Senator Smith of South Carolina Unqualifiedly Announces For Al Smith

Statement Calls on South to Forget What Party Has Meant for Section

GOVERNOR SMITH HAS COMPLETED ACCEPTANCE

Joseph Daniels Will Confer in Albany With Nominee Some Time Today

FLORENCE, S. C., Aug. 14 (AP)—

Declaring that the fundamental principles upon which the Democratic party was founded must be maintained at all costs, United States Senator Ellison D. Smith, in a statement today, voiced unqualified allegiance to the party ticket in the national campaign. He expressed a willingness to take the stump in support of the nominees.

"While I consider it unfortunate that we have chosen a man as our presidential candidate whose attitude on certain questions is so distasteful and so objectionable to certain Democrats as to have caused a very deplorable condition in the party, I am not distressed about it," Senator Smith said. "For," he continued, "when I consider what the Democratic party as a political organization stands for and what it has stood for and what it meant, particularly to the South during the dreadful days of reconstruction, the party and the fundamental principles upon which it rests must be maintained."

By D. H. OLIVER, (Associated Press Staff Writer)

ALBANY, Aug. 14—Governor Smith had at least one important campaign task off his mind today, completion of his speech of acceptance to be delivered a week from tomorrow.

After winding up a long conference with southern and middle western farm leaders, the Democratic presidential nominee last night put the finishing touches on the address, and cleared the way for a series of conferences today with party leaders, two of whom were pre-convention opponents.

Senator Carter Glass, of Virginia, who had an important part in drawing up the law enforcement plank at the Houston convention, heads the list of prominent Democrats Smith has invited here to talk over the situation. He was due in Albany today. Joseph Daniels will arrive tomorrow to be followed by Senator George of Georgia on Thursday and Senator Walsh of Montana on Friday. All are avowed dry.

Further than these discussions, Smith has no present plans, and it is doubtful at this time whether he will find time to make a week end trip out of town for a rest before his notification.

The governor's speech formally accepting the nomination will be "about as long as Hoover's" one of his associates said, adding that it would take an hour to deliver it, allowing for brief pauses. The word has been passed that Smith will discuss all issues and will treat exhaustively the prohibition and farm relief problems.

One of these farm relief came forcibly to the front yesterday when the governor spent more than five hours listening to an outline of the question as they saw it from eleven farm groups heads from the south and middle west, headed by George M. Peck of Illinois, who recently joined the Smith camp. Politics, both Smith and the farm leaders emphasized did not enter the discussion, it being pointed out that the nominee had invited the ten men and one woman to Albany to obtain their views of a subject considered economic, not political.

SKETCH WIVES OF NOMINEES

Mrs. Hoover Called Homemaker; Mrs. Smith Declared in Love with Al

WASHINGTON, Aug. 14 (AP)—

Those who listen in once a week on the voters service program of the National League of Women Voters heard an intimate description over the radio tonight of the characteristics of Mrs. Herbert Hoover and Mrs. Alfred E. Smith.

The sketch of Mrs. Hoover was broadcast by Mrs. John Pratt, member of the New York board of alderman and a candidate for Congress; that of Mrs. Smith by Mrs. Charles Dana Gibson, wife of the illustrator and magazine publisher.

"A home maker prominently, yet one whose experience will make of her a great American hostess in the White House," Mrs. Pratt said of Mrs. Hoover.

"To her success as a hostess of all types, all around the world will bear witness. In Washington for the last seven years, the Hoover home has been beloved. She reduces purely formal entertaining to a minimum but has a glad welcome for all friends and has created a real home in Washington."

Mrs. Gibson stressed the sympathy with which Mrs. Smith has followed the political progress of her husband. "Al Smith's mother took a natural pride in her gifted son's high office, but more important that this was the comfort she took in the knowledge that her son and his wife loved each other," Mrs. Gibson said.

"I had the pleasure of taking Mrs. Smith to call on Mrs. Woodrow Wilson while at the Houston convention. They had never met before. There were two women destined to play a very important part in their husbands' lives. Mrs. Wilson filled all our requirements in the role she so successfully played as the first lady of the land. I am sure that Mrs. Smith will do the same. She unselfishly keeps herself modestly in the background—finding her great satisfaction in her husband's success."

POTTERY PLANT IS DEMOLISHED

Explosion, Thought to Have Been Incendiary, Does Damage of \$250,000

HAMMOND, Ind., Aug. 14 (AP)—An explosion, believed to be incendiary in origin today wrecked the plant of the Indiana Sanitary Pottery company, causing damage estimated at \$250,000. Police were unable to enter the building because of fire that broke out after the blast but it is believed that no one was inside.

The plant was closed on Saturday because of a labor dispute between its operators and employees and police are now investigating the theory that the plant was blown up by plotters.

It was first reported that from 8 to 15 men had been killed.

CONFESSES HE SLEW TEACHER

Illiterate Negro Bootblack Calmly Re-enacts Scene of Constabulary Killing

CHICAGO, Aug. 14 (AP)—David Shanks, illiterate negro bootblack, who police said confessed slaying Miss Jennie Constance, Peoria educator, today was arraigned, bound over to the grand jury and indicted within the space of a few hours. Prosecutors said every effort would be made to set an early date for his trial and that they would demand his electrocution.

Shanks was arrested last night by Evanston police after they had traced a wrist watch which belonged to the victim. The bootblack readily confessed the slaying police said. The prisoner was kept under heavy guard last night. Today, before a crowd of 300 persons, he calmly and dispassionately re-enacted the killing at the scene.

"A swift trip to the electric chair will be his portion," said an attorney.

STORM HEADED THIS DIRECTION

150 Mile Stretch in Florida Isolated by Latest Tropical Disturbance

JACKSONVILLE, Aug. 14 (AP)—After isolating a 150 mile stretch of the Northwest Florida coast on its journey up the Gulf of Mexico last night, the tropical storm veered inland with hurricane force today and tonight was blowing across southern Georgia toward the Atlantic ocean.

THOMASVILLE, Aug. 14 (AP)—Calro, Quitman, and other extreme southern Georgia towns felt the approach of the disturbance which the weather bureau would be attended by wind of 60 to 70 mile velocity. It was believed the center would pass in the vicinity of Thomasville last night.

Sudden emergence of the storm from the Gulf of Cedar Keys in North west Florida, together with its seemingly increased intensity, bolstered the theory that the center passed so far out in the Gulf last night at Tampa and S. Petersburg, that those cities felt merely a lashing from the eastern edge.

Wire communications into the new storm area rapidly were going down before the advance of the gale but first reports said the damage apparently will be greater than that done by last week's storm which followed virtually the same course and re-entered the Atlantic Ocean on the Georgia-Florida border, sent word that business virtually had been demoralized by the gale and driving rains.

So far as could be learned, there have been no lives lost as a result of the new storm.

ROTARY HONORS BALL PLAYERS

Boy Scouts Prepare and Serve Meal and Then Give Good Entertainment

The Goldsboro Rotary club had as their guests at the regular meeting of the club last evening the members of the Goldsboro baseball team, and short talks by the visitors and assurances of appreciation for the record the team has made filled the hour.

The meeting was held at the Memorial Community building and a baked chicken dinner was served by the Rotary troop of Boy Scouts, of which John Norwood is scoutmaster. Following the meal, the scouts put on a couple of entertainments that delighted both the Rotarians and the Manufacturers.

George and Albert Starr, members of the Rotary troop, were the star entertainers for the Scouts. George made his ukulele perform all manner of pleasing effects and then he added to this with several impersonations. Albert did the hula-hula dance and followed it up by a number of gymnastic stunts.

George S. Dewey had the baseball players welcome on behalf of the club, and Manager Jim Teague, and players Patton, Smith and Chisholm responded. One theme recurred to run through all the talks; about the most desirable thing at hand now is to lick Wilmington.

STRATON WANTS BIGGER CROWD

Not Willing to Meet Smith in Debate in Church, But in Large Hall

NEW YORK, Aug. 14 (AP)—The New York Evening Post today quotes Dr. Roach Straton as saying he is ready to repeat in the largest hall he can find his recent sermon criticizing Governor Smith in the event that the Governor refuses to debate with him in any place but Calvary Baptist church of which Dr. Straton is pastor. The newspapers correspondent at Greenwood, N. Y., where Dr. Straton is staying had informed Dr. Straton of Governor Smith's letter demanding that the proposed discussion be held in the church or not at all.

"I cannot reply until I receive the letter, but I can say this: It is a most remarkable letter that Governor Smith has written me—amazing to me."

"He talks about my trading him as governor. That has nothing whatever to do with it. He wrote me as a candidate for president of the United States and that is why he wanted to get into Calvary Baptist church. "The part of my reply to him will be to this effect: he challenged me to a joint discussion, I accepted. He stipulated that it be held in my own church. For obvious reason that have been advanced it cannot be held there. "But if the governor does refuse on this ground, then I will hire the largest hall I can secure and notify the governor that I am going to repeat, in that hall, the exact sermon to which he objected."
