Chings of Life

The world's greatest aced Gospel and not money or edu-as many people think was the of the sermon by Dr. & F. Da elly at the First Christian

The revival which is to of two weeks began aunday and two very interesting were held on Sunday large gations being present at any Rev. Mr. Definitionally is of two universities. He is preacher for 20 years, the years de has spent in a work in connection with it work of the Christian design in the past 22 months he as revivals. He extends welcome to the members congressations. Intopiess to he one for the 10 c diving service will be

cankful at a time like Rev. DeGafferel'y said the nations, and it seems t But what," asked the ex-"Is it the world needs,?" traveled much," he said, " fened rach, on trains, in hotels on the streets, and '5 per cent of th sation is about m answer from many would createst need of the world in money." L'stin! When mo made the ideal of life, n comes enthroned, a sac

made of the best things of life. Suppose everybody in the li-States had \$10,000,000. Who o the necessary work to k running. Everybody would be o pay some one clae to do it; nebody would be the one to doing! There is more h the homes of the poor in than in homes of the rich. T more divorces among the rich tha among the poor, and often ness and grouchiness,

Others would say that the gr need of the world is ed believe in education. I spent 17 years of my life in the school room. graduated at two un'vers worked for every cent of money there are 18 grade schools, Our his is not enough Germany had mos education than any nation in world, but it was not enoug ben from greed. I have nothin against science, science is neces The world needs a civilization conscione. We need a great ing of conscience, Many peo ere educated are behind pr today. Education was not suffic to meet the needs of their Hees. Man needs an education of the well as of the head.

Man is not an inanunate of but is a spiritual and moral bei God provides for his spiritual weltare, but does not overlook the physical Christianity provides also for the intellectual part of man, The gospel takes into account that sin is the believe that men sin often they think nobody cares God loved the world that he gave his Jesus Christ found the world all else had failed. He goes the power of love to co
