLUX MAKING ANOTHER MEMBERSHIP DRIVE?

Local Citizens Receiving "Duty
Without Fear and Without
Reproach" Cards

ROBINSON TO HAVE KU KLUX OF HIS OWN

"Do you know that you are sitting on the top of a volcano?" was the question heading on cards received by some of the leading citizens of the city inviting them to a meeting in the halls of the Junior Order to be held last night. The card wound up with, "Duty without fear and without reproach."

It is believed by some of those sophisticated in some of the manners of publicity on the part of the Ku Klux that this was to be a Ku Klux meeting. Whether the Ku Klux are on another membership campaign or whether they are marshaling their forces to combat some of the propaganda that has been going around in Louisville and in New York is a thing that none of the Kluckers so far have come across with a story about. All that is known is that some of the local members received these cards with the extraordinary demands, and didn't know just what to make of them until some one suggested that they were Ku Klux declarations.

Judge W. S. O'Berry Robinson stated the other day that he was going to start himself a Ku Klux Klan of his own. He allowed with a smile that since he was a Catholic he couldn't join the genuine Ku Klux, but that he needed one in his business, and that, anyway, he was interested in the strange mysticism of the order, unlike that of any other secret order he had ever heard of.

MORRISON TELLS A. P. WONT BE READY WITH SHIPMENT PLANS UNTIL LEGIS. SESSION

RALEIGH, N. C., Dec. 4.—Governor Cameron Morrison will not reveal his completed plans for a proposed ship line corporation for North Carolina until his annual message is presented in the general assembly in January, he told The Associated Press today.

Financial aid continues to reach the committee in charge Goldsboro is raising \$5,000. Kinston, Washington, Greenville, Statesville, Wilmington, Rocky Mount and other cities are raising large sums to aid the sufferers.

DAUGHERTY AFTER SCALP OF THE KU KLUX

GOLDSBORO'S AID QUOTA HEADS GENEROUS LIST

NEW BERN, Dec. 5.—(By the Associated Press)—Aided by citizens of all walks of life hundreds of men made homeless by last Friday's fire which swept nearly forty blocks of the city and razed more than a thousand buildings, today began the work of clearing away the debris. Dynamite was used extensively to lower walls and timbers which survived the blaze.

Governor Morrison, who was to have arrived here last night, sent a message to Mayor Edward Clarke in which he stated that he would not arrive until tomorrow, when he would be accompanied by State Highway Commissioner Frank Page. The governor stated that they would then make a survey of the ruins.

Mayor Clarke tonight stated that the highway commissioner would be asked to give assistance in sanctioning a road building project which would furnish employment to several hundred unemployed people and aid road construction in this section. Governor Morrison, Senator Simmons and others are to be asked to bring their influence to bear on the Commissioner to grant this plea.

Carter Taylor, chief of the Southern Division of the Red Cross who is in charge of the relief work here, issued a statement in which he said, "The situation is well in hand, and every effort is being made to prevent any epidemic."

Mr. Taylor said that the negro section had been divided into four districts, and that Red Cross nurses will inspect sanitary conditions. He stated that good progress was being made toward relieving the unemployment, and issued thanks to the Army and Navy Departments for their prompt responses to the appeal for aid.

Financial aid continues to reach the committee in charge Goldsboro is raising \$5,000. Kinston, Washington, Greenville, Statesville, Wilmington, Rocky Mount and other cities are raising large sums to aid the sufferers.

LOUIS STEVENS, 55, DIED AT HIS JOHNSTON COUNTY HOME

Louis Stevens, a prominent and prosperous farmer of Bentonville township, Johnston county, died Monday night after a short illness as a result of fluid pneumonia.

Funeral services were held Tuesday afternoon and interment was made in the family cemetery in Bentonville township.

Mr. Stevens was 55 years of age at the time of his death. He was well known in this community and had a wide circle of friends, to whom his death will come as a great shock.

MUST MAKE APPLICATION FOR VOCATIONAL TRAINING BY DEC 16

W. W. Boulineau, Jr., sub district manager, U. S. Veterans Bureau, covering the eastern half of North Carolina, with headquarters at Raleigh, announces that the rehabilitation Act which provides for the vocational educational of certain classes of disabled veterans has a provision which states that application for Vocational Training must be made prior to December 16, 1922. This provision of the rehabilitation act means that those who have delayed making application for any reason whatsoever must make this application prior to December 16, or lose the opportunity of receiving this government aid.

PREMIUM CHECKS FOR FAIR WINNERS ARE MAILED TODAY

According to a statement today from the secretary, the Wayne county Fair Association has today mailed checks to the amount of \$3,000 the premium list of the 1922 fair.

Any exhibitor who won a premium, who fails to receive a check as payment of the prize in a few days, is asked to notify the secretary and an adjustment will be made.

WOMAN "BIG SISTER" WANTS SPANISH WEEK

NEW YORK, Dec. 5.—An old-fashioned spanking week, with careful prayerful spanking, was recommended as an aid in raising future citizens in an address by Miss Alfred Smith at the eighteenth anniversary meeting of the Big Sister club and Sisters here last night.

S O S IS ANSWERED NEW BERN SUFFERERS GET HELP FROM STATE

Every Corner of N. C. Sends
Aid and Sympathy to the
Stricken City

BREAD CAST ON WATERS HAS BEEN RETURNED

(By H. I. CRUMPLER)

NEW BERN, Dec. 5.—After the horrors of "The New Bern Fire" have become a memory and after the great physical and mental suffering that is now prevalent among the thousands of homeless has been alleviated and a sorrowing people have begun to rebuild their burned homes and city, there will stand out above all other features of this calamity of horror, the great generosity, the big heartedness of the people of North Carolina who have so nobly responded to the appeal for assistance which a destitute and homeless people have made through their mayor and the heads of the relief committee, an appeal which today is being answered even more generously than ever before, an appeal which has made it possible to feed and clothe these homeless, hungry and starving people for weeks—until arrangements can be made to give them employment and to help them start rebuilding their homes.

New Bern never before had such a horror visited upon and a few hours after the flames had been gotten under control and when offers of relief had begun to come in over the one means of communication with the outside world that had been left intact—the telephone, it was thought that sufficient financial assistance to care for the needy would be raised right here at home. Saturday morning New Bern's citizens who had been left unemployed by the fire struck calamity in a great meeting at the city hall and more than 1,000 citizens responded to the call. From that time on, practically everyone present donated to the cause. Even then it was thought that the financial assistance of the home folk would be sufficient to get together with the bedding and clothing which was known to be coming in from points outside.

However, the people of this state, realizing the desperate situation and the fact that they must be helped, with food, clothing, bedding, and more than 1,000 citizens responded to the call. From that time on, practically everyone present donated to the cause. Even then it was thought that the financial assistance of the home folk would be sufficient to get together with the bedding and clothing which was known to be coming in from points outside.
