Steering Body Meets Monday

Forty-Five Men From Nearby Sections Will Consider Plans

Date for the Eastern Carolina Exposition to be held in Goldsboro the coming spring will be set at a meeting of the Steering Committee here Monday afternoon at 3:30.

N. G. Bartlett, secretary of the chamber, told The News over long distance last night that about 45 men from towns and counties nearby would attend the Monday meeting.

His opinion was that April 9 was the beginning date for the Exposition which the steering committee would decide on.

"You see we want to get busy on this Exposition with the idea of eclipsing in it any previous thing of its kind. With the date definitely set and committees appointed, we will get down to thinking about it in earnest."

Some of the feature attractions—for example the artists who will be secured for concerts during the Exposition—are expected to be decided on at the meeting Monday.

Eastern Carolina Chamber of Commerce officials believe that the very fine crops of this year will bring about a continued flourishing condition which will reflect itself in increased interest and attendance at the Exposition.

THREE FIRES ON SATURDAY

Slight Blaze at Court Square Apartment Attracts Attention

Three times were Goldsboro firemen called yesterday to extinguish small blazes.

A negro tenant home on Wayne avenue (Cole's Hill) burned slightly about the top when a spark falling on shingles ignited them.

Much excitement was caused when a small blaze started in an upstairs room at Court Square apartment at Walnut and William streets. Only slight damage was done, a small hole being burned between two rooms of the house. The flames were said to have originated in the apartment of Mr. and Mrs. E. R. Hankey who are in Richmond. Chemicals were used in putting out the blaze.

Late in the afternoon a faulty stove flue in the home of Laura Eily, negro, caused a blaze which brought the firefighters. But again they quickly put out the threatening flames.

20 CHILDREN ARE INJURED

Run-Away Flat Car Hits Crowd Of Picnickers Crossing Bridge

NOGALES, ARIZ., Nov. 19—(AP)—Twenty school children and two teachers were injured near Nogales, Mexico, today when a runaway flat car crashed into a picnic party of more than 100 children trapped on a railroad bridge across which they were walking.

Several of the smaller children escaped uninjured by lying down between the rails while the car passed over them. Many leaped from the bridge 20 feet to the ground. The car travelling down grade at a high rate of speed had just rounded a curve and some of the children failed to see it until the car was almost upon them. Those who hesitated were knocked from the bridge.

Won't Play Champ High Game in City

Because there is not a fence around the high school athletic field here, the Wilmington-Raleigh game to decide the championship of Eastern North Carolina will not be played here next Friday as scheduled, Coach Johnson of Raleigh told Coach Bullock of Goldsboro in a long distance telephone conversation last night. Mr. Johnson said it would be too difficult to collect for admissions on a field where there is no fence. Where the game will be played had not been decided, he told Coach Bullock.

FINAL TOUCHES FOR PROGRAM

Negro Teachers of State Hold Three-Day Conference Here This Week

Final touches are being put on the program for the Negro Teachers' Association which meets here on Wednesday, Thursday and Friday of this week. A large number of teachers are expected according to letters of application for homes.

Both white and colored citizens, rural and urban have contributed very generously to make the convention a success, says H. V. Brown.

There will be splendid contributions of music during the convention. The Glee Clubs of Rocky Mount and Goldsboro will sing. The latter will sing Dett's Production, "Listen to the Larks." Miss Alice Mullen, a former teacher at the Dillard High School and now a student at Hampton Institute, will sing one or two nights.

STILL TALKING ABOUT 'CHOOSE'

Three Different Opinions About What Coolidge Means Are Now Classed

WASHINGTON, Nov. 19—(AP)—As the time approaches for the opening of the primary election campaign the signs point to a division into three groups which presume to interpret President Coolidge's Black Hill statement that he did not choose to run for re-election next year. All the groups contend that Mr. Coolidge meant that he desires to leave the White House on March 1929, but at that point agreement ends and speculation begins in the tabernacle of any authorized indications from the president as to what he thinks about the agitation his announcement has caused.

The first group believe that while Mr. Coolidge's personal wish to retire, he can and will be obliged to accept the nomination if it is tendered him.

The second believe that he has taken himself definitely out of the race and at the proper time will so reveal his position.

The third contends he will not under any circumstances be a candidate next year but may after a four rest accept the nomination in 1932 if there is a demand for him then.

No Steps Taken Secure Berth For City In Proposed League

Definite steps for the formation of a class D baseball league for Eastern North Carolina are expected to be taken at a meeting of representatives from nine cities here Monday evening at 7:30. W. G. The public relations committee of the Rotary and Kiwanis club of Goldsboro are expected to represent this city in the meeting.

AUTO LICENSES WILL BE GREEN

Next Distribution of Tags Will Start on January First

For the first time the State of North Carolina will sell its automobile tags on January first. Heretofore the automobile year ran from July 1 to July 1. But this put the purchase of tags at a time when most farmers were supposed to be short of cash, and so a movement was started to change the time for buying to January first.

The last legislature made provision for this change, but in order to carry it into effect tags were sold July first last for only the half year period. Now, on January first, you buy a tag which lasts you a year. And Uncle Rufe Doughton, the State Revenue collector, announces that you will be able to get your tag December 1.

The same system is being employed this year, as heretofore, so that all owners of automobiles, already licensed and registered will receive cards from the automotive division, containing a complete description of the car owned, motor number, etc., and the address of the owner, so that it will only be necessary for the owner to present this card with a check, money order or cash for the price of the new license, to get the new license. These cards are being addressed and prepaid for mailing at the rate of several thousand a day, and will be mailed out at the rate of about 50,000 a day after November 20, so that they should be in the hands of all the present automobile owners by December 1.

The color of the new license plate is green, with white numerals giving it greater visibility than the present red-on-gray tag. The cost of the licenses will be just twice what was paid in July, since the license bought then was for six months only, while the new license will be good until January 1, 1929. The prices for licenses for passenger cars which are divided into four classes, are as follows: Cars of 25 horsepower or less, (Ford, Chevrolets, Whippets, Dodges etc.) \$12.50; between 25 and 30 horse power, \$26; more than 30 and less than 35 horsepower, \$30; cars of 35 horsepower and more, \$40. Licenses for trucks range all the way for \$15 for half tons and one-ton trucks, to \$200 for four and five ton trucks, and even more if the tires are solid and not pneumatic.

LONDON, Nov. 19—(AP)—Two British aviators, Captain R. H. McIntosh and Bert Hinkler who started from Upavon, Eng., Tuesday for India, drove for many hours through a blinding snow storm and finally landed in an exhausted condition in Southern Poland. Their own story of their flight is told in the Sunday Times. "After flying for 24 hours through continuous storm and fog," they said "we landed ten miles within the Polish border, having previously reached a point estimated to be in the vicinity of Bessarabia and having a total mileage of 2,800 miles."

M'LEAN MAKES PROCLAMATION

Urges Approach Thanksgiving in Genuine Spirit of Humility

RALEIGH, Nov. 19—(AP)—"Let us approach this day of Thanksgiving in a spirit of genuine humility and, with earnest simplicity, return hearty thanks to the Great Giver for the things he has done for us during the past year, forgetting not to invoke guidance for the future, that we may not fall into the error of self-reliance," says Governor McLean in his Thanksgiving Day proclamation, issued today.

The proclamation follows:

By The Governor

A Proclamation—Thanksgiving 1927

Whereas, through paths of peace and prosperity a benign Providence has once again led us to that season of the year when we should lay aside our worldly pursuits and turn our attention to public and private devotions, designed to give expression of our gratitude to God for the many blessings He has seen fit to bestow upon us:

Now, therefore, I, Angus W. McLean, Governor of North Carolina, conforming to the time-honored custom which had its beginning soon after our forefathers landed upon this continent and has become a part of our national life, hereby proclaim and set apart Thursday, November twenty-fourth, as Thanksgiving day and call upon the people of North Carolina to accord it due and reverent observance.

We have prospered materially. The spiritual life of our people has been advanced during the past year. Educationally we have moved forward; we have not turned a deaf ear to those in need, and for every kind act individually and collectively. God has blessed us. We have not been visited by flood or famine or pestilence.

I trust that our progress shall continue that we may become a still greater state. But let us not forget that our gains can never be permanent unless we realize our dependence upon Almighty God and by so doing give our material advancement a spiritual interpretation. We must satisfy ourselves that our foundations are sure and avoid the accumulation of wealth and prestige for selfish purposes; otherwise our material assets will become moral liabilities.

Let us approach this day of Thanks giving in a spirit of genuine humility and, with earnest simplicity, return hearty thanks to the Great Giver for the things he has done for us during the past year, forgetting not to invoke guidance for the future, that we may not fall into the error of self-reliance.

Let us avoid mere semblance and pretense, realizing that no people can sectarianism nor dogmatism, fit the prosper without true religion—not principles of brotherly love, which we must apply to our daily conduct. If we are to contribute toward making the world a better place in which to live.

On the day appointed, therefore, let us suspend all unnecessary business and render our devotions to God in the home, in the church or wherever we may chance to be. Let genuine gratitude be the guiding spirit of our thoughts and actions. Let us have much for which to be thankful. I shall not attempt to enumerate the blessings of the past year. Each individual should search his own life and determine the measure of his personal obligations to his Creator, and then join with his friends and neighbors in giving public expressions to Almighty God.

Done in our Capital City of Raleigh on this the nineteenth day of Nov. in the year of our Lord One Thousand Nine Hundred and Twenty-Seven, and in the One Hundred and Fifty-First year of our American Independence.

ANGUS W. MCLEAN, Governor. By the Governor, Charles H. England, Private Secretary.

Goldsboro Stores Begin Take On Their Holiday Appearance

With Armistice Day out of the way and Thanksgiving looming, everyone's thoughts turn to Christmas and the many problems it presents. Fortunately for most of us most of our problems are easily solved, or at least they should be, for the merchants of Goldsboro in their eagerness to serve have stocked their stores with as goodly an array of gift things as will be found anywhere, the larger cities not excluded.

The shelves and windows are already beginning to assume the holiday atmosphere. Holly paper and Christmas-red boxes bedeck many stores and though the time seems a trifle early, it is said that people generally are beginning to buy earlier in

Wake Forest Scores Early To Defeat High Point 13 to 7

DURHAM, Nov. 19—(AP)—North Carolina unleashed a surprising attack on Duke University here today and won a clean out victory by the score of 13 to 0.

The Tar Heels tore at the Blue Devils and beat them in every department of play. The strong University line threw back every thrust from Jankoski and Bala.

The Tar Heels played the game the Methodists were supposed to play. Brilliant passing and quick thrusts by Young and Ward scattered the Duke defense and never gave the Devils time to get started.

Scoring for Carolina were Ward, two touchdowns and Young one. Ward and Young were the main threats in the Carolina offense.

Hollingsworth, who was out in the game late in the third period, made several good gains for Duke and Bill Adams rolled off a pretty 25-yard run, but Duke lacked the punch for scoring.
