HENRY FORD TO SUPPORT PRES. COOLIDGE

POLITICAL CAMPS STIRRED OVER FORD ANNOUNCEMENT Popular .

Brings Unconcealed Elation to Administration Leaders Inter-ested in the Coolidge Cam-

Washington, Dec. 19.-Political amps here were visibly stirred today by the declaration of Henry Ford in support of President Coolidge for 1924.

It brought unconcealed elation to administrations leaders interested in Mr. Coolidge's cause. and Democratic leaders said there was satisfaction at least in the fact that Mr. Ford was out in the open, and apparently self eliminated as a Presidential possibility next 'year.

Comments on Mr. Ford's statenents are withheld by all avowed Presidential candidates here.

believe it is the wise and natural thing for the people to agree on the nomination and election of Mr. Coolidge." Mr. Ford said. "I am satsified that ninety per cent of the people feel perfectly safe with Cool-idge, and I feel, too, that the country is perfectly safe with him, And if this is the feeling of the country, why change?

"Mr. Coolidge has shown in these months of service a great many qualities that should please his country men. I think they all feel that Mr. Coolidge means to do rgiht. And when a man means to do right, so far as I have observed, it is usually quite easy for him to find the way to do right.
