DEMOCRATS PLAN CAMPAIGN AT CONFAB TODAY

Asks Southern Headquarters

Senator Robinson, Vice President Nominee, Sees Need For Work in South

NEW YORK, July 10.—(AP)—Members of the Democratic National Committee gathered here today for the first meeting with the candidates for the presidency and vice presidency tomorrow to decide on a plan of battle.

Senator Joseph T. Robinson of Arkansas, candidate for vice president, arrived a day ahead of Governor Alfred E. Smith of New York, who broke his journey from Albany to attend the annual Boy Scout outing at Bear Mountain.

The Arkansas senator, who was permanent chairman of the Houston convention issued a statement in which he urged the national committee to consider the advisability of establishing a Southern headquarters to combat what he saw as an organized effort in several Southern states to defeat the Democratic national ticket.

With Senator Robinson was Jesse H. Jones, director of finance of the national committee and Jones issued a statement summarizing the final report he will make tomorrow.

This showed that the campaign committee will start its labors with no inherited debts and with a bank balance of about \$200,000.

One of the latest arrivals of those who will attend the council of war tomorrow was Clem Shaver, selection of whose successor as chairman of the national committee will be one of the first acts of the committee.

In talking with reporters, Senator Robinson said that he could not speak with any certainty about his campaign activities until after tomorrow's meeting, but he said there was no doubt that he would make a number of speeches in the west and middle west.

The subjects of concern to me and other democrats just now are for consideration and decision by the national committee in its meeting tomorrow.

The selection of a national chairman and the conclusion as to what organizations are required, and how and where they shall be set up are of very great importance. Too much stress cannot be laid on the value of an organization that shall extend its activities to every part of the country.

I would like to have the committee give attention to the proposal to establish a bureau or headquarters at some central point in one of the southern states for the direction of the campaign in the south. Conditions in that section are very different from those which have prevailed in other national campaigns.

An organized effort is in progress in several southern states to defeat the national democratic ticket, and while the force and volume of this movement is not yet known, I am of the opinion that sound policies should prompt our party managers to meet this opposition decisively and promptly.

The best manner in which to offset the opposition in the south is of course largely for determination by the national committee and it might be that some effective manner other than that herein suggested will be devised. I wish to give emphasis to the advisability of meeting the conditions referred to aggressively.

Respecting the custom that has prevailed for many years I prefer not to enter upon a discussion of political issues except in a very general way until the formal notification ceremonies which it is expected will take place some time next month. The date has not yet been decided upon. The energy and enthusiasm of the democrats of New York which must be manifest to everyone is a tribute to Gov. Smith whose personal magnetism and genuine interest in the welfare of the masses, makes him the outstanding personality in the politics of our time.

WAREHOUSEMEN HOLD MEETING

President Urges Abolition of Hiring Drummers and Trucks By Houses

ROCKY MT., July 10.—(AP)—Urging abolition of what he termed "cut throat methods", W. W. Gravelly, of Rocky Mount opposed the hiring of "drummers" and trucks by warehousemen in the principal address today at the annual convention of the North Carolina Warehousemen's association held at Shore's Springs near here.

Discussion of an agreement with regard to the use of drummers and trucks brought out the statement that warehousemen of one market had not been able to reach an agreement among themselves and that another market was unwilling to commit itself unless all other markets were on the same footing. President P. C. Vestal, Rocky Mount, appointed a committee to look into the situation.

Officers elected today were: President R. R. Sugg, Greenville; vice president Sentiro L. P. Tapp, Kinston; secretary - treasurer, Hunter Fleming Kinston.

GRAND JURY TO BE ASKED ACT

Postmaster Says He Had To Contribute 5 Per Cent Wages To Keep His Job

ATLANTA, July 10.—(AP)—The Senate enquires into alleged irregularities in Republican patronage gathered momentum today when with the Georgia hearing two-thirds completed the sub-committee announced the government planned to ask immediate grand jury investigation of similar charges in Mississippi.

The announcement coming during a clashing session of the initial enquiry here said that Mrs. Mabel Willebrandt, assistant U. S. attorney general, was en route to Biloxi, Miss., to request grand jury action. A mass of testimony affirming and denying that the Republican organization in Georgia had dispensed post office patronage for financial consideration crowded the docket with sensational at the second day's hearing.

S. N. Thompson, postmaster at East Point, Ga., a Republican told the committee that he had contributed 5 percent of his salary to the party organization and did not think he could hold his office unless he made the payments. He said many other postmasters felt as he did.

L. L. Spence, Ball Ground, Ga., testified that John W. Martin, treasurer of the Georgia Central Committee, asked him for \$500 to secure the re-appointment of Mrs. Spence as postmistress at that place.

State G. O. P. Candidates Will Confer Here Today

Giles Mebane of Beaufort, candidate for Congress from this district, and Mr. House of New Bern, elector, are also expected to attend the meeting here today.

A letter from the Sampson man urged local Republicans to turn out in numbers to the gathering at the Hotel this morning. The conference will be started at 10 o'clock with Mr. Fisher as temporary chairman.

Counties embracing the third district and expected to send their executive committees here for the war talk are: Sampson, Duplin, Wayne, Pender, Onslow, Pamlico, Carteret, Craven and Jones.

No definite program has been mapped out for consideration at the gathering but candidate Seawell and committee man Jonas are expected to be present. (Continued on Page Four)

Durham Physician Is Held In Death Goldsboro Girl

Probable Cause Found in Durham Hearing After Davis Testifies Illegal Operation Was Performed by Dr. Mike Robeson; Bond of \$4,000 Required

DURHAM, July 10.—(AP)—Probable cause was found at the hearing today in the case of Dr. Mike Robeson, charged with performing an illegal operation on Irma Louise Robinson, Goldsboro young woman who taught in the Raleigh public schools last year and the lower court bound the physician over to the next term of Superior court under \$4,000 bond.

The State used as its chief witness L. H. Davis, State Department employe, of Raleigh, who said he had promised to marry Miss Robinson. Davis testified that Dr. Robeson performed the operation for which he was indicted. Davis said he paid the physician \$50 for the operation. He added that he brought the young woman back to Raleigh, took her to the home of Mrs. E. E. Forsythe

where she spent the night and was taken from there the next day to a local hospital. Miss Robinson died a few days later.

Doctors W. B. Dewar and H. G. Turner, of Raleigh, testified as to their connections with the case. Dr. Dewar said he attended the young woman before her illness, adding that he had formed the opinion that she was in a delicate condition then. Dr. Turner corroborated Dr. Dewar in this testimony and said he attended Miss Robinson just before she died. Her death was caused by poison ing growing out of an illegal operation, he said.

Mrs. Forsythe and Davis are under bonds, pending a hearing here on charges in connection with the death of Miss Robinson.

Death Cell Agrees With Larry Newsome

Confinement in the death cell at State Prison, Raleigh, has not kept Larry Newsome, Wayne negro, sentenced to death for the murder of little Beula Tedder, from getting fat. It was learned yesterday. When Newsome was entered at the State Prison he weighed not more than 115 pounds and was slight and emaciated. Now he is weighing about 130 to 140 pounds. The News learned. Newsome will not die in the chair on July 13. Assistant State attorney General Frank Nash has ruled Mr. Nash found that under the law appeals filed by attorneys following the Pittsboro trial but not completed must be ruled on by the Supreme court. This means the negro gets a reprieve until the fall at least.

GOYNES PLAN IS FAILURE, GIRL SEEKS HUSBAND

Beatrice Albert to Marry in Order to Provide Comfort for Parents

MILWAUKEE, July 10.—(AP)—Beatrice Albert, the 19-year-old "Auction Girl" of Siren, Wis., has renewed her quest for the man who will provide for her parents in return for her hand in marriage.

Miss Albert confessed that the plan did not satisfy her, but that it was the only one she had been able to think of by which the future comfort of her father, mother and brother could be assured.

"I wouldn't mind working if I could get anywhere by doing it," she explained, "but under the circumstances I think the only solution is for me to marry some man who will take care of my parents."

When she first made this offer six months ago she received numerous proposals. Eventually she accepted the offer of W. W. Goynes, 48, postmaster of the soldiers' home here, to provide a home for her parents on a six months' trial basis. At the end of the half year she was to decide whether she would marry him.

With the trial four months to run Miss Albert decided she cannot go through with it. Goynes' attitude toward her "having a good time" during the six months' period was the reason she gave today for cancelling the arrangement.

"He told me when we first came down here that he wanted me to meet some young fellows and have a good time," she said. "When I did, he objected. He accused me of being rude to him, although I talked with him." (Continued on page 4)

That the invitation will receive more than passing attention, it is expected. The success which has attended the Eastern Carolina League in its first session has been phenomenal and this is expected to set in favor of persuading Mountain Landis to accept the invitation.

Whether or not he will accept will be known today or tomorrow, it is expected.

HEAT WAVE IS AT LAST BROKEN

Overcast Skies and Rain Thru-out Yesterday Gladdened Goldsboro

Goldsboro yesterday found sweet relief from the sweltering heat which for seven days has sapped the vitality from the life of the city. Overcast skies coming about 2 o'clock were followed shortly by a gentle dripping rain that continued during the remainder of the afternoon.

The thermometer had been standing well above ninety when the refreshing rain started but dropped down to the comfortable eighties by the late afternoon.

G. F. Seymour Attains Honor

Twice in Successive Years Has Wayne Instructor Led No. Carolina Field

Twice in consecutive years have Wayne county agriculture teachers been selected as high men in the profession in the State. G. F. Seymour, agriculture instructor at Grantham high school yesterday received from Roy H. Thomas, supervisor of agricultural education with the State department of education, a letter stating that Mr. Seymour had scored highest among the teachers of the State.

The letter said: "Again let me congratulate you on being chosen the outstanding teacher of agriculture in your district and being the highest ranking man in the State, according to our score card."

There is a possibility that Mr. Seymour's score as tabulated by Mr. Thomas automatically entitles him to represent North Carolina in the contest to determine the master agriculture teacher of the South for the current year. This, however, has not been definitely announced as yet.

Last year, A. H. Veeney, instructor in agriculture at Rosewood, was high man in the state and was subsequently selected as the master vocational agriculture teacher of the South in a continuation of the contest. For this honor he was awarded a tour of Cuba, and through Florida. He was presented with a trophy commemorating the honor at a meeting held in Tennessee and occupied a place on the conference program. Having been high man in the State last year, Mr. Veeney was automatically eliminated in the contest this year.

WAYNE BOY WINS HONORS

Henry Grantham of Rosewood, Honor Guest at Luncheon Given in Raleigh

RALEIGH, July 10.—Co-operative marketing, just like all other great economic or social changes, will come about by a slow, gradual process of education. U. B. Blalock, general manager of the North Carolina Cotton Growers Cooperative Association, declared in an address here Tuesday at a luncheon tendered the six winners in the essay contest held by the association.

Representatives for the State Department of Agriculture, State College, State Department of Education, banks, the daily and weekly press of the State and friends of the contest winners, were present at the affair, which was held at the Sir Walter Hotel.

The contest winners present at the luncheon were: Miss Ruth Brown, of Anson county; Henry Grantham, of Wayne county; Miss Rozie Sanders, of Nash county; Leroy Sosomans, of Cabarrus county; Miss Zona Watson, of Anson and Julius Wilson, of Cleveland. All are high school students and members of 4-H Clubs and vocational classes. They won out in a group of 825 participants.

Recounting the activities of the association in the six years it has been functioning, Mr. Blalock said: "Within the past six years we have handled over 710,000 bales of cotton for our members with a total value of over 80,000,000 dollars. Not a bale of this cotton has been unaccounted for to our members. Not a dollar of the 80,000,000 has been lost in handling this vast sum through busted banks or a default cotton mill.

"We have accumulated over 750,000 dollars in reserve funds, every dollar of which has been safely preserved and either returned to the members or is held intact for them until such time as it may be ordered paid back to them.

"We have induced our members to grow a better staple, inch to inch, (Continued on Page Four)
