AMERICAN LEGION LAUNCHES FORGET-ME-NOT DAY

"Everything For The Disabled Man and Nothing for the Able" Is Slogan of the Anti-Bonus League Formed By Ex Soldiers.

(By the Associated Press.) San Francisco, Oct. 17 .- With Michigan delegates to the first American Legion holding out for a reudiation of the Ku Klux Klan and organization here of a unit of the anti-bonus league to fight any resolution to favor exservice men, the convention finished its third day of a deadlock. A spirited compromise on the Ku Klux Klan question was seen today when the California delegation voted on "hones" neutrality" on matters relating to politics and integrity. This was the first break in the situation which faced the Legion.

Michigan delegates stated they would continue their fight to force through the resolution tomorrow in which the Legion will be called upon to denounce the Klan "as Un-American in tact" and contrary to the very principles which the American Legion stands. The formation of anti-bonus

league here dispelled the hope that the compensation committee would finally work out a resolution that would be acceptable to the entire convention. The slogan of the Anti-Bonus

organization was tonight stated "For the disabled, everything; for the able-bodied, nothing." Lieutenant Commander William C. Band, of Frisco, stated that the fight would be centered around any bonus measure.
