Merchants Ask City To Use Influence Toward New City Bus Station

PASS RESOLUTION AT MEETING HELD YESTERDAY AFTERNOON—LARGEST OPERATOR OF BUSES IN CITY FAVORS NEW STATION

Meeting yesterday afternoon with H. H. Jenkins, president in the chair, the Goldsboro Merchants Association adopted a motion calling on the city aldermen to take such steps as they deem necessary to acquire the Bus Commission of the Corporation Commission that Goldsboro wants and needs a new bus station. A discussion of the bus station problem, together with the appointment of a committee to decide on plans for dollar day, occupied the merchants in their gathering.

Operators of bus lines have one vote for each bus leaving the city during the day, and as there are 23 buses leaving daily, twenty-three votes decide matters pertaining to the systems, it was said. Mr. Gresham, owner of the Safety Transit line, has 11 votes and as the largest operator in the city. He favors going forward at once with plans for a new station, the Merchants were told.

R. O. Self bus commissioner, was quoted as saying that Goldsboro needs a new station as saying that

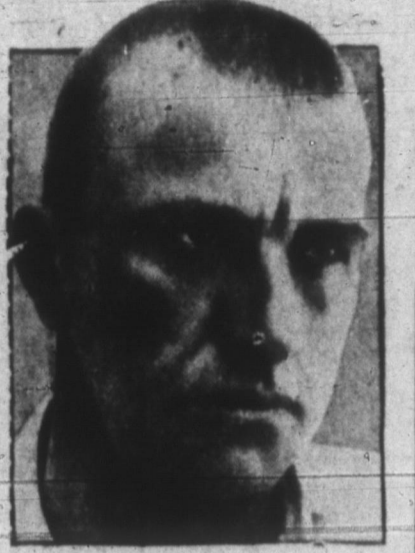

it would be secured if the city indicates through action from its civic organizations its board of aldermen, and its Merchants Association and Chamber of Commerce, that it insists on a new station.

The motion to ask the city aldermen to take steps as are necessary in the bus station situation was made by A. A. Joseph and seconded by Leslie Well.

To consider the matter of a dollar day and report back to the association on Wednesday July 25, the following were named as a committee: Leslie Well, A. A. Joseph, O. P. Matthews, L. K. Stallings and Tom Newbold.

Mr. Joseph called attention of members to the credit rating service provided by the association and urged that the members make more frequent use of this service. "The Durham association has hundreds of calls for credit ratings about prospective customers each day and the merchants save money by using the credit bureau. This service should be more utilized in Goldsboro," he said.

President Calls Adept Strong Measures to Preserve Order in Nation

MEXICO CITY, July 18—(AP)—Federal district police late today arrested and held for investigation Emilio Casado, proprietor of the restaurant where General Obregon was killed at San Angel, and all twelve employees of that place.

Police headquarters announced that the assassin of General Obregon had been identified as really Jose De Leon Tercal, an art student, aged 23 years, a native of Lagos.

MEXICO CITY—(AP)—The body of General Alvaro Obregon, president elect of Mexico, was tonight en route to his home in Sonora, his death left the capital in mourning and denouncing the assassin who fired bullets from his pistol while his victim was partaking of a luncheon given in celebration of his being chosen for the office of chief executive.

Just before the train pulled out of the station here this afternoon thousands of followers of the Obregon policy raised their right hand and took a solemn oath to sustain his principles and to see that punishment is visited upon those responsible for his death. This was done at the instance of a member of Congress, who as the oath was given turned to President Calles, standing nearby and said: "We demand of you justice by the punishment of those who were guilty of murdering Obregon."

MEXICO CITY—(AP)—Assassination of President-Elect Alvaro Obregon caused stringent measures today to curb disorder.

Governorship was in force. Police and soldier patrolled the streets of the capital and the roads of the surrounding countryside. The army was alerted for an emergency, all troops being ordered to barracks and held in readiness in case of disorder.

There were innumerable rumors in the capital of uprisings and other killings, but all proved to be untrue. Intense excitement prevailed everywhere, where, but neither the newspapers or the government had any information of trouble breaking out anywhere in the republic. The war department today issued an official communique saying that the army would guarantee the public peace.

President Calles was surrounded by a strong guard. All saloons were closed as were theatres and other places of amusement.

Many of those known to be opposed to Obregon fled from Mexico City before the fury of his friends and supporters, which was kept in bounds only by police precautions. GASOLINE CASE IN HIGH COURT

Question Right of One State Tax Gas Sold to Another State

WASHINGTON, July 18—(AP)—Automobile organizations are interested in a case which reached the Supreme court today challenging the right of a state to tax gasoline purchased in another state.

It is asserted that should the supreme court sustain the tax, the way might be opened for state to tax automobiles passing through them on all gasoline used in the state although purchased outside.

Water Carnival And A Dramatic Contest Top Playground Exercises

KIWANIS AND WEBB TOWN PLAYGROUNDS WILL CONCLUDE SIX WEEKS SUMMER SESSION WITH COMMENCEMENT PROGRAM TODAY; END SUCCESSFUL SEASON.

The Kiwanis and Webb Town playgrounds will conclude their six weeks summer session with a program of activities on the Kiwanis grounds this afternoon, according to an announcement by the supervisor, R. C. Robinson. Two one act plays for children, a series of contests, and a water carnival at the Presbyterian Pool, which is under municipal operation, will be the features of the afternoon's entertainment.

The dramatic side of the program should prove of great interest to both the parents of the children taking part and to all the patrons of the playground movement. Play acting is one of the most delightful pastimes of youth. They enjoy pretending, even in their own devised games. To be allowed to act out a part in a real drama is always a memorable event in their lives.

The Webb Town center will revive "The House in the Woods" that delightful little fairy tale play which was given on the Webb Town grounds some weeks ago. At that staging it

was received with much praise by all who witnessed it. The story, running true to all tales of make believe has its prince and princess. The poor but enterprising lassie, like Cinderella, is raised from the status of a working girl by capturing the fancy of a noble prince in disguise. Only in this particular case, the prince, is bewitched and the lovely lady removes the spell by acts of kindness.

The Kiwanis center will produce a lovely pine tree which signs for "The Pine Tree" a fanciful tale of something that it has not. First, it wants leaves of gold. A possessive of magic powers, hearing its lament, decides to clothe it in a gold garb. Once clothed, it becomes the prey of thieves who strip it of all its lustrous leaves. Then it desires beautiful green leaves, like some of its neighbors. Again its wish is gratified. But a goat comes along and eats all the green leaves. After those two grievous disappointments, it decides that

Senator Robinson, probably coming in the last week of August.
