BIG SEAPLANE WILL FLY ATLANTIC WITH 60 PEOPLE

Complete Tests on Big 8-Motored Plane That Weighs 70,000 Lbs.

Two Motors Would Be Held in Reserve At All Times For Emergency Use

PLANE TO BE SEAWORTHY IN MIDST OF STORM

Trans-Atlantic Airways Announces First Big Ship Ready in Next Four Months

NEW YORK, July 31—(AP)—Completion of tests on a model of a seaplane designed to carry 60 passengers across the North Atlantic ocean in 20 hours was announced today by the O'Connor Trans-Atlantic Airways Inc.

Present plans call for construction work to begin at once with the probability that the first plane will be completed in four months.

The O'Connor company has been organized to develop a project looking to the establishment of Trans-Atlantic and coastwise South American routes.

The proposed plane is the invention of John T. O'Connor of New York.

It will have a wing spread of 160 feet and will weigh 70,000 pounds under full load.

Its power plant will consist of 8 air cooled motors, two of which will be held in reserve.

In the event of unexpected motor trouble and a forced landing, it was said the finished plane would be seaworthy even in a severe north Atlantic storm.

TEACHERS TALK AT ROTARY CLUB

Explain What Vocational Agriculture Is Accomplishing For County

What instruction in vocational agriculture is accomplishing at Pikeville, Rosewood and Grantham high school communities was explained to members of the Goldsboro Rotary club last evening by the instructors at the schools. Making the explanations were A. H. Veazey of Rosewood, C. W. Warrick of Pikeville, and G. F. Seymour of Grantham.

Ray Armstrong, chairman of the program explained that the meeting was in recognition of the fact that both Messrs. Veazey and Seymour had been selected as the master agriculture teachers of the State in successive years and that the only reason Mr. Warrick wasn't a master teacher was that it couldn't go to two instructors in any year.

Mr. Warrick outlined the system under which the agriculture departments of the high schools are organized under the South-Hughe law and gave the plan of work. Messrs. Veazey and Seymour related definite accomplishments in their community.

Actual increases in crop values and project values over a period of years in Fork township under the supervision of the instructor amounted to \$44,000, Mr. Veazey said.

Mr. Seymour spoke briefly of the organization of Grantham farmers for cooperative buying. The past season, he said, Grantham farmers purchased 615 tons of fertilizer cooperatively as a result of organization perfected in evening class instruction under the auspices of the advisory board of agriculture of the township. This amounted to some \$17,000, he said.

There were a number of guests of the club for the occasion.

JAW FRACTURED BY GOLF CLUB

ASHEVILLE, July 31—(AP)—Hit by an iron club during a game on the Malvern Hills golf course Sunday, Mrs. George W. Ledbetter, Asheville, was in French Board Hospital Monday suffering a fracture of the jaw. Mrs. Ledbetter was playing in a threesome and was watching one of her opponents make an approach shot when his club hit her.

Plan Enlargement Grant Warehouse

Plans have been practically completed it was learned yesterday, for enlarging the Grant warehouse, a new structure erected last year. Space in the building would be increased by at least one-fourth and would meet the demands expected to be made on the warehouse this year. Work is planned to start in time to be completed prior to the opening of the tobacco market on August 23.

LOCAL MARKET TO SELL MORE

Discontinuance of Warsaw Market Expected To Help Goldsboro Total

The Goldsboro tobacco market this year will sell fully four million more pounds of tobacco than last year, warehousemen predicted yesterday after "drumming" trips through Lenoir, Duplin and Johnston and adjoining counties.

"A good part of the weed in the Kenansville and Warsaw sections will come to Goldsboro" said a warehouseman who has been working in that part of the belt. Warsaw market will not open this year, it was said, last year the market at Warsaw opened for a short time and then closed down.

Estimates of the amount of weed which will be raised in Wayne county range from 16,000,000 to 18,000,000 pounds. Last year there was raised in the county about 16,000,000 pounds. There has been a material increase—estimated at 10 percent—in the tobacco average in Wayne this season, but a good lot of the weed is being "burned" up in the field, it was said. "The continuous rains and the hot sun shining down on it yellowed some of the weed. Then there is a considerable total being ruined in the fields for lack of tobacco barn space. The Goldsboro market sold about 7,500,000 pounds last year, an increase of one million pounds over a year ago. The 1926 total was about a million pounds over that of 1925.

Men representing the Big Brick house, the Currin Warehouse and the Grant Louse are now spending all of their time calling on tobacco growers in four counties nearby. "And I have never found the planters more cooperative of information about the Goldsboro market," one declared.

NEGRO KILLS ANOTHER

CHARLOTTE, July 31—(AP)—Jack Harris, 35 year old negro, shot and almost instantly killed another negro, Thomas Burns, here early tonight during an altercation between the two. Harris was arrested.

New Details of Strange Case Are Revealed Here

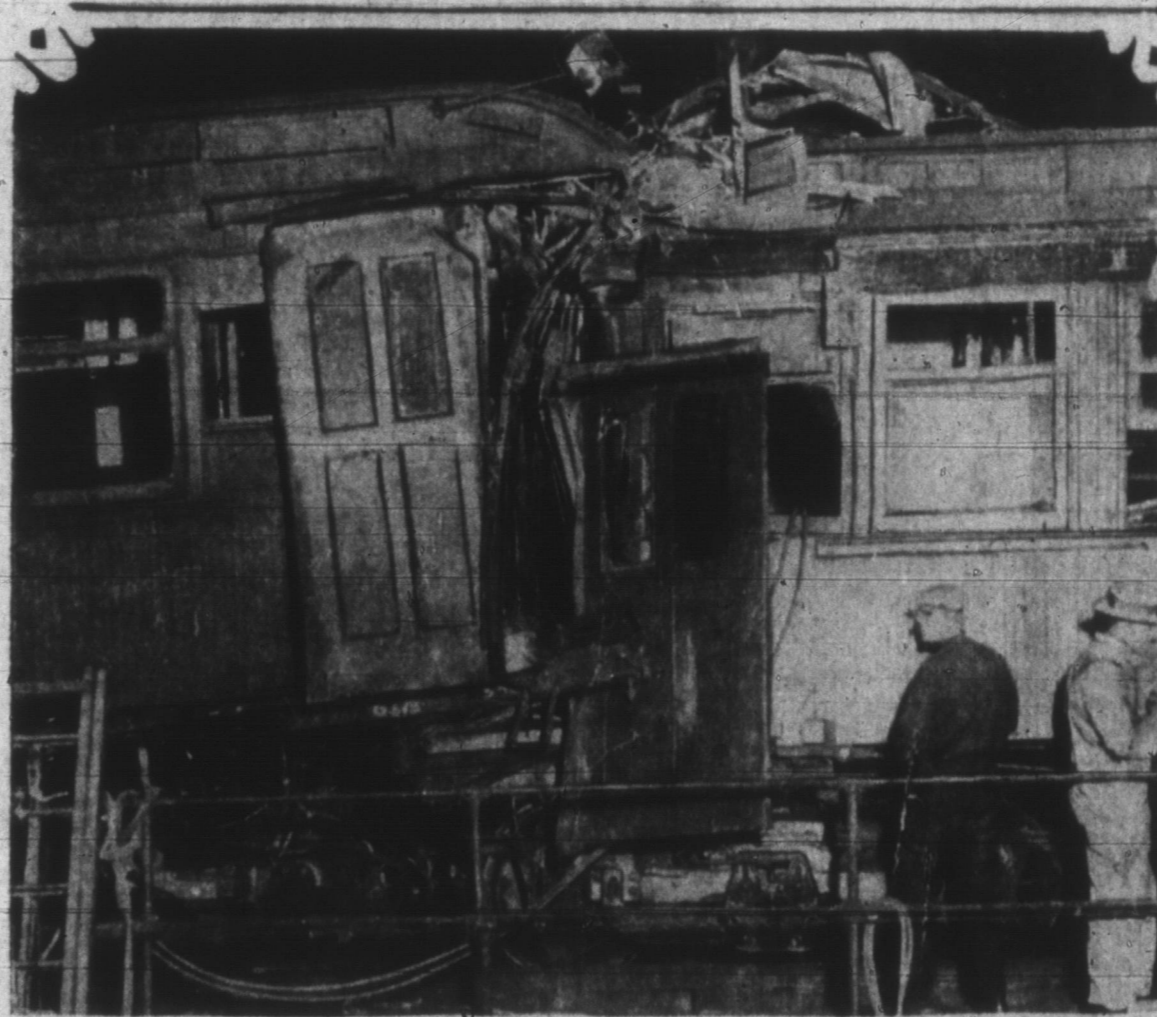

More of the strange story told by Mrs. Lower Smith of Statesville was gathered yesterday before a deputy sheriff of Iredell county arrived to carry her back to Statesville under a capias issued by a Federal Judge. The woman was arrested here Monday upon request of authorities from the mountain county.

Voluntarily she told how she had been "going with" a wealthy Statesville married man, how he changed a \$25,000 insurance policy to favor her instead of his wife and child.

Added details related yesterday morning were that the Smith woman and the Statesville man, whose name could not be learned, had received a six months sentence in jail upon conviction on a statutory charge that the sentence was suspended upon condition that the two were not to be seen together again in North Carolina.

CHAMN. MULL CALLS CONFERENCE HERE

64 Hurt In "L" Collision

Nothing but kindling wood and a little twisted metal is left of these two car vestibules after a collision on New York's "L" which injured more than three-score persons. At the extreme left is ladder down which firemen carried terrified women and children, while in car windows hang chemical hose lines used to fight blazes.

3 Children Are Drowned In River Near Elizabeth City

ELIZABETH CITY, July 31—(AP)—Three children of C. A. Oantey, widely known citizen of Pasquotank county, and chairman of the board of county commissioners were drowned this afternoon while wading in Little River at Nixonton, 8 miles southwest of here.

The children were Emily 14, Margie 8, and Clark 5 years of age. The youngest ventured beyond his depth and the others were drowned when they attempted to rescue him.

Grace, 18, another daughter, narrowly escaped a like fate when she went to the rescue of the others. She was dragged to safety by Mrs. W. P. Newbold, 16th member of the party, after she had twice passed under the water.

She and Mrs. Newbold had gone back to the shore a few minutes before the little boy went beyond his depth.

People living in the vicinity were attracted to the scene by the screams and at once began search for the bodies. A party of firemen from Elizabeth City hurried to the scene with a polemotor and joined in the search. The bodies were recovered an hour later, but efforts at resuscitation were futile.

ARE ORGANIZING RETAIL STORES

Edwin Joseph Is Promoted Officer With System Aiding Independent Merchants

Edwin A. Joseph, son of Mr. and Mrs. A. A. Joseph, is now promotional officer with the United Merchants Syndicate, Ltd., an organization which seeks to provide the small retail stores with cooperative buying and to the end of meeting competition of the chain stores.

"Women's Wear Daily" published in New York, recently had the following item:

The United Merchants Syndicate, Ltd., a group of over 100 independent retail stores all over the country, has absorbed the Hastings Research Group and taken over its stores, which at one time numbered 25, it was announced today at the headquarters of the company here, through Paul L. Grunwald, head of the buying syndicate.

The Hastings group was formed about three years ago. It was a closed group and bought merchandise on a cooperative basis. The United Merchants Syndicate became affiliated with the Hastings Research Group early this year, when it moved its office from 1279 Broadway to 1449 Broadway, where they are now located. Earnest C. Hastings as noted, left the organization some time ago.

The syndicate does group buying of all lines, with the exception of case furniture, shoes and groceries. Edwin A. Joseph, head of the promotional division, said the group had installed many innovations in an effort to aid the small retail merchant to combat the competition of the chain store in the small town.

Some of the promotional ideas instituted by the United Merchants Syndicate is instructing the sales help in these states how to sell more merchandise to each prospective customer; to know just how to sell this merchandise, and to give them the ideas followed out by other successful department stores throughout the country. A bulletin is issued to all these stores every week, which shows the merchandise that is of unusual interest at the present period.

General Manager

U. B. Blalock, general manager of the North Carolina Cotton Growers' Cooperative Association, will be the principal speaker at the barbecue for members of the Association from the district at the Wayne County Fair Grounds this afternoon. A native of Wadesboro, Mr. Blalock's efficient direction of the Association's business has counted materially in the success it has attained. Mr. Blalock says he likes to come to Wayne county especially as his wife was once a teacher in the Rosewood school.

Expect 500 At District Barbecue of Co-Ops Today

Plans for strengthening the North Carolina Cotton Growers' Cooperative Association activities in Wayne, Lenoir, Duplin and Wilson counties will be made at a barbecue and business meeting of the membership of these counties at the Wayne County Fair grounds this afternoon. The program will get underway at 4:30 this afternoon, and admission will be by card only. Frank Jones, local representative of the Association announced.

All members of the Association in the district have been invited to attend the barbecue and to bring one neighbor with them. Acceptance mailed to Mr. Jones here indicates an attendance of approximately 500 for the occasion.

Republicans After Democratic South

NEW YORK, July 31—(AP)—The Republican party will wage a vigorous fight for the "Democratic solid South" electoral votes, Senator Moses of New Hampshire said today, reversing his recent stand that the party would be unwise to campaign there. Hundreds of encouraging letters from the south, had convinced him the Republican Eastern Campaign manager said, that Hoover had a splendid chance of victory in the Southern states. "My correspondents tell me," he said, "that I am crazy if I think Hoover will not get the electoral votes of the South."

END COMES TO WM. DANIELS

Fine Young Man Died Last Evening in Richmond Hospital After Long Illness

Williams Daniels, aged 22 years, son of Mr. and Mrs. B. W. Daniels of the Daniels Chapel community, died at a Richmond hospital at 7 o'clock last evening following an operation for tumor of the brain performed at 10 o'clock yesterday morning. The sad news was contained in a long distance telephone message to relatives here last night.

Young Daniels had been ill for many weeks and today a week ago he was taken to a Richmond hospital. Surgeons yesterday made a last effort at saving the young man's life in attempting an operation for removal of a tumor of the brain. It was as a last resort that the operation was tried, and it was unsuccessful.

At his bedside when the end came were his parents, Mr. and Mrs. Daniels, Mrs. Mary Daniels, widow of a brother who was killed in the World War, and his close friend Leon Derr. The latter will return to Goldsboro this morning by automobile.

Remains of the deceased will be shipped to Goldsboro, arriving this morning. Funeral services had not been completed last evening, pending the arrival of the parents from Richmond.

Young Daniels was for a number of years employed as bookkeeper by the Utility Manufacturing company, and was a man of strong character, well thought of by all in the community. He was a faithful member of the Daniels Chapel Methodist church and was active in its interests.

PIG UP 60 GALLONS OF HOOTCH

ASHEVILLE, July 31—(AP)—After lying in wait all night in the woods of the Pole Creek section, where a liquor cache had been located, seven Buncombe county deputy sheriffs early today gave up hope of finding the owners and dug up the supply sixty six gallons of corn liquor, in 132 jars, which had been concealed in eight separate hiding places and covered with leaves.

Third District Chairmen Meet Here August 7

Senator Simmons Expected to Confer With Mull White Latter in Section

State Democratic Chairman Odus M. Mull of Shelby will come to Goldsboro Tuesday, August 7, for a conference with the county Democratic chairman of the third Congressional district, W. A. Deas, Wayne county chairman announced yesterday. Plans for the Democratic campaign in the third, sometimes referred to as the "Batling third" will be made at the conference.

The nine chairmen from the counties making up the third, — Wayne, Lenoir, Craven, Carteret, Beaufort, Duplin, Pamlico, and Sampson—will gather with Mr. Mull in the county house at 10 o'clock. Mr. Deas said. Announcement from Mr. Mull merely called the conference here and did not outline a program. Mr. Deas yesterday wrote the state chairman asking if he could be of assistance in making preparations for the meeting.

It is quite likely that at the conference particular attention will be paid to discussing the situation in Sampson county. Last year Sampson went into the Democratic column after many years of Republicanism. B. O. P. leaders in Sampson say they may still again carry things their way this year, but county chairman Matthews, has discredited the statement.

New Bern advises state that Senator F. M. Simmons will meet Chairman Mull for a conference while Mr. Mull is in this part of the State.

To Confer With Simmons

The following from yesterday's New Bern New Bernian: Senator Simmons, will not go to Raleigh today to meet Chairman Mull, of the state democratic executive committee, Wednesday, as he had planned regarding his recent resignation from the national executive committee.

Instead he will wait for a visit from the state chairman during the last part of this week or the first part of next week, while Mr. Mull is in the section of the state for a conference with party leaders of the first district at Bayview and chairman of the third district at Goldsboro.

After his resignation from the national committee, Senator Simmons stated that he would not make a statement about his reason for resigning until he had conferred with Chairman Mull. He then offered to meet Chairman Mull Wednesday in Raleigh due to previous engagements in the western part of the state. Mr. Mull replied that later would suit him better although he said that he would be glad to arrange to meet the senator anywhere at any time the senator suggested.

Several conferences have been held by Senator Simmons here with local party officials and leaders but he has maintained a strict public silence in commenting on his political attitude and intention. His correspondence has amounted to long and tough, lasting five times as heavy now as it was at the peak of pre-convention periods. It is expected now that the awaited statement from the senator will be issued within the week, shortly after the planned conferences with Mr. Mull.

GEORGE BRENNAN, AT POINT OF DEATH

CHICAGO, July 31—(AP)—E. Brennan, Democratic committeeman for Illinois, and close friend of Presidential nominee Al Smith today was reported near death from septic poisoning.

He was stricken last Thursday following the extraction of two decayed teeth. The poison spread to the glands of his throat.
