

SENATOR GEORGE WARNS OF BUREAUCRACY IN U. S.

Delivers Address At Annual Dinner East Car. Commerce Body

Says America's Position To Be Determined by Attitude Toward World

ADDRESS FEATURES 2ND. DAY OF 6TH EXPOSITION

Representatives From Many Eastern Carolina Towns Highly Impressed With Speaker

America's place in civilization will in the end be determined by her position with reference to the other nations of the world, declared Senator Walter P. George of Georgia in delivering the address at the annual banquet in connection with the Eastern Carolina Chamber of Commerce here yesterday afternoon.

The most pressing problem for governmental reform today, declared Senator George, has to do with the bureau which administer national legislation, as the Interstate Commerce Commission, the Tariff Commission, the Federal Reserve Board.

If the Democratic party has one weakness, continued the Democratic Presidential possibility, turning to another phase in his address, it is that it has been too busy with abstract theories and principles and has not paid sufficient attention to the business of America, not big business—and he emphasized this—but business of all kinds.

The dinner was the outstanding number of the second day of the Eastern Carolina Exposition.

Party Government Losing Ground Party government in America is losing ground, declared the Georgia Senator as he launched into his address. "Views of the people should be represented in the platforms of the parties. Misrepresentation of the views of the people is contradictory to the United States constitution and the spirit of the forefathers who conceived it."

While Senator George named no names and made no personal references whatsoever, some of his hearers wondered whether or not this reference was intended to apply to Alfred E. Smith and the men who seek to nominate Smith for the presidency on the Democratic ticket.

"The election of a president," declared Senator George at about this stage of his address is at present the over shadowing event in America. He urged that the average citizen should manifest more interest in the affairs of his national government.

The Georgian said that the present system of administering affairs in America through bureaus and agencies tended to "establish government in perpetuity." He contended that while changing administrations brought generally the changing of heads of various boards and bureaus that the great mass of the personnel of the boards and bureaus remained the same. This personnel, he urged, in reality determines upon the policy and procedure of the board and as it

School Bus Hit By Locomotive

MARBURY, Ala., April 10.—(AP)—One girl was killed and 24 school children injured, ten seriously today when a Northbound Louisville and Nashville Passenger Train struck a school bus at Mountain Creek near here on a grade crossing. The seriously injured were placed on the train and carried to Birmingham. The girl died en route to a Clanton hospital.

INCREASE NOTED IN TRUCK CROPS

Strawberries Show 7 Per Cent Increase In Acreage; Poorer Yield Expected

A general increase in acreage of all truck crops, including potatoes, strawberries, beans, cantaloupes, cucumbers, lettuce, peas and cabbage, is indicated in a survey of the trucking section just completed by D. R. Palmer of the crop reporting service of the State Department of Agriculture.

In his report, Mr. Palmer says: "Each of the intensive potato areas has approximately the same increase in acreage over last year, excepting Aurora. Reports from truckers in that section range from 5 to 10 percent increase. Aurora also reports more than either of the other sections; a damage of from 10 to 15 percent being anticipated by them."

"The acreage of snap beans and green peas will be slightly increased. The Elizabeth City area has a reduced acreage and Mt. Olive will increase their acreage, according to reports. Brunswick and Onslow counties may have 500 acres of beans, which areas are comparatively new."

Goldsboro Highs Win Both Sides of Triangular Debate

For the first time in several years, the Goldsboro high school debating teams won a decision on both sides of the query, in the annual triangular debates and thereby the right to journey to Chapel Hill to take part in the contests there next week. The victors were over Wilson and Kinston, and for the first time in the memory of those who follow debating here, the decision was a unanimous one on both sides.

The debates were held before the student bodies of the three schools. Goldsboro's affirmative team, represented by Mary Langston and Dan Powell, went up against Kinston's

EXPECTED TO DARE THE DANGERS OF ATLANTIC

The bow of the "Rainbow," the plane in which Drouhin (inset), French aviator, is expected to make an Atlantic flight, is of huge proportions. It carries three motors as seen here and is especially built for the roughest kind of weather.

Goldsboro Rotary Club Honors Col. Robinson on 43rd Birthday of Argus

With Senator W. L. George of Georgia and Congressman Charles L. Abernethy of New Bern present and joining in the occasion, the Goldsboro Rotary club last evening honored Col. Joseph E. Robinson upon the occasion of his forty-third anniversary as editor of the Goldsboro Daily ARGUS, which fell last Friday.

Senator George, who was in the city to deliver the address at the annual Eastern Carolina Exposition dinner, in a short talk expressed his appreciation of the courtesies bestowed on him while in the city and spoke of forty-three years of daily journalism being an obvious record.

Captain Nathan O'Berry reviewed the forty-six years during which he has been intimately associated with

Col. Joseph E. Robinson, recalling their first business deal. "It is a shame and a disgrace," said Captain O'Berry that a man fitted by education, training and interest has never received an appointment to represent the United States at some foreign court. But he has never been politician enough to demand his own rights.

Col. John D. Langston, speaking as publisher to a publisher, reviewed the individuality which had set apart Col. Robinson and his newspaper, for a place high in the hearts of the people of Goldsboro. "As the son of a Methodist minister," went on Col. Langston, "I can find no better way of paying to you, Col. Robinson de-

served honor and characterization than by quoting the Scriptures. There abideth faith, hope and charity, but the greatest of these is charity, for it is an all surpassing love for the people of the city and section that you, Col. Robinson, have ever manifested."

Father Raine Freeman, speaking of Col. Robinson as a parishioner, said that he was a living exemplification of the fact that one's faith should bring a present joy, and that a life by faith was the good life.

In a voice that shook with emotion, Col. Robinson replied to the tributes paid him, expressing his appreciation for the occasion and the kind words spoken.

Henry Belk, editor of The News, was in charge of the program and explained that the tributes paid to the guest of honor were being taken in shorthand, and would be bound into an attractive, gold-lettered volume for presentation to Col. Robinson.

NO-HOP OFF FOR GERMANS TUESDAY

BALDONNEL AIRDOM, Irish Free State, April 10.—(AP)—The German plane Bremen will not start its trans-Atlantic flight today.

A stormy Atlantic still frowns on the Bremen's venture. The weather report received in Ireland this morning was unfavorable for the eastern Atlantic presenting a too difficult problem for the transatlantic plans although flying conditions over the western Atlantic continued to improve.

CIVIL COURT IS UNDER WAY

Judge Nunn Will Charge Jury In One of Watts Cases Against Insurance Co.

Charge of the jury this morning remains to end one of the actions brought by C. O. Watts, who formerly operated a warehouse here, against the insurance company with whom he had insured tobacco at the time the warehouse he operated was burned. The insurance company had refused to pay the claim, saying there were suspicious details in the burning of the house.

An effort was being made yesterday to have the M. B. Price will case postponed until next Tuesday on account of the absence of a witness. This was, however, to be decided today.

Judge R. A. Nunn of New Bern, is presiding over the two week's session which will hear civil cases.

HIS BACK BROKEN IN AUTOMOBILE MISHAP

ELIZABETH CITY, April 10.—His back broken in an automobile accident near Edenton Saturday, Stanford Brickhouse of Chowan county is in a serious condition at the Elizabeth City hospital. He is about 18 years old. An operation probably will be performed in the hope of relieving a total absence of sensation from the lower ribs downward.

8:30—Professional Acts.
9:30—Seating Exhibits.
11:00—Building closes.

Glenn Has 10,000 Lead Over Smith in Race For U. S. Senate

ONE FATALITY AND NUMBER OF ARRESTS

Emmerson Leading Small 30,000 As First 500 Precincts Make Reports

CHICAGO, April 10.—(AP)—Several hours after the close of the polls in the Illinois primary tonight, the Republican faction counted for U. S. Senator, governor, attorney general and the leading places on the Cook county ticket still were in doubt, although the faction headed by U. S. Senator Deneen was in the lead.

Governor Linn Small, candidate for a third term, announced shortly after 8 o'clock that he expected to carry both Cook county and downtown, despite the fact that hour Louis L. Emmerson, Deneen candidate, was leading by almost 30,000 votes on returns from 500 precincts.

Col. Frank B. Smith, twice denied a seat in the U. S. Senate, was running a close race with State Senator Otis F. Glenn for the Senatorial nomination and the contest between Robert E. Crowe, a Small-Thompson candidate for state attorney, and Judge John A. Swanson, Deneen candidate, also developed into a nip and tuck affair.

For United States Senator, 400 precincts of 6,824 gave Glenn 51,235; Smith 41,571.

For State's Attorney of Cook county 126 precincts of 3,850 gave Swanson 14,768; Crowe, 15,493.

The first election fatality was reported shortly after the polls closed when Octavius Gramsdy, negro candidate for the 20th ward commissioner on the Deneen ticket was shot and killed and a companion seriously wounded by four men riding in an automobile opening fire as they drove by the two victims.

CHICAGO, April 10.—(AP)—Due shooting, several kidnappings, slugging, ballot box stuffing and minor disorders were reported today less than two hours after the polls had opened at the close of Chicago's hottest and most vituperative primary campaign.

The sun shone bright as more than a million voters started in the polls and election officials said that the fine weather, added to the interest in the campaign would result in a heavy Republican vote. Interest in the Democratic primary was not so intense because heads of the ticket were for the most part unopposed.

Before the polls had opened Titus Haffa, alderman recently indicted for violation of Federal prohibition laws and candidate for Republican committee on the ticket of Mayor Thompson, was reported missing and his headquarters believed he had been kidnapped.

R. H. Taylor, a Deneen precinct committeeman, was kidnapped by several men who forced him into their automobile as he was delivering ballots, beat him severely, then shoved him out into the street.

Squads of detectives were rushed to several precincts shortly after the polls had opened on reported that election officials were permitting the stuffing of ballot boxes. A negro was shot, another kidnapped, and a third reported kidnapped in election disputes in the twentieth ward.

REFUSES BERGER'S PLEA

SPRINGFIELD, Ill., April 10.—(AP)—Governor Len Small today "refused to consider" the petition for reprieve of Charles Birger, Southern Illinois gangster convicted of slaying Mayor Joe Adams, of West City. Birger is scheduled to hang Friday at Joliet. He was left a plea for commutation and an insanity plea pending.

HAVE MARKED CITY AIRPORT

Opening of Municipal Airdrome Has Been Tentatively Set For May 10

Goldsboro's new municipal airport east of the city has been marked according to specifications of the United States Department of Commerce, the Federal department which supervises the listing and approving of ports, it was announced yesterday. The date for the formal opening of the port has been tentatively set for May 10.

A huge white circle fifty feet in diameter has been placed in the middle of the field and the word "Goldsboro" has been painted in mammoth letters on the Big Brick Warehouse with an arrow pointing in the direction of the municipal airport, which is located at the old city farm east of the city.

The big white marker on the field and the mammoth sign on the warehouse will serve to mark the airport for airmen passing over and to identify the city. The legend is of such size as to be visible at a height of 10,000 feet.

First use of the airport for commercial services came Sunday, when A. Stewart, chief pilot of the Carolina Air Lines, Inc., did commercial flying from the field. Stewart said that the approaches were ideal and the arrangements for a take off and landing were better. He urged, however, that the field be sodded, saying that it was a little soft, "and it needs some more rolling," he added. "But you know your folks can have the best field in this part of the state if you will go ahead with what has been started."

Mississippi Club Leaders To Pay Visit to County Fri.

Fifteen community club leaders from the state of Mississippi, with J. M. Dean, specialist in community club and fair work for the Mississippi Agriculture and Mechanical college in charge will reach Goldsboro Friday to study community club activity in this county. Notification to this effect was received yesterday by County Agent A. K. Robertson from Mr. Dean.

The party of Mississippians is made up of fifteen winners in the community club contest conducted over the state as a whole. As a reward for winning in the contest, they were presented a free trip to Washington, D. C., and other parts of Eastern United States for the purpose of studying the latest community club developments. When they wrote to Dean Schaub of North Carolina State College as to
