SENATOR CURTIS NOMINATED FOR VICE-PRESIDENT

East, South and West Join in Landslide For Swarthy Son of Plains

Kansas Senator Is Part Indian And Was Once A Jockey

EXPECTED TO PULL AGRICULTURE VOTES

Curtis Voted for McNary-Haugen Farm Relief Bill in Senate

CONVENTION HALL, KANSAS

City, June 15—(AP)—A Curtis tidal wave sweeping along on the heels of that of Hoover last night rode a California-Kansas presidential ticket for 1928 into Republican party history today and let this elderly half sink back to slumber among its crowded political memories.

It needed a rest. For nearly a week it had housed the party legions from all over the land, gathered to write a new challenge and map out the fighting lines of the coming battle at the polls; to name a commander in chief from the Golden Gate and a vice commander from the Corn Belt and then to go streaming away, content to await the decision of American voters on the worth done in Kansas City.

Most of the time the sweltering delegates just sat and stewed and fretted at delay as committees vainly sought to reconcile discordant views on party issues.

But yesterday when they took over the job themselves, they left no shadow of doubt as to their purpose. They trampled down every objecting voice with wholesale majority power, executed ruthlessly if good naturedly. They named their champions on the first ballot each time and they poured into the bias of noise and party enthusiasm with which they hailed their new chieftan last night so much concentration of vim and vigor that they all but voiceless today at the end.

Hoover Works Away

WASHINGTON—(AP)—His usual schedule of reaching his office at an early hour undisturbed by his nomination by the Republican convention, Secretary Hoover swung at once to-day into preliminaries of his presidential campaign.

As a shower of congratulations upon attainment of the highest honor of his party came in, Mr. Hoover found time in which to write his first campaign pronouncement, a message to the delegates at Kansas City.

The message was not limited merely to thanks and appreciation for the nomination, but sought to set clearly a note for his campaign.

CONVENTION HALL, KANSAS CITY—(AP)—Senator Charles Curtis, of Kansas, was nominated by the Republican National convention today for vice-president.

In a landslide of proportions even outdoing that in which Herbert Hoover himself was named Thursday night for President, the Republican National Convention at its concluding session Friday selected Senator Charles Curtis of Kansas as his running mate.

East and West and South joined in a tumultuous rivalry to give the tribute and confidence of their support to the swarthy Kansan, of Indian descent, once a jockey, now the leader of his party in the United States Senate. His selection was urged by his Middle West partisans, and accepted by the delegates of other sections as a link between the presidential nominee and the McNary-Haugen farm bloc which was so overwhelmingly beaten Thursday in an attempt to write the equalization fee into the Republican platform.

NATIONALISTS ORDER POSTS AT NANKING

PEKING, June 15—(AP)—The Nationalist ministry of communication Nanking has ordered the Peking directorate of posts to remove to Nanking, the Southern capital.

Nominated Vice-President

CHARLES CURTIS

COOLIDGE SENDS FELICITATIONS

First Act Upon Reaching Summer White House Is to Congratulate Hoover

SUPERIOR, Wis., June 15—(AP)—With an endorsement of the nomination of Herbert Hoover as Republican nominee for candidate President Coolidge installed himself today in the summer White House by the Bruin river.

Arriving in an enthusiastic reception Superior after a 2 hour ride from Washington, Mr. Coolidge drove at once through the town across 33 miles of rolling pine and beach land to Cedar Island lodge, a rustic home where surrounded by virgin forests, her and Mrs. Coolidge will spend the next three months.

Notified early this morning on the presidential train by his private secretary of Mr. Hoover's nomination at Kansas City, Mr. Coolidge at once prepared a telegram to the nominee in Washington to which a message of affection from Mrs. Coolidge was added. Citizens of Duluth joined with the residents of Superior in welcoming Mr. and Mrs. Coolidge here this morning with an enthusiasm which seemed to affect the chief executive profoundly.

YOUNG HAW RIVER MAN KILLED AT GRADE CROSSING

BURLINGTON, June 14—(AP)—John Noah, 55, farmer of near Haw River, was almost instantly killed this morning, when his car was hit by Southern Railway Carolina Special at a little used grade crossing about a mile east of Haw River.

Perfect Plans For Tobacco Market Mass Meeting Tues.

A. T. Griffin, named chairman of a committee which will go to Gold Point Comfort, Virginia, June 27, to confer with the buyer's committee of the Tobacco Association of the United States relative to a double set of buyers for the Goldsboro market, yesterday announced the personnel of the committee.

Mr. Griffin selected Spicer Holmes, Bob Stevens, T. H. Norwood, and Kenneth C. Royall as four other interested in the local tobacco market to accompany him.

A. B. Carrington, president of the United States Tobacco Association, was yesterday wired for an appointment for the Goldsboro delegation before the buyers committee at the convention in Virginia.

HOLD FUNERAL SUNDAY P. M.

Native of Goldsboro Dies of Paralysis in Greensboro Hospital

Mrs. C. A. Franklin, nee Alice Holland, and her husband decided that they would move from Greensboro to Goldsboro to make their home. Goldsboro was Mrs. Franklin's old home and when one has come to the half century of life there is a beauty and solace in the scenes and memories of childhood. Anyway Mr. Franklin's work as conductor on the Carolina Special between Goldsboro and Greensboro gave him about as much time here as there. So they took an apartment and consigned their furniture to Goldsboro.

On the same evening that final preparation had been made to come back to Goldsboro to reside, Mrs. Franklin suffered a stroke of paralysis. She was carried to St. Leo's hospital and death came about midnight Thursday. Last evening the remains arrived on the late train from Greensboro and were taken to the Seymour funeral parlors.

From the First Baptist church, Sunday afternoon at 2 o'clock Rev. A. J. Smith, assisted by Rev. J. H. Fizzle, will conduct funeral service. Burial will be made in Willow Dale. Surviving are the widower and one brother, Walter Holland of Columbia, South Carolina. As a girl Alice Holland joined Goldsboro's First Baptist church and here all the years of her life she held her membership.

MURDER CASE NEARING END

Winston-Salem Man and Wife Charged With Poisoning Children

WINSTON-SALEM, June 15—(AP)—Herbert E. Hall, 40 and his wife Laura Grace Hall, 20 who have been on trial jointly in Forsyth county superior court for the past three days on charge of first degree murder as a result of the sudden death of their children, Marion 6, and Hazel Kathleen 5, last May will in all probability know the verdict of the jury sometime tomorrow. The defendants are alleged to have administered poison to the little girls. Introduction of testimony was completed at 2:30 o'clock this afternoon and the arguments to the jury got under way at once.

Two speeches and the charge by Judge Thomas J. Shaw will complete the case. Greater part of the testimony today came from character witnesses who attested the general reputation of Mrs. Hall. After testifying yesterday, Mrs. Hall was recalled to the witness chair today to identify certain insurance policies which were said to have been in force on the lives of the children when they resided at Marion, N. C., more than a year ago.

Sell Property For Taxes At Noon Mon.

Wayne county land on which 1927 taxes have not been paid will be sold at auction at noon Monday, Sheriff W. D. Grant announced yesterday. The letter of the law called for the sale of property several weeks ago, but Wayne Commissioners granted an extension of time. Sheriff Grant said that about 3 percent of the taxes for 1927 had not been paid and said that this was better than in most years. Out of a total tax assessment of \$792,000 only about \$50,000 has not been collected.

A NEW RESCUE PLAN IS MADE

Major Maddalena Will Fly To Nobile In Effort To Rescue Marooned

KING'S BAR, Spitzbergen, June 15—(AP)—Instead of drifting to the westward as at first supposed, General Nobile and his five companions of the dirigible Italia, marooned on an ice floe, are drifting to the east.

It had been supposed that owing to the west wind prevailing at King's Bay the Nobile party had been blown westward, but it was learned that a west wind prevailed in the northern region.

The watchers here are anxiously awaiting the arrival of Major Maddalena, the Italian aviator, flying the Savoia 55. He is due tomorrow and as soon as possible then the base ship Citta De Milano will get into communication with General Nobile. The commander of the Italia will inform the ship as to the condition of the ice in his neighborhood and whether it would be possible to rescue his men by plane.

All equipment is ready for Major Maddalena. Within a period of ten hours, the Major can search over a wide area, communicating the result by wireless to the base ship. It is understood that the powerful Russian ice breaker Malign will not proceed to King's Bay but will steam directly for General Nobile's position to save time.

The steamer Braganza is on the way to North Cape to relieve the Sealer Hobby. She will put a dog team ashore and it is believed that the chances are good of meeting the group of three headed by Dr. Finn Malmgren, who started out on May 30 to make the over-ice journey in the direction of North Cape.

RECOVER BODY

LEWISBURG, N. C., June 15—(AP)—The body of Clarence Hunsucker, 24 of Wadeville, Montgomery county, was recovered from the Big Swift Island lake this morning. The young man was drowned early last night while in bathing at Lakeview beach. He was apparently seized by cramps and called for help, a life saver reaching quickly. He grabbed the life saver. It was said and would have pulled him under, if the latter had not broken away from the drowning man.

Pink Rose Continues In Critical Condition

The condition of Pink Rose, Grantham township farmer's cow, died last Sunday by his neighbor Millard Johnson, continues critical at the Spicer Sanitarium. It was learned yesterday. Friends of the wounded man entertained grave doubts as to his recovery. He was cut so badly that his intestines were freed from the body on one side and higher up on the opposite side of the body the knife wielded by Johnson penetrated the lungs. Johnson is still held in jail denied bond pending the outcome of the injuries.

Open Newton Grove Highway To Traffic, June Twenty-Six

IS ANOTHER LINK IN IMPORTANT STATE HIGHWAY AND BRINGS FINE TERRITORY CLOSER TO CITY—WILL COMPLETE SNOW HILL ROAD BEFORE END OF JULY

State highway number 102 from Goldsboro to Newton Grove, Sampson county, will be thrown open to traffic on Tuesday, June 26. The News learned yesterday from the offices of the Roberts Construction Co., at Genoa.

The last truck load of concrete was poured on the highway on Tuesday and through yesterday the Roberts forces have been engaged in making preparations to move to a new location. Several members of the construction force have already gone to various jobs under the direction of the company in Virginia. The machinery and plant, however, will remain at Genoa for a short time as the firm is bidding on other projects in this part of the State.

The highway completed leaves highway number 40 a few miles south of Goldsboro and is paved to Newton Grove, a distance of 16.5 miles. It was about the middle of March that the Roberts Construction Company got its plant assembled for the project and construction went forward at a record rate.

Two weeks must elapse between the completion of the project and the opening of the road to traffic and this period of time will be up on Tuesday, June 26.

This section of route 102 is a link of what is destined to be a highway of as much importance as highways number 10 and 20 of the present.

When complete 102 will connect Washington, North Carolina, and that part of eastern North Carolina with Charlotte, and the Piedmont section of the state, and will afford a route of communication between the two which will materially shorten the distances between the two points.

The work of pouring concrete on the link of the highway between Goldsboro and Snow Hill—being done by the McGuire Construction company—has been completed from Adamsville to the Greene county line and three miles have been poured in Greene county.

Upon completion of the Wayne county part of the Goldsboro-Snow Hill link, the McGuire force began work 4.25 miles from the end of the Wayne line and came this way, three miles have been poured and by next week, The News was informed, the work will have been completed to the line.

Week after next the force will move to Snow Hill and begin pouring back in the direction of Goldsboro.

Ninety days were allowed in the contract for the Greene county work and through yesterday only 8 and been used, giving the McGuire company a rate of construction far ahead of that anticipated by the State.

Before the last of July, it is hoped to have the entire Adamsville to Snow Hill route completed.

HEFLIN IS TO BE PROTECTED

Governor Alfred E. Smith Orders State Police See He Is Unmolested

ALBANY, June 15—(AP)—Governor Alfred E. Smith today called on Major John A. Warner, Supt. of State police to furnish every protection necessary for an outdoor meeting advertised for Sunday afternoon on the outskirts of Albany to be addressed by United States Senator Thomas J. Hefflin of Alabama, bitter foe of the Governor's Roman Catholicism.

A few days ago Senator Hefflin issued a statement in Washington in which he said he had been informed that there would be an effort on the part of "Governor Smith Roman Catholic friends" to interfere with the Albany Meeting. Governor Smith's answer, today, as contained in his letter to Major Warner, was a call to the people of New York to cooperate with him in offering to the senator from a sister state full opportunity to say anything he desires with interruption or discourtesy.

BLACKMER MAY BE EXTRADITED

Star Witness in Teapot Dome Case Is Arrested Under New Counts

DENVER, Colo., June 15—(AP)—Indicted by a Federal grand jury today on charges of perjury and evasion of the income tax laws, Henry M. Blackmer, millionaire oil man and missing key witness in the celebrated Teapot Dome case, faces the prospect of being extradited from his haven of self imposed exile in France for trial here.

Six true bills, containing fourteen counts, were returned against him. Four charged perjury in connection with the making of income tax returns to the government and two alleged evasions of income tax payments. Bonds were fixed at \$25,000 in each case.

It was presumed that the usual procedure in the case would be to serve a summons on Blackmer through the State Department.

TO PURCHASE NEW BOAT

MOREHEAD CITY, June 14—(AP)—Captain John Nelson, fisheries commissioner, leaves tomorrow morning to close the transaction involving the purchase of a new boat to replace the old Atlantic, flagship of the fisheries fleet.

Seek Judgment of \$15,000 In Suits Against Texas Co.

Damages amounting to \$15,000 are asked by Amanda L. Cherry against the Texas Company and damages amounting to \$500 are asked by W. E. Ormond against the same company in two separate civil actions filed in Wayne County Superior court yesterday afternoon.

The suits are the outgrowth of an automobile accident on the eastern edge of Raleigh on June 16, 1928 complaints state.

A truck belonging to the Texas company, the complaints contend, stopped suddenly on highway number 10 and without any warning. An automobile owned by W. E. Ormond and in which Amanda Cherry was riding was forced to turn suddenly to the left when the oil truck stopped with-

cut warning. Turning thus suddenly to the left the car was struck by the traveling west. Negligence of the driver of the Texas truck in suddenly stopping his machine and that without warning is alleged as basis of the suit.

The plaintiff Amanda Cherry cites in the complaint that she suffered several broken ribs, a crushed thigh, and bruises and cuts about the body and was permanently injured in the accident which resulted from the alleged negligence and carelessness of the Texas truck driver. She asks damages in the sum of \$15,000.

W. E. Stroud asks damaged of \$500 for the wreckage of the automobile. Complaints are filed by Dickinson and Freeman.

F. W. BAPTISTS AGAINST SMITH

Pass Resolution At Closing Convention Which Opposes Naming "Wet"

(Special To The News)

AYDEN, June 15—The General conference of the Free Will Baptist church closed a three day session here this afternoon in which much denominational interest was manifested in discussion of various resolutions for the advancement of denominational work.

The keynote address of today was delivered in few words by Rev. M. B. Prescott in which he spoke of the "great success of the Orphanage at Middlesex" after which a concert class from the Orphanage made a hit by singing three selections.

A report, by the Temperance committee brought much discussion because of the embodiment of a clause which praised the Eighteenth Amendment and asked prayers for its enforcement, but the same developed to that of the highest enthusiasm when a resolution was read by Rev. J. L. Welch of Nashville, Tenn., chairman of the Resolution committee, which was as follows:

"Realizing that through the efforts of the church combined with the various Temperance organizations that the legal sale of intoxicating liquors have been driven from the north and finally from the nation by the enactment of the Eighteenth Amendment; Therefore, be it resolved that the General Conference of Free Will Baptist in session today, June 15, 1928, do on record as being opposed to any office in the State or Nation being filled by any person who has used and is not showing a whole hearted support of the said Eighteenth Amendment, and that we do further agree that we will not support such a person by our ballot, nor in any way in obtain office."

Rev. R. F. Pittman, Ayden, wanted the names of wet candidates for the presidency added and offered such an amendment to the regular resolution, but Rev. M. H. Mellett moderator of the conference, from Turberville, S. C., and who has served his state in the legislature and Rev. J. C. Griffin of Goldsboro opposed the amendment on the ground of "person sit still" holding that it is principle that we desire to stand by and uphold.

There were a number of speeches among which Mrs. Fred Poston of Nashville, Tenn., head of the Women's work of the general conference said, "We women will not vote for Al Smith nor any other wet candidate in which address Mrs. Poston referred to her membership in the W. T. C. U. holding that she could not support a dry candidate.

The amendment which named certain wet candidates was withdrawn and the original resolution was carried with enthusiasm and applause. Another resolution was passed immediately to furnish Senator F. M. Simmons with a copy of the former resolution.

At 4 p. m. the adjournment came with urging by the Moderator for a full delegation to be on hand Wednesday after the second Sunday in June 1929 at Greenville, Ga., where the ninth session of the conference will convene.

STORMS DELAY TWO FLIGHTS

Both Miss Bell and Miss Earhart Still Looking Forward To Tomorrow

ST. JOHNS, N. F., June 15—(AP)—Storms that swept across the ocean last night prevented Miss Mabel Bell and Miss Amelia Earhart, from taking off today on their projected flight to Europe.

Miss Earhart remained at Trespassy during the day. Miss Bell came here from Harbor Grace with her two pilots for lunch with Sir John Bennett, colonial secretary.

The crews of both planes expressed hope that clearing weather would permit them to get away in the morning.
