REPUBLICANS NOMINATE HOOVER

Lowden Withdraws His Name As Farm Relief Plank Not to Liking

Convention Stages 20-Minute Demonstration When Hoover's Name Put

EQUALIZATION FEE IS OUSTED FROM PLATFORM

17 of North Carolina's Votes Are Cast For Commerce Secretary

CONVENTION HALL, Kansas City, June 14—(AP)—Herbert Hoover was chosen tonight as the Republican nominee for president. A single roll call in the National convention told with impressive finality the story of his overwhelming victory against a united field of rivals.

When North Carolina cast 17 of its 20 votes for Hoover, he had received a majority, and later his nomination was made unanimous.

A foregone conclusion ever since the convention met last Tuesday, his nomination quickly became a reality. The final count disclosed the allied candidates against him in complete route.

The following telegram was sent to Mr. Hoover tonight by Senator Moses chairman of the convention:

"The Republican National Convention by a sweeping majority which has since been made unanimous amid great enthusiasm has named you as its candidate for the presidency in this campaign. No message of information which I have ever sent to anyone has ever given me as much satisfaction as this to you: I send it to you in the name of a united, enthusiastic and militant party organization which has turned to you as the inevitable leader in the contest which confronts us. It is not so much that we give you this nomination as that you have earned the right to it. Your training your equipment and above all, your character make you the leader for whom the party has looked that there may be no halting in the progress of the United States under policies for which you are warmly approved by the people and to which you have contributed so much. The convention still in session, would appreciate a message from you and I hope that you may be able speedily to send it to us."

Lowden Withdraws CONVENTION HALL, KANSAS CITY.—(AP)—As the Republican convention met to cast the ballot nominating Herbert Hoover for the presidency tonight, former Governor Frank O. Lowden of Illinois, the chief candidate against him, withdrew his name from consideration because he could not accept as satisfactory the administration farm relief plan written today into the party platform.

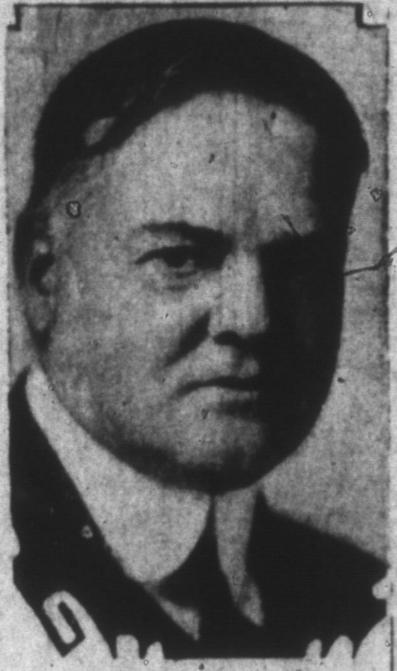

Springing a real surprise the Governor authorized the reading of his withdrawal from the platform in the place of the speech which was to have been delivered placing him in nomination. The denouncement followed closely on a second 20 minute demonstration for Hoover who just previously had been placed in nomination.

Mounting the platform just as the big Hoover racket was dying out, Otis F. Glenn, Republican nominee for the Senate in Illinois and the man who was to have nominated Lowden announced bluntly that the former governor had authorized him to make the statement by which he released the delegates from Illinois and elsewhere pledged to him. That the governors retirement did not mean the entire withdrawal of the field of allied candidates against Hoover, however, became apparent a moment later when Will Wood of Indiana addressed the convention placing in nomination Senator Watson.

Hoover took the convention by storm as the delegates gathered to ratify formally their selection of him as the party's candidate for the presidency.

CITY HEADS GROUP THREE

State Department Education Issues Cost Finding Statistics For Schools

RALEIGH, June 14—(AP)—On the basis of school attendance by North Carolina white children in elementary grades, cost of instruction is on the increase.

The state department of public instruction today announced figures revealing that in 1922-23, \$3.52 a month would pay the average instruction cost for each pupil in daily attendance, while in 1926-27 it took \$4.56 a month for the same purpose.

The number of pupils per teacher is about the same each year both on enrollment and attendance basis. There is an average of 35 pupils enrolled and 26 in attendance to each teacher and principal employed in elementary white schools of North Carolina. Since this is true, the department report said, the number of pupils per teacher has no bearing upon the increase in cost of instruction.

The per cent of enrollment in average daily attendance, however, has a direct relation to the rate of increase of cost per pupil in average daily attendance. This percentage has slightly increased from 73.2 p. c. in 1922-23 to 76.0 p. c. in 1926-27. This fact tended to slow up the increase in cost on the attendance basis, as compared with the increase in cost per pupil enrolled.

In the rural school system, Transylvania ranked first in cost of instruction, the monthly cost per pupil enrolled being \$3.78 and for pupil in attendance, \$5.44. Avery county stood at the bottom of the ranks with \$2.09 and \$2.62.

Charlotte led the city group 1 with \$5.22 enrollment cost and \$6.55 attendance cost, followed in order by Winston-Salem, Durham, Greensboro, Raleigh, Asheville, High Point and Wilmington.

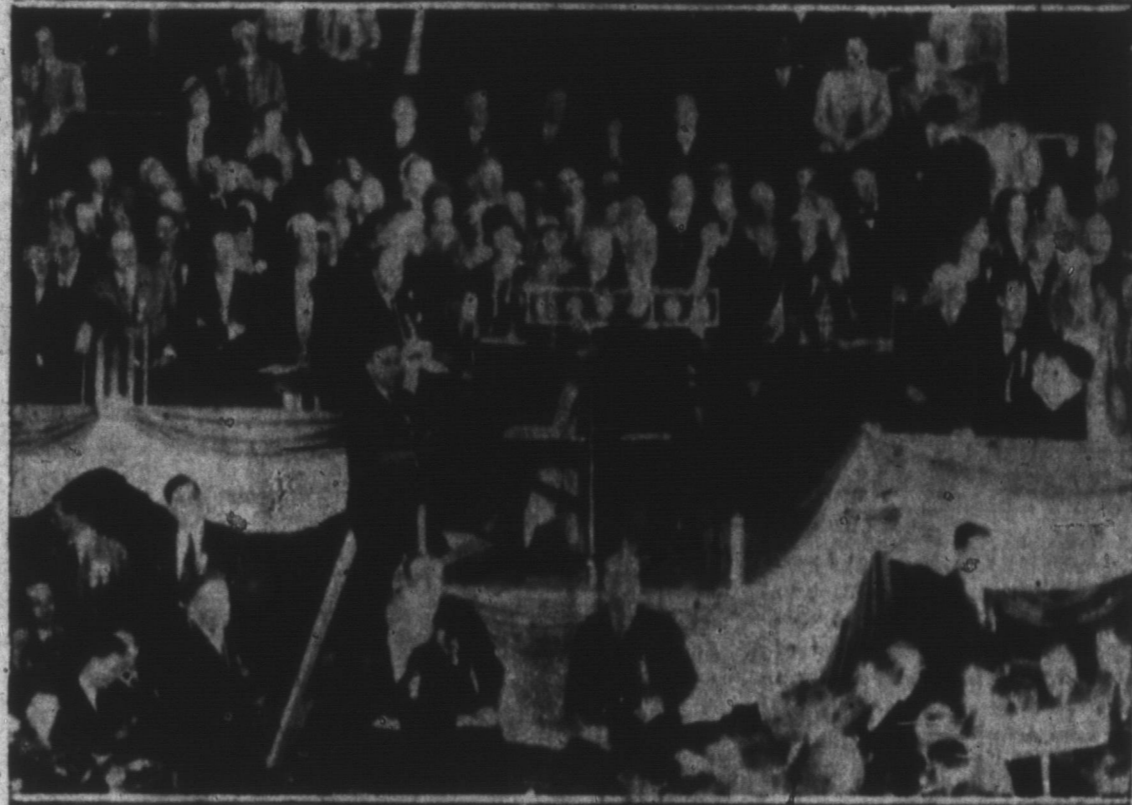

Goldsboro headed city Group 2, with \$4.39 and \$5.54 followed, by Salisbury, Gastonia, Wilson, Elizabeth City, Concord, Kinston, Rocky Mt., Henderson and New Bern.

In city group 3, Greenville led with \$4.52, and \$5.51 costs, followed by Fayetteville, Hickory, Reidsville, Tarboro, Statesville, Burlington, Smithfield, Mooresville, Mt. Airy, Dunn, Roanoke Rapids, Lexington, Washington, Morganton and Shelby.

Cost in Shelby school was the lowest in the three city groups the figures being \$3.18 on enrollment and \$2.81 on attendance.

Two Women Fliers May Start Today By Different Routes Over Atlantic Ocean

ST. JOHNS, N. F., June 14—(AP)—Tomorrow's rising sun, it seemed probable tonight, will shine down on two American women flying along different courses to Europe, unless the superstition against beginning an undertaking on a Friday holds one ashore.

The women are Miss Amelia Earhart and Miss Mabel Boll. Miss Earhart announced at Trespasey today that she would take off with her two-man crew at 2 p. m. eastern daylight time, by way of the Azores, where a stop will be made for fuel.

Miss Mabel Boll was waiting at Harbor Grace for weather favorable for a hop along the great circle course. She also has two men to operate her plane.

It is Miss Boll using Chas. A. Levine's trans-Atlantic monoplane Columbia, who has strong ideas about Friday. She postponed taking off on the first leg of her flight from Roosevelt because preparations were not completed until Friday.

Both women had planned to follow the great circle course to Europe, but Miss Earhart's seaplane Friendship failed to rise from water in repeated attempts with the load of fuel necessary to make the 1900 mile hop, so 200 gallons of gasoline were unloaded and the course changed to permit a stop for refueling at the Azores. The destination of the Columbia has not been announced.

The weather bureau today forecast weather over the Atlantic interpreted as not unfavorable.

END COMES TO N. E. BRADFORD

Funeral Will Be Held From Home on S. John At 11 O'clock This Morning

From the home at 208 South John street at 11 o'clock this morning Rev. J. M. Daniel will conduct funeral services over the remains of N. E. Bradford. The end came suddenly for this gentleman and scholar at 8 o'clock yesterday morning.

More than twenty years ago Mr. Bradford came to Goldsboro from Concord and entered the insurance and real estate business in the city. Here he married Miss Clyde Peacock of a prominent Wayne family, and here he established a home.

"There was one thing about Bradford," said a friend yesterday. "He would always go out of his way to make you feel good. If you were standing with your back to him, he managed to call to you and pass a pleasant greeting."

Five years ago chronic heart and stomach trouble set in and slowly but steadily undermined a strong constitution. During much of the time of the last year Mr. Bradford has been so ill as to be unable to attend to his business.

He was up and in what had come to be his usual health Wednesday. Sometime during the night he sustained a slight attack. And then yesterday morning about 8 came another and more violent attack and he lost the fight which he had so bravely waged for a number of years.

In addition to the widow, who has the sympathy of all Mr. Bradford is survived by one daughter, Miss (Continued on Page Six)

THERE ARE TWO GREAT POWERS

Rev. E. C. Gaskill Continues Revival Service At Free Will Baptist Church

"There are two great powers—God vs Satan—and these are contrary one to the other. God is the friend of man. Satan is man's enemy. God is seeking to save you. The devil is seeking to damn you in everlasting woe," said Evangelist E. C. Gaskill last evening at the Free Will Baptist church, as he brought a message using the words "And Satan came also" for a subject in connection with the words of Peter, "Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour." 1. Pet. 5:8.

"God has promised to give to us what we need, but not what we might want, for some of us would ride no longer in a silver but in Cadillac and other big cars, would not wear ten cent rings, but rings with diamonds, but the thing that man needs is God's salvation to protect him from the deception and ruin of Satan," said Mr. Gaskill.

"There was a time when the sons of God came together and Satan came also," said the evangelist, "and he (Satan) is the same today. The devil is among the first at the revival. He wants to hinder the work of God. He wants to keep the unsaved away from God, and this he will do if you will allow," said Mr. Gaskill.

"Adam, Cain, the sinful world during the building of the Ark," with many of the characters of the Bible who fell into sin were used as examples in which the evangelist showed prosperity turned to want, and righteousness to fade away and sin to rain as results of "Satan came also."

NOBIL PARTY ARE MAROONED

Injuries Keep Them From Traveling and Radio Tells Story of Suffering

KING'S BAY, Spitzbergen, June 14—(AP)—Hope that General Noble and the five men marooned with him on the ice near Fyne Island might be able to make their way to some bit of land in that vicinity was disappointed tonight.

Word came that due to injuries to General Noble and Natale Ceccioni, motor chief, who suffered a broken leg when the dirigible Italia crashed the party is unable to move from its present position.

General Noble asked for snow spectacles, snow shoes, medicines and gum boots. This list is eloquent of conditions which he and his companions are facing. It indicates that the glare of the sun on the snow has affected their eyesight and that heat has softened the snow so that they suffer from wet feet.

Polar bears have visited Noble's party but have proved friendly, showing nothing but curiosity at the presence of the castaways.

WOMAN CAN'T CLAIM MILLIONS BOSTON, June 14—Mrs. Carlotta Cockburn, of Los Angeles, Thursday was stricken from the records as a claimant of the five million dollar estate of the late Lotta Crabtree once "the darling of the American stage" Mrs. Cockburn, one of the leading figures in the long battle over the Crabtree millions, claimed to be a daughter of the late Annie Leonoid, of Seattle, and the late Jack Crabtree of Tombstone, Arizona, the latter a brother of Lotta.

To Hold Mass Meeting At Courthouse Tuesday June 19, at 8:15 P. M.

BIGGER JOB FOR L. O. FONVIELLE

Made "New Business" Manager For Carolina Gas and Electric Company

Demonstrated ability as manager of the Goldsboro branch of the Carolina Gas and Electric company for the past three years, resulted yesterday in L. O. Fonvielle being named new business manager of all the properties of the big company in Kinston, Goldsboro, New Bern, Washington, Greenville and Fayetteville.

Mr. Fonvielle's office will be located in Kinston but he will continue to make Goldsboro his home. He will spend several days each month in the different towns where the Carolina Gas has plants.

As new business manager he will direct continual campaigns for "new business." In his position he will be in complete charge of promotion work for properties valued at \$1,200,000.

It was about a year ago that R. Blackwood combined the gas plants of Goldsboro, New Bern, Kinston, Greenville and Fayetteville as the Carolina Gas and Electric Company. This company has carefully checked its records during the past year and being impressed with that under Mr. Fonvielle in Goldsboro, selected him for the place of "new business" manager.

In announcing the appointment the company gave out the following statement: "Mr. Fonvielle has earned the esteem and confidence of the people of Goldsboro, and we can speak the same for him in all our other properties," and ask the cooperation of all our consumers to the end that the best service may be rendered by our company.

Grace Comes Here

T. Edgar Grace will succeed Mr. Fonvielle as manager here. Yesterday's New Bern Sun-Journal had the following article of Mr. Grace:

T. Edgar Grace, for several years manager of the local plant and office of the Carolina Gas and Electric company, has received notice of his transfer to Goldsboro, succeeding the manager there, who has been promoted to sales manager for the district. Mr. Grace will leave the last of this or first of next week for his new post.

Mrs. Grace and children are in Suffolk where they were taken a few days ago by Mr. Grace because of illness of their little girl. They will join Mr. Grace in the Wayne city later.

Since coming to New Bern Mr. and Mrs. Grace have made a number of friends. Mr. Grace has been active in the community's activities and is a member of the Rotary club.

RUSSIAN FLYER TO ARTIC

RIGA, June 14—Russian Aviator Babushkin boarded the Soviet ice-breaker Malignan off the Murmansk coast Thursday, said a dispatch from Leningrad. He will join the Noble air relief fleet when the Malignan gets close enough to make seaplane flight possible.

PLANT DAMAGED

THOMASVILLE, June 14—(AP)—The Glen Ann Pannel plant, operated by Thomasville Chair company, outside the city limits, was partially destroyed by fire late this afternoon. Half the building was destroyed. The loss will run into several thousand dollars, it is understood.

Will Get Entire City Behind Proposition to Obtain Double Set Buyers

TO SEND COMMITTEE TO TOBACCO ASSN. MEETING

A. T. Griffin Is Named Chairman of This Committee At Meeting Last Evening

Backed by the combined business and professional strength of Goldsboro, a committee will go to Old Point Comfort, June 27, to attend the meeting of the United States Tobacco Association and to ask that a double set of buyers be directed for the Goldsboro tobacco market this season.

A movement to this end was started at a meeting held in the office of the Goldsboro Chamber of Commerce last evening.

Plans for showing the tobacco buying companies that Goldsboro will this year deserve a double set of buyers and will sell enough to warrant two sets will be completed at a mass meeting called for the courthouse on Tuesday evening, June 19, at 8:15.

Machinery was set in motion last night under which this mass meeting will draw a larger crowd than ever before met in Goldsboro to talk the tobacco market. The Chamber of Commerce will circulate and telephone every member of its association urging attendance at the meeting. The secretary of the Merchants Association will do like wise; also of the Rotary and Kiwanis clubs. In addition to making efforts to secure the presence of every business and professional man of Goldsboro at the meeting, efforts will be made to have farmers of the county come in and attend the gathering and express themselves on the subject.

The committee of the United States Tobacco Association which has charge of deciding upon the number of buyers for each market will meet in connection with the annual convention of the Association on June 27 at Old Point Comfort, Va., and Goldsboro's committee will be on hand.

A. T. Griffin, who last evening named chairman of the committee and he will advise with the tobacco interests of the city in choosing the membership. It was voted last night.

The importance of having Goldsboro representatives appear before this committee and petition for the double set of buyers was brought out by D. W. Taylor, of the Currie warehouse, and a man long experienced in the tobacco buying business on the largest markets of this section. He showed that last year Fayetteville a town much smaller and much less centrally located than Goldsboro sold 20,000,000 pounds of tobacco.

Mr. Carroll declared at the annual convention of the Tobacco Association last year that someone of the committee asked if Goldsboro should not have two sets of buyers and that there was no one present to say anything on behalf of the city.

Lionel Well recommended getting in touch with representatives of the large buying companies prior to the convening of the committee and urging them to use their influence in behalf of the double set of buyers for the city.

Upon motion by Henry Bell it was voted that a petition be circulated among the business and professional men of the city asking them to personally solicit at least one farmer to sell his tobacco on the market of Goldsboro this year.

"It is along this line—that of interesting the whole city in the matter that we must act," declared Thomas (Continued on page 5)
