Williams And Griffin Conditionally Ask 2nd Primary

Notice Filed Last Evening

Want Second Race For Commissioners Nomination In Case Second Race In State

G. W. Williams of Mt. Olive and A. T. Griffin of Goldsboro, sixth and seventh men respectively in the race for nominations on the Wayne County Board of Commissioners in the June 2 primary last night conditionally filed notice requesting a second primary on June 30.

The four second high candidates—Mr. Williams, Mr. Griffin, C. F. Herries, Sr., and C. W. Oliver—had until midnight last night to give notice as to whether or not any one requested a second primary to contest the nomination of J. H. Denning, J. R. Murvin, N. B. Berger, and Deems H. Pate, who were high men in their order named, but did not receive a majority vote.

Mr. Williams in explaining his conditional request for a second primary issued the following statement:

"Not for a moment would I put Wayne county taxpayers to the added expense of a second primary to determine Democratic nominees for the county board of commissioners. To demand anything for myself or for my section which might put the whole to some sacrifice is foreign to my nature. If there is a second primary in the State, however a county primary could be run off in connection with this and with practically no extra expense."

"My friends of the Mt. Olive section have all urged me consistently for the past several days to ask for a run-off contest, in case there is to be one in the state."

I have filed with the board of elections for a second contest for last night at midnight was the final hour for giving this notice. In case, however, later developments show that there will be no second primary in the State, then I shall not ask one at the hands of the Wayne people but shall contentedly abide by the results of last Saturday.

"My friends in asking me to request a second primary if one is to be held in the state have pointed out that the nearest commissioner to Mt. Olive will be 13 miles if the June 2 voting stands. They have urged that Broden and Mt. Olive should have a representative, and it is so much in consideration of them as of myself that I am filing for a second primary. This notice, however, will be immediately withdrawn in case it is proved there will be no second run-off in the State, or a request from another source for a second contest in the county."

South Blocks Smith

WASHINGTON, June 9—(AP)—Of the 1100 delegates to the Democratic National Convention all but the 74 from Kentucky, North Carolina, and Virginia have been selected. Two-thirds of 733 1-3 will be required for nomination.

The present line up: Smith—660 of which 94 are in dispute. Reed—129 of which 81 are in dispute.

No candidate at present is claiming the following 116 delegates: Alabama 24, Arkansas 18, Florida 12, Mississippi 20, Texas 26, South Carolina 18. Of the three states which have not yet selected delegates, Kentucky has 26; North Carolina 24; Virginia 24.

LOUISVILLE—(AP)—Results of Democratic county conventions in Kentucky today indicated that the majority of delegates to the State convention to be held at Lexington, June 14, would be uncommitted.

In a few counties opposition Governor Smith was voiced but early reports indicated no incidents where the resolutions opposing him had been adopted.

WINS VICTORY IN COUNTIES

Almost Complete Returns Give Tennesseean 755 Votes and New Yorker 414

RALEIGH, June 9—(AP)—Backed by Senator Simmons and other forces opposed to Governor Smith for the Democratic nomination, Cordell Hull, favorite son of Tennessee, took a long lead over the New York governor in number of instructed delegates to the State convention as almost complete returns from today's county Democratic convention were tabulated by the Associated Press tonight.

On the face of returns received here Hull had instructed for him 755 and a fraction of the 1953 delegates comprising the convention, while Smith had 414 and a fraction. The uncommitted contingent, numbering 558 and a fraction, will hold the balance of power in the convention Tuesday, when North Carolina's 24 delegates to the Houston nominating assembly will be chosen.

Seventy delegates were reported instructed to vote for a "dry" candidate and 30 plus to vote against Smith.

Senator Reed of Missouri received a few scattering delegates and fractional representation. Others who were credited with support in the instructed delegates were Senator Simmons, Governor McLean, Owen D. Young, Josephus Daniels and Claude Bowers.

For the most part, they were credited with fractions of delegates. Counties still to be heard from McDowell, Mitchell, Montgomery, Swain and Washington—were not expected to change the relative standing of the contesting forces materially.

The convention, held in 99 county seats were marked by spirited fights in a great many instances, reports here said. But Wilson county was the only one in which a formal contest was held. Hull forces in control of the gathering elected a full ticket of 18 delegates pledged to the Tennesseean over the protest of Smith adherents, who contended they were entitled to five seats on the basis of relative voting strength.

The State convention is expected to be called upon to settle the dispute. Although Smith trailed Hull in the number of instructed delegates, W. B. Jones chairman of the Smith campaign committee issued a statement late tonight in which the claim was made that supporters of the New York governor would control the convention.

Court Session This Morning To End Case Against White

After continuing in session until about 1 o'clock this morning Wayne County Superior Court hearing the case of James White, negro charged with the murder of his daughter Vermell White, was adjourned until 9 o'clock this morning. Solicitor Clawson Williams has yet to make the closing address for the State and Judge R. A. Nunn to charge the jury.

Uproar for a moment seized the courtroom yesterday morning as Amelia White co-defendant with her husband suddenly in a dead faint, her body stiffly rigid. She lay for sometime in a state of coma. Physicians said that it would probably be impossible for her to continue in the trial and after a consultation, Hugh Dorch, her attorney, entered a plea for her of guilty of murder in the second degree. The plea was accepted by Solicitor Williams but sentence had not been passed by Judge Nunn when court recessed early today.

Will Be Called In Chatham Co.

National Guard Infantrymen and Machine Gunners Will Move To Protect Court. Infantrymen and machine gunners will move on Pittsboro Monday morning to protect Larry Newsome, Wayne county negro, who goes on trial there Monday for his life on a charge of murdering Little Beulah Tedder, 14-year old Wayne County white girl, whose lifeless and knife-hacked body was found in a clump of bushes near her home last December.

The authorities are not expecting a repetition of the affair that took place in the Wayne County Superior Court last December, when Newsome was first tried, but they are taking precautions. Infantrymen from Company A, 120th Infantry, and machine gunners of the Durham Machine Gun Company, North Carolina National Guard, will be despatched early Monday morning to Pittsboro to guard against mob violence. Adjutant General J. Van B. Metts said Saturday. Grant to Have Charge Prisoner Sheriff W. D. Grant of Wayne will be in charge of the prisoner, it is learned yesterday, and he together with most of his deputy force will be in Chatham for the hearing as witnesses. Deputies Gardner, Smith, Korneker, Hales, Plainclothes Officer Rhodes and the Chief of Police Dorsey of Fremont will be called as witnesses for the state. Dr. L. W. Corbett will also be called. A Chatham county attorney will be appointed by the court to assist M. B. Loftin, Goldsboro attorney named by Judge Grady at the last trial, to assist in defending Newsome. Some thought last night that the White trial in progress in Wayne Superior court might run so late into Sunday night that the Chatham court might be delayed in getting under way with the Newsome case Monday morning. Solicitor Williams, however, said that the case here would be tried in ample time for the Chatham court to be called at 9 o'clock Monday morning. To Use Regular Jurors No special venire has been summoned in Chatham, Solicitor Williams said, but the regular jury of thirty-six summoned for criminal court will be used. Solicitor Williams has been busy at odd moments the past week in re-marrying his evidence and the case should go forward with rapidly when once called. M. B. Loftin during the past week has also been in conference with a number of witnesses. Much interest was being manifest in the case yesterday and it is quite probable that several hundred Wayne county people will drive daily to Pittsboro to follow the case. The second trial of Newsome was moved from Wayne Superior court to Chatham county court because it was reported, it was feared another effort might be made to lynch Newsome. At the trial last December, Judge H. A. Grady, presiding, Sheriff W. D. Grant of Wayne brandished and fired guns in the courtroom when relatives and friends of the murdered girl surged forward and tried to take Newsome. It was largely because of this disorder that prevailed at Newsome's first conviction which occurred on Sunday, December 11, last that the Supreme court granted him a new trial. Associate Justice B. J. Brogden holding that the disorder precluded a fair trial for the defendant. General Metts said that about fifty guardsmen would be sent to Pittsboro to protect Newsome "We are not expecting any trouble."

AYCOCK WINS CLUB CONTEST

45,000 People Attend Community Club Meetings in 12 Centers Past Season

Aycock community club wins the mammoth silver loving-cup for having turned in the best record in attendance during the eight months competition just completed. Frank Jones, chairman of the steering committee revealed yesterday, Aycock had an average of 144 percent of the school census of the community at the last month of competition. Indian Springs was a close runnerup for the cup and Smith's chapel was in third place.

During the eight months of the competition a total of 45,000 people attended the 192 meetings held in the 12 clubs competing for the cup. Last year, 25,000 people attended meetings, showing an increase of 20,000 during the past season. The program has been successfully financed and at the end of the season the steering committee reported (Continued on page 5)

May Provide Free Rides For Kiddies to Park Playground

A new playground feature which promises more delightful recreation to the children of Goldsboro than ever yet been offered them is now being worked out by Mr. Roy Parker, Superintendent of Streets and Parks, and the playground committee, according to an announcement by R. C. Robinson, director of the Memorial Community Building. It is a project which, if successfully carried out, will make it possible for practically every boy and girl in the city to take daily trips to Herman Park where they will have the privilege of playing under the direction of trained leaders; where they will have the freedom of the excellent equipped play area to swing or do as they like—where, in fact, they may recreate as their wishes dictate. It is Mr. Parker's idea. He is going to have the children of the city enjoy the park which has been so well supplied with attractions for them. He plans to run a trailer to the

Wayne Delegates State Convention

Judge Hull Gets 18 Delegates to State Convention to 7 For Smith

FAVOR D. C. HUMPHREY AS HOUSTON DELEGATE

Resolution Approves Work of Col. Freeman as County Chairman Past Year

Wayne county Democrats are for Senator F. M. Simmons, for Cordell Hull of Tennessee and strongly against Governor Al Smith of New York City. These facts were proved beyond a doubt in the Wayne Democratic convention held at the Memorial Community Building yesterday morning which resulted in naming 18 delegates for Judge Hull to the State convention and 7 delegates for Governor Smith of New York. This division of the 25 delegates the county is entitled to the state convention in Raleigh next Tuesday was proportioned upon a show of strength in the convention for each candidate. This show of strength was called for by Senator Kenneth G. Royall and indicated 116 2-3 votes for the Tennessee Congressman and 41 1-3 votes for the New York Governor. Delegates gave 18 delegates to Hull, but in the main his 41 1-3 delegates were recruited from the incorporated towns of the county, the strictly rural precincts generally indicating solid fronts against the New Yorker.

With a rousing show of approval from all Hull supporters and from the majority of the Smith delegates a resolution endorsing Senator F. M. Simmons as national committeeman was unanimously adopted. This resolution was offered by Col. John D. Langston of Goldsboro who presented the resolution with an eloquent and moving tribute for the Senior Senator who has for so long represented his state and nation "with such distinction."

Resolution for Senator Simmons The convention showed how it felt toward Senator Simmons by approving Col. Langston's resolution as follows: Whereas, the Senior Senator from North Carolina, Furnifold M. Simmons, has for thirty years with wisdom, courage, sincerity, industry, zeal and foresight labored and sacrificed to safeguard the interests of his state and nation, and in so doing has greatly enhanced the prestige of his party in the State and Nation, and Whereas, it is the desire of the Democracy of Wayne county that this great servant of his party, state and nation shall be honored whenever opportunity arises to do him honor: Now, therefore, be it Resolved, that the Democracy of Wayne county in convention assembled, endorses Senator Furnifold M. Simmons for National Committeeman for the next ensuing four years and instruct its delegates to the State convention on June 9th 1928 to vote and work assiduously in accordance with this endorsement.

Humphrey for National Committeeman

Don. C. Humphrey, prominent attorney who has acted as manager for Hull in the county, will be favored by Hull delegates from Wayne as one of the two delegates from the district to the National convention at Houston this being decided by the convention in an amended motion presented by Col. Langston. The latter moved at first that the entire Wayne strength of 25 votes vote solidly for Humphrey as national delegates in the event the district caucus indicates that the Congressman from Tennessee has a
