

Asheboro Hears Governor Morrison on the Ports Terminal Measure

HON. JOSIAH W. BAILEY TO MAKE ADDRESS TONIGHT

NORTH CAROLINA IS BEING CALLED ON TO SETTLE FATE

Governor Morrison Tells People of Asheboro That it is up to This State to Say Whether She Will Progress or Go Backward; the Voters will Have the Power to Decide This Question at the Polls, He Asserts.

Asheboro, Oct. 17.—The crowd of people that turned out here tonight to hear Governor Morrison explain the State Ports and Terminals proposition completely filled the Randolph county court house and overflowed, and in it were Democratic and Republican leaders, hearing out the governor's declaration that it is not a party issue or creative of party differences.

Many women were in the audience, as has been the case all this week at Mount Airy, Concord, Albemarle and Lexington. The governor said that the great crowds and the enthusiasm shown has been even more than he expected.

That the matter is not a partisan political one was shown by Governor Morrison in the statement that anything upon which Senator Simmons and Marion Butler are agreed and upon which Senator Overman and Ike Neelings are agreed must not be a partisan one.

The governor tonight emphasized that the United States government is developing waterways on an immense scale. That it is a fixed policy of the national government and that it is not wise for North Carolina to pay heavily to develop the waterways in other states by paying more federal taxes than all the other states of the south combined, and neglect to participate in the development of her own unrivaled waterways.

"It is not wise for the state of North Carolina," he said, "to neglect longer to build docks and wharves and warehouses and other terminal facilities which will place it in a position to share in heavy biennial appropriations for the development of the rivers and navigable waterways of the United States.

"Congress does not provide anywhere terminal facilities. It is up to the states of the cities in the states to do this. We cannot hope to stop the fixed policy of the United States government, so, North Carolina is sure to continue to pay. We now pay more than the other states of the whole south combined. The question is will we share as we are certain to pay.

The Congress of the United States in the rivers and harbors bill passed in 1922, authorized the secretary of war even to withhold appropriations unless public terminals were provided by the states or municipalities and open to all upon equal terms, so if we do not provide public terminals open to all upon equal terms we cannot hope to share in the appropriations amounting to millions of dollars, which under the fixed policy of the United States government are to be made."

Policy to Remain

As evidence of the fact that there was no tendency to change the policy of the government with reference to expenditures for development of waterways, the governor (Continued on page six)

Small Amount Weed Sold Here During the Past Week

Sales of leaf tobacco on the Goldsboro market this week only amounted to 219,191 pounds. The total price paid for the weed disposed of during the week was \$44,741.54.

The number of pounds of the weed disposed of here this week decreased below that of the past week, on account of the fact that farmers have been spending the major portion of their time in getting their cotton out of the fields. Heavier sales are expected during the coming week.

FLAG TO BE RAISED SUNDAY AFTERNOON

Impressive Exercises to be Conducted Sunday at 3:30 O'clock at William Street School.

Of especial interest is the announcement of the flag raising exercise, to be conducted at the William Street school tomorrow afternoon, at 3:30 o'clock, at which time the flag offered by the Goldsboro Rotary Club last fall, and won by that school, will be raised.

The flag raising exercises will be conducted by a troop of Boy Scouts, under the command of Eagle Scout A. T. Griffin, Jr., who will give an exhibition of the proper handling of the flag.

The program as planned calls for an address by some well known speaker, and this is expected to prove of equal interest to the flag raising itself.

By a score of 6 to 0 the Goldsboro high school eleven yesterday afternoon defeated the strong Tarboro high school team in one of the cleanest games ever seen on a gridiron at that place.

The game was hard fought from start to finish, both teams putting up a splendid exhibition of football. However, the Tarboro eleven was not capable of holding back the onslaughts of the Goldsboro boys and went down in defeat.

DEMOCRATIC CAMPAIGN IN WAYNE COUNTY TO BEGIN WITH SPEECH TONIGHT

BARNHILL SETS VERDICT IN CULBRETH CASE ASIDE

Judge Decides That Error Was Made in Not Polling Jury After They Had Returned a Verdict Granting Plaintiff Damages in the Sum of \$2,000 in Suit Against Horden Manufacturing Company—Goes to High Court.

Holding that he had made an error in not polling the jury, as requested by the defendant, Judge M. V. Barnhill set aside the verdict rendered in the case H. C. Culbreth vs the Horden Manufacturing Company, tried at last week's session of Wayne Superior Court and in which the jury rendered a verdict granting the plaintiff damages in the sum of \$2,000 in a suit for \$10,000 against the defendant company.

Culbreth, who was at one time in the employ of the defendant company claimed to have sustained injuries as a result of the negligence of the

defendant. He asked for damages in the sum of \$5,000.

The case was a hard fought one and the jury deliberated for hours before returning a verdict granting the plaintiff damages in the sum above mentioned. Attorneys for the defendant company asked that Judge Barnhill decline to accede to the Supreme Court on the ground that the jury was not polled and Judge Barnhill set the verdict aside.

The case now goes to the higher court where that tribunal will pass decision. In case the court finds that the judge erred, a new trial will follow.

PROPOSED MEET TO FORM LEAGUE HERE HAD BE CALLED OFF

Greenville Failed to Let Her Intents Be Known and Chairman Van Landingham Cancels Meet.

The proposed meeting in this city yesterday for the purpose of forming the Eastern Carolina Baseball League, failed to materialize. C. V. VanLandingham, chairman of the temporary committee, yesterday telegraphed to Mr. C. Green, president of the local association, and stated that on account of the fact that nothing definite had been heard from Greenville in regard to whether they would enter the proposed league; and that it was desired to have representation from that town, the meeting would have to be postponed.

Goldsboro, Kingston and Wilmington are all in readiness to come into the proposed league. Three other towns are needed to make the league possible. Mr. VanLandingham did not state in his telegram when the meeting would be held, but it is likely that this will be decided in the next few days.

A. along with, I will send this letter by it. May it cross the ocean without incident, and help to connect the continents in peaceable work.

"Here in Germany many factories and establishments are without employment. Perhaps things improve now as the London conference has come to an end.
