## Lindbergh Gets Kissed For First Time In Paris

### Champagne Also Numbered Among Acquaintances Now, But Doesn't Swallow Any of It; French Continue to Fete Him; New York Plans Mammoth Celebration of Welcome

PARIS, May 24. (AP)—Captain Charles Lindbergh passed from triumph to triumph in Paris today. He was hailed everywhere as the greatest aviator in the world and as true red line as American as ever came across the ocean.

For the first time since his arrival a woman succeeded in kissing him, and for the first time in his life, champagne touched his lips, although he did not drink a drop of it.

His first public appearance of the day was among his own countrymen—400 fortunate folks who got hold of seats for which ten times as many applied at a luncheon at the American club. Then he called on the minister of marine to thank him for his congratulations.

Later he went once more to the great flying field where on Saturday night he dropped out of the sky in his immortal flight from America.

Tonight, sheltered from the public that does not seem to interest itself in anything else, he dined at the embassy as the guest of Mrs. Parnely Herrick, who had invited only a few intimate friends to be with her and Captain Lindbergh at the table.

Lindbergh is a little weary, but far from exhausted by the activities that have been going on since his landing. He knows nothing of the night life of Paris and he is not likely to have an opportunity to learn about it, even if he cared too, for his day time hours are filled for the remainder of his stay here with such a succession of functions and receptions that he will undoubtedly be happy to put his head upon his pillow long before the last hands get in to action.

### New York Makes Plans

NEW YORK.—(AP)—The shooting and the tumult which has not died since Capt Lindbergh departed from Paris will reach its fall roar when he returns here. A reception is planned for him on his return. It will put to shame welcomes given kings, queens and heroes of other days.

Although "Slim" has not decided when he will come back preparations are now being made in many quarters to let him know that the folks at home were with him in spirit as he winged his way to Paris. Evidence that millions glory with him in the fame he has brought to his country will not be lacking in the reception.

## N. C. EXPERTS GO TO FLOOD AREAS

### Dr. Laughinghouse Announces Sending of Additional Health Workers

RALEIGH, May 24.—(AP)—Dr. Laughinghouse, state health officer, today said additional Tar Heel sanitary experts will be sent to the Mississippi flood area.

Requests for additional help came to the office here. Six doctors and sanitary workers are in the Arkansas field from this state.

Dr. C. W. Armstrong, Rowan county health officer, who volunteered his services, left today. W. C. Stallings, sanitary engineer for Guilford county and G. L. Smith, Concord, sanitary engineer, planned to leave later in the week. Dr. J. E. Hedge of Forsyth county was prevented from leaving by work in his county.

W. H. Weir, North Carolina sanitary engineer in the flood area, wrote back that the Missouri Pacific railroad has provided empty cars for homeless negroes.

Dr. F. J. Underwood, secretary of the Mississippi state board of health, wrote Dr. Laughinghouse that "Your sanitary inspectors are doing wonderful work. They are the best I ever saw. The Mississippi state board of health and the people of the flood areas are deeply grateful to you and your board for this assistance."

## Pinedo Fails In Azores Effort But Is Uninjured

LONDON, May 24.—(AP)—His "Home to Rome" flight interrupted by another stroke of ill-fortune, commander Francisco De Pinedo was safely at or near the Azores tonight.

Details still were lacking of the mishap which brought him down near the end of his 1,600 mile jump from New Foundland, but dispatches from Lisbon said the flier was not injured in the landing and his boat was being towed into port.

The dense fog which compelled the flier to abandon their long hop after they had digressed considerably of their course, continued to shroud the islands all of today and atmospheric conditions made radio communications difficult.

NEW YORK, May 24.—(AP)—The first definite word that Francisco De Pinedo four continents aviator, was apparently safe, was reported this afternoon by the radio Corporation of America to the Associated Press in a radiogram picked up by the Radio Corporation's coastal station at Chatham, Mass., reporting "all well," with his plane Santa Maria.

The Radio Corporation said the message, originating with the steamer Cabo Torres, was relayed through the Leviathan and read:

"Sailing vessel Infanta Sagas, bound southeast toward Italian hydro-airplane Santa Maria Savoia 10016. All well."

The Cabo Torres was at latitude 41.35 north and longitude 32.28 west, when the sailing vessel towing the Italian's plane was sighted at 11:50 P. M. T. of 8:50 eastern daylight time.

Wireless advices from Lisbon to La Nacion said that Commander Francisco De Pinedo landed 150 miles from the Azores because of fog and that his machine was being towed to Horta.

## THINKS GIRL WAS WOUNDED

### County Physician Scouts Idea She Cut Leg by Kicking Out Windshield

Louise Plagott, young white woman giving Rockingham as her home, did not suffer cuts on her body by kicking out the windshield of an automobile as alleged by Stanley Lane, of Goldsboro, youth held in the case, in the opinion of Dr. F. W. Corbett.

Wayne county health officer, Dr. Corbett, was called to dress the wounds of the young woman when she was brought to the hospital.

Lane had told officers that the girl cut herself about the leg when she kicked out the windshield of his car after taking too many drinks of blockade whiskey on a party.

The girl had said that Lane used his knife on her. Officers had reported they found a bloody knife in Lane's pocket.

"I am prepared to go on the stand and swear that the girl did not suffer cuts through kicking out any glass," declared Dr. Corbett yesterday. He expressed the opinion that they had been inflicted by some sharp instrument.

There were cuts on her leg, on her breast and on her hand, Dr. Corbett said yesterday. None of the cuts are thought to be serious.

The affair is alleged to have occurred on the Raleigh highway Sunday afternoon. Lane, it is contended was carrying the girl for a ride in his automobile when the affair climaxed in the injuries to the girl. She claimed he made indecent proposals and became angry when she refused him.

Officers are looking for a young man said to have been from Princeton, who was a third party in the case.

Lane is charged with engaging in an affair in which a deadly weapon was used and is scheduled for a hearing Friday.

The girl had been staying at a local hotel for several days, it is said.

## NEW WITNESSES ARE SWORN IN

### Examiners Complete Rebuttal Testimony in Brown Will Case

WASHINGTON, N. C., May 24.—(AP)—Caveators who are trying to set aside the will of the late Judge Brown finished rebuttal testimony this afternoon after having placed numerous witnesses on the stand in efforts to refute or damage Dr. David Taylor's testimony to effect that he thought Judge Brown was at no time in his life possessed of unbalanced mind or suffered from delusions.

Completion of rebuttal testimony was followed by debate between the counsel on whether or not the court should limit putting on additional witnesses to testify to the good character of the doctor. Judge Bragaw said that the trial was about to become one of Dr. Taylor's veracity instead of Judge Brown's sanity.

The number of witnesses which will be introduced in the case is now a matter of speculation. About 40 were sworn in today and counsel has intimated that they might have others.

NEW YORK COTTON  
NEW YORK, May 24.—(AP)—Cotton futures closed steady 13 to 15 lower. Spot quiet. Middling 16.55. January 16.97; March 17.15; July 16.28; October 16.65; December 16.89.

## CAN HAVE SHIP COME HOME IN

### Naval Department Offers Destroyer to Lindbergh For Home Coming

WASHINGTON, May 24.—(AP)—A naval destroyer was placed today at the command of Captain Charles Lindbergh, New York to Paris flier, for his return to this country.

The navy department directed Commander W. W. Galbraith of Destroyer Division 25, which is now located in European waters, to offer the services of the vessel for Lindbergh's return.

Accommodations also will be offered for the return here of Lindbergh's plane, "The Spirit of St. Louis."

This division sails from its European base about June 15 and if the offer is accepted this would bring Lindbergh back to the United States about a week from that date.

Included in the division are the destroyers Isherwood, Case, Sharkey, Lardner Tougey and Beck.

The navy's action was taken after a conference at the White House today between President Coolidge and Acting Secretary Robinson.

President Coolidge continues to show the keenest interest in Lindbergh's achievement feeling that it was one which grows in the imagination as it many phases are contemplated.

It is understood here that Lindbergh contemplates a "good will" fight over some European capitals of his own volition. No suggestion has reached the White House that the government might send him on such a tour. The difficult to arrange for any specific administration feels that it would be a social action of this sort.

The destroyers Case and Isherwood are now at Hamburg, Germany, the Tougey and Beck at Plymouth and the Sharkey and Lardner are at Casablanca, Spain. While they have sailing orders, it was pointed out that these orders might be changed if it were necessary to accommodate young Lindbergh.

## UNIVERSALISTS AT KENANSVILLE IN JUNE

"On to Kenansville." This will be the cry of the Universalists of North Carolina next week.

Universalism was organized in North Carolina at Kenansville on June 3, 1827. At the same place one hundred years later, the believers in "The Eternal Goodness" will meet to commemorate this event.

It is planned to meet in the courthouse. There will be several addresses on the Universalist faith. Services begin at 11 o'clock. Basket dinner on the ground. A large assembly is expected.

## MISSOURI SECTION HIT BY CLOUDBURST AND WINDSTORM

ST. JOSEPH, Mo., May 24.—(AP)—A severe windstorm, accompanied by a heavy rain of almost cloudburst proportions struck St. Joseph at 5 o'clock this morning. The storm centered on the southern part of the business district. Scores of houses were unroofed and windows shattered. Early reports show no injuries or loss of life.

SEVERE STORMS IN MISSOURI REPORTED  
ST. LOUIS, May 24.—(AP)—A severe windstorm, accompanied by heavy rain of almost cloudburst proportions, struck St. Joseph at 5 o'clock this morning. The storm centered on the southern part of the business district. Scores of houses were unroofed and windows shattered. Early reports show no injuries or loss of life.

## Captain Young Thinks City Needs Organized Effort To Clean Up Vice Conditions

### Want Ad Brings Too Many Replies

There is an old saying to the effect that it "pays to advertise" and this statement found conclusive proof during yesterday in the number of answers received to a want ad for carrier boys to deliver News routes, which appeared in The News yesterday morning.

The ad, which was inserted by Harvey King, circulation manager, asked for only six boys to carry routes, and during the day between twenty and thirty mothers called The News office to ask if their son might get a job. A long line of boys waiting down at The News at 5 o'clock yesterday morning when the circulation manager arrived, and it did not take him long to fill his quota.

## RUSSIA MAY BE BLACKLISTED

### Premier Baldwin Declares England On Verge Severing Business Relations

LONDON, May 24.—(AP)—Premier Baldwin told the House of Commons today that Great Britain would terminate her trade agreement with Russia on Thursday and require withdrawal of the trade delegation and Soviet mission from London unless the House should express disapproval of this course.

The Premier added that Great Britain if the House approved would also recall her mission from Moscow.

Premier Baldwin stated that the legitimate use of arms was not affected by the government's decision and that the government was prepared, while terminating privileges conferred by certain articles of the trade agreement to all the arrangements necessary for ordinary trade facilities between the two countries.

Russian Plot  
The Premier, answering a question by J. R. Clynes, Laborite, as to whether he could now make a full statement regarding the raid on Soviet House and the result of the search, replied: "Yes sir," to the accompaniment of loud conservative cheers.

The Premier said that for many months the police, in collaboration with the military authorities, have been investigating the activities of a group of secret agents engaged in an attempt to obtain highly confidential documents relating to the armed forces of Great Britain.

Suspicious Confirmed  
Premier Baldwin continued that these suspicions were confirmed when early this year, a British subject, employed by the air force, was convicted of stealing two such documents. These documents were recovered and the individual was now undergoing imprisonment. The identity of the secret organization on behalf of which this man had obtained the documents and its connection with a similar Russian organization had been established. The Premier said further that a document of official and highly confidential character and so marked, recently had been found to be missing and from information and documentary evidence, it became clear it had been conveyed to Soviet House and there reproduced by photostatic process.

Moscow Behind It  
The Premier said that from information received and evidence obtained as a result of these investigations, it became increasingly difficult to resist the conclusion that the agents were working in behalf of the Soviet government and had obtained their instructions from members of the trade delegation who were working at Soviet House who arranged for the conveyance to Moscow of photographs or copies of the documents obtained.

During the raid on Soviet House, the Premier said, a locked room was found containing a man hastily burning papers. After a struggle one of these papers were secured. It consisted of a list of secret addresses including some in the United States.

## Declares Salvation Army is Called Upon At Least Three Times A Week to Aid Erring Girls; Quotes Railway Engineer's Ideas Six Arrested This Month

Captain A. A. M. Young of the local post of the Salvation Army believes that there ought to be a clean-up campaign put on in Goldsboro. The captain, a native of England and only a few months in the United States, thinks of putting on the campaign himself. He discussed his ideas with leaders in the city yesterday.

"On an average of three girls are brought to the Post each week," he declared. "Most of these girls have been picked up by young men traveling about the country in automobiles and then abandoned." He said that last week he was called upon to aid a young woman who had been transported from Tennessee.

The implication of the Captain was that Goldsboro is being made the dumping ground for victims of the Mann act. He believes that some scheme should be worked out among the local welfare agencies to take care of such cases.

"We might build a home for the unfortunate," he ventured.

The need for a vice crusade in Goldsboro was first suggested to him, declared Captain Young, by a railroad man of many years experience. This man, said the Captain, is in a position to observe the movement of entire classes of women and he expressed the idea to Captain Young, that Goldsboro ought to be seeing more vice conditions than at any previous time in her history.

Six white women, who have been arrested on charges of prostitution, have been confined in the Wayne county jail this month, it was learned.

## ASK CLEMENCY FOR NEGRO MAN

### Charlie Johnson Sentenced to Die Friday for Murder

RALEIGH, May 24.—(AP)—The plea of Charlie Johnson, Charlotte negro, convicted of murder in the first degree, hung in the balance here tonight, when Governor McLean intimated to "last minute" clemency petitions, one side pleading for the life of the negro, while the other demanded that he should die.

Here, ran high for the negro, on account of lack of conclusive evidence brought out in the review of the case. Counsel for the defense presented a letter, which it is believed, contains evidence to the effect that the negro was not the murderer.

The decision is expected sometime tomorrow, on Thursday, as the negro is sentenced to die Friday.

## Efrid Will Upheld In Albemarle Court

ALBEMARLE, May 24.—(AP)—The jury hearing the case of the attack on the will of the late John G. Efrid today returned a verdict upholding the document. The case was considered only 15 minutes.

The will was attacked by W. T. Efrid, a son, whose portion of the estate of several millions of dollars was left to him to be distributed to his children.

The case came today had occupied the attention of the superior court for approximately 10 days. Efforts were made to prove that during his last days Mr. Efrid, who was widely known as a cotton mill magnate was of unsound mind.

PRESIDENT CONSIDERS BLACK HILLS FOR SUMMER TRIP  
WASHINGTON, May 24.—(AP)—President Coolidge is giving serious consideration to the Black Hills, S. D., as suggested for a summer white house, off.
